DIRECTORS' REPORT

Dear Shareholder,

The Directors present the Thirty Fourth Annual Report of the Company for the year ended March 31, 2025.

FINANCIAL RESULTS

(Rs. in Lakh)

Particulars	2024-25	2023-24
Total Income	**57.53**	132.54
Profit/(Loss)Before tax and Depreciation	**(18.42)**	94.32
Depreciation	**-**	-
Profit/(Loss) Before Tax	**(18.42)**	94.32
Profit /(Loss) After Tax	**(18.42)**	94.32

State of Company's affairs

For the year under review, the Company's total income is Rs. 57.53 lakh compared to Rs. 132.54 lakh in the previous year. The Company's profit /(loss) before tax is Rs. (18.42) lakh (previous year, Rs. 94.32 lakh) and profit/ (loss) after tax of Rs. (18.42) lakh (previous year Rs. 94.32 lakh).

The Company does not have any order balance as on March 31, 2025.

Change in nature of business

There is no change in nature of business during the year under review.

Material changes affecting financial position of the Company

No material changes and commitments have occurred after the close of the year till the date of this report, which affect the financial position of the Company.

Health and Safety

Health and Safety at project sites is of paramount importance to the Company. The Company strives for continuous improvement and its objective is to establish world class safety practices at sites. Safety culture is inculcated as part of day to day operations by site managers.

Dividend

The Board of Directors of your Company did not recommend any dividend during the financial year 2024-25.

Amount proposed to be carried to Reserves

The Company does not propose to carry any amount to reserves.

Share Capital

The Paid-up Share Capital of the Company is Rs. 450 lakhs. During the year under review, the Company has not issued shares with differential voting rights nor has granted any stock options or sweat equity.

Subsidiaries

Thermax Engineering Construction FZE (TEC FZE) Nigeria, a wholly owned subsidiary of the Company is primarily catering to the Erection & Commissioning and supervision of HRSG, Utility boilers, Flue gas coolers and Construction & commissioning of Hot Oil heater supplied to Dangote Petroleum Refinery and Petrochemical Free Zone Enterprise and Dangote Oil Refinery Co. Ltd., Lagos Nigeria. For the year ended March 31, 2025, TEC FZE has recorded operational revenue of Mn USD 1.27 with operating profit/(loss) of Mn USD (0.33).

Annual accounts of the subsidiary company and related detailed information are available to the shareholders of the holding and subsidiary company as well as to the statutory authorities. On request, these documents will be made available for inspection at the Company's Registered Office.

Deposits

During the financial year 2024-25, the Company has not accepted any deposits under Chapter V of the Companies Act, 2013.

Particulars of Loans, Guarantees or Investments

The details of loans, guarantees and investments covered under the provisions of Section 186 of the Companies Act, 2013, are given in the notes to the financial statements.

Restriction on purchase by Company or giving of Loans by it for purchase of its shares

Pursuant to the provisions of Section 67(3)(c) of the Companies Act, 2013, and rules made thereunder, the Company has not given any loan exceeding the limit mentioned therein, to persons in the employment of the Company or Directors for purchase or subscribe shares of the Company.

Annual Return

The Company does not have a website and hence in terms of provisions of Section 92 of the Companies Act, 2013 the requirement of publishing Annual Return is not applicable.

Business Risk Management

In order to reduce impact of business risks of the Company, the management has identified key risks affecting the business adversely. The key risks identified are as under:

- Delay in execution due to default of contractors.
- Delay in execution due to unforeseen site conditions including natural calamities.
- Delay in recovery of retention amounts from customers.
- Cost overrun due to delays as well as unforeseen site related factors such as access, approach roads, soil condition etc.

The Company has put in place several mitigation measures such as:

- Vendor evaluation and analysis prior to awarding the contract.
- Site visit prior to making a quotation.
- Frequent review of retention obligations.

Adequacy of Internal Financial Controls

The Company has adequate internal financial controls and those are operating effectively. Internal Audit is not applicable to the Company as per Section 138 of the Companies Act, 2013 and Rule 13 of the Companies (Accounts) Rules, 2014.

Directors

In accordance with the provisions of the Companies Act, 2013 and the Company's Articles of Association, Mr. B.C. Rajesh (DIN: 10486449) and Mr. Pravin Karve (DIN: 06714708) retires by rotation, and being eligible, offers themselves for re-appointment as Director.

The Members of the Company, at the 33rd Annual General Meeting held on July 26, 2024, approved the appointment of Mr. B.C. Rajesh (DIN: 10486449) as Director of the Company.

The Board of Directors, at its meeting held on March 20, 2025, appointed Mr. Sandeep Deshpande (DIN: 09748806) as an Additional Director of the Company. Mr. Sandeep Deshpande shall hold office as an Additional Director until the date of the ensuing Annual General Meeting. It is now proposed to appoint him as a Director of the Company, liable to retire by rotation, subject to the approval of the Members at the 34th Annual General Meeting.

Further, Mr. Ravinder Advani (DIN: 01677195) and Mr. Bhavesh Chheda (DIN: 08558510), Directors resigned from the Board of your Company effective from April 24, 2024 and March 31, 2025 respectively.

Board Meetings

The Board met five times during the year. The intervening gap between the Meetings was within the period prescribed under the Companies Act, 2013. Attendance details of the Board are as follows:

Name	Board Meetings				
	May 6, 2024	July 29, 2024	October 23, 2024	January 27, 2025	March 20, 2025
Mr. B.C. Rajesh	P	P	P	P	P
Mr. Pravin Karve	P	A	P	A	P
Mr. Bhavesh Chheda#	P	P	P	P	P

#Mr. Bhavesh Chheda ceased to be a Director of the Company w.e.f. March 31, 2025

Mr. Sandeep Deshpande appointed as Additional Director w.e.f. March 20, 2025

Directors' Responsibility Statement

Pursuant to the requirement under Section 134(3)(c) of the Companies Act, 2013 with respect to Directors' Responsibility Statement, it is hereby confirmed that:

(a) In the preparation of the annual accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures;

(b) The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit and loss of the Company for that period;

(c) The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

(d) The Directors have prepared the annual accounts on a going concern basis; and

(e) The Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

Secretarial Standards

Your Company is in compliance with the Secretarial Standards on Meetings of the Board of Directors (SS-1) and Secretarial Standards on General Meetings (SS-2) issued by the Institute of Company Secretaries of India (ICSI) as may be amended from time to time.

Details regarding frauds reported by Auditors under section 143(12)

During the year under review, there were no frauds reported by the auditors to the Board under section 143(12) of the Act.

Corporate Social Responsibility

In compliance with Section 135 of the Companies Act, 2013 and as part of its initiatives under CSR, the Company has contributed Rs. 9.19 lakh to Thermax Foundation. A Report on CSR activities is annexed as "Annexure 1".

Related Party Transactions

All Related Party Transactions (RPTs) that were entered into during the financial year were on an arm's length basis and were in the ordinary course of business. There are no materially significant RPTs made by the Company with Directors, Key Managerial Personnel, if any, or other designated persons which may have a potential conflict with the interest of the Company at large. Therefore, requirements of disclosure of RPTs in Form AOC-2 are not attracted.

During the year, RPTs were placed before the Board for its review. A statement showing the disclosure of transactions with related parties as required under IND AS 24 is set out separately in the Financial Statements.

Financial Statements

The financial statements for the year ended March 31, 2025, have been prepared as per Schedule III to the Companies Act, 2013, as amended from time to time.

Conservation of Energy

The Company's Corporate Office is situated at Energy House, Chinchwad, owned by the holding company which undertakes various measures to conserve energy. At sites, the Company uses energy saving bulbs for lighting of stores & site offices and the construction power through grid is sought from the customer, wherever practically possible instead of deploying costly and polluting DG sets for power generation.

Technological Absorption

There was no technology acquisition and absorption during the year under review.

Foreign Exchange Earnings and Outgo

The net foreign exchange earnings during the year is Rs. 247.5 lakhs.

Particulars of Employees

None of the employees are covered by the provisions contained in Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 framed under the Companies Act, 2013.

Significant and material orders passed by the Regulators or Courts

There are no significant or material orders passed by the Regulators / Courts which would impact the going concern status of the Company and its future operations.

Disclosure under Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Company is committed to provide a safe and conducive work environment to its employees. There is a duly constituted Internal Committee and there were no cases pending at the beginning of the year/ filed during the year, pursuant to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

The Insolvency and Bankruptcy Code, 2016

Your Board confirms that there is no proceeding pending under the Insolvency and Bankruptcy Code, 2016.

Details of difference between the amounts of valuation at the time of one time settlement and the valuation done at the time of taking a loan from the banks or financial institutions along with the reasons thereof:

During the year under review, there is no instance of onetime settlement with any Bank or Financial Institution.

Auditors

The Board of Directors at its meeting held on April 30, 2025, has recommended appointment of M/s. B.K. Khare & Co. (Firm Registration: 105102W) as the Statutory Auditors of the Company for term of one year from the conclusion of Thirty Fourth Annual General Meeting until the conclusion of the Thirty Fifth Annual General Meeting for the approval of the shareholders of the Company.

The auditors have confirmed that they hold a valid certificate issued by the Peer Review Board of the Institute of Chartered Accountants of India.

Cost Records Applicability

The provisions relating to maintenance of cost records under sub section (1) of section 148 of the Companies Act, 2013 were not applicable on the Company during the financial year.

Acknowledgments

The Board of Directors takes this opportunity to thank its customers, bankers, employees and all other stakeholders for their persistent support to the Company. The Directors look forward to their continued co-operation in the future as well.

INDEPENDENT AUDITORS' REPORT

To the members of Thermax Engineering Construction Company Limited

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Thermax Engineering Construction Company Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

   (g) Based on the records examined by us and according to information and explanations given to us, the Company has not paid/provided for managerial remuneration. Hence, the provisions of Section 197 of the Act related to managerial remuneration are not applicable.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements – Refer Note 20(A) to the Financial Statements;

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

   (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

      (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

      (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement;

   (v) The Company has not declared/paid/declared and paid any dividend during the year; and

   (vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that, audit trail feature is not enabled for direct changes to data when using certain privileged access rights as described in note 30(b) of the financial statements. Further, during the course of our audit, we did not come across any instance of the audit trail feature being tampered with in respect of accounting software. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure A to the Independent Auditors' Report

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Thermax Engineering Construction Company Limited** ("the Company") as of March 31, 2025 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure B to the Independent Auditors' Report

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

(i) (a) (b) According to the information and explanations given to us, the Company does not have any Property, Plant and Equipments and Intangible assets hence reporting under clause 3((i)(a) and (b) is not applicable to the Company.

(c) According to the information and explanations given to us, the Company does not have any immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favor of the lessee). Hence reporting under clause 3((i)(c) is not applicable to the Company.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year. Hence reporting under clause 3((i)(d) is not applicable to the Company.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) The Company is in the business of rendering services and consequently, does not hold any inventory. Accordingly, the reporting under Clause 3(ii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

(iii) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund and Income-tax, have generally been regularly deposited during the year by the Company with the appropriate authorities though there has been a slight delay in a few cases. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax, Cess and other material statutory dues.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services Tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Cess and any other material statutory dues as at March 31, 2025, which have not been deposited with the appropriate authorities on account of any dispute. According to the information and explanations given to us and records of the Company examined by us, the particulars of dues of Goods and Services Tax Profession Tax and Income Tax which have not been deposited as on March 31, 2025 on account of disputes are as under:

Name of the Statute	Nature of the dues (Including Interest and Penalty as applicable)	Amount (In Rs. Lakhs)	Period to which the amount relates	Forum where the dispute is pending
Service Tax (Finance Act, 1994)	Dispute regarding Service tax on Notice Period Recovery	5.73	FY 2012 to 2017	Custom, Excise and Service Tax Appellate Tribunal
Maharashtra Goods and Service Tax Act ,2017	Dispute regarding in-eligible ITC claimed	52.46*	FY 2017-18, FY 2018-19	Asst. Commissioner of State Tax.
Income Tax Act, 1961	Dispute regarding Contribution equalization and provision of liquidated damage	87.45	FY2016-17	Commissioner of Income Tax [Appeals]
Income Tax Act, 1961	Dispute regarding Contribution equalization	5.21	FY2017-18	Commissioner of Income Tax [Appeals]

*Including interest of Rs.23.04 lakhs and penalty of Rs. 3.44 lakhs

(viii) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any term loans during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) Though establishment of vigil mechanism is not mandated for the Company by the Act, or by Securities Exchange Board of India (Listing Obligations and Disclosure Requirement) ("SEBI LODR") Regulations, as represented by the management, no whistle blower complaints were received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

(xiv) In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the act. Accordingly, reporting under clause 3(xiv) is not applicable to the company.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company and subsidiary companies or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clause 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us, we report that the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) has one Core Investment Company.

(xvii) In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) According to the information and explanations given to us, in respect of other than ongoing projects, the Company has no unspent amount that needs to be transferred to a Fund specified in Schedule VII to the Act in compliance with second proviso to sub-section (5) of Section 135 of the Act.

(b) According to the information and explanations given to us, there are no ongoing projects relating to corporate social responsibility. Accordingly, the reporting under Clause 3(xx)(b) of the Order is not applicable to the Company.

1. Corporate information

Thermax Engineering Construction Company Limited (the "Company") is a public company domiciled in India. It is a wholly owned subsidiary of Thermax Limited. The Company is engaged in erection and commissioning of boilers supplied by its parent company Thermax Limited and also by other suppliers. The Corporate Identification Number (CIN) of the Company is U29246MH1991PLC062959.

The address of the registered office is Thermax House, 14, Mumbai – Pune Highway, Wakdewadi, Pune, 411001. The Board of Directors have authorized to issue by these separate financial statements on April 30, 2025

2. Material accounting policies

2.1. Basis of preparation and measurement

(a) Basis of preparation

These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS), notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

The preparation of the financial statements requires the use of certain critical accounting estimates and judgements. It also requires the management to exercise judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

(b) Basis of measurement

The financial statements have been prepared on the accrual and going concern basis under historical cost convention except the following:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)
- Defined benefit plans whereby the plan assets are measured at fair value

The financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest lakhs except when otherwise indicated.

2.2. Changes in accounting policies and disclosures

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated March 31, 2023 to amend the following Ind AS which are effective for annual periods beginning on or after April 01, 2023. The Company applied for the first-time these amendments.

(i) Definition of Accounting Estimates - Amendments to Ind AS 8

The amendment clarifies the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates.

The amendment had no impact on the Company's financial statements.

(ii) Disclosure of Accounting Policies - Amendments to Ind AS 1

The amendment aims to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments have had an impact on the Company's disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the Company's financial statements.

(iii) Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to Ind AS 12

The amendment narrows the scope of the initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences such as leases.

The amendment had no impact on the Company's financial statements.

2.3 Summary of significant accounting policies

a. Current and non-current classification

All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of products and services and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its normal operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

b. Foreign currencies

The Company's financial statements are prepared in INR, which is the also functional currency of the Company.

Transactions and balances

Transactions in foreign currencies are initially recorded at the functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in the Statement of profit and loss.

c. Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Notes to the financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for significant judgements, estimates and assumptions (note 2)
- Quantitative disclosures of fair value measurement hierarchy (note 23)
- Financial instruments (including those carried at amortized cost) (note 23)

  For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re- assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

d. Property, Plant and Equipment

Property, plant and equipment (PPE) is stated at cost of acquisition or construction net of accumulated depreciation and impairment loss, if any. All significant costs relating to the acquisition and installation of PPE are capitalized. Subsequent costs/replacement costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to the Statement of profit and loss during the financial year in which they are incurred.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/part have a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

Depreciation on PPE is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset.

The management has estimated, supported by independent assessment by professionals, the useful lives of certain classes of assets. The following useful lives are adopted by the management:

Asset category	Company's estimate of useful life (years)	Useful life as prescribed under Schedule II (years)
Plant and equipment *	1 to 10	9 to 15
Office equipment	1 to 3	5
Computers	2 to 3	3
Vehicles	3 to 6	8

* Includes site infrastructure which is fully depreciated.

The residual values, useful lives and methods of depreciation of PPE are reviewed on a regular basis and changes in estimates, when relevant, are accounted for on a prospective basis.

e. Intangible assets

Intangible assets are stated at acquisition cost, net of accumulated amortization.

f. Revenue recognition

Revenue from Contracts with customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is recognized when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks. The Company collects goods and services tax on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

The Company has following streams of revenue:

i. Revenue from Engineering, Procurement and Construction contracts

Engineering, Procurement and Construction contracts are contracts (or a group of contracts secured together) specifically negotiated for the construction of an asset which refers to any project for construction of plants and systems, involving designing, engineering, fabrication, supply, erection (or supervision thereof), commissioning, guaranteeing performance thereof etc., execution of which is spread over different accounting periods. The Company identifies distinct performance obligations in each contract. For most of the project contracts, the customer contracts with the Company to provide a significant service of integrating a complex set of tasks and components into a single project or capability. Hence, the entire contract is accounted for as one performance obligation.

The Company may promise to provide distinct goods or services within a contract, in which case the Company separates the contract into more than one performance obligation. If a contract is separated into more than one performance obligation, the Company allocates the total transaction price to each performance obligation in an amount based on the estimated relative standalone selling prices of the promised goods or services underlying each performance obligation. The Company uses the expected cost plus a margin approach to estimate the standalone selling price of each performance obligation in case of contracts with more than one distinct performance obligations.

The Company assesses for the timing of revenue recognition in case of each distinct performance obligation. The Company first assesses whether the revenue can be recognized over a period of time if any of the following criteria is met:

(a) The customer simultaneously consumes the benefits as the Company performs, or

(b) The customer controls the work-in-progress, or

(c) The Company's performance does not create an asset with alternative use to the Company and the Company has right to payment for performance completed till date

The Company recognizes revenue over time as it performs because of continuous transfer of control to the customer. For all project contracts, this continuous transfer of control to the customer is supported by the fact that the customer typically controls the work in process as evidenced either by contractual termination clauses or by the rights of the Company to payment for work performed to date plus a reasonable profit to deliver products or services that do not have an alternative use.

The Company uses cost-based measure of progress (or input method) for contracts because it best depicts the transfer of control to the customer which occurs as it incurs costs on contracts. Under the cost-based measure of progress, the extent of progress towards completion is measured based on the ratio of costs incurred to date to the total estimated costs at completion of the performance obligation. Revenues, including estimated fees or profits, are recorded proportionally as costs are incurred.

The Company estimates variable consideration amount which it expects to be entitled under the contract and includes it in the transaction price to the extent it is highly probable that a significant reversal of cumulative revenue recognized will not occur and when the uncertainty associated with it is subsequently resolved. The estimates of variable consideration and determination of whether to include estimated amounts in the transaction price are based largely on an assessment of the anticipated performance and all information (historical, current and forecasted) that is reasonably available.

Costs associated with bidding for contracts are charged to the Statement of profit and loss when they are incurred. Costs that relate directly to a contract and are incurred in securing the contract are included as part of the contract costs if they can be separately identified and measured reliably and it is probable that the contract will be obtained.

Contract modification, when approved by both the parties to the contract, are considered as modification, if it creates new or changes the existing enforceable rights and obligations. Most of the contract modifications are not distinct from the existing contract due to the significant integration service provided under the contract prior to modifications and are therefore, accounted for as part of the existing contract. The effect of a contract modification is recognized as an adjustment to revenue on a cumulative catch-up basis.

When it becomes probable that the total contract costs will exceed the total contract revenue, the Company recognizes the expected losses from onerous contract as an expense immediately. Penalties for any delay or improper execution of a contract are recognized as a deduction from revenue. In the balance sheet, such provisions are presented on net basis of the contract receivables.

On the balance sheet date, the Company reports the net contract position for each contract as either an asset or a liability. A contract represents an asset where costs incurred plus recognized profits (less recognized losses) exceed progress billings; a contract represents a liability where the opposite is the case.

ii. Revenue from Sale of goods

If the criteria for revenue under over-a-period of time as mentioned above are met, the Company recognized revenue at a point-in-time. The point-in-time is determined when the control of the goods or services is transferred which is generally determined based on when the significant risks and rewards of ownership are transferred to the customer. Apart from this, the Company also considers its present right to payment, the legal title to the goods, the physical possession and the customer acceptance in determining the point in time where control has been transferred. The Company provides for warranty provision for general repairs up to 18 months on its products sold, in line with the industry practice. A liability is recognized at the time the product is sold. The Company does not provide any extended warranties.

iii. Revenue from Sale of services

Revenue in respect of operation and maintenance contract, awarded on a standalone basis or included in long term contracts and identified as a separate performance obligation, is recognized as the related services are performed on a time proportion basis under the contracts.

Contract balances

Contract assets: A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. Contract assets are recorded in balance sheet as unbilled revenue.

Trade receivables: A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Also refer accounting policies on financial instruments in note g below.

Contract liabilities: A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made, or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company satisfies the performance obligation. Contract liabilities are recorded in balance sheet as unearned revenue and Customer advances

Interest Income

Interest income is recognised when it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and the effective interest rate applicable.

Dividend Income

Revenue is recognized when the Company's right to receive the payment is established by the reporting date.

g. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. For all subsequent measurements financial assets are classified in following categories:

Debt instruments

Debt instruments at amortised cost: The debt instrument is at amortised cost if the asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and contractual terms of the asset give rise on specified dates to cash flow that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Notes to the financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

This category is most relevant to the Company. After initial measurement, such assets are subsequently measured at amortised cost using the effective interest rate method (EIR). Amortised cost is calculated by taking into account any discount or premium on acquisition and fees for cost that are an integral part of the EIR. The EIR amortisation is included in other income in the Statement of Profit and Loss. This category generally applies to loans and trade and other receivables.

Debt instruments fair value through OCI (FVOCI): A debt instrument is classified as FVOCI if the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has not classified any financial assets under this category.

Debt instruments at fair value through profit and loss (FVTPL): Debt instruments not classified as amortised cost or FVOCI are classified as FVTPL. The Company has classified any debt under this category.

De- recognition

A financial asset (or wherever applicable, a part of the financial asset or part of a group of similar financial assets) is primarily derecognized when the rights to receive cash flow from the assets have expired or the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flow in full to a third party under a pass through arrangement and either

a) The Company has transferred substantially all risks and rewards of the asset or

b) Has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

(a) Financial assets that are debt instruments, and are measured at amortized cost e.g. loans, debt securities, deposits, trade receivables and bank balances

(b) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18 (referred to as 'contractual revenue receivables which includes current contract receivables and retention money receivables in these financial statements)

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events on a financial instrument that is possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

- Cash flows from the sale of the collateral held or other credit enhancements that are integral to the contractual terms.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the Statement of profit and loss. This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

- **Financial assets measured at amortized cost - contract assets:** ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The Company does not have any purchased or originated credit impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/origination.

Impairment of financial assets

Credit Risk exposure: -

The Company considered current and anticipated future economic conditions relating to industries the company deals with and the countries where it operates.

Expected Credit Loss: -

While calculating expected credit loss, the company has also considered credit reports and other related credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect.

Financial liabilities

All financial liabilities are initially recognised at fair value. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdraft and derivative financial instruments.

Subsequent measurement of financial liabilities depends on their classification as fair value through Profit and loss or at amortized cost.

All changes in fair value of financial liabilities classified as FVTPL is recognized in the Statement of Profit and Loss. Amortised cost category is applicable to loans and borrowings, trade and other payables. After initial recognition the financial liabilities are measured at amortised cost using the EIR method. Gains and losses are

recognized in profit and loss when the liabilities are derecognized as well as through the EIR amortization process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or cost that are integral part on EIR. The EIR amortization is included as finance cost in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de recognition of the original liability and the recognition of the new liability. The difference in the respective carrying amounts is recognized in the Statement of profit or loss.

h. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

i. Share capital

Equity shares issued to shareholders are classified as equity. Incremental costs directly attributable to the issue of new equity shares or stock options are recognized as a deduction from equity, net of any related income tax effects.

j. Income tax

Current income-tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in OCI or in equity). Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in OCI or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Indirect taxes paid on acquisition of assets or on incurring expenses

Expenses and assets are recognized net of the amount of indirect taxes paid, except:

- When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable
- When receivables and payables are stated with the amount of tax included

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

k. Borrowing costs

Borrowing costs include interest and amortization of ancillary costs in connection with the arrangement of borrowings. Borrowing costs attributable to the acquisition, construction of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

l. Leases

Company as a lessee

The Company lease asset classes primarily consist of leases for land, buildings and office equipment's. The Company assesses

Notes to the financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

whether a contract contains a lease, at in caption of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

The lease liability is initially measured at value of the future lease payments.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

m. Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent period, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

An assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in priors. Such reversal is recognized in the Statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

n. Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provision for onerous contracts

A provision for onerous contracts is recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

o. Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to the Statement of profit and loss in subsequent periods.

Past service costs are recognized in the Statement of profit and loss

on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognizes related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes the following changes in the net defined benefit obligation as an expense in the Statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the Statement of profit and loss and are not deferred. The Company presents the leave as a current liability in the balance sheet as it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

Liability on account of the Company's obligation under the employees' superannuation fund, a defined contribution plan, is charged to the statement of profit and loss on the basis of the plan's liability to contribute.

Liability on account of the Company's obligation under the employee's leave travel assistance is charged to the Statement of profit and loss at the undiscounted amount of such liability.

Liabilities on account of the Company's obligations under statutory regulations, agreement with trade unions and employees' short-term incentive plan, as applicable, are charged to the Statement of profit and loss at the undiscounted amount of each liability.

p. Segment Reporting

Identification of segments

The entire operation is governed by the same set of risk and returns and hence considered as representing a single primary segment and not analysed separately. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

q. Contingent liability

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

r. Earnings Per Share (EPS)

The Company presents the basic and diluted EPS data for its equity shares. Basic EPS is computed by dividing the net profit for the year attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by adjusting the net profit for the year attributable to the equity shareholders and the weighted average number of equity shares considered for deriving basic EPS for the effects of all the equity shares that could have been issued upon conversion of all dilutive potential equity shares (which includes the various stock options granted to employees). The diluted potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (that is the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as at the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all years presented for any share splits and bonus shares issues including for changes effected prior to the authorization for issue of the financial statements by the Board of Directors.

s. Dividends

Dividend to equity shareholders is recognized as a liability in the period in which the dividends are approved by the equity shareholders. Interim dividends that are declared by the Board of Directors without the need for equity shareholders' approvals are recognized as a liability and deducted from shareholders' equity in the year in which the dividends are declared by the Board of directors.

3. Significant accounting judgments, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the accompanying disclosures and the disclosure of contingent liabilities as at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

3.1 Judgements

In the process of applying the Company's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognized in the financial statements:

i) Revenue from contracts with customers

A significant portion of the Company's business relates to construction of assets which are accounted using cost-based input method, recognizing revenue as the performance on the contract progresses. This requires Management to make judgement with respect to identifying contracts for which revenue need to be recognised over a period of time, depending upon when the customer consumes the benefit, when the control is passed to customer, whether the asset created has an alternative use and whether the Company has right to payment for performance completed till date, either contractually or legally. The input method requires Management to make significant judgments of the extent of progress towards completion including accounting of multiple contracts which need to be combined and considered as a single contract.

ii) Contingencies relating to tax and legal matters

The Company has received various orders and notices from tax authorities in respect of direct taxes and indirect taxes. The outcome of these matters may have a material effect on the financial position, results of operations or cash flows. Management regularly analyzes current information about these matters and provides provisions for probable losses including the estimate of legal expense to resolve

Notes to the financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

such matters. In making the decision regarding the need for loss provisions, management considers the degree of probability of an unfavorable outcome and the ability to make a sufficiently reliable estimate of the amount of loss. The filing of a suit or formal assertion of a claim against the company or the disclosure of any such suit or assertions, does not automatically indicate that a provision of a loss may be appropriate.

iii) Segment reporting

Ind AS 108 Operating Segments requires Management to determine the reportable segments for the purpose of disclosure in financial statements based on the internal reporting reviewed by Chief Operating Decision Maker (CODM) to assess performance and allocate resources. The standard also requires Management to make judgments with respect to aggregation of certain operating segments into one or more reportable segment.

Operating segments used to present segment information are identified based on the internal reports used and reviewed by the Chief Executive Officer to assess performance and allocate resources. The Company is operating in a single business segment, viz Energy.

3.2 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

i. Constructions contracts:

- **Provisions for liquidated damages claims (LDs):** The Company provides for LD claims to the extent that is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved. This requires an estimate of the amount of LDs payable under a claim which involves a number of management judgments and assumptions regarding the amounts to recognize.

- **Project cost to complete estimates:** At each reporting date, the Company is required to estimate costs to complete on fixed-price contracts. Estimating costs to complete on such contracts requires the Company to make estimates of future costs to be incurred, based on work to be performed beyond the reporting date. This estimate will impact revenues, cost of sales, unbilled revenue and estimated earnings and accrued contract expenses.

- **Recognition of contract variations:** The Company recognizes revenues and margins from contract variations where it is considered probable that they will be awarded by the customer and this requires management to assess the likelihood of such an award being made by reference to customer communications and other forms of documentary evidence

ii. Impairment of non-financial assets

Impairment exists when the carrying value of an asset of cash generating unit (CGU) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a Discounted Cash Flow (DCF) model. The cash flow are derived from the budget for the next five years as approved by the Management and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested are recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the terminal growth rate used.

iii. Defined benefit plans - gratuity

TThe cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on Indian Assured Lives Mortality (2012-14) Ultimate. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates. Further details about gratuity obligations are given in Note 21.

iv. Termination benefits:

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognizes termination benefits at the earlier of the following dates:

(a) when the Company can no longer withdraw the offer of these benefits; and

(b) when the entity recognizes cost for a restructuring that is within the scope of Ind AS 37 and involves payment of termination benefits.

In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

v. Fair value measurement of unquoted financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Assumptions include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Refer note 23 for further disclosures.

vi. Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default, expected loss rates and timing of cash flows. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

As a practical expedient, the Company uses a provision matrix to determine ECL impairment allowance on portfolio of its trade

receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. On that basis, the Company estimates a default rate of total revenue for trade receivables and contract revenue for contract assets. The Company follows provisioning norms based on ageing of receivables to estimate the impairment allowance under ECL. For retention receivables, the Company additionally categorizes the receivables due from Public Sector Undertakings (PSUs) and Non-PSUs and follows a wider aged bucket provisioning norm as the performance guarantee tests require certain time period after the supplies are completed. Refer note 3 for details of impairment allowance recognized at the reporting date.

vii. Deferred taxes

At each balance sheet date, the Company assesses whether the realization of future tax benefits is sufficiently probable to recognize deferred tax assets. This assessment requires the use of significant estimates with respect to assessment of future taxable income. The recorded amount of total deferred tax assets could change if estimates of projected future taxable income or if changes in current tax regulations are enacted. Refer Note 5(b)for details of deferred taxes.

3.3 Standards issued but not effective:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

3 Trade receivables

	As at March 31, 2025	As at March 31, 2024
At amortised cost		
Receivables from related parties (refer note 22)	204.01	97.99
Others	55.67	64.30
Total receivables	**259.68**	**162.29**
Break-up of security details		
Unsecured, considered good	259.68	162.29
	259.68	**162.29**
Less: Impairment allowance*	(55.62)	(47.56)
Total	**204.06**	**114.73**

No trade or other receivable are due from directors or other officers of the Company either severally or jointly with any other person. None of the trade receivable are due from firms or private companies respectively in which any director is a partner, a director or a member. Trade receivables are non-interest bearing and are generally on terms of 30 to 90 days.

*Includes provision amounting to Rs.Nil (March 31, 2024 : Rs.Nil) for Trade receivables which have a significant increase in credit risk.

For terms and conditions relating to related party receivables, refer note 22.

The aging of current trade receivables which are due for receipt :

	Not Due	Outstanding for the following period from due date of payments					Total
		Less than 6 months	6 months - 1 year	1-2 years	2-3 years	More than 3 years	
Trade receivables as at March 31, 2025							
(i) Undisputed - considered good	-	98.77	105.02	-	-	55.90	**259.68**
(ii) Undisputed - which have significant increase in credit risk	-	-	-	-	-	-	**-**
(iii) Undisputed - credit impaired	-	-	-	-	-	-	**-**
(iv) Disputed - considered good	-	-	-	-	-	-	**-**
(v) Disputed - which have significant increase in credit risk	-	-	-	-	-	-	**-**
(vi) Disputed - credit impaired	-	-	-	-	-	-	**-**
Less: Impairement Allowance	-	-	-	-	-	-	**55.62**
Total	**-**	**98.77**	**105.02**	**-**	**-**	**55.90**	**204.06**

	Not Due	Outstanding for the following period from due date of payments					Total
		Less than 6 months	6 months - 1 year	1-2 years	2-3 years	More than 3 years	
Trade receivables as at March 31, 2024							
(i) Undisputed - considered good	-	95.98	1.56	0.28	41.23	23.24	**162.29**
(ii) Undisputed - which have significant increase in credit risk	-	-	-	-	-	-	**-**
(iii) Undisputed - credit impaired	-	-	-	-	-	-	**-**
(iv) Disputed - considered good	-	-	-	-	-	-	**-**
(v) Disputed - which have significant increase in credit risk	-	-	-	-	-	-	**-**
(vi) Disputed - credit impaired	-	-	-	-	-	-	**-**
Less: Impairement Allowance	-	-	-	-	-	-	**47.56**
Total	**-**	**95.98**	**1.56**	**0.28**	**41.23**	**23.24**	**114.73**

The above ageing includes retention receivables which are classified as due or not due on the basis of the contractual terms with respective customers.

4(a) The following table summarises the change in provision for impairment allowance measured using the life time expected credit loss model:

	Provision for trade receivables	
	As at March 31, 2025	As at March 31, 2024
At the beginning of the year	47.56	136.78
Provision made during the year	8.06	-
Utilized/reversed during the year	-	89.22
At the end of the year	**55.62**	**47.56**

Notes to the financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

4 Other financial assets

(a) Other non current financial assets

	As at March 31, 2025	As at March 31, 2024
At amortised cost		
Bank deposits with maturity of more than 12 months	97.44	-
Total	**97.44**	**-**

(b) Other current financial assets

	As at March 31, 2025	As at March 31, 2024
Bank deposits with maturity of less than 12 months	50.00	-
Total	**50.00**	**-**

5 (a) Income Taxes

The major components of income tax expense for the year ended March 31, 2025 and March 31, 2024 are:

Statement of profit and loss

	As at March 31, 2025	As at March 31, 2024
Current income tax charge		
Current income tax	-	-
Adjustments in respect of current income tax of previous year	-	-
Deferred tax		
Relating to origination and reversal of temporary differences	-	-
Income tax expense reported in the Statement of profit and loss	**-**	**-**

Other comprehensive income

	As at March 31, 2025	As at March 31, 2024
Deferred tax related to items recognised in OCI during the year	-	-
Net gain or loss on remeasurements of defined benefit plans	-	-
Income tax charged/(credited) to OCI	**-**	**-**

Reconciliation of tax expense and accounting profit multiplied by India's domestic tax rate for March 31, 2025 and March 31, 2024

	As at March 31, 2025	As at March 31, 2024
Accounting profit before tax	(18.42)	94.32
At India's statutory income tax rate of 25.17% (March 31, 2024 : 25.17%)	(4.64)	23.74
Effects of non-deductible business expenses	2.03	(22.45)
Donation	2.31	2.92
Other differences - Difference between book base and tax base for various items	0.30	(4.21)
At the effective tax rate of Nil % (March 31, 2024: Nil%)	**(0.00)**	**(0.00)**
Income tax expense reported in the statement of profit or loss	**-**	**-**

5 (b) Deferred tax

Details of deferred tax assets which has not been recognised in book of accounts :

	As at March 31, 2025	As at March 31, 2024
Deferred tax asset on		
Statutory dues deductible on payment under section 43B of Income-tax Act, 1961	5.23	5.76
Provision for doubtful debts, liquidated damages and other provisions	14.00	11.97
Difference in written down values of PPE	25.73	29.21
Total	**44.96**	**46.94**

As per Ind As 12, the entity recognises deferred tax assets only when it is probabale that the taxable profits will be available against which the deducible temporary difference can be utilised. However in the current scenario, as the company does not expect to have sufficient future taxable profits, deferred tax asset has not been recognised in book of accounts.

	As at March 31, 2025	As at March 31, 2024
Opening balance	-	
Tax (expense)/ income during the period recognised in profit or loss	-	-
Tax (expense)/ income during the period recognised in OCI	-	-
Closing balance	**-**	**-**

The Company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities.

6 Other assets

(a) Other non current assets

	As at March 31, 2025	As at March 31, 2024
Unsecured considered good		
Balances with government authorities	606.09	623.85
Total	**606.09**	**623.85**

(b) Other current assets

	As at March 31, 2025	As at March 31, 2024
Unsecured considered good		
Advances to suppliers	-	-
Advances to staff and workers	17.74	46.11
Prepaid employee benefits (note 21)	14.33	12.79
Total	**32.07**	**58.90**

There were no advances due by directors or other officers of the Company or any of them severally or jointly with any other persons or amounts due by firms or private companies respectively in which any director is a partner or a member.

THERMAX ENGINEERING CONSTRUCTION COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

7 (a) Cash and cash equivalents

	As at March 31, 2025	As at March 31, 2024
At amortised cost		
Cash and cash equivalents		
Balances with banks		
- on current accounts	49.90	10.79
- in deposits with original maturity of less than three months	250.00	-
Total	**299.90**	**10.79**

7 (b) Other bank balances

	As at March 31, 2025	As at March 31, 2024
Deposits with original maturity :		
more than three months but less than twelve months*	175.20	682.36
Interest aacrues on fixed deposit	3.29	10.79
Total	**178.49**	**693.15**

*Fixed deposit amount of Rs. 175.20 has been marked as lien in ICICI Bank.

8A Share capital

	As at March 31, 2025	As at March 31, 2024
Authorized shares (Nos)		
10,000,000 (March 31, 2024: 10,000,000) equity shares of Rs. 10/- each	1,000.00	1,000.00
	1,000.00	**1,000.00**
Issued, subscribed and fully paid share capital (Nos)		
4,500,000 (March 31, 2024: 4,500,000) equity shares of Rs. 10/- each	450.00	450.00
Total issued, subscribed and fully paid-up share capital	**450.00**	**450.00**

(a) Reconciliation of the shares outstanding at the beginning and at the end of year.

	No. of Shares
Equity share of Rs. 10 each issued, subscribed and fully paid	
As at April 1, 2023	4,500,000
Changes during the period	-
As at March 31, 2024	4,500,000
Changes during the period	-
As at March 31, 2025	**4,500,000**

(b) Terms/ rights attached to equity shares

The Company has one class of equity shares having a par value of Rs. 10 per share. Each shareholder is eligible for one vote per share held. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

(c) Equity shares held by holding company

	As at March 31, 2025	As at March 31, 2024
Thermax Limited		
4,500,000 (March 31, 2024: 4,500,000) equity shares of Rs. 10/- each fully paid	450.00	450.00

(d) Details of equity shares held by shareholders holding more than 5% of the aggregate shares in the Company

	Thermax limited
As at March 31, 2025	
%	100.00
No. of shares	4,500,000
As at March 31, 2024	
%	100.00
No. of shares	4,500,000

As per records of the Company, including its register of shareholders/ members and other declarations received from shareholders regarding beneficial interest, the above shareholding represents the legal ownerships of shares.

(e) Details of shares held by promoters

	As at March 31, 2025	As at March 31, 2024
Thermax Limited		
%	100.00	100.00
No. of Shares	4,500,000	4,500,000
% of change during the year	-	-

8B Other equity

	As at March 31, 2025	As at March 31, 2024
Reserves and surplus		
General reserve	525.21	525.21
Retained earnings		
Opening balance	555.98	461.07
Add: (Loss)/Profit for the year	(18.42)	94.32
Items of other comprehensive income recognised directly in retained earnings:		
Re-measurement gains/ (losses) on defined benefit plans, net of tax	(13.31)	0.59
Net surplus in the statement of profit and loss	**524.25**	**555.98**
Total	**1,049.46**	**1,081.19**

Nature and purpose of reserves

General reserve

These are in nature of those retained earnings which are kept aside out of Company's profits. These are free reserves available for distribution of dividend.

9 Investment in Subsidiary

	Face value	As at March 31, 2025	As at March 31, 2024
Investments in equity instruments at cost (Fully paid)			
Thermax Engineering Construction Company, FZE			
Number of Shares: 1000 shares	USD 1	0.76	0.76
Total value of Investment		**0.76**	**0.76**

The Company has formed a subsidiary in Nigeria for the management and supervision of the installation, commissioning and testing of boilers and heaters, in respect of the petroleum refinery and polypropylene plant for Dangote group, being constructed in Lekki Free Trade Zone, Nigeria (LFTZ).

Notes to the financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

10 Trade payables

	As at March 31, 2025	As at March 31, 2024
At amortized cost		
Total outstanding dues of micro enterprises and small enterprises	1.60	1.60
Total outstanding dues of creditors other than micro enterprises and small enterprises		
(i) Related Parties (refer note 22)	7.91	-
(i) Others	28.71	35.95
Total	**38.22**	**37.55**

Trade payables are non-interest bearing and are normally settled between 3 to 12 Months.

Details of dues to micro and small enterprises as defined under The Micro, Small and Medium Enterprises Development (MSMED) Act 2006

	As at March 31, 2025	As at March 31, 2024
The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year		
-Principal amount outstanding (whether due or not) to micro and small enterprises	1.60	1.60
-Interest due thereon	-	-
The amount of interest paid by the Company in terms of section 16 of the MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-
The amount of payment made to the supplier beyond the appointed day during the year	-	-
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006	-	-
The amount of interest accrued and remaining unpaid at the end of each accounting year	-	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006	-	-

The ageing of current trade payables which are due for payment :

Particulars	Not Due	Unbilled	Outstanding for the following period from due date of payments				Total
			Less than a year	1-2 years	2-3 years	More than 3 years

Weighted average number of equity shares of Rs.10/- each	45.00	45.00
Basic & Diluted Earnings per share (In Rupees)	(0.41)	2.10

20 Contingent Liabilities and commitments

A Contingent liabilities

i) Disputed demands in respect of Excise, Customs Duty and Service tax Rs. Nil (March 31, 2024 Rs 50.12)

ii) Disputed demands in respect of Sales tax(VAT Chhatisgarh) Rs. Nil (March 31, 2024 Rs 1.20)

iii) Disputed demands in respect of GST 48.69 (March 31, 2024 Rs 51.55)

iv) The Company has issued various guarantees for performance, deposits, tender money, advances,etc to customers. The management has considered the probability for outflow of the same to be remote and accordingly no amount has been disclosed here.

B Capital and other commitment

a) On the basis of credit comfort of the Company, ICICI bank has issued bank guarantees of USD 153,489.96 (March 31, 2024 USD 324,092.12) in favour of customers of TEC FZE.

b) **Operating lease : Company as lessee**

The Company has taken certain office premises on cancellable operating lease. The tenure of such leases is for a period of one year or less. Lease rentals are charged to the Statement of Profit and Loss for the year. There are no sub-leases. The leases are renewable on mutually agreeable terms. At the expiry of the lease term, the Company has an option to terminate the agreement or extend the term by giving notice in writing. Since the contracts are short term leases, the entity has elected to apply the exemption available to short term leases under Ind AS 116 and has recognised the lease payments associated with these leases as an expense.

Future minimum lease rental payables under non-cancellable operating leases are as follows:

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Lease payments for the year	0.95	1.04

21 A. Gratuity

The Company operates a defined benefit plan viz. gratuity for its employees. Under the gratuity plan, every employee who has completed specified years of service gets a gratuity on departure @ 15 days (minimum) of the last drawn salary for each completed year of service. The scheme is funded with an insurance Company in the form of qualifying insurance policy. The fund has formed a trust and it is governed by the Board of Trustees.

The fund is subject to risks such as asset volatility, changes in asset yields and asset liability mismatch risk. In managing the plan assets, Board of Trustees reviews and manages these risks associated with the funded plan. Each year, the Board of Trustees reviews the level of funding in the gratuity plan. Such a review includes asset-liability matching strategy and investment risk management policy (which includes contributing to plans that invest in risk-averse markets). The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise.

Notes to the financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

I Changes in the net benefit obligation and fair value of plan assets are as follows :

Particulars	Present value of obligation	Fair value of plan assets	Net amount
April 1, 2023	**16.91**	**25.43**	**(8.53)**
Current service cost	1.68		1.68
Interest expense/(income)	1.37	10.02	(8.65)
Total amount recognised in Statement of Profit and Loss	**3.05**	**10.02**	**(6.97)**
Actuarial loss from change in financial assumptions	1.86	2.45	(0.59)
Amount not recognised due to asset ceiling			-
Total amount recognised in Other comprehensive income	**1.86**	**2.45**	**(0.59)**
Employer contributions	-		-
Benefits paid	(2.26)		(2.26)
Employer contributions	5.56		5.56
March 31, 2024	**25.12**	**37.91**	**(12.79)**

Particulars	Present value of obligation	Fair value of plan assets	Net amount
April 1, 2024	**25.12**	**37.91**	**(12.79)**
Current service cost	2.48		2.48
Interest expense/(income)	1.68	10.75	(9.07)
Total amount recognised in Statement of Profit and Loss	**4.16**	**10.75**	**(6.59)**
Actuarial loss from change in financial assumptions	1.78	(3.83)	5.61
Amount not recognised due to asset ceiling		(7.70)	7.70
Total amount recognised in Other comprehensive income	**1.78**	**(11.53)**	**13.31**
Transfer In/(Out)	(4.13)	4.13	(8.26)
March 31, 2025	**26.93**	**41.26**	**(14.33)**

II The net liability disclosed above relates to funded plans are as follows :

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Present value of funded obligation	26.93	25.12
Fair value of plan assets	41.26	37.91
Plan (assets)	**(14.33)**	**(12.79)**

III Significant estimates

The significant actuarial assumptions were as follows :

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Discount rate	6.60%	7.20%
Salary growth rate	7.00%	7.00%
Expected return on plan assets	7.20%	7.40%
Normal retirement age	60 years	60 years
Mortality table	Indian Assured Lives Mortality (2012-14) Ultimate	Indian Assured Lives Mortality (2012-14) Ultimate
Employee turnover	12%	12%

IV Sensitivity analysis

The sensitivity of defined obligation to changes in the weighted principal assumptions is:

Assumption	Impact on defined benefit obligation	
	March 31, 2025	March 31, 2024
Discount rate		
1.00% increase	Decrease by 0.97	Decrease by 1.1
1.00% decrease	Increase by 1.06	Increase by 1.01
Future salary increase		
1.00% increase	Increase by 0.78	Increase by 0.85
1.00% decrease	Decrease by 0.73	Decrease by 0.79
Attrition Rate		
1.00% increase	Decrease by 0.02	Increase by 0.00
1.00% decrease	Increase by 0.02	Decrease by 0.01

The above sensitivity analysis is based on a change in assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligation calculated with the Projected Unit Credit Method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The method and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Within next 12 months	3.40	2.90
Between 2-5 years	22.81	23.52
Between 5-10 years	9.21	9.78

The average duration of the defined benefit plan obligation at the end of the reporting period is 5.79 years (March 31, 2024 : 6.45 Years)

V The major categories of plan assets are as follows:

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Investments with Insurer (LIC of India)	100.00%	100.00%

22. Related party disclosures

G Commitments

On the basis of credit comfort of the Company, ICICI bank has issued bank guarantees of USD 153,489.96 (March 31, 2024 USD 324,092.12) in favour of customers of TEC FZE.

H Terms and conditions for outstanding balances

All outstanding balances are unsecured and repayable in cash.

I Terms and conditions of related party transactions

The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash.

There have been no guarantees provided or received for any related party receivables or payables (except as disclosed above). For the year ended March 31, 2025, the Group has not recorded any impairment of receivables relating to amounts owed by related parties (March 31, 2024 : Rs Nil). This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

23 Fair value measurements

a) Category of financial instruments and valuation techniques

Break-up of financial assets carried at amortised cost

Particulars	As at March 31, 2025	As at March 31, 2024
Trade receivables (refer note 3)	204.06	114.73
Other financial assets (refer note 4)	147.44	-
Cash and cash equivalents (refer note 7(a))	299.90	10.79
Bank balances other than cash and cash equivalents (refer note 7(b))	178.49	693.15
Total	**829.89**	**818.67**
Current assets	732.45	818.67
Non-current assets (refer note 6(a))	97.44	-
Total	**829.89**	**818.67**

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

Notes to the financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

Break up of financial liabilities carried at amortised cost

Particulars	As at March 31, 2025	As at March 31, 2024
Trade payable (refer note 10)	38.22	37.55
Employee related payables (refer note 11)	1.11	3.44
Total	**39.33**	**40.99**
Current liabilities	39.33	40.99
Total	**39.33**	**40.99**

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

24 Financial risk management

The Company's principal financial liabilities, comprise trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables and cash and cash equivalents that it derives directly from its operations.

The Company is exposed to credit risk and liquidity risk. The company follows guidance given by the Corporate Risk Management Policy of the group. The risks are summarized below:

I Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade receivables

Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on individual credit limits and risk of potential default based on defined credit risk parameters.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous group and assessed for impairment collectively. The calculation is based on historical data of losses. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in note 4. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

Financial instruments and bank deposits

Credit risk from balances with banks and financial institutions is managed by the group treasury department in accordance with the Thermax group policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

II Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at operating segments level in the Company in accordance with practice and limits set by the Company. In addition, the company's liquidity management policy involves projecting future cash flows and considering the level of liquid assets necessary to meet these and monitoring balance sheet liquidity ratios against internal requirements.

(i) Maturities of financial liabilities

The tables below summarises the company's financial liabilities into relevant maturity profile based on contractual undiscounted payments :

March 31, 2025	< 1 year	1 to 3 years	> 3 years
Non- derivative			
Trade Payables	38.22	-	-
Other financial liabilities			
Employee related payables	1.11	-	-
March 31, 2024	**< 1 year**	**1 to 3 years**	**> 3 years**
Non- derivative			
Trade Payables	37.55	-	-
Other financial liabilities			
Employee related payables	3.44	-	-

Notes to the financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

25 Key Financial Ratios

Particulars	Numerator	Denominator	March 31, 2025	March 31, 2024	Change	Reason for Variance
Return on equity ratio	Net Profits after taxes	Average Shareholder's Equity	-1.22%	6.36%	119.12%	Decrease in income resulted in decrease in ratio
Debtors turnover ratio	Net credit sales = Gross credit sales - sales return	Average Trade Receivable	0.00	0.00	0.00%	
Net working capital turnover ratio	Net sales = Total sales - sales return	Working capital = Current assets – Current liabilities	0.00	0.00	0.00%	
Net Profit ratio	Net Profit	Net sales = Total sales - sales return	0.00%	0.00%	0.00%	
Return on capital employed	Earnings before interest and taxes	Capital Employed = Net Worth	-1.23%	6.16%	-119.94%	Decrease in income resulted in decrease in ratio
Return on investment	Interest (Finance Income)	Average Investment	6.74%	5.65%	19.16%	Increase in Investements and better rate of interest resulted in higher return
Current Ratio	Current Assets	Current Liabilities	16.07	16.99	-5.37%	Reduction in Cash & Cash equivalent balances resulted in decrease in ratio
Trade payables turnover ratio	Net credit purchases = Gross credit purchases - purchase return	Average Trade Payables	1.17	0.91	28.48%	Reduction in AP balances resulted in increase in ratio
Debt-Equity Ratio	Total Debt	Shareholder's Equity	N.A.	N.A.	0.00%	
Debt service coverage ratio	Earnings for debt service = Net profit after taxes + Non-cash operating expenses	Debt service = Interest + short term borrowings	N.A.	N.A.	0.00%	
Inventory turnover ratio	Cost of goods sold	Average Inventory	N.A.	N.A.	0.00%	

26 Struck off companies

There is no transactions and balances with struk off companies for year ended March 31, 2025 & March 31, 2024.

27 Capital Management

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long- term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. No changes were made in the objectives, policies or processes during the years ended March 31, 2025 and March 31, 2024. Capital represents equity attributable to equity holders of the Parent Company.

	As at March 31, 2025	As at March 31, 2024
Trade payables	38.22	37.55
Less: Cash and cash equivalents	(299.90)	(10.79)
Equity	**1,499.46**	**1,531.19**
Capital and net debt	**1,499.46**	**1,531.19**

28 During the year, the Company has stopped accepting new orders as the management is in discussion with the holding company to evaluate future business opportunities and prospects.As at the reporting date, the Company has sufficient cash balances to meet its obligation and honour the commitments. Management is confident of recovering asset balances (including balances with government authorities) with the alternative plans available and hence, financial statements have been prepared on a going concern basis.

29 As the consolidated financial statements are presented by the entity's holding Company, the entity has elected to apply the exemption available to it under Ind AS 110 and has opted to present only one set of standalone financial statements.

30 (a) Compliance with section 143(3) for maintenance of books of account

With effect from August 5, 2022, the Ministry of Corporate Affairs (MCA) has amended the Companies (Accounts) Rules, 2014, relating to maintenance of electronic books of account and other relevant books and papers. Pursuant to this amendment, the Company is required to maintain the books of account which are accessible in India at all times and their backup is to be kept on servers located in India on a daily basis.

The status of compliance is summarised in the below table:

Requirements u/s 143(3) of Companies Act, 2013	Response
Books of Account maintained on cloud / servers physically located in India	Yes
Backup maintained in India on daily basis	
Intimation sent to the ROC for the current year	NA

30 (b) The Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that audit trail feature is not enabled for direct changes to data for users with certain privileged access rights to the Infor Baan application. Further no instance of audit trail feature being tampered with was noted in respect of other software. Additionally, the audit trail has been preserved as per the statutory requirements for record retention.

31 Other statutory information

(i) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.

(ii) The Company does not have any charges or satisfaction which is yet to be registered with Registrar of Companies beyond the statutory period,

Notes to the financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

(iii) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

(iv) (A) The Company has not advanced or loaned or invested funds to any other person or entity, including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(v) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries,

(vi) The Company has not made any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961)

(vii) There is no Scheme of Arrangement approved by the Competent Authority in terms of Sections 230 to 237 of the Companies Act, 2013.

(viii) The Company has complied with the the number of layers prescribed under of Section 2(87) of the Act read with the Companies (Restriction on number of Layers) Rules, 2017.

(ix) The Company has not been declared as a wilful defaulter by any bank or financial institution or any other lender.

DIRECTORS' REPORT

Dear Shareholder,

The Directors present the Twenty Ninth Annual Report for the year ended March 31, 2025.

FINANCIAL RESULTS:

Your Company's performance during the financial year ended March 31, 2025 is summarized below:

(Rs. in Lakh)

Particulars	2024-25	2023-24
Total Income	**6,293.68**	12,540.75
Profit before Depreciation	**1,792.40**	1,673.83
Depreciation	**17.20**	22.27
Profit before Tax	**1,775.20**	1,651.56
Provision for Taxation including Deferred Tax	**811.19**	500.77
Profit after tax	**964.01**	1,150.79

State of Company's Affairs and future outlook

The Company is a wholly owned subsidiary of Thermax Limited.

Your Company is engaged in rendering erection, commissioning, civil works and operation and maintenance services for turnkey contracts for power plants. The Company has established foreign branches at Manila (Philippines), Lusaka (Zambia) and Sharjah (United Arab Emirates) which are in the business of rendering supervision, operation and maintenance services for power plants.

During the year, the Company earned a total income of Rs 6,293.68 lakh (previous year Rs 12,540.75 lakh). Profit before tax stood at Rs 1,775.20 lakh (previous year Rs. 1,651.56 lakh) and profit after tax is Rs. 964.01 lakh (previous year Rs. 1,150.79 lakh).

Profit before tax for the year is higher since margins have slightly improved. Further, the Company has received long pending Income Tax refund for earlier years, including interest which has resulted into income for the year. The order booking in the current year was Rs. 3,828.30 lakh (previous year Rs. 3,440.28 lakh).

Change in nature of business

During the financial year 2024-25, your Company has managed the affairs in a fair and transparent manner.

Dividend

The Board of Directors at its Meeting held on October 30, 2024 declared interim dividend of Rs. 27.78/- per equity share for the financial year 2024-25.

Amount Proposed to be carried to Reserves

The Company does not propose to carry any amount to reserves.

Share Capital

The paid-up equity share capital of the Company is Rs. 900 lakhs and the paid-up preference share capital is Rs. 1,700 lakhs. The total paid up share capital of the Company is Rs. 2,600 lakhs. During the year, the Company has not issued shares with differential voting rights nor has granted any stock options or sweat equity.

Board Meetings

The Board met four times during the year. The intervening gap between two meetings was within the period prescribed under the Companies Act, 2013. Details of meetings attended by the Directors are as follows:

Name	Board Meetings			
	May 8, 2024	July 29, 2024	October 30, 2024	January 30, 2025
Mr. Rajendran Arunachalam	P	P	P	P
Mr. Kirtiraj Jilkar	A	A	P	P
Mr. Sandeep Deshpande	P	P	P	P

P- Present, A- Absent

Particulars of Loans, Guarantees or Investments

During the year under review the Company did not give any loan or made any investment pursuant to the provisions of Section 186 and Section 134(3) (g) of the Companies Act, 2013.

Related Party Transactions

All related party transactions (RPTs) that were entered into during the financial year were on an arm's length basis and were in the ordinary course of business. There are no materially significant related party transactions made by the Company with directors, key managerial personnel or other designated persons which may have a potential conflict with the interest of the Company at large. Therefore, requirements of disclosure of Related Party Transactions in AOC-2 are not attracted.

During the year, all RPTs were placed before the Board for its perusal and approval. A statement showing the disclosure of transactions with related parties as required under IND AS 24 is set out separately in the Financial Statements.

Explanation(s) / Comment(s) to Qualifications, Reservations, Adverse Remarks & Disclaimers made by the Auditors

There are no qualifications, reservations, adverse remarks and disclaimers made by the Auditors in their report on Financial Statements for the financial year ended March 31, 2025.

Material changes affecting financial position of the Company

There were no material changes and commitments that have occurred after the close of the year till the date of this report, which affects the financial position of the Company.

Conservation of Energy

The Company is very careful in using the power to reduce cost of maintenance and conserve resources. The Company makes an effort to use power from grid at its sites instead of DG sets.

Technological Absorption

There was no technology acquisition and absorption during the year under review.

Foreign Exchange Earnings and Outgo

Information pertaining to foreign exchange earnings and outgo, under Section 134 (3) (m) of the Companies Act, 2013 is as follows:

	(Rs. In lakh)
Foreign currency earnings	3,222.16
Foreign currency outgo	2,364.91

Subsidiary / Associate / Joint Venture Company

Your Company does not have any Subsidiary / Associate / Joint Venture Company and there was no change in the position during the financial year 2024-25.

Business Risk Management

The Company has a process of evaluating risks. It keeps track of risk portfolio, and every quarter tracks the changes of any risk and prepares its mitigation plan. The Board is informed about the changes in economic and environmental factors and its impact on strategic business decision and risk portfolio. After detailed review of risk and mitigation measures, the management has confirmed that there is no risk as on date which threatens the existence of the Company. It will continue to actively monitor and strengthen its risk management framework.

Health & Safety

The Company has continued to focus on safety at sites and has achieved most of the safety "Key Performance Indicators."

The Company's performance in this area has been recognized by many of its customers including awards from two leading cement manufacturers for best safety performance.

Key Managerial Personnel (KMP)

During the year, Mr. Ramachandra Bharathi completed his tenure as the Manager and Key Managerial Personnel of your Company on July 26, 2024 and was re-appointed as the Manager and Key Managerial Personnel of your Company for a period of one year effective from July 29, 2024. Further, he resigned as the Manager and Key Managerial Personnel of the Company with effect from close of business hours of March 31, 2025.

The Board at its meeting held on July 29, 2024, appointed Mr. Ajit Sharma as the Chief Financial Officer and Key Managerial Personnel of your Company.

The Board at its meeting held on May 5, 2025 approved appointment of Mr. Sunil Kumar Samuel Bojja as the Manager and Key Managerial Personnel of the Company for a period of three years, subject to approval of the shareholders of the Company. The proposal for his appointment as the Manager forms part of the Notice convening 29th Annual General Meeting of the Company.

Directors

Currently, the Board of the Company comprises three Directors In accordance with the provisions of the Companies Act, 2013 and the Company's Articles of Association, Mr. Rajendran Arunachalam (DIN: 08446343) retires by rotation, and being eligible, offers himself for re-appointment as director.

The Members of the Company at their 28th Annual General Meeting held on July 26, 2024 approved the appointment of Mr. Sandeep Deshpande (DIN: 09748806) as a Director of your Company. Further, Mr. Ravinder Advani (DIN: 01677195), resigned from the Board of your Company effective from April 24, 2024.

Significant and Material Orders passed by the Regulators or Courts

During the year, there are no significant material orders passed by the regulators / courts which can adversely impact the going concern status of the Company and its operations in future.

Adequacy of Internal Financial Controls

Internal controls are reviewed by the Internal Audit Department of the Holding Company on periodical basis. All significant and material observations emerging out of internal audit are regularly to the Board and follow-up measures are taken.

Public Deposits

During the financial year 2024-25 your Company has not accepted any deposits under Chapter V of the Companies Act, 2013. Consequently, it has no unpaid / unclaimed deposit(s) as on March 31, 2025.

Corporate Social Responsibility Initiatives

As a part of its initiatives under Corporate Social Responsibility (CSR), the Company has undertaken projects mainly in the area of education. The projects are in accordance with Schedule VII of the Companies Act, 2013. Since 2007, CSR initiatives have been undertaken through Thermax Foundation. The detailed report on CSR is annexed as Annexure 1.

Board Evaluation

The Board has put in place a mechanism for evaluation of its own performances and individual Directors. The evaluation of the Board was conducted based on the evaluation parameters such as Board composition and structure, effectiveness of the Board, participation at meetings, domain knowledge, and awareness etc.

Disclosure on Establishment of a Vigil Mechanism

The Provision of section 177(9) of the Companies Act, 2013, with respect to establishment of vigil mechanism are not applicable to the Company.

Disclosure under Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Company has framed an Internal Complaint Committee (ICC), pursuant to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 and rules made thereunder. Further a policy on Sexual Harassment of women at workplace has been circulated to all employees for a proper mechanism for redressal of complaints of sexual harassment.

The Company is committed to provide a safe and conducive work environment to its employees. There were no cases pending at the beginning of the year / filed during the year, pursuant to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

Fraud Reporting

During the Financial Year 2024-25, the Auditors have not reported any incident of fraud to the Board of Directors of the Company pursuant to provisions of Section 143(12) of the Companies Act, 2013.

Auditors

SRBC & CO. LLP Chartered Accountants (Firm Registration No.324982E/E300003) were appointed as the Statutory Auditors of the Company for a period of five years from the conclusion of the 24th Annual General Meeting (AGM) of the Company until the conclusion of the 29th AGM.

The Board at its meeting held on May 5, 2025 has recommended the appointment of M/s. Price Waterhouse Chartered Accountants LLP (ICAI Firm Registration No. 012754N/N500016) as the Statutory Auditors of your Company for a term of 5 years from the conclusion of 29th Annual General Meeting until the conclusion of 34th Annual General Meeting for the approval of the shareholders at the ensuing 29th Annual General Meeting of the Company.

Thermax Instrumentation Limited

The auditors have confirmed that they hold a valid certificate issued by the Peer Review Board of the Institute of Chartered Accountants of India.

Maintenance of Cost Records

The provisions of section 148 of the Companies Act, 2013 read with the Companies (Cost Record & Audit) Rules, 2014 are not applicable to the Company, as the Company was not covered under the class of companies engaged in the production of goods and/or providing services as per Rule 3 of the Companies (Cost Records & Audit) Rules, 2014, during the Financial Year 2024-25.

Directors' Responsibility Statement

Pursuant to the requirement under Section 134(3)(c) of the Companies Act, 2013 with respect to Directors' Responsibility Statement, it is hereby confirmed that:

(a) In the preparation of the annual financial statements for the year ended March 31, 2025, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any;

(b) Appropriate accounting policies have been selected, applied consistently and judgment and estimates have been made that are reasonable and prudent to give a true and fair view of the state of affairs of the Company as on March 31, 2025, and of the profit of the Company for the year ended on that date;

(c) Proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

(d) The annual financial statements have been prepared on a going concern basis;

(e) Proper systems to ensure compliance with the provisions of all applicable laws were in place and were adequate and operating effectively.

Secretarial Standards

The Institute of Company Secretaries of India had revised the Secretarial Standards on Meetings of the Board of Directors (SS-1) and Secretarial Standards on General Meetings (SS-2) with effect from 1st April 2024. The Company is in compliance with the revised secretarial standards.

Annual Return

The Company does not have a website and hence in terms of provisions of Section 92 of the Companies Act, 2013 the requirement of publishing Annual Report is not applicable.

The Insolvency and Bankruptcy Code, 2016

During the Financial Year 2024-25, there was no application made and proceeding initiated / pending under the Insolvency and Bankruptcy Code, 2016 by any Financial and/or operational creditors against your Company.

Details of Difference between the Amounts of valuation at the time of one time settlement and the valuation done at the time of taking a loan from the banks or financial institutions along with the reasons thereof

During the year, there is no instance of onetime settlement with any Bank or Financial Institution.

Particulars of employees

None of the employees are covered by the provisions contained in Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 framed under the Companies Act, 2013.

Acknowledgements

Your directors wish to place on record their appreciation for the continued support extended by the Company's customers, vendors and bankers during the year; and the dedicated contribution made by the employees and look forward to their continued support in the future as well.

INDEPENDENT AUDITOR'S REPORT

To the Members of Thermax Instrumentation Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Thermax Instrumentation Limited ("the Company"), which comprise the Balance sheet as at March 31, 2025, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information in which are included the returns for the year ended on that date audited by the branch auditors of the Company's branches located at Philippines (Manila) and United Arab Emirates (Sharjah).

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on financial statements and on the other financial information of the branches, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the branches to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit of the financial information of the components which have been audited by us. For the branches included in the

financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

We did not audit the financial statements and other financial information of 2 (two) branches included in the accompanying financial statements of the Company whose financial statements and other financial information reflect total assets of Rs. 810.10 lakhs as at March 31, 2025 and the total revenues of Rs. 2,290.15 lakhs and net cash inflows of Rs. 149.33 lakhs for the year ended on that date, as considered in the financial information of these branches have been audited by the branch auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of branches, is based solely on the report of such branch auditors. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of the branch auditors on financial statements and the other financial information of branches, as noted in the 'Other Matter' paragraph, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, we report to the extent applicable, that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and proper reporting's adequate for the purposes of our audit have been received from the branches not visited by us, except that, as more fully explained in Note 40(a), the books of account pertaining to the three foreign branches were not accessible at all times in India and the Company does not have server physically located in India for the daily backup of the books of account and other books and papers maintained in electronic mode pertaining to these three foreign branches and for the matters stated in the paragraph (j)(vi) below on reporting under Rule 11(g);

   (c) The reports on the accounts of the branch offices of the Company audited under Section 143(8) of the Act by branch auditors have been sent to us and have been properly dealt with by us in preparing this report;

   (d) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account and with the returns received from the branches not visited by us;

   (e) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

   (f) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;

   (g) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph (b) above on reporting under Section 143(3)(b) and paragraph (j)(vi) below on reporting under Rule 11(g);

   (h) With respect to the adequacy of the internal financial controls with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this Report;

   (i) In our opinion, the managerial remuneration for the year ended March 31, 2025 has been paid/provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;

   (j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 30 to the financial statements;

      ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 18(a) to the financial statements;

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

      iv. a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

         b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

         c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

      v. The interim dividend declared and paid by the Company during the year is in accordance with section 123 of the Act; and

      vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year

for all relevant transactions recorded in the software except that, audit trail feature is not enabled for certain master data and direct changes to data when using certain access rights, as described in Note 40(b) to the financial statements. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with, in respect of accounting softwares where the audit trail has been enabled. Additionally, the audit trail of relevant prior years has been preserved by the company as per the statutory requirements for record retention, to the extent it was enabled and recorded in those respective years, as stated in Note 40(b) to the financial statements.

In case of foreign branches, the accounting software does not have the feature of audit trail (edit log) facility. Accordingly, we are unable to comment upon whether during the year there was any instance of audit trail feature being tampered with in respect of the accounting softwares. Additionally, the audit trail in respect of the year ended March 31, 2024, has not been preserved by the Company as per the statutory requirements for record retention, as stated in Note 40(b) to the financial statements.

Thermax Instrumentation Limited

Annexure 1 referred to in paragraph 1 under the heading "Report on other legal and regulatory requirements" of our report of even date

Re: Thermax Instrumentation Limited ("the Company")

In the terms of the information and explanations sought by us and given by the company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangibles assets.

(b) Property, Plant and Equipment have been physically verified by the management during the year, except IT Assets which are verified once in three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were identified on such verification.

(c) The title deeds of all the immovable properties other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee are held in the name of the Company

(d) The Company has not revalued its Property, Plant and Equipment during the year ended March 31, 2025.

(e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company's business does not require maintenance of inventories and, accordingly, the requirement to report on clause 3(ii)(a) of the Order is not applicable to the Company

(b) As disclosed in note 5(a) to the financial statements, the Company has been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks during the year on the basis of security of current assets of the Company. Based on the records examined by us in the normal course of audit of the financial statements, the quarterly returns/statements filed by the Company with such banks are in agreement with the unaudited books of accounts of the Company. The Company do not have sanctioned working capital limits in excess of Rs. five crores in aggregate from financial institutions during the year on the basis of security of current assets of the Company.

(iii) (a) During the year the Company has not provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(a) of the Order is not applicable to the Company.

(b) During the year the Company has not made investments, provided guarantees, provided security and granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(b) of the Order is not applicable to the Company.

(c) The Company has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(c) of the Order is not applicable to the Company.

(d) The Company has not granted loans or advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(d) of the Order is not applicable to the Company.

(e) There were no loans or advance in the nature of loan granted to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(e) of the Order is not applicable to the Company.

(f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.

(iv) There are no loans, investments, guarantees, and security in respect of which provisions of sections 185 and 186 of the Act are applicable and accordingly, the requirement to report on clause 3(iv) of the Order is not applicable to the Company.

(v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company

(vi) The Central Government has not specified the maintenance of cost records under Section 148(1) of the Act, for the services of the Company.

(vii) (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales tax, cess and other statutory dues applicable to it. According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

The provisions relating to duty of customs and duty of excise are not applicable to the Company

(b) The dues of goods and services tax that have not been deposited on account of any dispute, are as follows:

Name of the Statute	Nature of the dues	Amount (Rs. In Lakhs) ^	Period to which the amount relates	Forum where the dispute is pending
Goods and Services Tax, 2017 (Chhattisgarh)	Goods and Services Tax	0.23 (Net of Deposit of 0.02 lakhs)	2017-18	Joint Commissioner of State Tax (Appeals), Raipur, Chattisgarh
Goods and Services Tax, 2017 (Maharashtra)	Goods and Services Tax	123.55 (Net of Deposit of 13.57 lakhs)	2018-19	Deputy Commissioner of State Tax, Pune
		29.80 (Net of Deposit of 3.31 lakhs)	2017-18	Joint Commissioner of State Tax (Appeals), Pune, Maharashtra
		10.27 (Net of Deposit of 1.14 lakhs)	2018-19	
		171.65 (Net of Deposit of 19.07 lakhs)	2019-20	
Goods and Services Tax, 2017 (Orissa)	Goods and Services Tax	20.88 (Net of Deposit of 2.32 lakhs)	2017-18	Additional Commissioner (Appeals), CGST, Central Excise & Customs, Bhubaneshwar

^ Excluding interest and penalty, if any thereon

(viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) The Company did not have any outstanding loans or borrowings or interest thereon due to any lender during the year. Accordingly, the requirement to report on clause ix(a) of the Order is not applicable to the Company.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) The Company did not have any term loans outstanding during the year hence, the requirement to report on clause (ix)(c) of the Order is not applicable to the Company.

(d) The Company did not raise any funds during the year hence, the requirement to report on clause (ix)(d) of the Order is not applicable to the Company.

(e) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(e) of the Order is not applicable to the Company.

(f) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) The Company has not raised any money during the year by way of initial public offer / further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.

(b) The Company has not made any preferential allotment or private placement of shares /fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) No fraud by the Company or no material fraud on the Company has been noticed or reported during the year.

(b) During the year, no report under sub-section (12) of section 143 of the Act has been filed by us in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) (a) The Company is not a Nidhi Company as per the provisions of the Act. Therefore, the requirement to report on clause 3(xii)(a) of the Order is not applicable to the Company.

(b) The Company is not a Nidhi Company as per the provisions of the Act. Therefore, the requirement to report on clause 3(xii)(b) of the Order is not applicable to the Company.

(c) The Company is not a Nidhi Company as per the provisions of the Act. Therefore, the requirement to report on clause 3(xii)(c) of the Order is not applicable to the Company.

(xiii) Transactions with the related parties are in compliance with sections 188 of Act where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards. The provisions of section 177 are not applicable to the Company and accordingly the requirements to report under clause 3(xiii) of the Order insofar as it relates to section 177 of the Act is not applicable to the Company.

(xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.

(b) The Company follows a July to June internal audit cycle and accordingly the internal audit reports of the Company for the period under audit and issued till the date of our audit report, have been considered by us. As informed to us, the internal audit for remaining areas/scope is expected to be completed post issue of our audit report on these financial statements.

(xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.

(b) The Company is not engaged in any Non-Banking Financial or Housing Finance activities. Accordingly, the requirement to report on clause (xvi)(b) of the Order is not applicable to the Company.

(c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi) of the Order is not applicable to the Company.

(d) The Group has one Core Investment Company as part of the Group.

(xvii) The Company has not incurred cash losses in the current and immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on clause 3(xviii) of the Order is not applicable to the Company.

(xix) On the basis of the financial ratios disclosed in note 36 to the financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Act, in compliance with second proviso to sub section 5 of section 135 of the Act. This matter has been disclosed in note 27 to the financial statements.

(b) There are no unspent amounts in respect of ongoing projects, that are required to be transferred to a special account in compliance of provision of sub section (6) of section 135 of the Act. This matter has been disclosed in note 27 to the financial statements.

(xxi) The company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(xxi) of the Order is not applicable to the company.

Thermax Instrumentation Limited

Annexure 2 Referred to in Paragraph 2(h) under the heading "Report On Other Legal And Regulatory Requirements" of our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Thermax Instrumentation Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these financial statements.

Meaning of Internal Financial Controls With Reference to these Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements of the Company, in so far as it relates to two (2) branches, which are incorporated outside India, is based on the corresponding reports of the auditors of such branches.

Cash Flow Statement for the year ended March 31, 2025

(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

	Particulars	Note	For the year ended March 31, 2025	For the year ended March 31, 2024
A)	**Cash flows from operating activities**			
	Profit before tax		**1,775.20**	**1,651.56**
	Adjustments to reconcile profit before tax to net cash flows:			
	Depreciation and amortisation expense	24	17.20	22.27
	Provision for impairment allowance of financial assets (net)	25	(306.01)	(62.66)
	Finance costs	23	21.59	14.55
	Bad debts/advances written off	25	488.69	92.49
	(Gain) on sale/discard of assets (net)	20	(11.06)	(0.03)
	Interest income from financial assets at amortized cost	20	(29.18)	(72.71)
	Other interest income	20	(691.88)	(22.91)
	Unrealised foreign exchange (gain) (net)		(12.54)	23.73
	Fair value gain on financial instruments at fair value through profit and loss (net)	20	(179.34)	(96.37)
	Liabilities no longer required written back	20	(77.06)	(232.06)
	Cash flows before working capital changes		**995.61**	**1,317.86**
	Working capital adjustments			
	Decrease in trade receivables		1,156.59	2,849.69
	Decrease/ (increase) in other financial assets		1,044.86	(352.29)
	Decrease in other assets		126.51	204.21
	Decrease in inventories		-	124.94
	Decrease in loans		0.93	1.39
	(Decrease) in trade payables		(979.65)	(1,501.57)
	(Decrease) in other liabilities		(1,261.50)	(1,989.40)
	(Decrease) in other financial liabilities		(127.73)	(1,756.24)
	(Decrease) in provisions		(67.81)	(195.30)
			(107.80)	**(2,614.57)**
	Cash generated/ (used in) from operations		**887.81**	**(1,296.71)**
	Direct taxes paid (net of refunds)		**1,060.21**	**(277.46)**
	Net cash flow (used in)/ from operating activities**		**1,948.02**	**(1,574.17)**
B)	**Cash flows from/ (used in) investing activities**			
	Purchase of property, plant and equipment	4(a)	(1.25)	(0.09)
	Proceeds from sale of property, plant and equipment		11.69	0.40
	Purchase of short term investments		(3,524.64)	(449.97)
	Proceeds from sale of short term investments		2,700.00	405.00
	Interest received on fixed deposit		50.31	63.78
	Investment in fixed deposits		(600.00)	(2,700.00)
	Redemption of fixed deposits		1,950.00	2,649.00
	Net cash flows from/ (used in) investing activities		**586.11**	**(31.88)**
C)	**Cash flows from/ (used in) financing activities**			
	Proceeds from issue of preference shares		-	1,700.00
	Transaction cost for increase in share capital		-	(11.60)
	Interim dividend paid		(2,500.00)	(450.00)
	Interest paid		(5.92)	(14.55)
	Net cash flows from/ (used in) financing activities		**(2,505.92)**	**1,223.85**
	Net increase/ (decrease) in cash and cash equivalents		**28.21**	**(382.20)**
	Cash and cash equivalents at the beginning of the year		453.02	864.68
	Effect of exchange differences on translation of foreign operations [note 13(a)]		(2.18)	(29.46)
	Cash and cash equivalents at the end of the year		**479.05**	**453.02**

** Includes amount spent in cash towards Corporate Social Responsibility Rs. 29.59 (March 31, 2024: Rs.28.38) (Refer note 27)

Reconciliation of cash and cash equivalents as per the cash flow statement:

	Note No.	March 31, 2025	March 31, 2024
Cash and cash equivalents	9 (a)	479.05	453.02
Balances as per Cash flow statement		**479.05**	**453.02**

The accompanying notes are an integral part of these financial statements.

Thermax Instrumentation Limited

Notes to financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

1. Corporate information

Thermax Instrumentation Limited (the "Company") is a public company incorporated and domiciled in India. The Company is engaged in rendering erection, commissioning, civil works and operation and maintenance services for turnkey contracts for power plants. The Company has established foreign branches at Manila (Philippines), Lusaka (Zambia) and Sharjah (United Arab Emirates) which are in the business of rendering supervision, operation and maintenance services for power plants. The Company caters to both domestic and international markets. The CIN of the Company is U72200MH1996PTC099050. The financial statements were authorized for issue in accordance with the resolution by the Board of Directors on May 05, 2025.

2. Material accounting policies

2.1. Basis of preparation and measurement

a. Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS), notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (from time to time) and presentation requirement of Division II of Schedule III to the Act, as amended (from time to time) as applicable to the financial statements.

The preparation of the financial statements requires the use of certain critical accounting estimates and judgements. It also requires the management to exercise judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

The accounting policies adopted for preparation and presentation of financial statements have been consistently applied except for changes resulting from amendments to Ind AS issued by Ministry of Corporate Affairs (MCA) effective for financial years beginning on or after April 1, 2024 as disclosed in note 2.3.

b. Basis of measurement

The financial statements have been prepared on the accrual and going concern basis under historical cost convention except the following:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments);
- Defined benefit plans whereby assets/liabilities are measured at fair value.

The accounting policies and related notes further described the specific measurements applied for each of the assets and liabilities.

2.2 Summary of material accounting policies

a. Current and non-current classification

All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of products and services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

b. Foreign currencies

The Company's financial statements are prepared in INR, which is the also functional currency of the Company.

For each independent business unit, the Company determines the functional currency and items included in the financial statements of each unit are measured using that functional currency. The Company uses the direct method of consolidation for branches and on disposal of a foreign operation the gain or loss that is reclassified to the Statement of profit and loss reflects the amount that arises from using this method.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Company's branches at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Company uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognized in the Statement of profit and loss except exchange differences arising on monetary items that forms part of a reporting entity's net investment in a foreign operation are recognized in the Statement of profit and loss in the separate financial statements of the reporting entity or the individual financial statements of the foreign operation, as appropriate. In the financial statements that include the foreign operation and the reporting entity (e.g., financial statements when the foreign operation is a branch), such exchange differences are recognized initially in OCI. These exchange differences are reclassified from equity to the Statement of profit and loss on disposal of the net investment.

Tax charges and credits attributable to exchange differences on those monetary items, if any, are also recorded in OCI. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or the Statement of profit and loss are also recognized in OCI or the Statement of profit and loss, respectively).

Company's foreign branches

The Company has foreign operations that are subject to legal and regulatory regimes of the country of incorporation. The foreign operations are subject to such a regime and have transactions in their own local currency, the branches are considered as sufficiently autonomous business units by the management. Hence, the functional currency of the branches has been assessed to be United State Dollars (US$) while that of the India operations continues to be INR.

The assets and liabilities of foreign operations are translated into INR, which is the presentation currency of the Company, at the rate of exchange prevailing at the reporting date and their Statement of profit and loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the Company uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation of branches are recognized in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognized in the Statement of profit and loss.

c. Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the

Notes to financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable;
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for significant judgements, estimates and assumptions (note 3)
- Quantitative disclosures of fair value measurement hierarchy (note 34)
- Financial instruments (including those carried at amortized cost) (note 34)

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

d. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Profit and Loss, transactions costs that are attributable to the acquisition of the financial asset. For all subsequent measurements financial assets are classified in following categories by the Company.

(i) Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

(a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

(b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. The EIR amortization is included in finance costs/income in the statement of profit and loss. The losses arising from impairment are recognized in the Statement of profit and loss. This category generally applies to trade and other receivables.

(ii) Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI is classified as FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in Statement of profit and loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a ""pass-through"" arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

Further disclosures relating to impairment of financial assets are provided in the following notes:

- **Trade receivables -** Refer note 5;
- **Loans -** Refer note 10;
- **Contract assets and other financial assets-** Refer note 11.

Expected credit loss:

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss and credit risk exposure on the financial assets that are debt instruments measured at amortized costs e.g. loans, deposits, trade receivables, contractual receivables and bank balances. The Company follows 'simplified approach' for recognition of impairment allowance. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment allowance based on 12-month. The Company considers current and anticipated future economic conditions relating to industries of the customer and the countries where it operates.

ECL impairment allowance (or reversal) recognized during the period is recognized as income/expense in the Statement of profit and loss under the head 'other expenses'. ECL is presented as an allowance, i.e. as an

integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement of financial liabilities depends on their classification as fair value through profit and loss or at amortized cost.

All changes in fair value of financial liabilities classified as FVTPL is recognized in the Statement of Profit and Loss. Amortised cost category is applicable to loans and borrowings, trade and other payables. After initial recognition the financial liabilities are measured at amortised cost using the EIR method. Gains and losses are recognized in profit and loss when the liabilities are derecognized as well as through the EIR amortization process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or cost that are integral part on EIR. The EIR amortization is included as finance cost in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires when an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

e. Events after the reporting period

If the Company receives information after the reporting period, but prior to the date of approved for issue, about conditions that existed at the end of the reporting period, it will assess whether the information affects the amounts that it recognises in its separate financial statements. The Company will adjust the amounts recognised in its financial statements to reflect any adjusting events after the reporting period and update the disclosures that relate to those conditions in light of the new information. For non-adjusting events after the reporting period, the Company will not change the amounts recognised in its separate financial statements but will disclose the nature of the non-adjusting event and an estimate of its financial effect, or a statement that such an estimate cannot be made, if applicable.

2.3 Changes in accounting policies and disclosures

New and amended standards

The Company applied for the first-time certain standards and amendments, which are effective for annual periods beginning on or after 1 April 2024. The Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

(i) Ind AS 117 Insurance Contracts

The Ministry of Corporate Affairs (MCA) notified the Ind AS 117, Insurance Contracts, vide notification dated August 12, 2024, under the Companies (Indian Accounting Standards) Amendment Rules, 2024, which is effective from annual reporting periods beginning on or after April 1, 2024.

Ind AS 117 Insurance Contracts is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Ind AS 117 replaces Ind AS 104 Insurance Contracts. Ind AS 117 applies to all types of insurance contracts, regardless of the type of entities that issue them as well as to certain guarantees and financial instruments with discretionary participation features; a few scope exceptions will apply. Ind AS 117 is based on a general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

The application of Ind AS 117 does not have material impact on the Company's separate financial statements as the Company has not entered any contracts in the nature of insurance contracts covered under Ind AS 117.

(ii) Amendments to Ind AS 116 Leases - Lease Liability in a Sale and Leaseback

The MCA notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024, which amend Ind AS 116, Leases, with respect to Lease Liability in a Sale and Leaseback. The amendment specifies the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains.

The amendment is effective for annual reporting periods beginning on or after April 1, 2024 and must be applied retrospectively to sale and leaseback transactions entered into after the date of initial application of Ind AS 116.

The amendments do not have a material impact on the Company's financial statements.

2.4 Climate-related matters

The Company considers climate-related matters in estimates and assumptions, where appropriate. This assessment includes a wide range of possible impacts on the group due to both physical and transition risks. Even though the Company believes its business model and products will still be viable after the transition to a low-carbon economy, climate-related matters increase the uncertainty in estimates and assumptions underpinning several items in the financial statements. Even though climate-related risks might not currently have a significant impact on measurement, the Company is closely monitoring relevant changes and developments, such as new climate-related legislation.

3 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the accompanying disclosures and the disclosure of contingent liabilities as at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

3.1 Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements.

Functional currency of branches

The Company has foreign operations that are required to comply with the local laws and regulations of those countries. The management has carried out an assessment each individual business unit operating in the

Notes to financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

separate geographical location. The management has performed this assessment for the purpose of defining that Company's foreign currency exposure which affects it results and financial position due to currency fluctuation. The business of the three branches is different from the Indian unit. The revenue and expenses are mainly United States Dollar (US$) denominated and retained earnings which are separately held in a US$ bank account are considered as the major factors for assessment of the functional currency. Accordingly, the functional currency is designated as US$ for the foreign branches.

3.2 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Expected credit loss

The impairment provisions for financial assets are based on assumptions about risk of default, expected loss rates and timing of cash flows. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables for its Indian operations. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed. On that basis, the Company estimates a default rate of 0.2% of total revenue for trade receivables and 0.5% of contract revenue for contract receivables. The Company follows provisioning norms based on ageing of receivables to estimate the ECL provision. For retention receivables, the Company additionally categorizes the receivables due from Public Sector Undertakings (PSUs) and Non-PSUs and follows a wider aged bucket provisioning norm as the performance guarantee tests require certain time period ranging up to 8 and 10 years respectively. Refer note 5 and 11 for details of impairment allowance recognized as at the reporting date.

The other areas involving critical estimates or judgements are:

a. Estimations used for fair value measurement (Refer note 34)

b. Estimates and assumptions related to useful lives and impairment of Property, Plant and Equipment (PPE) (Refer note 4)

c. Estimates and assumptions for income taxes (Refer note 6)

d. Estimates and assumptions related to provisions (Refer note 18)

e. Estimates, judgments and assumptions used for revenue from operations (Refer note 19)

f. Judgements used for contingent liabilities and commitments (Refer note 30)

g. Judgements related to leasing arrangements (Refer note 31)

h. Judgements related to segment reporting (Refer note 32)

4(a) Property, plant and equipment* (PPE)

Accounting policy

Property, plant and equipment (PPE) is stated at cost of acquisition or construction net of accumulated depreciation and impairment loss, if any. All significant costs relating to the acquisition and installation of PPE are capitalised. Subsequent costs/replacement costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the Statement of profit and loss during the financial year in which they are incurred.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

Depreciation on PPE is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset.

Gains or losses arising from derecognition of a tangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

The management has estimated, supported by independent assessment by professionals, the useful lives of certain classes of assets. The following useful lives are adopted by the management:

Asset category	Company's estimate of useful life (years)	Useful life as prescribed under Schedule II (years)
Buildings	30	30
Plant and equipment*	15	15 to 20
Office equipment*	5	5
Computers	3 to 6	3 to 6
Vehicles	7 to 10	8

*includes site infrastructure which is fully depreciated in the year of purchase

The residual values, useful lives and methods of depreciation of PPE are reviewed on a regular basis and changes in estimates, when relevant, are accounted for on a prospective basis.

Estimates and assumptions

The Company determines, based on independent technical assessment, the estimated useful lives of its property, plant and equipment and intangible assets for calculating depreciation and amortisation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. Management reviews the residual value and useful lives periodically and future depreciation and amortisation charge would be adjusted where the management believes the useful lives differ from previous estimates.

Accounting policy

Impairment of PPE

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. Impairment losses including impairment on inventory are recognized in the Statement of profit or loss.

For assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been

a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the Statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase if applicable.

The Company assesses where climate risks could have a significant impact, such as the introduction of emission-reduction legislation that may increase manufacturing costs. These risks in relation to climate-related matters are included as key assumptions where they materially impact the measure of recoverable amount. These assumptions have been included in the cash-flow forecasts in assessing value-in-use amounts.

Estimates and assumptions

Impairment exists when the carrying value of an asset or cash generating unit (CGU) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a Discounted Cash Flow (DCF) model. The cash flows are derived from the budget for the next five years as approved by the Management and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the terminal growth rate used.

The above asset has been given on operating lease.

* The Company had elected to continue with the carrying value of property, plant and equipment as recognised in the financial statements as per previous GAAP and had regarded those values as the deemed cost on the date of transition (i.e. April 1, 2015). The Company has disclosed the gross block and accumulated depreciation above, for information purpose only.

4(b) Intangible assets**

Accounting policy

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangibles, excluding capitalized development costs, are not capitalized and the related expenditure is reflected in the Statement of profit and loss in the period in which the expenditure is incurred.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the Statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

Notes to financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

A summary of amortization rates applied to the intangible assets are as below:

(iii) Undisputed trade receivables-credit impaired	March 31, 2025	-	-	-	-	258.32	9.99	**268.31**
	March 31, 2024	-	-	-	-	8.13	68.88	77.01
Subtotal	**March 31, 2025**	**372.79**	**262.64**	**328.87**	**352.86**	**506.75**	**616.27**	**2,440.18**
	March 31, 2024	478.02	1,107.11	975.38	616.59	72.35	817.39	4,066.84
(Less): Impairment allowance*	**March 31, 2025**							**(907.05)**
	March 31, 2024							(1,221.12)
Total	**March 31, 2025**							**1,533.13**
	March 31, 2024							2,845.72

*Includes provision of Rs. 74.56 (March 31, 2024:Rs. 74.56) for trade receivables which have significant increase in credit risk and provision of Rs.268.31 (March 31, 2024:Rs. 77.01) for trade receivables which are credit impaired.

The above ageing includes retention receivables which are classified as due or not due on the basis of the contractual terms with respective customers.

No trade or other receivable are due from directors or other officers of the company either severally or jointly with any other person. Nor any trade receivable are due from firms or private companies respectively in which any director is a partner, a director or a member. For terms and conditions relating to related party receivables, refer note 33.

The Company has recorded an impairment of receivables relating to amounts owed by related parties as per the policy. The assessment is undertaken each financial year by examining the final contract completion milestones of the related party with the end customer.

Trade receivables are non-interest bearing and are generally on terms of 0-90 days.

At March 31, 2025 the Company has Rs. 6,500.00 (March 31, 2024 : Rs 2,000.00) undrawn borrowing facilities hypothecated against trade receivables.

5 (b) Expected credit loss (ECL)

Estimates and assumptions

The impairment provisions for financial assets are based on assumptions about risk of default, expected loss rates and timing of cash flows. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on The Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

As a practical expedient, each entity uses a provision matrix to determine ECL impairment allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. On that basis, The Company estimates a default rate of total revenue for trade receivables and contract revenue for contract assets. The Company follows provisioning norms based on ageing of receivables to estimate the impairment allowance under ECL. For retention receivables, The Company additionally categorizes the receivables due from Public Sector Undertakings (PSUs) and Non-PSUs and follows a wider aged bucket provisioning norm as the performance guarantee tests require certain time period after the supplies are completed.

The following table summarises the change in impairment allowance measured using the life time ECL model (Pursuant to Ind AS 109):

	Provision on trade receivables [note 5 (a)]		Provision on unbilled revenue [note 11 (b)]	
	As at March 31, 2025	As at March 31, 2024	As at March 31, 2025	As at March 31, 2024
At the beginning of the year	1,221.12	1,283.78	86.75	86.75
(Less): Bad debts/write off	(482.61)	-	-	-
	738.51	1,283.78	86.75	86.75
Add: Provision made during the year	362.77	322.50	25.37	-
(Less): Utilized/reversed during the year	(196.40)	(385.16)	(17.31)	-
Exchange differences	2.17	-	-	-
At the end of the year	**907.05**	**1,221.12**	**94.81**	**86.75**

Also refer note 33 for impairment provision on related party balances.

6 Income Taxes

Accounting policy

Tax expense comprises current tax expense and deferred tax.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognized outside the Statement of profit and loss is recognized either in OCI or in equity. Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. The management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside the Statement of profit and loss is recognized outside the Statement of profit and loss (either in other comprehensive income or in equity) in correlation to the underlying transaction.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The Company determines whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments and uses the approach that better predicts the resolution of the uncertainty.

The Company applies significant judgement in identifying uncertainties over income tax treatments.

The Company is subject to local taxes on income attributable to its branches as per the income tax laws in Philippines and Zambia. Additionally, the Company is subject to a 15%/20%/0% branch profit tax in these Philippines/Zambia/Sharjah respectively on the "Business Profit Remittances" and "Withholding Tax Return – Dividend" as that term is defined under Philippine and Zambian tax laws respectively. The Company intends to maintain the minimum required level of net assets as per the local regulation in these branches commensurate with its operation and consistent with its business plan. The Company intends to repatriate the branch profits in the foreseeable future and accordingly, the Company has recorded deferred tax liability for profits of the branches not repatriated to India amounting to Rs. 35.76 (March 31, 2024: Rs 68.83) as at the balance sheet date.

Estimates and assumptions

At each balance sheet date, the Company (including branches) assesses whether the realization of future tax benefits as per jurisdiction of the countries in which it operates is sufficiently probable to recognize deferred tax assets. This assessment requires the use of significant estimates with respect to assessment of future taxable income. The recorded amount of total deferred tax assets could change if estimates of projected future taxable income or if changes in current tax regulations are enacted for any of the jurisdiction in which company (including branches) operates.

Notes to financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

6(a) The major components of income tax expense for the year ended are:

Statement of profit and loss	For the year ended March 31, 2025	For the year ended March 31, 2024
Current income tax		
Current income tax charge	455.00	530.99
Adjustments in respect of current income tax of previous years	193.68	47.55
Deferred tax		
Relating to origination and reversal of temporary differences	162.51	(77.77)
Income tax expense reported in the Statement of profit and loss	**811.19**	**500.77**

Other comprehensive income	For the year ended March 31, 2025	For the year ended March 31, 2024
Deferred tax related to items recognized in Other comprehensive income during the period		
Re-measurement of defined benefit plans	3.88	3.79
Income tax charged to Other comprehensive income	**3.88**	**3.79**

6(b) Reconciliation of tax expense and accounting profit multiplied by India's domestic tax rate

	For the year ended March 31, 2025	For the year ended March 31, 2024
Accounting profit before tax	1,775.20	1,651.56
At India's statutory income tax rate of 25.17% (March 31, 2024: 25.17%)	446.82	415.70
Reconciliation items and tax impact of the same		
Effects of non-deductible business expenses	54.47	42.19
Deferred tax on unrealized profits of branches	(33.07)	(66.20)
Taxes paid on repatriation of branch profits	57.35	146.38
Adjustment of tax relating to earlier periods	193.68	47.55
Others (majorly pertains to differential tax rates at branches)	91.94	(84.85)
Income tax expense reported in the Statement of profit or loss at effective tax rate of 45.70% (March 31, 2024: 30.32%)	**811.19**	**500.77**

6(c) Statement of profit and loss (including OCI)

	For the year ended March 31, 2025	For the year ended March 31, 2024
Deferred tax relates to the following :		
Retained earnings of foreign branches	(33.07)	(66.20)
Unrealized foreign exchange gain	(0.77)	(1.50)
Difference between tax depreciation and depreciation/amortisation charged for financial reporting purposes	3.29	(0.56)
Provision for doubtful debts and advances	121.04	(32.13)
Items allowed on payment basis	23.94	(39.62)
Temporary differences due to accounting treatment as required by Income tax standards	(3.22)	42.77
Other (includes deferred tax balances pertaining to branches)	47.42	15.68
Deferred tax expense/ (income) in statement of profit and loss	**158.63**	**(81.56)**

6(d) Balance Sheet

	As at March 31, 2025	As at March 31, 2024
Deferred tax relates to the following :		
Deferred tax liabilities:		
Retained earnings of foreign branches	(35.76)	(68.83)
Unrealized foreign exchange gain	(0.30)	(1.07)
	(36.06)	**(69.90)**
Deferred tax assets:		
Difference between tax depreciation and depreciation/ amortisation charged for financial reporting purposes	18.59	21.88
Provision for doubtful debts and advances	242.16	363.20
Items allowed on payment basis	44.67	68.61
Temporary differences in accounting treatment as required by income tax standards	3.22	-
Other (includes deferred tax balances pertaining to branches)	46.42	93.84
	355.06	**547.53**
Deferred tax assets (net)	**319.00**	**477.63**

The Company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Reconciliation of deferred tax assets (net)

	As at March 31, 2025	As at March 31, 2024
Opening balance	477.63	396.07
Tax (expense)/ income during the year recognised in profit or loss	(162.51)	77.77
Tax income during the year recognised in OCI	3.88	3.79
Closing balance	**319.00**	**477.63**

Break up of gross deferred tax assets/liabilities

	As at March 31, 2025	As at March 31, 2024
Deferred tax assets	355.06	547.53
Deferred tax liabilities	(36.06)	(69.90)
Net deferred tax assets	**319.00**	**477.63**

7 Other assets

7 (a) Other non-current assets

	As at March 31, 2025	As at March 31, 2024
Balances with government authorities		
Unsecured, considered good	1,331.34	523.20
Unsecured, considered doubtful	6.89	22.73
	1,338.23	545.93
(Less) : Impairment allowance	(6.89)	(22.73)
Total	**1,331.34**	**523.20**

7 (b) Other current assets

	As at March 31, 2025	As at March 31, 2024
Unsecured considered good		
Advances to suppliers	34.41	212.57
Advances to employees	8.17	48.17
Prepaid expenses	42.29	49.15
Balances with government authorities	143.30	900.81
Surplus in funded plan [note 18 (b)]	87.80	6.47
Others (includes recovery of expenses from holding company)	-	54.94
Total	**315.97**	**1,272.11**

There were no advances due by directors or other officers of the company or any of them severally or jointly with any other persons or amounts due by firms or private companies respectively in which a director is a partner or a member.

8 Investments

	As at March 31, 2025	As at March 31, 2024
Investments at Fair value through profit or loss		
Units of mutual funds (quoted)	2,226.98	1,223.00
Total	**2,226.98**	**1,223.00**
Aggregate amount of quoted investments	2,226.98	1,223.00

Investment in fair value through profit or loss reflect investment in quoted debt securities. Refer note 34 for determination of their fair values.

9 (a) Cash and cash equivalent

Accounting policy

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash at banks and on hand as they are considered an integral part of the Company's cash management.

	As at March 31, 2025	As at March 31, 2024
Balances with banks		
- in current accounts*	479.04	452.98
Cash on hand	0.01	0.04
Total	**479.05**	**453.02**

* this includes bank balances of Rs. 433.88 (March 31, 2024 : Rs. 233.80) at branches which can be used freely for business in respective country of incorporation. For any repatriation to India, these are subject to repatriation taxes as per the local laws of those countries.

9 (b) Other bank balances

	As at March 31, 2025	As at March 31, 2024
Deposits with original maturity of more than 3 months but less than 12 months *	-	1,371.13
Total	**-**	**1,371.13**

* As at March 31, 2024 deposit include of Rs.100.00 in the name of Thermax Cooling Solutions Limited (TCSL).

10 Loans

	As at March 31, 2025	As at March 31, 2024
Unsecured, considered good		
At amortised cost		
Loans to employees	-	0.93
Total	**-**	**0.93**

No loans are due from directors or other officers of the company either severally or jointly with any other person or from private companies or firms in which any director is a partner, a director or a member respectively.

11 Other financial assets

11 (a) Other non current financial assets

	As at March 31, 2025	As at March 31, 2024
At amortised cost		
Unsecured and considered good		
Security deposits	1.14	1.14
Total	**1.14**	**1.14**

11 (b) Other current financial assets

	As at March 31, 2025	As at March 31, 2024
At amortised cost		
Unsecured and considered good		
Unbilled revenue (note 19 & 33)* (Contract assets)	55.30	1,112.55
Trade deposits #	48.50	47.33
Security deposits	12.90	9.74
Total	**116.70**	**1,169.62**

* Unbilled revenue is net of impairment allowance of Rs. 94.81 (March 31, 2024: Rs. 86.75) [note 5 (b)].

Trade deposits represents deposit given as per statutory requirements for overseas branch.

12 Share capital

Accounting policy

Equity shares issued to shareholders are classified as equity. Incremental costs directly attributable to the issue of new equity shares or stock options are recognized as a deduction from equity, net of any related income tax effects.

	As at March 31, 2025	As at March 31, 2024
Authorized shares		
9,000,000 (March 31, 2024 : 9,000,000) equity shares of Rs. 10/- each	900.00	900.00
1,700,000 (March 31, 2024 : 1,700,000) 10% redeemable preference shares of Rs 100/- each	1,700.00	1,700.00
	2,600.00	**2,600.00**
Issued, subscribed and fully paid share capital		
9,000,000 (March 31, 2024 : 9,000,000) equity shares of Rs. 10/- each	900.00	900.00
Total issued, subscribed and fully paid-up share capital	**900.00**	**900.00**

Notes to financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

(a) Reconciliation of the shares outstanding at the beginning and at the end of the period

	No. of shares	Amount
Equity share of Rs. 10/- each issued, subscribed and fully paid		
As at April 1, 2023	9,000,000	900.00
Changes during the year	-	-
As at March 31, 2024	9,000,000	900.00
Changes during the year	-	-
As at March 31, 2025	**9,000,000**	**900.00**

(b) Terms/ rights attached to equity shares

The Company has one class of equity shares having a par value of Rs. 10 per share. Each shareholder is eligible for one vote per share held. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

(c) Equity shares held by holding company/ promoter

	As at March 31, 2025	As at March 31, 2024
Thermax Limited	900.00	900.00
9,000,000 (March 31, 2024: 9,000,000) equity shares of Rs. 10/- each fully paid		

(d) Details of equity shares held by shareholders holding more than 5% of the aggregate shares in the Company

	As at March 31, 2025	As at March 31, 2024
Thermax Limited		
%	100.00	100.00
No. of shares (including 6 share held by nominee shareholders)*	9,000,000	9,000,000

*As per the records of the company, including it's register of shareholders/ members and other declaration received from shareholders regarding beneficial interest, the above shareholding represents the legal ownership of shares.

(e) There are no buy back of shares/issue of shares for consideration other than cash during the period of five years immediately preceding the reporting date.

(f) For disclosures related to 10% redeemable preference shares refer note 14.

13(a) Other equity

Closing balance	6.49	8.67
Fair value adjustment of redeemable preference shares, net of tax Rs. 65.82 (March 31, 2024: Rs. 65.82)	160.21	160.21
Total	**2,574.94**	**4,124.64**

Capital reserve

Capital Reserve pertains to reserves arising on amalgamations in the earlier years which is required to be maintained as per statute and is not distributable to the shareholders.

Capital redemption reserve

The Company has created Capital redemption reserve on redemption of non-cumulative redeemable preference shares in accordance with the Act.

Retained Earnings

Retained Earnings are the profits that company has earned till date, less any transfer to General Reserve, transaction cost relating to equity, dividends or other distributions paid to shareholders. Retained earnings include re-measurement loss / (gain) on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss.

Foreign currency translation reserve

The Foreign currency translation reserve pertains to exchange differences on the translation of foreign branches having a functional currency other than INR.

Defined benefit obligation

Following are the movement of amounts recognised in the statement of other comprehensive income on account of defined benefit obligation:

	As at March 31, 2025	As at March 31, 2024
Opening balance	7.56	22.66
Add: Total remeasurements cost for the year recognised in OCI	(15.41)	(15.10)
Closing balance	**(7.85)**	**7.56**

Notes to financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

13(b) Distribution made and proposed

Accounting policy

Dividend to equity shareholders is recognised as a liability in the period in which the dividends are approved by the equity shareholders. Interim dividends that are declared by the Board of Directors without the need for equity shareholders' approvals are recognised as a liability and deducted from shareholders' equity in the year in which the dividends are declared by the Board of Directors.

	For the year ended March 31, 2025	For the year ended March 31, 2024
Cash dividend on equity shares declared and paid by company:		
Interim dividend for the year ended March 31, 2025: Rs. 27.78/- per share (March 31, 2024 : Rs. 5/- per share)	2,500.00	450.00
	2,500.00	**450.00**

14 Non-current borrowings

Accounting policy

Equity vs liability classification

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs. The Company classifies a financial instrument issued by it as equity instrument only if below conditions are met:

• The instrument includes no contractual obligation to deliver cash or another financial asset to another entity. Nor it includes any obligation to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the issuer.

• If the instrument will, or may, be settled in the Company's own equity instruments, it is non-derivative instrument that includes no contractual obligation for the Company to deliver a variable number of its own equity instruments. If the instrument is derivative, then it should be settled only by the Company exchanging a fixed amount of cash or another financial asset for a fixed number of its own equity instruments.

All other instruments are classified as financial liability and accounted for using the accounting policy applicable to the Financial Liabilities

	As at March 31, 2025	As at March 31, 2024
10% Non-cumulative Redeemable Preference Shares at fair value		
1,700,000 Preference Shares of Rs 100/- each fully paid^ (note 33)	1,700.00	1,700.00
Total non current borrowings	**1,700.00**	**1,700.00**

^ Preference shares pertain to 10% non cumulative redeemable preference shares issued to the Holding Company.

This forms a part of the authorized share capital of 1,700,000 Nos. (March 31, 2024: 1,700,000 Nos.) 10% redeemable preference shares of Rs 100 each as per the Act.

Terms/ rights attached to preference shares

Each preference share has a par value of Rs. 100/-, the preference shares shall be redeemed at any time within a period not exceeding 20 years from the date of allotment at the discretion of the issuer at par. The preference shares shall carry non cumulative dividend rights at the rate of 10% per annum. The preference shares shall carry voting rights as prescribed in the Act. In the event of liquidation of the Company the redeemable preference shareholders have a preferential right over repayment.

Total	**591.04**	**1,852.54**

* mainly includes tax deducted at source, provident fund etc.
For terms and conditions with related parties refer note 33

18 Provisions

Accounting policy

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Warranty provisions

Provisions for warranty-related costs are recognized when the product is sold or service provided to the customer. Initial recognition is based on historical experience. The initial estimate of warranty related costs is revised annually.

Provision for onerous contracts

A provision for onerous contracts is recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to the Statement of profit and loss in subsequent periods.

Past service costs are recognized in the Statement of profit and loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognizes related restructuring costs.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes the following changes in the net defined benefit obligation as an expense in the Statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Remeasurement gains/losses are immediately taken to the statement of profit and loss and are not deferred.

The Company presents the leave as a current liability in the balance sheet as it does not have an unconditional right to defer its settlement for 12 months after the reporting date. However, the Company does not expect that all leave obligations will be settled in the next 12 months.

Estimates and assumptions

Defined benefit plans - gratuity

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter which is most subjected to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on Indian Assured Lives Mortality (2012-14) Ultimate. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Provision for warranties

Warranty costs are provided based on a technical estimate of the costs required to be incurred for repairs, replacements, material costs, servicing cost and past experience in respect of such costs. It is expected that this expenditure will be incurred over the contracted warranty period ranging upto 2 years. If warranty claim costs vary by 10% from management's estimate, the warranty provisions would be an estimated Rs. 2.65 higher or lower (March 31, 2024 Rs. 3.95).

Provision for onerous contracts

A provision for expected loss on construction contracts is recognised when it is probable that the contracts costs will exceed total contract revenue. For all other contracts, provision is made when the unavoidable costs of meeting the obligation under the contract exceed the currently estimated economic benefits. The timing of cash outflows in respect of such provision is estimated to be over the contract period.

18 (a) Current provisions

	As at March 31, 2025	As at March 31, 2024
Provision for employee benefits		
Provision for leave encashment	13.66	81.27
	13.66	**81.27**
Other provisions		
Provision for onerous contracts (net)	12.80	-
Provision for warranties	26.52	39.52
	39.32	**39.52**
Total	**52.98**	**120.79**

Notes to financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

Movement in provisions for warranties

	As at March 31, 2025	As at March 31, 2024
At the beginning of the year	39.52	30.35
Additional provisions recognised	-	10.77
Provisions (utilized)/(reversed) during the year	(13.00)	(1.60)
At the end of the year	**26.52**	**39.52**

Movement in provisions for onerous contracts

	As at March 31, 2025	As at March 31, 2024
At the beginning of the year	-	172.32
Additional provisions recognised	12.80	5.38
Provisions (utilized)/(reversed) during the year	-	(177.70)
At the end of the year	**12.80**	**-**

18 (b) Gratuity

The Company operates a defined benefit plan viz. gratuity for its employees. Under the gratuity plan, every employee who has completed at least specified years of service gets a gratuity on departure at the rate of 15 days (minimum) of the last drawn salary for each completed year of service. The scheme is funded with an insurance company in the form of qualifying insurance policy. The fund has formed a trust and it is governed by the Board of Trustees.

The fund is subject to risks such as asset volatility, changes in asset yields and asset liability mismatch risk. In managing the plan assets, Board of Trustees reviews and manages these risks associated with the funded plan. Each year, the Board of Trustees reviews the level of funding in the gratuity plan. Such a review includes asset-liability matching strategy and investment risk management policy (which includes contributing to plans that invest in risk-averse markets). The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise.

(i) Changes in the net benefit obligation and fair value of plan assets are as follows :

	Present value of obligation	Fair value of plan assets	Net amount
April 01, 2023	**177.28**	**222.31**	**(45.03)**
Current service cost	25.70	-	25.70
Interest expense / income	11.80	16.02	(4.22)
Total amount recognised in the statement of profit and loss	**37.50**	**16.02**	**21.48**
Experience adjustments	14.18	-	14.18
Actuarial (gain)/loss from change in financial assumptions	2.46	1.17	1.29
Return on plan assets	-	0.37	(0.37)
Total amount recognised in other comprehensive income	**16.64**	**1.54**	**15.10**
Employer contributions	(15.51)	28.03	(43.54)
Transfer out	(9.55)	(39.56)	30.01
Benefits paid	(4.67)	(20.18)	15.51
As at March 31, 2024	**201.69**	**208.16**	**(6.47)**
Current service cost	4.72	-	4.72
Interest expense / income	1.98	8.21	(6.23)
Total amount recognised in the statement of profit and loss	**6.70**	**8.21**	**(1.51)**
Experience adjustments	0.29	-	0.29
Actuarial (gain)/loss from change in financial assumptions	-	(21.86)	21.86
Return on plan assets	-	6.74	(6.74)
Total amount recognised in other comprehensive income	**0.29**	**(15.12)**	**15.41**
Employer contributions	1.77	12.96	(11.19)
Transfer out	(168.87)	(95.43)	(73.44)
Benefits paid	(12.57)	(1.96)	(10.61)
For the year ended March 31, 2025	**29.02**	**116.82**	**(87.80)**

(ii) The net (asset) disclosed above relates to funded plans are as follows :

	As at March 31, 2025	As at March 31, 2024
Present value of funded obligation	29.02	201.69
Fair value of plan assets*	116.82	208.16
(Surplus) of funded plan (refer note 7 (b))	**(87.80)**	**(6.47)**

*The Company is in process of transferring the plan asset of Rs. 11.57 (March 31, 2024 : 10.89) related to demerged unit as a part of business combination. The plan asset also includes Rs.35.70 (March 31, 2024 : Nil) pertaining to employees transferred to group company for which fund transfer process is initiated.

(iii) Significant estimates

The significant actuarial assumptions were as follows :

	As at March 31, 2025	As at March 31, 2024
Discount rate	6.70%	7.00%
Salary growth rate	7.00%	7.00%
Normal retirement age	60 years	60 years
Mortality table	Indian Assured Lives Mortality (2012-14) Ultimate	Indian Assured Lives Mortality (2012-14) Ultimate
Employee turnover	12.00%	12.00%

(vi) Sensitivity analysis

The sensitivity of defined obligation to changes in the weighted principal assumptions is:

Assumption	Impact on defined benefit obligation	
	As at March 31, 2025	As at March 31, 2024
Discount rate		
1.00% decrease	increase by Rs. 2.16	increase by Rs. 10.91
1.00% increase	decrease by Rs. 1.92	decrease by Rs. 9.93
Future salary increase		
1.00% decrease	decrease by Rs. 1.67	decrease by Rs. 9.13
1.00% increase	increase by Rs. 1.85	increase by Rs. 9.85
Attrition Rate		
1.00% decrease	increase by Rs. 0.04	increase by Rs. 0.75
1.00% increase	decrease by Rs. 0.04	decrease by Rs. 0.71

The above sensitivity analysis is based on a change in assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When

calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligation calculated with the Projected Unit Credit Method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The method and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

The following are the expected cash flows to the defined benefit plan in future years:

Particulars	As at March 31, 2025	As at March 31, 2024
Within next 12 months	2.89	23.52
Between 2-5 years	15.96	113.76
> 5 years	31.89	116.78

The average duration of the defined benefit plan obligation at the end of the reporting period is 10.56 years (March 31, 2024: 7.28 years)

The Company expects to contribute Rs. Nil (March 31, 2024: Rs. Nil) to the gratuity fund in the next year.

The major categories of plan assets are as follows:

	As at March 31, 2025	As at March 31, 2024
Investments with Insurer (LIC of India)	100.00%	100.00%

19 Revenue from operations

Accounting policy

Revenue from Contracts with customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is recognized when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks. The Company collects goods and services tax on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The specific recognition criteria described below must also be met before revenue is recognized.

The Company has following streams of revenue:

(i) Revenue from Engineering, Procurement and Construction contracts

Engineering, Procurement and Construction contracts are contracts (or a group of contracts secured together) specifically negotiated for the construction of an asset which refers to any project for construction of plants and systems, involving designing, engineering, fabrication, supply, erection (or supervision thereof), commissioning, guaranteeing performance thereof etc., execution of which is spread over different accounting periods. The Company identifies distinct performance obligations in each contract. For most of the project contracts, the customer contracts with the Company to provide a significant service of integrating a complex set of tasks and components into a single project or capability. Hence, the entire contract is accounted for as one performance obligation.

The Company may promise to provide distinct goods or services within a contract, in which case the Company separates the contract into more than one performance obligation. If a contract is separated into more than one performance obligation, the Company allocates the total transaction price to each performance obligation in an amount based on the estimated relative standalone selling prices of the promised goods or services underlying each performance obligation. The Company uses the expected cost plus a margin approach to estimate the standalone selling price of each performance obligation in case of contracts with more than one distinct performance obligations.

The Company assesses for the timing of revenue recognition in case of each distinct performance obligation. The Company first assesses whether the revenue can be recognized over a period of time if any of the following criteria is met:

(a) The customer simultaneously consumes the benefits as the Company performs, or

(b) The customer controls the work-in-progress, or

(c) The Company's performance does not create an asset with alternative use to the Company and the Company has right to payment for performance completed till date.

The Company recognizes revenue over time as it performs because of continuous transfer of control to the customer. For all project contracts, this continuous transfer of control to the customer is supported by the fact that the customer typically controls the work in process as evidenced either by contractual termination clauses or by the rights of the Company to payment for work performed to date plus a reasonable profit to deliver products or services that do not have an alternative use.

The Company uses cost-based measure of progress (or input method) for contracts because it best depicts the transfer of control to the customer which occurs as it incurs costs on contracts. Under the cost-based measure of progress, the extent of progress towards completion is measured based on the ratio of costs incurred to date to the total estimated costs at completion of the performance obligation. Revenues, including estimated fees or profits, are recorded proportionally as costs are incurred.

The Company estimates variable consideration amount which it expects to be entitled under the contract and includes it in the transaction price to the extent it is highly probable that a significant reversal of cumulative revenue recognized will not occur and when the uncertainty associated with it is subsequently resolved. The estimates of variable consideration and determination of whether to include estimated amounts in the transaction price are based largely on an assessment of the anticipated performance and all information (historical, current and forecasted) that is reasonably available.

Costs associated with bidding for contracts are charged to the Statement of profit and loss when they are incurred. Costs that relate directly to a contract and are incurred in securing the contract are included as part of the contract costs if they can be separately identified and measured reliably and it is probable that the contract will be obtained.

Contract modification, when approved by both the parties to the contract, are considered as modification, if it creates new or changes the existing enforceable rights and obligations. Most of the contract modifications are not distinct from the existing contract due to the significant integration service provided under the contract prior to modifications and are therefore, accounted for as part of the existing contract. The effect of a contract modification is recognized as an adjustment to revenue on a cumulative catch-up basis.

When it becomes probable that the total contract costs will exceed the total contract revenue, the Company recognizes the expected losses from onerous contract as an expense immediately. Penalties for any delay or improper execution of a contract are recognized as a deduction from revenue. In the balance sheet, such provisions are presented on net basis of the contract receivables.

On the balance sheet date, the Company reports the net contract position for each contract as either an asset or a liability. A contract represents an asset where costs incurred plus recognized profits (less recognized

Notes to financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

losses) exceed progress billings; a contract represents a liability where the opposite is the case.

(ii) Revenue from sale of goods

If the criteria for revenue under over-a-period of time as mentioned above are not met, the company recognizes revenue at point-in-time. The point-in-time is determined when the control of the goods is transferred which is generally determined based on when the significant risk and rewards of ownership are transferred to the customer. Apart from this, the Company also considers its present right of payment, the legal title to the goods, the physical possession and the customer acceptance in determining the point in time where the control has been transferred. The Company provides for warranty provision for general repairs up to 12-24 months on its products sold, in line with the industry practice. A liability is recognized at the time the product is sold. The Company does not provide any extended warranties.

(iii) Revenue from Sale of services

Revenue in respect of operation and maintenance contract, awarded on a standalone basis or included in long term contracts and identified as a separate performance obligation, is recognized as the related services are performed on a time proportion basis under the contracts.

Estimates and assumptions

Constructions contracts

- Provisions for liquidated damages claims (LD's): The Company provides for LD claims where there have been significant contract delays and it is considered probable that the customer will successfully pursue such a claim. This requires an estimate of the amount of LD's payable under a claim which involves a number of management judgements and assumptions regarding the amounts to recognize.
- Project cost to complete estimates: at each reporting date, the Company is required to estimate costs to complete on fixed-price contracts. Estimating costs to complete on such contracts requires the Company to make estimates of future costs to be incurred, based on work to be performed beyond the reporting date. This estimate will impact revenues, cost of sales, work-in-progress, billings in excess of costs and estimated earnings and accrued contract expenses.
- Recognition of contract variations: the Company recognises revenues and margins from contract variations where it is considered probable that they will be awarded by the customer and this requires management to assess the likelihood of such an award being made by reference to customer communications and other forms of documentary evidence.
- Provision for onerous contracts: The Company provides for future losses on long-term contracts where it is considered probable that the contract costs are likely to exceed revenues in future years. Estimating these future losses involves a number of assumptions about the achievement of contract performance targets and the likely levels of future cost escalation over time.

Judgements

Revenue recognition on construction contracts

A significant portion of the Company's business relates to construction of assets which are accounted using percentage-of-completion method, recognizing revenue as the performance on the contract progresses. This requires Management to make judgement with respect to identifying contracts which need to be accounted under percentage-of-completion method, depending upon the level of customization and the period of the fulfilment of the performance obligations under the contract. The percentage-of-completion method requires Management to make significant estimates of the extent of progress towards completion including accounting of multiple contracts which need to be combined and considered as a single contract.

(a) Revenue from contracts with customers:

	For the year ended March 31, 2025	For the year ended March 31, 2024
Revenue from services	5,109.44	10,645.74
Revenue from projects and products	-	1,255.49
Total revenue from contracts with customers (a)	**5,109.44**	**11,901.23**

(b) Other operating Revenue

	For the year ended March 31, 2025	For the year ended March 31, 2024
Sale of scrap	83.86	144.02
Exchange fluctuation gain (net)	14.27	5.67
Total other operating revenue (b)	**98.13**	**149.69**
Total revenue from operations [(a) + (b)]	**5,207.57**	**12,050.92**

(c) Disclosure pursuant to Ind AS 115: Revenue from contracts with customers

i) Revenue by category of contracts:

	For the year ended March 31, 2025	For the year ended March 31, 2024
Over a period of time basis	2,106.80	8,728.21
At a point-in-time basis	3,002.64	3,173.02
Total revenue from contracts with customers	**5,109.44**	**11,901.23**

Revenue by geographical market

	For the year ended March 31, 2025	For the year ended March 31, 2024
Within India	1,979.32	7,314.20
Outside India	3,130.12	4,587.03
Total revenue from contracts with customers	**5,109.44**	**11,901.23**

ii) Contract balances

Accounting Policy

Contract assets: A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional and are transferred to Trade receivables on completion of milestones and its related invoicing. Contract assets are recorded in balance sheet as unbilled revenue.

Contract liability: A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company satisfies the performance obligation. Contract liabilities are recorded in balance sheet as unearned revenue and customer advances.

The following table provides information about contract balances from contracts with customers as at the reporting date:

	As at March 31, 2025	As at March 31, 2024
Trade receivables (note 5 (a))	1,533.13	2,845.72
Unbilled revenue (Contract asset) (note 11 (b))	55.30	1,112.55
Unearned revenue (Contract liability) (note 17)	170.67	654.12
Customer advances (Contract liability) (note 17)	349.74	998.71

Contract assets primarily relate to the Company's rights to consideration for work completed but not billed at the reporting date on from projects and customised contracts. The Contract assets are transferred to Trade receivables when the rights become unconditional.

The Contract liabilities relate to the unearned revenue (excess of billings or invoicing over revenue) and advance consideration received from customers and performance obligations still to be fulfilled as per the contracts. The fulfilment of the performance obligations will extinguish these liabilities and revenue will be recognised, with no impact on the Company's cash position.

iii) Revenue recognised in the reporting period that was included in the contract liability balance at the beginning of the year:

	For the year ended March 31, 2025	For the year ended March 31, 2024
Unearned revenue	654.12	1,411.08
Customer advance	417.43	1,528.25

iv) Changes in unbilled revenue and unearned revenue for the year:

The explanation of the significant changes in the contract asset and the contract liability balances during the reporting period is presented in the table below

	For the year ended March 31, 2025	For the year ended March 31, 2024
Opening unbilled revenue [note 11 (b)]	**1,112.55**	**733.88**
Opening unearned revenue (note 17)	**654.12**	**1,476.72**
- Transfer of contract assets to receivable from opening unbilled revenue	1,098.16	671.69
- Increase in revenue as a result of changes in the measure of progress from the opening unearned revenue	654.12	1,411.08
- Transfer of contract assets to receivable	1,584.69	6,166.17
- Increase in revenue as a result of changes in the measure of progress	1,452.68	6,740.82
- Onerous loss during the period	12.80	172.33
- Others*	(15.05)	(59.56)
Closing unbilled revenue [note 11 (b)]	**55.30**	**1,112.55**
Closing unearned revenue (note 17)	**170.67**	**654.12**

* includes adjustments on account of onerous contracts, impairment allowance for the year etc

v) Performance obligations

Performance obligation in project or a group of projects which are contracted at or near same time and negotiated simultaneously, are combined for the purpose of evaluation. The Company has estimated that multiple commitments pertaining to engineering procurement and commissioning of such projects is as single performance obligation which is spread over different accounting periods.

Performance obligation for products are evaluated on standalone basis, recognised at point in time. Generally, performance obligations for such contracts have an original expected duration of one year or less.

There are no major contracts with customers which have significant financing component included within them and therefore there is no difference between the timing of satisfaction of performance obligation vis a vis the timing of the payment.

Remaining performance obligations

The following table includes revenue expected to be recognised in the future related to performance obligations that are unsatisfied (or partially unsatisfied) at the reporting date.

	As at March 31, 2025	As at March 31, 2024
Amount of revenue yet to be recognised for contracts in progress	718.23	3,012.08

The Company expects that a significant portion of the remaining performance obligation will be met in next 12-24 months.

The Company applies practical expedient included in para 121 of Ind AS 115 and does not disclose information about its remaining performance obligations for contracts that have an original expected duration of one year or less.

vi) Reconciliation between revenue recognised in Statement of profit and loss and contract price

There is no significant variation between revenue recognised in Statement of profit and loss and contract price except price variation claims, which are considered to be part of contract price.

20 Other income

Accounting policy

(i) Interest income

Interest income is recognised when it is probable that the economic benefits will flow to the Company and the amount can be measured reliably. Interest income is accrued on a time proportion basis, by reference to the principal.

(ii) Rental income

Rental income from operating leases (net of any incentives given to the lessee) is recognised on a straight-line basis over the lease term.

	For the year ended March 31, 2025	For the year ended March 31, 2024
Interest income from financial assets at amortized cost	29.18	72.71
Interest income on plan asset (net) [note 18 (b)]	1.51	-
Other interest income*	691.88	22.91
Other non operating income:		
Gain on sale/discard of assets (net)	11.06	0.03
Fair value gain on mutual funds at fair value through profit or loss	179.34	96.37
Rent income (note 31 and 33)	69.23	65.50
Liabilities no longer required written back	77.06	232.06
Miscellaneous income	26.85	0.25
Total	**1,086.11**	**489.83**

* includes interest on income tax refund of Rs. 691.88 (March 31, 2024 : 22.35)

Notes to financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

21 Projects bought outs and components consumed

	For the year ended March 31, 2025	For the year ended March 31, 2024
Inventories at the beginning of the year	-	124.94
Add: Projects bought outs and Components	1.67	597.30
	1.67	722.24
Inventories at the end of the year	-	-
Total	**1.67**	**722.24**

22 Employee benefits expense

	For the year ended March 31, 2025	For the year ended March 31, 2024
Salaries and wages	1,612.05	2,653.19
Contribution to provident and other funds	32.47	125.93
Gratuity expense [note 18 (b)]	-	21.48
Staff welfare expenses	31.90	49.54
Total	**1,676.42**	**2,850.14**

23 Finance costs

Accounting policy

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

	For the year ended March 31, 2025	For the year ended March 31, 2024
Interest expense	21.59	14.55
Total	**21.59**	**14.55**

24 Depreciation and amortisation expense

	For the year ended March 31, 2025	For the year ended March 31, 2024
Depreciation on property, plant and equipment (note 4(a))	17.20	19.97
Amortisation on other intangible assets (note 4 (b))	-	2.30
Total	**17.20**	**22.27**

25 Other expenses

	For the year ended March 31, 2025	For the year ended March 31, 2024
Consumption of stores and spare parts	1.47	73.90
Power and fuel	2.30	4.93
Freight and forwarding charges	0.28	40.83
Site expenses and contract labour charges	2,011.99	6,091.72
Drawing, design and technical service charges	-	1.17
Advertisement and sales promotion	4.41	5.39
Rent (note 31 and 33)	26.16	96.25
Rates and taxes	89.26	106.68
Insurance	2.92	4.11
Repairs and maintenance		
Plant and machinery	2.17	5.85
Others	0.25	3.78
Travelling and conveyance	80.70	200.58
Legal and professional fees (includes payment to statutory auditors; note 26)	204.08	217.98
Bad debts/ advances written off	488.69	92.49
Provision for impairment of financial assets (net of reversals)	(306.01)	(62.66)
Warranty expenses (net)	(13.00)	9.17
Corporate Social Responsibility expenditure (note 27)	29.59	28.38
Miscellaneous expenses (includes printing, communication, postage, security expense, etc.)	176.34	359.44
Total	**2,801.60**	**7,279.99**

26 Payment to statutory auditors

	For the year ended March 31, 2025	For the year ended March 31, 2024
As auditor		
Audit fee	10.96	16.34
Services relating to branch audit	18.75	17.69

(g) Details of related party transactions in relation to CSR expenditure as per relevant Accounting Standard:	29.59	28.38

* The amount is contributed to Thermax Foundation, India (refer note 33) which is engaged in the education of economically underprivileged children by addressing social discrimination through affirmative action, skill development and employability initiatives.

There is no shortfall in contribution for March 31, 2025 and March 31, 2024.

28 Components of Other Comprehensive Income (OCI)

The disaggregation of changes to OCI by each type of reserve in equity (net of income tax) is shown below:

During the year ended March 31, 2025

	Foreign currency translation	Retained earnings	Total
Foreign currency translation differences	(2.18)	-	(2.18)
Re-measurement (losses)/gains on defined benefit plans	-	(11.53)	(11.53)
Total	**(2.18)**	**(11.53)**	**(13.71)**

During the year ended March 31, 2024

	Foreign currency translation	Retained earnings	Total
Foreign currency translation differences	(29.46)	-	(29.46)
Re-measurement (losses)/gains on defined benefit plans	-	(11.31)	(11.31)
Total	**(29.46)**	**(11.31)**	**(40.77)**

29 Earnings Per Share (EPS)

Accounting policy

The Company presents the basic and diluted EPS data for its equity shares. Basic EPS is computed by dividing the net profit for the year attributable to the owners of the Company by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by adjusting the net profit for the year attributable to the owners and the weighted average number of equity shares considered for deriving basic EPS for the effects of all the equity shares that could have been issued upon conversion of all dilutive potential equity shares (which includes the various stock options granted to employees).

The diluted potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (that is the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as at the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all years presented for any share splits and bonus shares issues including for changes effected prior to the authorization for issue of the financial statements by the Board of Directors.

	For the year ended March 31, 2025	For the year ended March 31, 2024
Net profit attributable to the owners of the Company	964.01	1,150.79
Weighted average number of equity shares of Rs.10/- each (Nos.)	9,000,000	9,000,000
Basic EPS	10.71	12.79
Diluted EPS	10.71	12.79

30 Contingent liabilities

Accounting policy

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Provisions, contingent liabilities and contingent assets are reviewed at each reporting date

Judgements

Legal contingencies

The Company has received various orders and notices from tax authorities in respect of direct taxes and indirect taxes. The outcome of these matters may have a material effect on the financial position, results of operations or cash flows. Management regularly analyzes current information about these matters and provides provisions for probable contingent losses including the estimate of legal expense to resolve the matters. In making the decision regarding the need for loss provisions, management considers the degree of probability of an unfavourable outcome and the ability to make a sufficiently reliable estimate of the amount of loss. The filing of a suit or formal assertion of a claim against the company or the disclosure of any such suit or assertions, does not automatically indicate that a provision of a loss may be appropriate.

a) Taxes

	For the year ended March 31, 2025	For the year ended March 31, 2024
Disputed GST and or VAT balances / liabilities	384.41	384.41
Income tax matters	30.76	30.76

There are certain laws suits, disputes etc., including commercial matters that arises from time to time in the ordinary course of business for which amounts are not quantifiable by the management. However, based on management's assessment under Ind AS 37 "Provisions, Contingent Liabilities and Contingent Assets", that the claims against the Company are not tenable/ probability of final outcome against the Company is low and therefore not disclosed as Contingent liability.

b) The Company has issued various guarantees for performance, advances etc. The management has considered the probability for outflow of the same to be remote and accordingly no amounts has been disclosed here.

c) Others

	For the year ended March 31, 2025	For the year ended March 31, 2024
Claims against the Company not acknowledged as debt*	262.19	262.19

* Includes a dispute arose between the company and its subcontractor, for alleged non-payment of an amount of Rs. 367. Whereby in August 2023, the MSMEFC Cuttack, Odisha (council) passed an order against the company ordering to pay to the subcontractor an amount of Rs. 345 (principal plus interest) , despite having no jurisdiction to entertain the claims of the subcontractor. Further, the award was passed by the council without following the due process under the Arbitration and Conciliation Act, 1996. The Company has challenged the award before the Hon'ble High Court of Odisha by way a writ petition for setting aside the award and the Hon'ble Court passed an order granting a stay on the execution of the award through its order dated November 02, 2023. The writ petition is listed for next hearing on May 12, 2025 and the company has also filed a section 34 petition under the Arbitration and Conciliation Act, 1996, before the Hon'ble commercial court, at Cuttack for setting aside the award which is next listed for June 20, 2025.

Pursuant to an independent legal opinion, the Company is of view that no provision is necessary. The Company is reasonably confident of the issue

Notes to financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

being ultimately decided in its favour.

31 Capital and other commitments

a) There are no estimated amounts of contracts remaining to be executed at the year end on capital account (March 31, 2024 : Rs. Nil).

b) Lease commitments

i) Company as lessee

Accounting policy

The Company's leases primarily consist of leases for land, buildings and office equipments. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). The Company applies the low-value asset recognition exemption on a lease-by-lease basis, if the lease qualifies as leases of low-value assets.

In making this assessment, the Company also factors below key aspects:

- The assessment is conducted on an absolute basis and is independent of the size, nature, or circumstances of the lessee.

- The assessment is based on the value of the asset when new, regardless of the asset's age at the time of the lease.

- The lessee can benefit from the use of the underlying asset either independently or in combination with other readily available resources, and the asset is not highly dependent on or interrelated with other assets.

If the asset is subleased or expected to be subleased, the head lease does not qualify as a lease of a low-value asset.

Based on the above criteria, the Company has classified leases as leases of low value assets.

Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

The Company has taken building, guest house, equipment and residential flats for employees at branches on cancellable operating lease and had taken office buildings on a short term cancellable operating lease from the Holding company. The tenure of such leases ranges from 1 to 3 years. Lease rentals are charged to the Statement of profit and loss for the year. There are no sub-leases. The leases are renewable on mutually agreeable terms. At the expiry of the lease term, the company has an option to terminate the agreement or extend the term by giving notice in writing. Since the contract is a cancellable contract, the entity has elected to apply the exemption available to short term leases under Ind AS 116 and has recognised the lease payments associated with those leases as an expense.

	For the year ended March 31, 2025	For the year ended March 31, 2024
Lease payments for the year (Note 25)	26.16	96.25

ii) Company as lessor : Operating lease

Accounting policy

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income.

The Company has leased certain parts of its surplus office and manufacturing buildings. The tenure of such lease agreements ranges from 1 to 3 years. All leases include a clause to enable upward revision of the rental charge on an annual basis according to prevailing market conditions. Lease rentals are recognised in the statement of profit and loss for the year (Refer note 20).

	For the year ended March 31, 2025	For the year ended March 31, 2024
Lease rent received for the year (Note 20)	69.23	65.50

Since there are no non-cancellable operating leases entered by the Company, there are no committed future lease rental payables and receivables (March 31, 2025: Rs. Nil and March 31, 2024:Rs. Nil)

32 Segment reporting

Accounting policy

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of Directors of the Company has identified the Manager of the Company as the chief executive decision maker of the Company.

Judgements

Ind AS 108 Operating Segments requires Management to determine the reportable segments for the purpose of disclosure in financial statements based on the internal reporting reviewed by Chief Operating Decision Maker (CODM) to assess performance and allocate resources. The standard also requires Management to make judgments with respect to aggregation of certain operating segments into one or more reportable segment.

The Board of Directors has determined that the CODM is the Manager of the Company, based on its internal reporting structure and functions of the Company. Operating segments used to present segment information are identified based on the internal reports used and reviewed by the Manager to assess performance and allocate resources. The management has determined that some of the segments exhibit similar economic characteristics and meet other aggregation criteria and accordingly aggregated into one reportable segment i.e. Industrial Infra.

Based on the guiding principles in "Ind AS 108- Operating Segments", the Company's business activity falls within one operating segment, i.e. Industrial infra, and therefore no separate segment information is disclosed.

Based on the guiding principles in "Ind AS 108- Operating Segments", the Company's business activity falls within one operating segment, i.e. Industrial infra, and therefore no separate segment information is disclosed.

34 Fair value measurements

Estimates and assumptions

Fair value measurement of unquoted financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of assumption is required in establishing fair values. Assumptions include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Notes to financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

a) Category of financial instruments and valuation techniques

Break-up of financial assets carried at amortised cost

	As at March 31, 2025	As at March 31, 2024
Trade receivables	1,533.13	2,845.72
Cash and cash equivalents	479.05	453.02
Bank balances other than cash and cash equivalents	-	1,371.13
Loans	-	0.93
Other financial assets	117.84	1,170.76
Total	**2,130.02**	**5,841.56**
Current assets	2,128.88	5,840.42
Non-current assets	1.14	1.14
Total	**2,130.02**	**5,841.56**

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

Break-up of financial assets carried at fair value through profit or loss

	As at March 31, 2025	As at March 31, 2024
Investments	2,226.98	1,223.00
Total	**2,226.98**	**1,223.00**
Current assets	2,226.98	1,223.00
Non-current assets	-	-
Total	**2,226.98**	**1,223.00**

The fair values of the mutual funds are based on price quotations at the reporting date.

Break up of financial liabilities carried at amortised cost

	As at March 31, 2025	As at March 31, 2024
Trade payable	1,656.65	2,697.69
Other liabilities	227.06	354.79
Total	**1,883.71**	**3,052.48**
Current liabilities	1,883.71	2,685.05
Non current liabilities	-	367.43
Total	**1,883.71**	**3,052.48**

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

Break-up of financial liabilities carried at fair value through profit and loss

	As at March 31, 2025	As at March 31, 2024
Borrowings (10% redeemable preference shares)	1,700.00	1,700.00
Other liabilities	-	-
Total	**1,700.00**	**1,700.00**
Current liabilities	-	-
Non current liabilities	1,700.00	1,700.00
Total	**1,700.00**	**1,700.00**

The fair values of the Company's interest-bearing borrowings are determined by using discounted cash flow method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own nonperformance risk as at March 31, 2025 and all comparative periods presented were assessed to be insignificant.

b) Fair value hierarchy

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities.

Quantitative disclosures fair value measurement hierarchy for assets as at March 31, 2025

	Date of valuation	Level 1	Level 2	Level 3
Financial assets				
Investments				
Mutual funds	March 31, 2025	2,226.98	-	-
Financial liabilities				
Borrowings	March 31, 2025	-	-	1,700.00

Quantitative disclosures fair value measurement hierarchy for assets as at March 31, 2024

	Date of valuation	Level 1	Level 2	Level 3
Financial assets				
Investments				
Mutual funds	March 31, 2024	1,223.00	-	-
Financial liabilities				
Borrowings	March 31, 2024	-	-	1,700.00

There has been no transfer between level 1 and level 2 during the year.

35 Financial risk management objectives and policies

The Company's principal financial liabilities comprise trade and other payables and borrowings. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables and cash and cash equivalents that derive directly from its operations. The Company's borrowings and investments are designated as financial liabilities and assets through profit or loss respectively.

Risk is inherent in the Company's activities but it is managed through a process of on going identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Company's continuing profitability and each individual within the Company is accountable for the risk exposures relating to his or her responsibilities. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's Board of Directors is ultimately responsible for the overall risk management approach and for approving the risk strategies and principles. No significant changes were made in the risk management objectives and policies during the years ended March 31, 2025 and March 31, 2024.

I Market risk

Market risk is the risk that the value of an asset will fluctuate as a result of changes in market variables such as interest rates, foreign exchange rates and equity prices, whether those changes are caused by factors specific to the individual investment or its issuer or factors affecting all investments traded in the market.

Market risk is managed on the basis of pre-determined asset allocations across various asset categories, diversification of assets in terms of geographical distribution and industry concentration, a continuous appraisal of market conditions and trends and management's estimate of long and short term changes in fair value.

a Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not currently exposed significantly to such risk.

Notes to financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

b Foreign currency risk

Foreign exchange risk arises when future commercial transactions and relevant assets and liabilities are denominated in a currency that is not the Company's functional currency. Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency) and the Company's foreign operations through its branches at Philippines, Zambia and Sharjah.

The following table demonstrates the sensitivity to a reasonably possible change in USD exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of assets and liabilities. The impact is stated in Rupees (denominated in Lakh) below:

	As at March 31, 2025	As at March 31, 2024
INR/ US$		
Decrease in US$ rate by 5%	(56.71)	(49.51)
Increase in US$ rate by 5%	56.71	49.51
INR/ CNY		
Decrease in CNY rate by 5%	2.42	2.38
Increase in CNY rate by 5%	(2.42)	(2.38)

The exposure to other foreign currencies is not significant to the Company's financial statements as all the undistributed profits at the overseas branches are maintained and/ or repatriated to India in US$.

II Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

Trade receivables

Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

Financial instruments and bank deposits

Credit risk from balances with banks and mutual funds is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The Company's maximum exposure to credit risk for bank balances and deposits as at March 31, 2025 and March 31, 2024 is the carrying amounts as disclosed in Note 9(a) and 9(b), maximum exposure relating to financial guarantees is disclosed in note 30(b).

III Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

The management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, the Company's liquidity management policy involves projecting future cash flows and considering the level of liquid assets necessary to meet these and monitoring balance sheet liquidity ratios against internal requirements.

The tables below summarises the Company's financial liabilities into relevant maturity profile based on contractual undiscounted payments :

Particulars	Less than 1 year	1 to 3 years	More than 3 years	Total
As at March 31, 2025				
Borrowings	-	-	1,700.00	1,700.00
Trade payables	1,656.65	-	-	1,656.65
Other financial liabilities :				
Employee related payables	112.10	-	-	112.10
Customer deposits	63.97	-	-	63.97
Other payables	50.99	-	-	50.99
	1,883.71	**-**	**1,700.00**	**3,583.71**
As at March 31, 2024				
Borrowings	-	-	1,700.00	1,700.00
Trade payables	2,330.26	367.43	-	2,697.69
Other financial liabilities :				
Employee related payables	226.35	-	-	226.35
Customer deposits	62.42	-	-	62.42
Other payables	66.02	-	-	66.02
	2,685.05	**367.43**	**1,700.00**	**4,752.48**

Notes to financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

36 Key Financial Ratios

The following are analytical ratios for the year ended March 31, 2025 and March 31, 2024:

Particulars	Numerator	Denominator	FY 2024-25	FY 2023-24	Variance	Management response > 25%
Current ratio	Current assets	Current liabilities	1.77	1.79	(0.85%)	
Return on equity ratio	Profit after tax	Average shareholder's equity	22.68%	24.48%	(7.35%)	
Trade receivable turnover ratio	Revenue from contracts with customers	Average trade receivables	2.33	2.78	(16.00%)	
Trade payables turnover ratio	Total supplier purchases#	Average trade payables	1.21	2.25	(46.16%)	Refer 36(a)
Net capital turnover ratio	Revenue from contracts with customers	Working capital *	2.51	3.24	(22.56%)	
Net profit ratio	Profit after tax	Revenue from contracts with customers	18.87%	9.67%	95.12%	Refer 36(b)
Return on capital employed (ROCE)	Profit before tax and finance cost	Capital employed **	34.72%	24.52%	41.60%	Refer 36(c)
Return on investment (ROI)	Income generated from invested fund***	Average invested fund****	8.65%	6.77%	27.72%	Refer 36(d)
Debt-equity ratio	Total debt	Shareholder's equity	0.49	0.34	44.60%	Refer 36(e)
Inventory turnover ratio	Cost of goods sold	Average inventories	NA	11.56	100.00%	
Debt service coverage ratio	Earnings available for debt service	Debt service	NA	NA	NA	

Explanations:

* Total current assets - Total current liabilities.

** Total equity + Non-current borrowings + Deferred tax liability.

*** Income generated from interest from Fixed Deposits with banks and gain from Mutual Fund investments

**** Average fund = (Opening investment + Opening balances with banks other than Cash and cash equivalent) + (Closing investment + Closing balances with banks other than Cash and cash equivalent) / 2

Total supplier purchases include project bought-outs, other expenses and staff welfare expenses.

36(a) Decrease due to decrease in purchases in line with decrease in turnover.

36(b) Increase in net profit ratio is majorly on account of interest income on Income tax refund received during current year for AY 2010-11, AY 2011-12 and AY 2021-22.

36(c) Increase in ROCE ratio due to decrease in capital employed majorly due to payment of dividend to equity shareholders of Rs. 2,500 in current year.

36(d) Increase in ROI ratio largely attributable to increase in income from investments.

36(e) Increase in debt to equity ratio due to decrease in capital employed majorly due to payment of dividend to equity shareholders of Rs. 2,500 in current year.

37 Capital Management

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long- term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. No changes were made in the objectives, policies or processes during the years ended March 31, 2025 and March 31, 2024. Capital represents equity attributable to Parent Company and is measured at Rs 3,474.94 (March 31, 2024: Rs. 5,024.64).

	As at March 31, 2025	As at March 31, 2024
Borrowings (note 14)	1,700.00	1,700.00
(Less): Cash and cash equivalents (includes deposits with original maturity of more than 3 months but less than 12 months) note 9 (a) and 9 (b)]	(479.05)	(1,824.15)
Net (surplus)/ debt	**1,220.95**	**(124.15)**
Equity	3,474.94	5,024.64
Capital and net debt	**4,695.89**	**4,900.49**
Capital gearing ratio	**35.14%**	**NA**

38 Struck off companies

There are no shares held in struck off companies. For the year ended March 31, 2025 there are no transactions with struck off companies and no balances are outstanding as on year end.

Below are details of investment, receivable, payable and any other transactions outstanding with stuck off companies for the period ended March 31, 2024:

Name of stuck off company	Nature of other outstanding balances	Transaction during the year	Balance outstanding at the end of the year	Relationship with the struck off Company, if any, to be disclosed
Optima Erectors Pvt. Ltd.	Trade payables	9.79	-	None

Notes to financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

39 Other Statutory Information

(i) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property;

(ii) The Company does not have any charges or satisfaction which is yet to be registered with Registrar of Companies beyond the statutory period;

(iii) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year;

(iv) (A) The Company has not advanced or loaned or invested funds to any other person or entity, including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries;

(B) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(v) The Company has not made any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961);

(vi) The Company has not been declared as a wilful defaulter by any bank or financial institution or any other lender.

40 Compliance with section 143(3) for maintenance of books of account

(a) With effect from August 5, 2022, the Ministry of Corporate Affairs (MCA) has amended the Companies (Accounts) Rules, 2014, relating to maintenance of electronic books of account and other relevant books and papers. Pursuant to this amendment, the Company is required to maintain the books of account which are accessible in India at all times and their backup is to be kept on servers located in India on a daily basis. The Company has a process to take daily back-up of books of account maintained in electronic mode and along with the logs of the backup of such books of account.

The status of compliance for each of its locations and for all the IT applications are summarised in the below table:

Requirements u/s 143(3) of the Act.	Foreign Branches	India operations
Books of Account maintained on cloud/ servers physically located in India	No	Yes
Backup maintained in India on daily basis	No	Yes

The Company will take appropriate measures to comply with regulations.

(b) The Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except for the following:

- Accounting softwares used at three foreign branches do not have an audit trail (edit log) facility and the same did not operate throughout the year for all relevant transactions recorded in the softwares;
- Audit trail feature for changes to master data in Oracle application is not enabled;
- Audit trail feature for changes to the Oracle Database 19c made using privileged/ administrative access rights.

Further no instances of audit trail feature being tampered with were noted in respect of accounting softwares where audit trail was enabled. Additionally, the audit trail of prior year(s) for India operations has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective years.

For three branches, the Company did not record audit trail in respect of the year(s) ended March 31, 2025 and March 31, 2024. Additionally, the audit trail in respect of the financial years March 31, 2025 and March 31, 2024 has not been preserved by the company as per the statutory requirements for record retention.

DIRECTORS' REPORT

Dear Shareholder,

The Directors present the Sixteenth Annual Report of the Company for the year ended March 31, 2025.

FINANCIAL RESULTS

(Rs. in Lakh)

Particulars	2024-25	2023-24
Total income	56,234.31	45,753.38
Profit before depreciation and interest	5,989.58	4,472.29
Depreciation	68.59	50.33
Interest	1035.22	923.08
Profit before tax	4,885.77	3,498.88
Provision for taxation (incl. deferred tax)	1,255.98	905.12
Profit after tax	3,629.79	2,593.76

STATE OF COMPANY'S AFFAIRS

During the year, the Company earned a total income of Rs 56,234.31 lakh (previous year Rs. 45,753.38 lakh). Profit before tax stood at Rs. 4,885.77 lakh (previous year Rs. 3,498.88 lakh) and profit after tax was Rs. 3,629.79 lakh (previous year Rs. 2,593.76 lakh).

The Company registered revenue of Rs. 56,234.31 lakh as increase of 23% over last year. The Company continued its growth trajectory and registered a 26 % growth in orders. Order balance increased by Rs. 8383 lakh at 66,210 lakh. Through the orders won for the Financial year 2024-25, the Company added new accounts to its customer base.

During the Financial Year 2024-25, the Company successfully executed its first green steam supply project in Sri Lanka for a global food major under the Build-Own-Operate model. The Company also commissioned three large biomass boiler plants for green steam supply to the global food major in Gujarat, Karnataka and Punjab. Under this model, the Company commissioned a green steam supply project for a repeat customer – a multinational confectionery company in Uttarakhand, a biomass boiler plant for green steam supply to drugs and pharmaceutical major in Gujarat and a zero liquid discharge plant to a steel major in Uttar Pradesh.

With more reputed companies choosing to practice sustainability and focusing on achieving their net-zero goals, it is expected to create opportunities for supply of biomass-based energy, treated water as well as zero liquid discharge and desalination projects. The company, in line with its globalization strategy continued concentrated efforts in offering outsourced utilities in the South East Asia and South Asia market.

HEALTH AND SAFETY

The Company has ensured focused and continuous improvement on its Safety, Health & Environment during FY 2024-25. The Company successfully completed external surveillance audit of ISO 45001:2018 for Safety and ISO 14001:2015 for Environment Management System through DNV during last year and conducted cross audit (2nd party audit) at sites. The Company conducted ISO 45001 & ISO14001 standards certified internal auditor training by external faculty for employees and conducted certified first aid & fighter training by external faculty for site teams. The Company implemented new standards like permit to work, incident investigation, life-saving rules & fair consequence management procedures, CCTV installations for monitoring safe operations & AI based CCTV for monitoring PPE compliances. The Company continued with Behavior Based Safety (BBS) for improving the safety culture across sites, along with operation safety campaigns such as near miss reporting, monsoon safety, Lock-Out-Tag-Out (LOTO), etc. to enhance awareness towards safety. The company has started 5S certification of the sites for enhancing the work place safety and productivity. 5 Sites have been certified by external agency.

The Company has implemented new initiatives to improve safety metrics across its sites including automation of manual activities. Celebrations were conducted across sites for World Environment Day, 54th National Safety Week and Road Safety Week. The Company received appreciation for promoting safety culture and providing services with zero accidents from customers

MATERIAL CHANGES AFFECTING FINANCIAL POSITION OF THE COMPANY

No material changes and commitments have occurred after the close of the year till the date of this Report, which affect the financial position of the Company.

DIVIDEND

The directors do not recommend any dividend on equity shares during year.

AMOUNT PROPOSED TO BE CARRIED TO RESERVES

The Company does not propose to carry any amount to reserves.

SHARE CAPITAL

During the year there were no changes in the capital structure of the Company. The Paid-up Share Capital of the Company as on March 31, 2025 is Rs. 1,08,28,00,000 divided into Equity Shares of Rs. 10,82,80,000 of Rs.10 each.

The Company has not issued shares with differential voting rights nor has it granted any stock options or sweat equity.

DETAILS OF SUBSIDIARY, JOINT VENTURE OR ASSOCIATE COMPANIES

The Company has two wholly owned subsidiaries named Enernxt Private Limited and Thermax Energy & Environment Lanka Private Limited (TEELK).

The annual accounts of the subsidiary companies and related detailed information are available to the shareholders of the holding and subsidiary Company as well as to the statutory authorities. On request, these documents will be made available for inspection at the Company's Registered office.

HIGHLIGHT OF PERFORMANCE OF SUBSIDIARIES

Enernxt Private Limited is under construction phase and commissioning of the plant is planned in Sep-2025. The Company will start commercial production of Bio CNG Gas thereafter post the trial run. Plant commissioning has been

delayed due to technical hurdles, and our technology partner is actively addressing these challenges.

TEELK has one order of supply of steam in Sri Lanka and plant construction is in progress. The plant has been commissioned and the operations are running smoothly.

PUBLIC DEPOSITS

The Company has not accepted any deposits under Chapter V of the Companies Act, 2013 (the 'Act').

PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

The details of guarantees and investments covered under the provisions of section 186 of the Companies Act, 2013, are given in the notes to the Financial Statements.

VIGIL MECHANISM /WHISTLE BLOWER POLICY

The Company has a vigil mechanism named 'Whistleblower Policy' to deal with instances of fraud and mismanagement. The Board of the Company looks after the whistle blower mechanism and thus direct access to the Chairman of the Board in exceptional or appropriate cases would be provided in the said mechanism.

BUSINESS RISK MANAGEMENT

The Company is engaged in the business of providing environment friendly utilities (steam, heat, water, chilled water and others) to its customers. Risk is affected by macro-economic factors like interest rates, crude oil prices, forex currency fluctuations, electricity and other energy prices and their availability. It is also susceptible directly and indirectly to government policies related to renewable energy and conservation of natural resources. Global trends which affect customer's industries also tend to have a cascading effect on the Company's business.

The Company follows a structured risk management process supported by a Risk Management framework to manage risks emanating from external factors and internal actions. Risk Management is ingrained in the operations of the various functions of the Company. During the year the Company conducted Company-wide risk management reviews at regular intervals to ensure compliance to its Risk Management framework and to identify areas for improving the same.

ADEQUACY OF INTERNAL FINANCIAL CONTROLS

Internal controls are reviewed by Internal Audit Department of the holding Company on a periodical basis. All significant and material observations emerging out of Internal Audit are regularly reported to the Board and follow-up measures are taken.

CORPORATE SOCIAL RESPONSIBILITY INITIATIVES

As a part of its initiatives under Corporate Social Responsibility (CSR), the Company has undertaken projects mainly in the area of eradicating poverty. The projects are in accordance with Schedule VII of the Companies Act, 2013. The CSR initiatives have been undertaken through Thermax Foundation. The detailed report on CSR is annexed as Annexure 1.

KEY MANAGERIAL PERSONNEL (KMP)

During the year, Mr. Deepak Joshi, the Chief Financial Officer (CFO) and Key Managerial Personnel (KMP) of the Company, resigned on March 31, 2025. Following his resignation, the Board of Directors appointed Mr. Mandar Dandekar as the new CFO and KMP, effective April 1, 2025.

DIRECTORS

Currently, the Board of the Company comprises of Four Directors. In accordance with the provisions of the Companies Act, 2013 and the Company's Articles of Association, Mr. Ashish Bhandari (DIN: 05291138), retires by rotation and being eligible, offers himself for re-appointment.

Following are the changes in Board composition during FY 2024-25.

Sr. No.	Name of Director	Appointment/ Resignation	Directorship/ Category	Effective date	Whether the change has been approved by members
1.	Ms. Indu Jacob (DIN: 05293084)	Resignation	Non- Executive Director	October 8, 2024	Not Required
2.	Mr. Hemant Mohgaonkar (DIN: 01308831)	Resignation	Non- Executive Director	November 27, 2024	Not Required
3.	Mr. Arun Unni (DIN: 10831177)	Appointment	Additional Non- Executive Director	November 27, 2024	Will be regularized in the upcoming AGM
4.	Ms. Khushboo Bhatia (DIN: 09019736)	Appointment	Whole Time Director	December 30, 2024	Will be regularized in the upcoming AGM

BOARD MEETINGS

The Board met six times on May 2, 2024, July 25, 2024, October 28, 2024, December 30, 2024, January 29, 2025 and March 20, 2025 during the year. The intervening gap between the Meetings was within the period prescribed under the Companies Act, 2013. Details of meetings attended by the members are as follows:

DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to the requirement under Section 134(5) of the Companies Act, 2013 with respect to Directors' Responsibility Statement, it is hereby confirmed that:

(a) In the preparation of the annual accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures;

(b) The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit and loss of the Company for that period;

(c) The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

(d) The Directors have prepared the annual accounts on a going concern basis; and

(e) The Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

Thermax Onsite Energy Solutions Limited

SECRETARIAL STANDARDS

The Company follows the Secretarial Standards issued by the Institute of Company Secretaries of India on the Meetings of the Board of Directors (SS-1) and on General Meetings (SS-2). The Company is in compliance with these secretarial standards.

BOARD EVALUATION

Pursuant to the provisions of the Companies Act, 2013, the Board has carried out an annual evaluation of its performance and of its individual Directors.

RELATED PARTY TRANSACTIONS

All related party transactions that were entered into during the financial year were on arm's length basis and were in the ordinary course of business. There are no materially significant related party transactions made by the Company with Promoters, Directors, Key Managerial Personnel or other designated persons which may have a potential conflict with the interest of the Company at large. Therefore, requirements of disclosure of RPTs in AOC-2 are not attracted.

A statement showing the disclosure of transactions with related parties as required under IND AS 24 is set out separately in the Financial Statements.

CONSERVATION OF ENERGY

The Company is in the business of providing utilities generated through renewable energy sources to its clients. This activity directly helps its clients to reduce their Carbon Footprint.

TECHNOLOGICAL ABSORPTION

There was no technology acquisition and absorption during the year under review.

FOREIGN EXCHANGE EARNINGS AND OUTGO

Information pertaining to foreign exchange earnings and outgo, under Section 134(3)(m) of the Companies Act, 2013 is as follows:

	(Rs. in lakh)
Foreign exchange earnings	NIL
Foreign exchange outgo	NIL

PARTICULARS OF EMPLOYEES

The information required pursuant to Section 197 read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, duly amended, in respect of employees of the company, will be provided upon request. In terms of Section 136 of the Act, the Annual Report excluding the aforesaid information is being sent to all the members and others entitled to receive it. Any shareholder interested in obtaining such particulars may write to the Company Secretary. The information is also available for inspection at the registered office during working hours up to the date of the Annual General Meeting.

SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS

There are no significant material orders passed by the Regulators / Courts which would impact the going concern status of the Company and its future operations.

DISCLOSURE UNDER SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013

The Company is committed to provide a safe and conducive work environment to its employees. The Company has constituted Prevention of Sexual Harassment (POSH) Committee as per the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

There were no cases pending at the beginning of the year/ filed during the year, pursuant to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

STATUTORY AUDITORS

SRBC & CO. LLP Chartered Accountants (Firm Registration No.324982E/E300003) have been re-appointed as Statutory Auditors of the Company for a period of Five years commencing from the conclusion 15th Annual General Meeting (AGM) until the conclusion of the 20th Annual General Meeting.

The Auditor's Report does not contain any qualifications, reservations, adverse remarks or disclaimer.

COST AUDITORS

In terms of Section 148 of the Companies Act, 2013, read with the Companies (Cost Records and Audit) Amendment Rules, 2014, M/s. Dhananjay V. Joshi & Associates, Cost Accountants, Pune, have been appointed as the cost auditors of the Company for FY 2024-25.

COST RECORDS

The maintenance of cost records as specified under Section 148 of the Act, is applicable to the Company and accordingly all the cost records are made and maintained by the Company and audited by the cost auditors.

SECRETARIAL AUDITORS

In accordance with the provisions of Section 204 of the Companies Act, 2013, and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Company has appointed M/s. Amit Jaste & Associates, Company Secretaries, Mumbai, to undertake the secretarial audit of the Company for FY 2024-25.

The Secretarial Audit Report for FY 2024-25 is attached as Annexure 2. The Secretarial Audit Report does not contain any qualifications, reservations, adverse remarks or disclaimer.

DETAILS REGARDING FRAUDS REPORTED BY AUDITORS UNDER SECTION 143(12) OF THE ACT

During the year under review, there were no frauds reported by the auditors to the Board under section 143(12) of the Act.

ANNUAL RETURN

The Company does not have any official website, hence provisions of Section 92(3) read with Section 134(3)(a) of the Companies Act, 2013 are not applicable.

RESTRICTION ON PURCHASE BY COMPANY OR GIVING OF LOANS BY IT FOR PURCHASE OF ITS SHARES

Pursuant to the provisions of Section 67(3)(c) of the Companies Act, 2013, and rules made thereunder, the Company has not given any loan exceeding the limit mentioned therein, to persons in the employment of the Company its Directors or Key Managerial Personnel, for purchase or subscribe shares of the Company.

THE INSOLVENCY AND BANKRUPTCY CODE, 2016

Your Board confirms that there is no proceeding pending under the Insolvency and Bankruptcy Code, 2016. During the year under review there is no instance of onetime settlement with any Bank or Financial Institution.

ACKNOWLEDGEMENTS

The Directors wish to place on record their appreciation for the support extended by the company's customers, vendors and bankers during the year and look forward to their continued support in the future as well.

SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2025

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Thermax Onsite Energy Solutions Limited
Thermax House, 14, Mumbai Pune Road,
Wakdewadi, Pune MH 411003

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Thermax Onsite Energy Solutions Limited (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the company's books, papers, minute books, forms and returns filed and other records maintained by the company through online access provided by the Company via Microsoft Sharepoint and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2025 (Audit Period) complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2025 according to the provisions of:

(i) The Companies Act, 2013 (the Act) and the rules made thereunder;

(ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder; (not applicable to the Company during the Audit period)

(iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder; (not applicable to the Company during the Audit period)

(iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Overseas Direct Investment;

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):- (Following sub-clauses (a) to (h) are not applicable to the Company during the Audit period as Company continues to be a Unlisted Public Company in its Articles under Section 2(71) of the Act)

   a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

   b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

   c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;

   d. The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2021;

   e. The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;

   f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

   g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 and

   h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018

(vi) Following important specific laws applicable to the Company, as confirmed by the Company were substantially complied with:

   a. The Boilers Act, 1923

   b. The Environment (Protection) Act, 1986

   c. The Contract Labour (Regulation and Abolition), Act 1970

   I have also examined compliance with applicable clauses of the following:

   a. Secretarial Standards (SS.1 relating to meetings of Board of Directors & SS.2 relating to General Meetings) issued by the Institute of Company Secretaries of India.

   b. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; (Not applicable to the Company during the Audit Period)

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors and Non-Executive Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, except when meetings were called at shorter notice as permitted u/s. 173(3) of the Act and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings were carried out unanimously as recorded in the minutes of the meetings of Board of Directors.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period:

- Board of Directors, at its meeting held on 30th December, 2024 appointed Ms. Khushboo Bhatia (09019736) as a Whole Time Director (Woman Director) of the Company.
- Board of Directors, at its meeting held on 29th January, 2025 has passed a resolution to provide loan of Rs. 10 Crores to its Wholly owned Subsidiary, Enernxt Private Limited.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Thermax Onsite Energy Solutions Limited ("the Company"), which comprise the Balance sheet as at March 31, 2025, the Statement of Profit and Loss, including the Statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- • Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Thermax Onsite Energy Solutions Limited

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

   (a) (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(i)(vi) below on reporting under Rule 11(g);

   (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

   (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

   (e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;

   (f) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(i)(vi) below on reporting under Rule 11(g);

   (g) With respect to the adequacy of the internal financial controls with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

   (h) In our opinion, the managerial remuneration for the year ended March 31, 2025 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;

   (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer note 28 to the standalone financial statements;

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

   iv. a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

      b) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the note 37 to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

      c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

   v. No dividend has been declared or paid during the year by the Company.

   vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that, audit trail feature is not enabled for certain master data and direct changes to data, when using certain access rights, as described in note 38 to the financial statements. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with, in respect of accounting software. Additionally, the audit trail of relevant prior years has been preserved by the company as per the statutory requirements for record retention, to the extent it was enabled and recorded in those respective years, as stated in Note 38 to the standalone financial statements

"Annexure 1" referred to in paragraph 1 under the heading "Report on other legal and regulatory requirements" of our Report of even date

Re: Thermax Onsite Energy Solutions Limited ("the Company")

In the terms of the information and explanations sought by us and given by the company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) (a) In respect of the Company's Property, Plant and Equipment and Intangible Assets:

(A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets

(b) All Property, Plant and Equipment have been physically verified by the management during the year, except IT Assets which are verified once in three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were identified on such verification.

(c) According to the information and explanations given by the management, there is no immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), held by the Company and accordingly, the requirement to report on clause 3(i)(c) of the Order is not applicable to the Company

(d) The Company has not revalued its Property, Plant and Equipment or intangible assets during the year ended March 31, 2025.

(e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year (except material and other components which are to be leased to customers under finance lease arrangements). In our opinion the coverage and procedure of such verification by the management is appropriate. There were no discrepancies of 10% or more noticed, in the aggregate for each class of inventory on such physical verification.

(b) The Company has been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks during the year on the basis of security of current assets of the Company. Based on the records examined by us in the normal course of audit of the standalone financial statements, the half yearly statements filed by the Company is with such banks are in agreement with books of accounts of the company. The Company has not been sanctioned working capital limits in excess of Rs. five crores in aggregate from financial institutions during the year on the basis of security of current assets of the Company.

(iii) (a) During the year, the Company has provided loans, advances in the nature of loans, stood guarantee and provided security to companies, firms and other parties as follows:

Particulars	Guarantees	Security	Loans	Advances in nature of loans
Aggregate amount granted/ provided during the year				
Subsidiaries	Nil	Nil	200.00	Nil
Joint Ventures	Nil	Nil	Nil	Nil
Associates	Nil	Nil	Nil	Nil
Others	Nil	Nil	7.00	329.96
Balance outstanding as at balance sheet date				
- Subsidiaries	Nil	Nil	200.00	Nil
- Joint Ventures	Nil	Nil	Nil	Nil
- Associates	Nil	Nil	Nil	Nil
- Others	Nil	Nil	6.92	329.96

(b) The terms and conditions of the grant of the loans and advance in the nature of loans are not prejudicial to the Company's interest. The Company has not made investments, provided guarantees and provided security to companies, firms, Limited Liability Partnerships or any other parties.

(c) The Company has granted loan and advances in the nature of loan during the year to companies where the schedule of repayment of principal and payment of interest has been stipulated and repayment of loan has not yet started. Further, the company has granted interest-free loan to employees where the schedule of repayment of principal has been stipulated and repayment of loan are regular.

(d) The Company has granted loans and advances in the nature of loans during the year to companies and employees which are not overdue for more than ninety days.

(e) There were no loans granted to companies, firms, Limited Liability Partnerships or any other parties which had fallen due during the year, that have been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

(f) The Company has not granted any loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on paragraph 3(iii)(f) of the Order is not applicable to the Company.

(iv) There are no investments, guarantees, and security in respect of which provisions of sections 185 and 186 of the Act are applicable. In respect of loan given, the provisions of section 186 of the Act have been complied with by the Company.

(v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on paragraph 3(v) of the Order is not applicable to the Company.

(vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act, related to the manufacture or service of 'Inorganic chemicals and organic chemicals', and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.

(vii) (a) Undisputed statutory dues including goods and services tax, provident fund, income-tax, cess and other statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in case of professional tax. The provisions relating to sales tax, service tax, duty of excise, and value added tax are not applicable to this Company.

According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

(b) The dues of income-tax and service tax that have not been deposited on account of any dispute, are as follows:

Name of the statute	Nature of the dues	Amount (Rs. In lakhs)*	Period to which the amount relates (AY)	Forum where the dispute is pending
Income Tax Act, 1961	Income Tax	161.59 (net of INR 47.79 adjusted against refund of AY 24-25)	2018-19	Assistant Commissioner of Income Tax, Pune
Income Tax Act, 1961	Income Tax	352.05 (net of Rs. 88.01 paid under protest)	2020-21	Commissioner of Income Tax (Appeals), Pune
Finance Act, 1994	Service Tax	82.37	2015-16	Additional Commissioner of GST, Pune

* excluding interest and penalty thereon

(viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.

(b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.

(c) Term loans were applied for the purpose for which the loans were obtained.

(d) On an overall examination of the standalone financial statements of the Company, no funds raised on short term basis have been used for long term purposes by the Company.

(e) On an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or meet the obligations of its subsidiaries.

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries. Hence, the requirement to report on clause (ix)(f) of the Order is not applicable to the Company.

(x) (a) The Company has not raised any money during the year by way of initial public offer / further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.

(b) The Company has not made any preferential allotment or private placement of shares /fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) No fraud by the Company or on the Company has been noticed or reported during the year.

(b) During the year, no report under sub-section (12) of section 143 of the Act has been filed by auditors in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) (a) The Company is not a Nidhi company as per the provisions of the Act. Therefore, the requirement to report on clause 3(xii)(a) of the Order is not applicable to the Company.

(b) The Company is not a Nidhi company as per the provisions of the Act. Therefore, the requirement to report on clause 3(xii)(b) of the Order is not applicable to the Company.

(c) The Company is not a Nidhi company as per the provisions of the Act. Therefore, the requirement to report on clause 3(xii)(c) of the Order is not applicable to the Company.

(xiii) Transactions with the related parties are in compliance with sections 188 of the Act where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards. The provisions of section 177 are not applicable to the Company and accordingly the requirements to report under clause 3(xiii) of the Order insofar as it relates to section 177 of the Act is not applicable to the Company.

(xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.

(b) The Company follows a July to June internal audit cycle and accordingly the internal audit reports of the Company for the period under audit and issued till the date of our audit report, have been considered by us. As informed to us, the internal audit for remaining areas / scope is expected to be completed post issue of our audit report on these financial statements.

(xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.

(b) The Company is not engaged in any Non-Banking Financial or Housing Finance activities. Accordingly, the requirement to report on clause (xvi)(b) of the Order is not applicable to the Company.

(c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi)(c) of the Order is not applicable to the Company.

(d) The Group has one Core Investment Company as part of the Group.

(xvii) The Company has not incurred cash losses in the current and immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.

(xix) On the basis of the financial ratios disclosed in note 36 to the standalone financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Act, in compliance with second proviso to sub section 5 of section 135 of the Act. Accordingly, the requirement to report on clause 3(xx)(a) of the Order is not applicable to the Company.

(b) There are no ongoing projects pertaining to CSR Activities. Accordingly, the requirement to report on clause 3(xx)(b) of the Order is not applicable to the Company.

(xxi) The Company has elected to apply the exemption available for consolidation under Ind AS 110. This matter has been disclosed in note 39 to the standalone financial statements. Accordingly, the requirement to report on clause 3(xxi) of the Order is not applicable to the Company.

Annexure 2 referred to in paragraph 2(g) under the heading "Report on other legal and regulatory requirements" of our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Thermax Onsite Energy Solutions Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these standalone financial statements.

Meaning of Internal Financial Controls With Reference to these Standalone Financial Statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

1. Corporate information

Thermax Onsite Energy Solutions Limited ('the Company') is a public company incorporated and domiciled in India. The Company offers sustainable solutions, essentially renewable in nature, for utilities namely steam, heat, chilled water (Cooling), Water and Wastewater, Power and Combined Heat and Power, through outsourced utility delivery services based on the Build-Own-Operate/Transfer (BOO/T) business model. The Company currently only caters to the domestic market. The address of its registered office is Thermax House, 14, Mumbai Pune Road, Wakdewadi, Pune, India - 411003. The CIN of the Company is U40109PN2009PLC134659. These standalone financial statements were approved for issue in accordance with the resolution passed by the Board of Directors on April 30, 2025. The financial statements once approved by the Board of directors needs to be adopted by the shareholders at the annual general meeting of the company. The Board of directors can withdraw and re-issue the financial statements so adopted only in specific cases such as non-compliance with the applicable accounting standards, with the approval of Tribunal, after following the appropriate procedure as per Companies Act 2013.

2. Material accounting policies

2.1. Basis of preparation and measurement

(a) Statement of compliance and basis of preparation

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS), notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Act) (as amended from time to time) as applicable to the standalone financial statements.

The preparation of the standalone financial statements requires the use of certain critical accounting judgements, estimates and assumptions. It also requires the management to exercise judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the standalone financial statements are disclosed in Note 3.

(b) Basis of measurement

The standalone financial statements have been prepared on the accrual and going concern basis under historical cost convention except the following:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments); and
- Defined benefit plans whereby the plan assets are measured at fair value.
- Equity settled ESOP at grant date fair value at each reporting date. The accounting policies and related notes further described the specific measurements applied for each of the assets and liabilities.

2.2. Changes in accounting policies and disclosures

New and amended standards

The Company applied for the first-time certain standards and amendments, which are effective for annual periods beginning on or after 1 April 2024. The Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

(i) Ind AS 117 Insurance Contracts

The Ministry of Corporate Affairs (MCA) notified the Ind AS 117, Insurance Contracts, vide notification dated 12 August 2024, under the Companies (Indian Accounting Standards) Amendment Rules, 2024, which is effective from annual reporting periods beginning on or after 1 April 2024.

Ind AS 117 Insurance Contracts is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Ind AS 117 replaces Ind AS 104 Insurance Contracts. Ind AS 117 applies to all types of insurance contracts, regardless of the type of entities that issue them as well as to certain guarantees and financial instruments with discretionary participation features; a few scope exceptions will apply. Ind AS 117 is based on a general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

The application of Ind AS 117 does not have material impact on the Company's separate financial statements as the Company has not entered any contracts in the nature of insurance contracts covered under Ind AS 117.

(ii) Amendments to Ind AS 116 Leases - Lease Liability in a Sale and Leaseback

The MCA notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024, which amend Ind AS 116, Leases, with respect to Lease Liability in a Sale and Leaseback.

The amendment specifies the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains.

The amendment is effective for annual reporting periods beginning on or after 1 April 2024 and must be applied retrospectively to sale and leaseback transactions entered into after the date of initial application of Ind AS 116.

The amendments do not have a material impact on the Company's financial statements.

2.3 Summary of material accounting policies critical accounting estimate and judgement

(a) Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. The company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The company has identified twelve months as its operating cycle.

(b) Foreign currencies

The Company's standalone financial statements are prepared in INR, which is also the functional currency of the Company.

(c) Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for significant judgements, estimates and assumptions (note 3)
- Quantitative disclosures of fair value measurement hierarchy (note 31)
- Financial instruments (including those carried at amortised cost) (note 6, 7, 8, 15, 16, 17 and 31)

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

In determining fair value measurement, the impact of potential climate-related matters, including legislation, which may affect the fair value measurement of assets and liabilities in the financial statements has been considered. These risks in respect of climate-related matters are included as key assumptions where they materially impact the measure of recoverable amount, these assumptions have been included in the cash-flow forecasts in assessing value-in-use amounts.

At present, the impact of climate-related matters is not material to the Company's financial statements.

(d) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through profit or loss, in the case of financial assets not recorded at fair value through Profit and Loss, transactions costs that are attributable to the acquisition of the financial asset. For all subsequent measurements financial assets are classified in following categories by the Company:

(i) Debt instruments at amortized cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

(a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

(b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. The EIR amortisation is included in finance costs/income in the Statement of profit and loss. The losses arising from impairment are recognised in the Statement of profit and loss.

(ii) Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortised cost or as FVTOCI is classified as FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of profit and loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised

when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss and credit risk exposure on the financial assets that are debt instruments measured at amortised costs e.g. loans, deposits, trade receivables, lease receivables, contractual receivables and bank balances. The Company follows 'simplified approach' for recognition of impairment allowance.

ECL impairment allowance (or reversal) recognised during the period is recognised as income/expense in the Statement of profit and loss under the head 'other expenses'. ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL, loans and borrowings or payables as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings, employee payables and trade deposits. Subsequent measurement of financial liabilities depends on their classification as fair value through profit and loss or at amortised cost.

All changes in fair value of financial liabilities classified as FVTPL is recognised in the Statement of Profit and Loss. All the financial liabilities of the Company are classified under the amortised cost category. After initial recognition the financial liabilities are measured at amortised cost using the EIR method. Gains and losses are recognised in profit and loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or cost that are integral part of EIR. The EIR amortisation is included as finance cost in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires when an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

e. Events after the reporting period

If the Company receives information after the reporting period, but prior to the date of approved for issue, about conditions that existed at the end of the reporting period, it will assess whether the information affects the amounts that it recognises in its separate financial statements. The Company will adjust the amounts recognised in its financial statements to reflect any adjusting events after the reporting period and update the disclosures that relate to those conditions in light of the new information. For non-adjusting events after the reporting period, the Company will not change the amounts recognised in its separate financial statements but will disclose the nature of the non-adjusting event and an estimate of its financial effect, or a statement that such an estimate cannot be made, if applicable.

2.4 Climate-related matters

The company considers climate-related matters in estimates and assumptions, where appropriate. This assessment includes a wide range of possible impacts on the company due to both physical and transition risks. Even though the Company believes its business model and products will still be viable after the transition to a low-carbon economy, climate-related matters increase the uncertainty in estimates and assumptions underpinning several items in the financial statements. Even though climate-related risks might not currently have a significant impact on measurement, the company is closely monitoring relevant changes and developments, such as new climate-related legislation.

3 SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

In the application of the company's accounting policies and preparation of financial statements, the Management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Standalone Financial Statements.

The areas involving critical estimates or judgements are:

a. Estimations used for fair value measurement (Refer note 2.3.c)

b. Estimations used for impairment of financial assets and liabilities (Refer note 2.3.d)

c. Estimates and assumptions related to useful lives and impairment of Property, Plant and Equipment (PPE) (Refer note 4)

d. Estimates and assumptions for income taxes (Refer note 9)

e. Estimates and assumptions related to provisions (Refer note 18)

f. Estimates, judgments and assumptions used for revenue from operations (Refer note 20)

g. Estimates and judgements used for contingent liabilities and commitments (Refer note 28)

h. Judgements related to leasing arrangements (Refer note 34)

i. Judgements related to segment reporting (Refer note 35)

Notes to the Standalone Financial Statements for the year ended March 31, 2025
(All amounts in Rupees Lakh, except per share data and unless stated otherwise)

4 Property, plant and equipment

Accounting policy

Property, plant and equipment (PPE) is stated at cost of acquisition or construction net of accumulated depreciation and impairment loss, if any. All significant costs relating to the acquisition and installation of PPE are capitalised.

Depreciation on PPE is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset.

Gains or losses arising from derecognition of tangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of profit and loss when the asset is derecognised.

The management has estimated, supported by independent assessment by professionals, the useful lives of certain classes of assets. The following useful lives are adopted by the management:

Asset category	Company's estimate of useful life (years)	Useful life as prescribed under Schedule II (years)
Plant and equipment	7.5 to 10	15 to 20
Office equipment	15	15
Computers and data processing units	4 to 6	3 to 6
Vehicles	5	8

The residual values, useful lives and methods of depreciation of PPE are reviewed on a regular basis and changes in estimates, when relevant, are accounted for on a prospective basis.

Estimates and assumptions:

The Company determines, based on independent technical assessment, the estimated useful lives of its property, plant and equipment and intangible assets for calculating depreciation and amortization. This estimate is determined after considering the expected usage of the asset or physical wear and tear. Management reviews the residual value and useful lives annually and future depreciation and amortisation charge would be adjusted where the management believes the useful lives differ from previous estimates.

Impairment of PPE

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

For assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the Statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase, if applicable.

Estimates and assumptions

Impairment exists when the carrying value of an asset or cash generating unit (CGU) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a Discounted Cash Flow (DCF) model. The cash flows are derived from the budget for the next five years as approved by the Management and do not include restructuring activities that the company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the terminal growth rate used.

a. OWNED ASSETS:

Particulars	Plant and equipment	Office equipment	Computer & data processing unit	Vehicles	Total	Capital Work in Progress
Gross carrying amount as at April 1, 2023	**269.31**	**17.35**	**74.32**	**19.43**	**380.41**	**-**
Additions	188.70	4.11	22.68	16.77	232.26	250.51

Charge for the year	42.12	1.76	19.99	5.30	69.17	-
Disposals/discards	(1.31)	(0.41)	-	-	(1.72)	-
Closing accumulated depreciation as at March 31, 2025	**122.70**	**6.32**	**68.71**	**8.81**	**206.54**	**-**
Net Block as at March 31, 2025	**242.07**	**31.21**	**69.12**	**19.13**	**361.53**	**-**
Net Block as at March 31, 2024	**249.21**	**16.49**	**48.28**	**24.43**	**338.41**	**18.25**

The Company had elected to continue with the carrying value of property, plant and equipment as recognised in the financial statements as per previous GAAP and had regarded those values as the deemed cost on the date of Ind AS transition (i.e. April 1, 2015). The Company has disclosed the gross block and accumulated depreciation above, for information purpose only.

b. Capital work in progress* ('CWIP')

Accounting Policy

The company recognises capital work in progress at cost, net of accumulated impairment loss, if any.

Ageing of Capital work-in-progress (CWIP) #:

Description		Amount in CWIP for a period of			
		Less than 1 year	1-2 years	2-3 years	Total
Project-in-progress	March 31,2025	-	-	-	-
	March 31,2024	18.25	-	-	18.25

For CWIP, there are no assets whose completion date is overdue or exceeded its cost as compared to its original plan for the year ended and as at March 31, 2025 and March 31, 2024.

5 Intangible Assets

Accounting policy

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalized development costs, are not capitalized and the related expenditure is reflected in the Statement of profit and loss in the period in which the expenditure is incurred.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the Statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of profit and loss when the asset is derecognised.

A summary of amortisation rates applied to the Company's intangible assets is as below:

Asset category	Life (years)
Computer software	4 to 6

Particulars	Computer Software	Total
Gross carrying amount as on April 01, 2023	**14.70**	**14.70**
Additions	-	-
Gross carrying amount as on March 31, 2024	**14.70**	**14.70**
Additions	-	-
Disposals/discards	-	-
Gross carrying amount as on March 31, 2025	**14.70**	**14.70**
Closing accumulated amortisation as at April 01, 2023	**10.87**	**10.87**
Charge for the year	3.05	3.05
Closing accumulated amortisation as at March 31, 2024	**13.92**	**13.92**
Charge for the year	0.78	0.78
Disposals/discards	-	-
Closing accumulated amortisation as at March 31, 2025	**14.70**	**14.70**
Net Block as at March 31, 2025	**-**	**-**
Net Block as at March 31, 2024	**0.78**	**0.78**

6(a) Investments in subsidiaries

Accounting policy

Investments in subsidiaries are carried at cost less accumulated impairment losses in the company's balance sheet. On disposal of such investments, the difference between disposal proceeds and the carrying amounts of the investments are recognised in the Statement of profit and loss.

Particulars	Face value per share	Number of units		Amount	
		March 31, 2025	March 31, 2024	March 31, 2025	March 31, 2024
Investments in Equity Instruments:					
Investments valued at cost (fully paid)					
Equity Shares in Subsidiaries (Unquoted)					
Enernxt Private Limited	Rs. 10	2,36,29,999	2,36,29,999	2,363.00	2,363.00
Thermax Energy and Environment Lanka (Private) Limited*	LKR 10	8,33,13,367	8,33,13,367	2,935.81	2,935.81
Total investments				**5,298.81**	**5,298.81**
Aggregate amount of quoted investments				-	-
Aggregate amount of unquoted investments				5,298.81	5,298.81
Aggregate amount of impairment in the value of investments				-	-

*During the previous year, the company had received Rs. 3,600 from Holding Company through right issue on July 17, 2023 for the purpose of investment in Thermax Energy and Environment Lanka (Private) Limited.

6 (b) Current investments

Particulars	Amount	
	March 31, 2025	March 31, 2024
Investments at Fair value through Profit and Loss		
Units of Mutual Funds (Quoted)		
Tata Money Market Fund - Reg - Growth	502.86	812.40
ABSL Money Manager Fund - Reg - Growth	558.11	636.00
Kotak Money Market Scheme - Reg - Growth	-	504.75
HDFC Money Market Fund - Reg - Growth	502.70	-
UTI Money Market Fund - Reg - Growth	435.80	-
Total current investments	**1,999.47**	**1,953.15**
Aggregate amount of quoted investments	1,999.47	1,953.15
Aggregate amount of unquoted investments	-	-
Aggregate amount of impairment in the value of investments	-	-

Investments at fair value through profit or loss reflect investment in quoted debt securities. Refer note 31 for determination of their fair values

Notes to the Standalone Financial Statements for the year ended March 31, 2025
(All amounts in Rupees Lakh, except per share data and unless stated otherwise)

7 (a) Trade receivables - carried at amortised cost

Accounting policy

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

	As at March 31, 2025	As at March 31, 2024
Trade receivables from:		
i) Related parties (note 30)	107.20	136.34
ii) Others	5,183.75	4,460.30
Total	**5,290.95**	**4,596.64**
Sub-classification of trade receivables		
Secured, considered good	-	-
Unsecured, considered good	5,290.95	4,596.64
Trade receivables which have a significant increase in credit risk	-	-
Trade receivables - credit impaired	-	-
	5,290.95	**4,596.64**
(Less): Impairment allowance	-	-
Total	**5,290.95**	**4,596.64**

No trade or other receivable are due from directors or other officers of the company either severally or jointly with any other person. Nor any trade receivable are due from firms or private companies respectively in which any director is a partner, a director or a member.

All outstanding balances are unsecured and repayable in cash. Trade receivables are non-interest bearing and are normally settled on credit terms of 7 to 45 days.

For terms and conditions relating to related party receivables, refer note 30.

The ageing of current trade receivables which are due for receipt:

Particulars	Not Due	Outstanding for the following period from due date of payments					Total
		Less than 6 months	6 months-1 year	1-2 years	2-3 years	More than 3 years	
As at March 31, 2025

(ii) Undisputed Trade Receivables- which have significant increase in credit risk	-	-	-	-	-	-	-
(iii) Undisputed trade receivables- credit impaired	-	-	-	-	-	-	-
(iv) Disputed trade receivables- considered good	-	-	-	-	-	-	-
(v) Disputed trade receivables- which have significant increase in credit risk	-	-	-	-	-	-	-
(vi) Disputed trade receivables- credit impaired	-	-	-	-	-	-	-
Total	**3,059.26**	**2,139.67**	**92.02**	**-**	**-**	**-**	**5,290.95**
Less: impairment allowance	-	-	-	-	-	-	-
Total	**3,059.26**	**2,139.67**	**92.02**	**-**	**-**	**-**	**5,290.95**

Particulars	Not Due	Outstanding for the following period from due date of payments					Total
		Less than 6 months	6 months-1 year	1-2 years	2-3 years	More than 3 years	
As at March 31, 2024							
(i) Undisputed trade receivables- considered good	2,520.36	2,020.24	56.04	-	-	-	4,596.64
(ii) Undisputed Trade Receivables- which have significant increase in credit risk	-	-	-	-	-	-	-
(iii) Undisputed trade receivables- credit impaired	-	-	-	-	-	-	-
(iv) Disputed trade receivables- considered good	-	-	-	-	-	-	-
(v) Disputed trade receivables- which have significant increase in credit risk	-	-	-	-	-	-	-
(vi) Disputed trade receivables- credit impaired	-	-	-	-	-	-	-
Total	2,520.36	2,020.24	56.04	-	-	-	**4,596.64**
Less: impairment allowance	-	-	-	-	-	-	-
Total	**2,520.36**	**2,020.24**	**56.04**	**-**	**-**	**-**	**4,596.64**

There are no unbilled receivables, hence the same is not disclosed in the ageing schedule.

7 (b) Non-current loans

	Non Current		Current	
	As at March 31, 2025	As at March 31, 2024	As at March 31, 2025	As at March 31, 2024
Unsecured, considered good				
Loans to related parties (refer note 30)*	193.34	-	8.73	-
Total	**193.34**	**-**	**8.73**	**-**
Classification of above is as follows:				
Loans receivables - considered good - Secured	-	-	-	-
Loans receivables - considered good - Unsecured	193.34	-	8.73	-
Loans receivables which have significant increase in credit risk	-	-	-	-
Loans receivables - credit impaired	-	-	-	-
Total	**193.34**	**-**	**8.73**	**-**

*includes accrued interest of Rs. 2.07 (March 31, 2024 Rs. Nil)

The loan is given for subsidiary's principle business activities (manufacture and supply of Bio CNG Gas). The tenure of loan is for 72 months (including moratorium period of 12 months) payable quarterly along with accumulated interest accrued at a rate of 1.85% + 3 months T-bill.

No loans are due from directors or key managerial persons of the company either severally or jointly with any other person or from firms

or private companies in which any director is a partner, a director or a member, respectively.

8 (a) Lease receivable

	Non Current		Current	
	As at March 31, 2025	As at March 31, 2024	As at March 31, 2025	As at March 31, 2024
Unsecured, considered good				
At amortized cost				
Finance lease receivables*	20,134.20	14,710.44	2,830.88	2,049.49
Total	**20,134.20**	**14,710.44**	**2,830.88**	**2,049.49**

*Lease receivables amounting to Rs. 19,712.76 (March 31, 2024 Rs. 12,548.18) have been hypothecated against borrowings. Refer note 15.

8 (b) Other financial assets - carried at amortised cost

Accounting policy

Contract assets: A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration and are transferred to trade receivables on completion of milestones and its related invoicing. Contract assets are recorded in balance sheet as unbilled revenue.

	Non Current		Current	
	As at March 31, 2025	As at March 31, 2024	As at March 31, 2025	As at March 31, 2024

Total	**5.73**	**3.63**	**1,008.20**	**759.00**

*Recovery of expenses from subsidiary

9 Income Taxes

Accounting policy

Tax expense comprises current tax expense and deferred tax.

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised either in OCI or in equity. Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or in equity) in correlation to the underlying transaction.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

In assessing the recoverability of deferred tax assets, the Company relies on the same forecast assumptions used elsewhere in the financial statements and in other management reports, which, among other things, reflect the potential impact of climate-related development on the business, such as increased cost of production as a result of measures to reduce carbon emission.

Estimates and assumptions

At each balance sheet date, the company assesses whether the realization of future tax benefits is sufficiently probable to recognize deferred tax assets. This assessment requires the use of significant estimates with respect to assessment of future taxable income. The recorded amount of total deferred tax assets could change if estimates of projected future taxable income or if changes in current tax regulations are enacted for any of the tax jurisdictions in which the company operates.

The major components of income tax expense for the year ended March 31, 2025 and March 31, 2024 are:

Statement of profit and loss

Particulars	March 31, 2025	March 31, 2024
Current tax	1,114.68	1,226.19
Adjustments in respect of income tax of previous year	-	5.46
Deferred tax (income)/ expense (Relating to obligations and reversal of temporary differences)	141.30	(326.53)
Income tax expense reported in the statement of profit and loss	**1,255.98**	**905.12**

Other comprehensive income

Particulars	March 31, 2025	March 31, 2024
Deferred tax related to items recognised in other comprehensive income during the year		
Net (gain)/loss on remeasurements of defined benefit plans	(3.69)	(1.92)
Deferred tax credited in other comprehensive income	**(3.69)**	**(1.92)**

Notes to the Standalone Financial Statements for the year ended March 31, 2025
(All amounts in Rupees Lakh, except per share data and unless stated otherwise)

Reconciliation of tax expense and accounting profit multiplied by India's domestic tax rate for March 31, 2025 and March 31, 2024

Particulars	March 31, 2025	March 31, 2024
Accounting profit before tax	4,885.77	3,498.88
At India's statutory income tax rate of 25.17% (March 31, 2024: 25.17%)	1,229.75	880.67
Taxes from prior periods	-	5.46
Other differences (includes differences on account of CSR disallowances etc.)	26.23	18.99
Effective tax	**1,255.98**	**905.12**
Income tax expense reported in the statement of profit or loss at effective tax rate of 25.71% (March 31, 2024: 25.87%)	**1,255.98**	**905.12**

Deferred tax

Statement of profit and loss

Particulars	March 31, 2025	March 31, 2024
Deferred tax relates to the following :		
Consequence of differences in tax base of assets and finance lease receivables	(183.79)	25.15
On unearned revenue*	133.56	95.43
Others (impact on account of temporary differences)	(87.37)	205.95
Deferred tax (expense)/income	**(137.60)**	**326.53**

Deferred tax

Balance sheet

Particulars	March 31, 2025	March 31, 2024
Deferred tax relates to the following :		
Consequence of differences in tax base of assets and finance lease receivables	(591.79)	(408.00)
On unearned revenue*	646.73	513.18
Others (impact on account of temporary differences)	111.87	199.24
Net deferred tax assets	**166.81**	**304.42**

*includes revenue remaining unearned for the portion attributable to maintenance of leased equipment constructed at customer premises under finance lease arrangements.

Reconciliation of deferred tax assets

Particulars	March 31, 2025	March 31, 2024
Opening balance	304.42	(20.19)
Tax expense / (income) during the period recognised in profit or loss	(141.30)	326.53
Tax expense / (income) during the period recognised in OCI	3.69	(1.92)
Closing balance	**166.81**	**304.42**

The Company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

10 Other assets

	Non Current		Current	
	March 31, 2025	March 31, 2024	March 31, 2025	March 31, 2024
Unsecured considered good				
Balances with government authorities	-	-	949.77	1,430.64
Capital advances	266.31	-	-	-
Advances to suppliers	-	-	61.81	337.17
Advances to staff and workers	-	-	11.27	13.55
Advance to group companies (note 30)	-	-	199.36	635.27
Prepaid expenses	99.65	179.67	94.52	92.37
Total	**365.96**	**179.67**	**1,316.73**	**2,509.00**

There were no advances due by directors or other officers of the Company or any of them severally or jointly with any other persons or amounts due by firms or private companies respectively in which any director is a partner or a member.

11 Inventories

Accounting policy

Raw materials are valued at lower of cost and estimated net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost of raw materials is arrived at on the basis of weighted average cost.

Work in progress inventory is valued at lower of cost and net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Stores and spares are valued at lower of cost and net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a weighted average basis.

Traded goods are valued at lower of cost and net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. Write down of inventories are calculated based on an analysis of foreseeable changes in demand, technology, market conditions and ageing of inventories.

Particulars	As at March 31, 2025	As at March 31, 2024
Raw materials	715.72	498.40
Stores and spares	186.64	81.76
Work in progress*^	5,300.37	11,939.30
Total	**6,202.73**	**12,519.46**

* Includes purchase of machinery and other components which are to be leased to customers under finance lease arrangements.

^Inventory amounting to Rs. 4,976.92 (March 31, 2024 Rs. 10,651.74) has been hypothecated against borrowings. Refer note 15.

12 (a) Cash and cash equivalents

Accounting policy

Cash and cash equivalent in the balance sheet comprise cash at banks. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

Particulars	As at March 31, 2025	As at March 31, 2024
Balances with banks		
- on current accounts	620.97	24.22
Total	**620.97**	**24.22**

12 (b) Changes in liabilities arising from financing activities

Particulars	Borrowings
As on April 1, 2023	**9,094.54**
Cash flow	2,854.29
Others (Including interest paid)	9.46
As on March 31, 2024	**11,958.29**
Cash flow	(1,361.46)
Others (Including interest paid)	(35.42)
As on March 31, 2025	**10,561.41**

13 Share capital

Accounting policy

Equity shares issued to shareholders are classified as equity. Incremental costs directly attributable to the issue of new equity shares are recognised as a deduction from equity, net of any related income tax effects.

Particulars	As at March 31, 2025	As at March 31, 2024
Authorized shares (Nos)		
150,000,000 (March 31, 2024: 150,000,000) equity shares of Rs. 10/- each.	15,000.00	15,000.00
	15,000.00	**15,000.00**
Issued, subscribed and fully paid share capital (Nos)		
108,280,000 (March 31, 2024: 108,280,000) equity shares of Rs. 10/- each fully paid up	10,828.00	10,828.00
Total issued, subscribed and fully paid-up share capital	**10,828.00**	**10,828.00**

(a) Reconciliation of the shares outstanding at the beginning and at the end of the year

Particulars	No. of Shares	Amount
Equity share of Rs. 10 each issued, subscribed and fully paid		
As at April 01, 2023	7,22,80,000	7,228.00
Changes during the year	3,60,00,000	3,600.00
As at March 31, 2024	**10,82,80,000**	**10,828.00**
Changes during the year	-	-
As at March 31, 2025	**10,82,80,000**	**10,828.00**

(b) Terms/ rights attached to equity shares

The Company has one class of equity shares having a par value of Rs.10 per share. Each shareholder is eligible for one vote per share held. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

(c) Equity share capital held by holding company / promotors

Particulars	As at March 31, 2025	As at March 31, 2024
Thermax Limited*		
108,280,000 (March 31, 2024: 108,280,000) equity shares of Rs. 10/- each fully paid up	10,828.00	10,828.00

(d) Details of equity shares held by shareholders holding more than 5% of the aggregate shares in the Company

Particulars	As at March 31, 2025	As at March 31, 2024
Thermax Limited*		
%	100.00	100.00
No. of shares	108,280,000	108,280,000

As per records of the Company, including its register of shareholders/ members and other declarations received from shareholders regarding beneficial interest, the above shareholding represents the legal ownerships of shares.

*Includes 6 shares (March 31, 2024: 6 shares) held by nominee shareholders.

(e) There were no issue of bonus shares/buy back of shares/issue of shares for consideration other than cash during the period of five years immediately preceding the reporting date.

14 Other Equity

Particulars	As at March 31, 2025	As at March 31, 2024
Reserves and Surplus		
Retained earnings		
Opening balance	10,777.57	8,189.50
Add: Profit for the year	3,629.79	2,593.76
Movement during the year	**3,629.79**	**2,593.76**
Items of other comprehensive income recognised directly in retained earnings:		
Re-measurements of post-employment benefit obligations, net of tax Rs. 3.69 (March 31, 2024 : Rs. 1.92)	(10.97)	(5.69)
Net surplus in the statement of profit and loss	**14,396.39**	**10,777.57**
Other Reserves		
Share based payment reserve		
Opening balance	7.63	-
Add: Options granted during the year	10.98	7.63
Closing balance	18.61	7.63
Total	**14,415.00**	**10,785.20**

Retained earnings

The profits/(loss) that the Company has earned/incurred till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings include re-measurement loss/(gain) on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss.

Share based payment reserve

Pertains to equity settled share based payment plan issued by Parent Company for certain categories of empoyees of the Company (refer note 23)

Notes to the Standalone Financial Statements for the year ended March 31, 2025
(All amounts in Rupees Lakh, except per share data and unless stated otherwise)

15(a) Non-current borrowings

	As at March 31, 2025	As at March 31, 2024
At amortized cost		
Secured		
Loan from bank*	10,561.41	11,950.37
(Less) : Current maturities of long term borrowings	(2,639.79)	(3,511.53)
Total	**7,921.62**	**8,438.84**

15(b) Current borrowings

Particulars	As at March 31, 2025	As at March 31, 2024
Unsecured loan from bank**	-	7.36
Current maturities of non-current borrowings	2,639.79	3,511.53
Total	**2,639.79**	**3,518.89**

*Loan from bank carries an effective interest rate ranging between 8.17% - 9.48% (March 31, 2024 : 8.48% - 9.62%). The loan has been availed for 60 to 84 months and it is repayable in 48 to 72 monthly instalments along with interest, from the date the moratorium period ends. The loan has a moratorium period of 12 months for repayment of principal. The loan is secured by first charge on plant and machinery (property, plant & equipment, finance lease receivable, and inventory work in progress), an escrow of cashflow for the specific project for which such facility was availed.

**Unsecured loans includes bank overdraft Rs. NIL (March 31, 2024 : 7.36, carries an interest rate 8.50%)

16 Trade Payables at amortised cost

	As at March 31, 2025	As at March 31, 2024
Trade payables		
Total outstanding dues of micro enterprises and small enterprises	1,646.49	1,584.86
Total outstanding dues of creditors other than micro enterprises and small enterprises		
(i) Related Parties (refer note 30)	328.95	1,216.13
(ii) Others	919.99	1,369.34
	1,248.94	**2,585.47**
Total	**2,895.43**	**4,170.33**

For terms and conditions with related parties, refer note 30.

Trade payables are non-interest bearing and are normally settled on credit terms of 7 to 60 days.

Details of dues to micro and small enterprises as defined under The Micro, Small and Medium enterprises Development (MSMED) Act 2006

Particulars	March 31, 2025	March 31, 2024
The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year		
- Principal amount outstanding (whether due or not) to micro and small enterprises	1,575.79	1,536.36
- Interest due thereon	0.86	1.72
The amount of interest paid by the Company in terms of section 16 of the MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-
The amount of payment made to the supplier beyond the appointed day during the year	705.89	4,133.28
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006	21.34	19.82
The amount of interest accrued and remaining unpaid at the end of each accounting year	22.20	21.54
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006	70.70	48.50

* Information in this regard is on basis of intimation received, on requests made by the Company, with regards to registration of vendors under the said Act.

The ageing of current trade payables which are due for payment :

* Including deposits payable to related parties. Refer note 30.

18 Provisions

Accounting policy

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to the Statement of profit and loss in subsequent periods.

Past service costs are recognised in the Statement of profit and loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognizes related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes the following changes in the net defined benefit obligation as an expense in the Statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Remeasurement gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the leave as a current liability in the balance sheet as it does not have an unconditional right to defer its settlement for 12 months after the reporting date. However, the Company does not expect that all leave obligations will be settled in the next 12 months.

Refund liabilities: A refund liability is recognised for the obligation to refund some or all of the consideration received (or receivable) from the customer. The Company's refund liabilities arise from customers' contractual right to receive share of savings in fuel cost and volume rebates. The Company updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period.

Estimates and assumptions

• Defined benefit plan - Gratuity

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter which is most subjected to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on Indian Assured Lives Mortality (2012-14) Ultimate. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates. Further details about gratuity obligations are given in note 29.

Particulars	As at March 31, 2025	As at March 31, 2024
Provision for employee benefits		
Provision for gratuity (refer note 29)	10.91	45.52

(All amounts in Rupees Lakh, except per share data and unless stated otherwise)

19 Other liabilities

Accounting policy

Contract liabilities: A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. Contract liabilities are recognised as revenue when the Company satisfies the performance obligation. Contract liabilities are recorded in balance sheet as unearned revenue.

The disclosures of significant accounting judgements, estimates and assumptions relating to revenue from contracts with customers are provided in Note 20

	Non Current		Current	
	As at March 31, 2025	As at March 31, 2024	As at March 31, 2025	As at March 31, 2024
Advance lease rentals	1,299.52	1,488.13	222.65	308.96
Unearned revenue* (Contract liabilities)	2,117.49	1,206.50	451.96	832.38
Statutory dues and other liabilities**	-	-	339.69	96.14
Total	**3,417.01**	**2,694.63**	**1,014.30**	**1,237.48**

* includes revenue remaining unearned for the portion attributable to maintenance of leased equipment constructed at customer premises under finance lease arrangements.

** includes payable for tax deducted at source, provident fund, professional tax and goods and services tax.

20 Revenue from operations

Accounting policy

Revenue from contract with customer:

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is recognised when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks. The Company collects goods and services tax on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

The Company identifies distinct performance obligations in each contract. The Company allocates the transaction price to each performance obligation on a relative stand-alone selling price basis by determining the stand-alone selling price at contract inception of the distinct good or service underlying each performance obligation in the contract and allocates the transaction price in proportion to those stand-alone selling prices. Since the consideration is inclusive of the lease component, the stand-alone selling price is not directly observable. Hence, the Company estimates the standalone selling price by considering all the information (including market conditions, entity-specific factors and information about the customer or class of customer) that is reasonably available to the Company.

Revenue from sale of utilities is recognised at the point in time when control of the asset is transferred to the customer, generally on supply of the utilities. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

The Company has identified maintenance of leased assets as separate performance obligation. Revenue for such obligation is recognised over the period in which the service is provided based on the actual expenditure incurred.

Rights of return

The Company uses the expected value method to estimate the variable consideration given the large number of contracts that have similar characteristics. The Company then applies the requirements on constraining estimates of variable consideration in order to determine the amount of variable consideration that can be included in the transaction price. A refund liability is recognised for the goods that are expected to be passed on. A right of return asset (and corresponding adjustment to cost of sales) is also recognised for the right to recover the goods from a customer.

Revenue where the company as a Lessor

Revenue from sale of utilities is recognised at the point in time when control of the asset is transferred to the customer, on supply of the utilities. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Estimates and judgements

Maintenance cost against unearned revenue

These costs are provided based on a technical estimate of the costs required to be incurred for repairs, replacements, material costs and servicing cost of machinery installed at customer site. Management estimates the related provision for future maintenance costs based on historical incurred cost information, as well as recent trends that might suggest that past cost information may differ from future claims. The assumptions made in current period are consistent with those in the prior year. Factors that could impact the estimated claim information include the success of the Company's productivity and quality initiatives. Refer note 19 for further details.

a) Revenue from operations :

	March 31, 2025	March 31, 2024
Revenue from contracts with customers		
Sale of products	43,789.48	36,640.07
Sale of leased assets *	9,233.09	6,592.95
Finance income on leased assets	2,812.78	1,968.20
	55,835.35	**45,201.22**
Other operating revenue		
Sale of scrap	18.70	24.69
Amortisation of prepaid lease rental	177.52	232.34
Miscellaneous#	-	58.00
	196.22	**315.03**
Revenue from operations (Net)	**56,031.57**	**45,516.25**

* pertains to sale of equipment to customers under finance lease arrangements.

Includes liquidity damages recovered from customer of Rs. NIL (March 31, 2024 : 58.00)

b) Disclosure pursuant to Ind AS 115: Revenue from contracts with customers:

i) Revenue by category of contracts:

	March 31, 2025	March 31, 2024
Over a period of time basis	579.77	345.57
At a point-in-time basis	52,442.80	42,887.45
Total revenue from contracts with customers	**53,022.57**	**43,233.02**

ii) Revenue by geographical market:

	March 31, 2025	March 31, 2024
Within India	56,031.57	45,516.25
Outside India	-	-
Revenue from operations (net)	**56,031.57**	**45,516.25**

iii) Contract balances:

The following table provides information about contract balances from contracts with customers as at the reporting date:

Particulars	March 31, 2025	March 31, 2024
Trade receivables (note 7)	5,290.95	4,596.64
Non current unearned revenue (Contract liability) (note 19)	2,117.49	1,206.50
Current unearned revenue (Contract liability) (note 19)	451.96	832.38
Unbilled revenue (Contract asset) (note 8(b))	912.81	673.74
Refund liability (note 18)	260.01	195.54

The contract liabilities relate to unearned revenue where performance obligations are yet to be fulfilled as per the contracts. The fulfilment of the performance obligations will extinguish these liabilities and revenue will be recognised, with no impact on the Company's cash positions on specific projects.

Contract assets primarily relate to the Company's rights to consideration for utilities supplied but not billed at the reporting date. The contract assets are transferred to trade receivables on its related invoicing.

iv) Revenue recognised in the reporting period that was included in the contract liabilities balance at the beginning of the year:

	March 31, 2025	March 31, 2024
Unearned revenue (Contract liability)	579.77	345.57

v) Changes in unearned revenue for the year:

The explanation of the significant changes in the unearned balances during the reporting year is presented in the table below:-

	March 31, 2025	March 31, 2024
Opening unearned revenue (refer note 19)	**2,038.88**	**1,646.24**
-Revenue earned for the portion attributable to maintenance of leased assets constructed at customer premises under finance lease arrangements	1,110.34	738.21
-Revenue remaining unearned for the portion attributable to maintenance of leased assets constructed at customer premises under finance lease arrangements for current year	(579.77)	(345.57)
Closing unearned revenue (refer note 19)	**2,569.45**	**2,038.88**

vi) Remaining performance obligations:

The following table includes revenue expected to be recognised in the future related to performance obligations that are unsatisfied (or partially satisfied) at the reporting date.

Particulars	March 31, 2025	March 31, 2024
Amount of revenue yet to be recognised for performance obligations remaining to be completed*	52,436.27	52,912.58

*The Company has disclosed remaining performance obligation expected to be fulfilled in next 12 months. However, the contracts with customers for supply of utilities are for a longer period.

vii) Reconciliation between revenue recognised in Statement of profit and loss and contract price:

There is no significant variation between revenue recognised in Statement of profit and loss and contract price except price variation claims, which are considered to be part of contract price.

21 Other income

Accounting policy

(i) Interest income

Recognised when it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and the effective interest rate applicable.

	March 31, 2025	March 31, 2024
Interest income from financial assets at amortised cost		
Bank deposits	-	5.49
Others	24.03	0.02
Fair value gain on financial instrument at fair value through profit and loss (net)	120.13	181.51
(Loss)/Profit on discard/sale of asset (net)	-	10.32
Liabilities written back	-	39.79
Miscellaneous income	58.58	-
Total	**202.74**	**237.13**

22(a) Cost of raw material and components consumed

	March 31, 2025	March 31, 2024
Inventories at the beginning of the year	498.40	677.03
Add: Purchases *	35,747.02	38,654.01
	36,245.42	**39,331.04**
Inventories at the end of the year	715.72	498.40
Total	**35,529.70**	**38,832.64**

* Includes purchase of machinery and other components which are used to construct plants which are leased to customers under finance lease arrangements.

22(b) Changes in inventories of work-in-progress and traded goods

Particulars	March 31, 2025	March 31, 2024
Inventories at the beginning of the year		
Work in progress	11,939.30	8,185.11
Traded goods	-	8.77
Total	**11,939.30**	**8,193.88**
Inventories at the end of the year		
Work in progress	5,300.37	11,939.30
Total	**5,300.37**	**11,939.30**
Changes in inventories of work-in-progress and traded goods	**6,638.93**	**(3,745.42)**

Notes to the Standalone Financial Statements for the year ended March 31, 2025
(All amounts in Rupees Lakh, except per share data and unless stated otherwise)

23 Employee benefits expense

	March 31, 2025	March 31, 2024
Salaries,wages and bonus	1,943.00	1,693.72
Contribution to provident and other funds	98.13	70.14
Gratuity expense (refer note 29)	24.85	16.98
Staff welfare expenses	38.77	34.02
Share based payment expenses	10.98	7.63
Total	**2,115.73**	**1,822.49**

Accounting policy

Employees Stock Option Plan 2021 (ESOP 2021)

The Parent Company approved Employee Stock Option Plan at their meeting in January 2022. Pursuant to this approval, the Parent Company instituted ESOP 2021 Plan in January 2022. The compensation committee of the Parent Company administers this Plan. Each option carries with it the right to purchase one equity share of the Parent Company. The Options have been granted to employees of the Company at an exercise price that is not less than the face value of shares as on date of grant of such option. Option Granted under ESOP 2021 shall vest not earlier than minimum period of 1 (One) year and not later than maximum period of 3 (Three) years from the date of Grant. The vesting of the options is 33%, 33% and 34% of total options granted after end of first, second and third year respectively from the date of grant.The exercise period is 5 years from the date of vesting.

Number and weighted average exercise prices of options granted, exercised and cancelled/lapsed during the financial year

	March 31, 2025		March 31, 2024	
	No. of options	Weighted average exercise price per share (Rs.)	No. of options	Weighted average exercise price per share (Rs.)
Options outstanding at the beginning of the year	599	15.25	-	-
Granted during the year	271	15.25	599	15.25
Forfeited during the year	-	-	-	-
Exercised during the year	-	-	-	-
Lapsed during the year	-	-	-	-
Options outstanding at the end of year	870	15.25	599	15.25
Options exercisable at the end of the year	198	15.25	-	-

There were no options exercised during the year.

The weighted average remaining contractual life is as follows:

Particulars	March 31, 2025	March 31, 2024
Exercise price	Rs. 15.25 per share	Rs. 15.25 per share
Weighted average contractual life (years)	5 Years	5 Years
No. of Options Outstanding	870	599

The fair value of each option is estimated on the date of grant using Black and Scholes option pricing model with the following assumptions:

Particulars	March 31, 2025	March 31, 2024
1. Exercise price (Rs.)	15.25	15.25
2. Price of underlying share in the market at the time of option grant	Rs. 4,485.35	Rs. 2,415.85
3. Weighted average fair value of options granted (Rs)	Rs. 4,384.98	Rs. 2,379.45
4. Expected life of the option (years)	3-5	5.00
5. Risk free interest rate (%)	7.56%	7.05%
6. Expected volatility (%)	14.09%	13.14%
7. Dividend yield (%)	0.47%	0.48%

The Company recorded an employee compensation cost of Rs. 10.98 (March 31, 2024 : Rs 7.63) in the Statement of Profit and Loss. The expected price volatility is based on the historic volatility, adjusted for any expected changes to future volatility due to publicly available information.

24 Finance cost

Accounting Policy

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

	March 31, 2025	March 31, 2024
Interest expense	892.57	730.07
Unwinding of discount	142.65	193.01
Total	**1,035.22**	**923.08**

The Company develops biomass biolers in regular course of business which are classified as qualifying asset. The term loans are taken to finance these projects. The amount of borrowing costs pertaining to such term loans capitalised during the year ended March 31, 2025 was Rs. 166.40 (March 31, 2024: Rs. 322.63). The borrowings are specific to each projects and are accordingly capitalised.

25 Depreciation and amortization expense

	March 31, 2025	March 31, 2024
Depreciation of property, plant and equipment (note 4)	67.93	47.28
Amortization of intangible assets (note 5)	0.66	3.05
Total	**68.59**	**50.33**

Notes to the Standalone Financial Statements for the year ended March 31, 2025
(All amounts in Rupees Lakh, except per share data and unless stated otherwise)

26 (a) Other expenses

	March 31, 2025	March 31, 2024
Consumption of stores and spares	523.76	335.85
Site expenses and contract labour charges	3,740.12	2,664.06
Rates and taxes	9.46	3.17
Insurance	14.76	19.02
Repairs and maintenance		
Plant and machinery	129.50	116.93
Leased assets	562.93	368.53
Others	4.26	1.97
Travelling and conveyance	205.24	229.63
Legal and professional fees (includes payment to statutory auditor (refer note (b))	178.34	201.80
Loss on discard of asset	0.52	-
Expenditure on Corporate Social Responsibility (refer note (c))	49.20	36.06
Corporate cost allocation (refer note 30)#	374.00	200.00
Advances written off	-	21.63
Miscellaneous expenses (includes courier charges, bank charges, etc.)	168.28	172.73
Total	**5,960.37**	**4,371.38**

This pertains to IT and administrative overhead allocated from holding company for common cost incurred

(b) Payment to auditors

	March 31, 2025	March 31, 2024
As auditor:		
Audit fees	18.97	17.90
In other capacity:		
Certification services	0.77	1.50
Reimbursement of expenses	0.97	0.88
Total	**20.71**	**20.28**

(c) Corporate Social Responsibility (CSR)

	March 31, 2025	March 31, 2024
(a) Gross amount required to be spent by the Company during the year	49.20	36.06
(b) Amount approved by board to be spent	49.20	36.06
(c) Amount spent during the year*	49.20	36.06
(d) Shortfall at the end of the year	-	-
(e) Total of previous years shortfall	-	-
(f) Reason for shortfall	NA	NA
(g) Nature of CSR activities	Education, Skill Development, Rural Development	Education, Skill Development, Rural Development
(h) Details of related party transactions in relation to CSR expenditure as per relevant Accounting Standard:	49.20	36.06

*The amount is contributed to Thermax Foundation, India (refer note 30) which is engaged in education of economically underprivileged children by addressing social discrimination through affirmative actions, skill development and employability initiatives.

There is no provision for CSR expenditure as at March 31,2025. Thers is no shortfall in contribution as at March 31, 2025 and March 31, 2024.

27 Earnings per share

Accounting policy

The Company presents the basic and diluted EPS data for its equity shares. Basic EPS is computed by dividing the net profit for the year attributable to the owners of the Company by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by adjusting the net profit for the year attributable to the equity shareholders and the weighted average number of equity shares considered for deriving basic EPS for the effects of all the equity shares that could have been issued upon conversion of all dilutive potential equity shares (which includes the various stock options granted to employees).

Particulars	March 31, 2025	March 31, 2024
Net profit after tax attributable to the owners of the company	3,629.79	2,593.76
Weighted average number of equity shares of Rs.10/- each	108,280,000	94,077,260
Basic Earning per share	3.35	2.76
Diluted Earning per share	3.35	2.76

28 Contingent liabilities and commitments:

Accounting policy

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent liabilities are reviewed at each reporting date.

Judgements

Contingencies relating to tax and legal matters

The Company has received various orders and notices from tax authorities in respect of direct taxes and indirect taxes. The outcome of these matters may have a material effect on the financial position, results of operations or cash flows. Management regularly analyzes current information about these matters and provides provisions for probable losses including the estimate of legal expense to resolve such matters. In making the decision regarding the need for loss provisions, management considers the degree of probability of an unfavorable outcome and the ability to make a sufficiently reliable estimate of the amount of loss. The filing of a suit or formal assertion of a claim against the Company or the disclosure of any such suit or assertions, does not automatically indicate that a provision of a loss may be appropriate.

	March 31, 2025	March 31, 2024
Capital commitment		
Estimated amounts of contracts remaining to be executed on capital account (net of advance)	-	96.65
long term contracts with customer for assets yet to be leased to customers (net of advance)	1,101.19	2,046.48
Contingent Liability*		
Income tax demands disputed	649.45	649.45
Service Tax	82.37	-

*Excluding interest and penalties thereon.

Guarantees:

The Company has issued various guarantees for performance, advances, etc. which are not disclosed here as the probability of outflow for the same is considered remote.

The below guarantee has been issued for the purpose of various banking facilities for the subsidiary

Notes to the Standalone Financial Statements for the year ended March 31, 2025
(All amounts in Rupees Lakh, except per share data and unless stated otherwise)

	March 31, 2025	March 31, 2024
Corporate Guarantee issued to bank on bahalf of subsidiary*	833.41	833.41

*Issued on behlf of Thermax Energy and Environment Lanka (Private) Ltd.

29 Gratuity

The Company operates a defined benefit plan of gratuity for its employees. Under the gratuity plan, every employee who has completed specified years of service gets a gratuity on departure at the rate of 15 days (minimum) of the last drawn salary for each completed year of service. The scheme is funded with an insurance Company in the form of qualifying insurance policy. The fund has formed a trust and it is governed by the Board of Trustees.

The fund is subject to risks such as asset volatility, changes in asset yields and asset liability mismatch risk. In managing the plan assets, Board of Trustees reviews and manages these risks associated with the funded plan. Each year, the Board of Trustees reviews the level of funding in the gratuity plan. The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise.

I Changes in the net benefit obligation and fair value of plan assets are as follows :

Particulars	Present value of obligation	Fair value of plan assets	Net amount
April 1, 2023	**116.14**	**(115.96)**	**0.18**
Current service cost	15.57	-	15.57
Interest expense/(income)	5.71	(4.30)	1.41
Total amount recognised in the statement of profit or loss	**21.28**	**(4.30)**	**16.98**
Experience (gain) / loss	5.87	0.74	6.61
(Gain)/loss from change in financial assumptions	1.23	-	1.23
Return on plan assets expense/(income)	-	(0.23)	(0.23)
Total amount recognised in Other Comprehensive Income	**7.10**	**0.51**	**7.61**
Employer contributions	-	-	-
Mortality charges	-	0.04	0.04
Transfer In	20.71	-	20.71
March 31, 2024	**165.23**	**(119.71)**	**45.52**
Current service cost	24.19	-	24.19
Interest expense/(income)	6.28	(5.62)	0.66
Total amount recognised in the statement of profit or loss	**30.47**	**(5.62)**	**24.85**
Experience (gain) / loss	12.35	(1.49)	10.86
(Gain)/loss from change in financial assumptions	3.64	-	3.64
Return on plan assets expense/(income)	-	0.16	0.16
Total amount recognised in Other Comprehensive Income	**15.99**	**(1.33)**	**14.66**
Employer contributions	-	(32.04)	(32.04)
Benefits paid			
Benefits paid directly by the company	(42.08)	-	(42.08)
Mortality charges	-	-	-
Transfer In	0.18	(0.18)	-
March 31, 2025	**169.79**	**(158.88)**	**10.91**

II The net (asset)/liability disclosed above relates to funded plans are as follows :

Particulars	March 31, 2025	March 31, 2024
Present value of funded obligation	169.79	165.23
Fair value of plan assets	(158.88)	(119.71)
Net (asset)/liability	**10.91**	**45.52**

III Significant assumptions

Particulars	March 31, 2025	March 31, 2024
Discount rate	6.70%	7.20%
Salary growth rate	7.00%	7.00%
Expected return on plan assets	7.2% P.A.	7.4% P.A.
Normal retirement age	60 years	60 years
Mortality table	Indian Assured Lives Mortality (2012-14) Ultimate	Indian Assured Lives Mortality (2012-14) Ultimate
Employee turnover	12%	12%

IV Sensitivity analysis

The sensitivity of defined obligation to changes in the weighted principal assumptions is:

Assumption	Impact on defined benefit obligation	
	March 31, 2025	March 31, 2024
Discount rate		
1.00% increase	Decrease by 7.07	Decrease by 5.89
1.00% decrease	Increase by 7.99	Increase by 6.58
Future salary increase		
1.00% increase	Increase by 6.78	Increase by 5.54
1.00% decrease	Decrease by 6.12	Decrease by 5.06
Attrition Rate		
1.00% increase	Decrease by 0.13	Increase by 0.07
1.00% decrease	Increase by 0.15	Decrease by 0.08

The above sensitivity analysis is based on a change in assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligation calculated with the Projected Unit Credit Method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The method and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

The following are the expected cash flows to the defined benefit plan in future years:

	March 31, 2025	March 31, 2024
Within next 12 months	7.98	16.93
Between 2-5 years	69.55	59.07
Between 5-10 years	134.60	123.55

The average duration of the defined benefit plan obligation at the end of the reporting period is 10.79 years (March 31, 2024: 9.72 years).

V The major categories of plan assets are as follows:

Particulars	March 31, 2025	March 31, 2024
Investments with Insurer (LIC of India)	100.00%	100.00%

Thermax Onsite Energy Solutions Limited

Notes to the Standalone Financial Statements for the year ended March 31, 2025
(All amounts in Rupees Lakh, except per share data and unless stated otherwise)

I Terms and conditions of related party transactions

The sales to and purchases from related parties are assessed to be at arm's length transactions by the management. Outstanding balances at the year-end are unsecured and interest-free and settlement occurs in cash.

There have been no guranatees provided or received for any related party receivables or payables except as disclosed above. For the year ended March 31, 2025, the Company has not recorded any impairment of receivables relating to amounts owed by related parties (March 31, 2024 : Rs. Nil). The assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

Notes to the Standalone Financial Statements for the year ended March 31, 2025
(All amounts in Rupees Lakh, except per share data and unless stated otherwise)

31 Fair value measurements

a) Category of financial instruments and valuation techniques

Details of financial assets carried at amortised cost

Particulars	Note No.	As at March 31, 2025	As at March 31, 2024
Trade receivables	7 (a)	5,290.95	4,596.64
Finance lease receivable	8 (a)	22,965.08	16,759.93
Other financial assets	8 (b)	1,013.93	762.63
Cash and bank balances	12(a)	620.97	24.22
Loans	7 (b)	202.07	-
Total financial assets		**30,093.00**	**22,143.42**
Current assets		9,759.73	7,429.35
Non-current assets		20,333.27	14,714.07
Total financial assets		**30,093.00**	**22,143.42**

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

Details of financial assets carried at fair value through profit & loss.

Particulars	Note No.	As at March 31, 2025	As at March 31, 2024
Investments	6	1,999.47	1,953.15
Total		**1,999.47**	**1,953.15**
Current assets		1,999.47	1,953.15
Non current assets		-	-
Total		**1,999.47**	**1,953.15**

The fair value of units of mutual funds are based on net asset value as at the reporting date.

Details of financial liabilities carried at amortised cost

Particulars	Note No.	As at March 31, 2025	As at March 31, 2024
Borrowings	15	10,561.41	11,957.73
Trade payables	16	2,895.43	4,170.33
Trade deposits	17	2,133.16	2,594.36
Other financial liabilities	17	568.59	469.46
Total financial liabilities		**16,158.59**	**19,191.88**
Current liabilities		6,104.81	8,749.46
Non-current liabilities		10,053.78	10,442.42
Total financial liabilities		**16,158.59**	**19,191.88**

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

b) Fair value hierarchy

The company measures financial instruments - investment in mutual funds using Level I inputes as defined in note 2.3 (c). There has been no transfer between Level 1 and Level 2 during the year and during the previous year.

32 Financial risk management - objectives and policies

The Company's principal financial liabilities, comprise loans and borrowings, trade deposits, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include finance lease receivables, trade and other receivables, and cash and bank balances.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's financial risk activities are governed by appropriate policies and procedures and the financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

I Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Financial instruments affected by market risk include loans and borrowings and finance lease receivables.

The sensitivity analysis in the following sections relate to the position as at March 31, 2025 and March 31, 2024.

The sensitivity analysis has been prepared on the basis that the amount of debt and the average interest rate prevalent during the financial year.

The analysis excludes the impact of movement in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Impact on profit before tax	
	March 31, 2025	March 31, 2024
Interest rate		
- Increase by 100 basis points	(105.61)	(119.58)
- Decrease by 100 basis points	105.61	119.58

II Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade receivables

Customer credit risk is managed by the company subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. An impairment analysis is performed at each reporting date on an individual basis for major customers. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

Financial instruments

Credit risk from balances with banks and financial institutions is managed by the treasury department in accordence with the policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the group's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the group's Finance Committee. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The company has no unhedged foreign currency exposure outstanding as at March 31, 2025 and March 31, 2024.

III Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the company's liquidity position (comprising the undrawn borrowing facilities below) and cash and bank balances, the basis of expected cash flows. This is generally carried out by the company in accordance with practice and limits set by the company. These limits vary by location to take into account the liquidity of the market in which the company operates.

(i) Maturities of financial liabilities

The tables below analyse the company's financial liabilities into relevant maturity profile on their contractual maturities for :

March 31, 2025	Note No.	< 1 year	1 to 3 years	3 to 5 years	> 5 years
Non- derivative					
Borrowings	15	2,639.79	4,113.16	2,998.57	809.89
Trade payables	16	2,895.43	-	-	-
Trade deposits*	17	1.00	235.00	872.00	2,794.13
Other financial liabilities	17	568.59	-	-	-

March 31, 2024	Note No.	< 1 year	1 to 3 years	3 to 5 years	> 5 years
Non- derivative					
Borrowings	15	3,518.89	4,362.26	2,793.96	1,282.62
Trade payables	16	4,170.33	-	-	-
Trade deposits*	17	667.70	35.00	1,000.00	2,871.13
Other financial liabilities	17	469.46	-	-	-

*Represents contractual undiscounted cash flows. Such undiscounted cash flows differ from the amount included in the balance sheet because the balance sheet amount is based on discounted cash flows.

33 Capital Management

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long- term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. No changes were made in the objectives, policies or processes during the years ended March 31, 2025 and March 31, 2024. Capital represents equity attributable to equity holders of the Company.

Particulars	March 31, 2025	March 31, 2024
Borrowings	10,561.41	11,957.73
Less: Cash and bank balances	(620.97)	(24.22)
Net debt	**9,940.44**	**11,933.51**
Equity	25,243.00	21,613.20
Capital and net debt	**35,183.44**	**33,546.71**
Gearing ratio	**28.25%**	**35.57%**

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current year.

No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2025 and March 31, 2024.

34 Disclosure under Ind AS - 116 : Leases

Accounting policy

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Judgements

A significant portion of the Company's business relates to leasing of assets under various arrangements. This requires the management to make judgements with respect to whether the arrangement contains a lease based on the substance of the arrangement and an assessment of whether the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset. The Company is also required to assess whether the lease transfers substantially all the risks and rewards incidental to ownership of an asset to classify the same as finance leases requiring significant judgements.

Segregation of lease and non-lease components of the consideration

For a contract that contains a lease component and one or more additional lease or non-lease components, the Company allocates the consideration in the contract in accordance with Ind AS 115. The standard requires allocation of the transaction price to each performance obligation (or distinct good or service) in a way that depicts the amount of consideration to which the entity expects to be entitled in exchange for transferring the promised goods or services to the customer. This requires the management to make significant estimates around the amount of consideration to which the entity expects to be entitled.

The Company allocates the transaction price to each performance obligation on a relative stand-alone selling price basis by determining the stand-alone selling price at contract inception of the distinct good or service underlying each performance obligation in the contract and allocates the transaction price in proportion to those stand-alone selling prices. Since the consideration is inclusive of the lease component, the stand-alone selling price is not directly observable. Hence, the Company estimates the standalone selling price by considering all the information (including market conditions, entity-specific factors and information about the customer or class of customer) that is reasonably available to the Company.

Except when the Company has observable evidence in accordance with Ind AS 115 that the entire discount relates to only one or more, but not all, performance obligations in a contract, the Company allocates a discount proportionately to all performance obligations in the contract. The proportionate allocation of the discount in those circumstances is a consequence of the Company allocating the transaction price to each performance obligation on the basis of the relative standalone selling prices of the underlying distinct goods or services.

i) Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease. The Company allocates the transaction price to each performance obligation on a relative stand-alone selling price basis by determining

Notes to the Standalone Financial Statements for the year ended March 31, 2025
(All amounts in Rupees Lakh, except per share data and unless stated otherwise)

the stand-alone selling price at contract inception of the distinct good or service underlying each performance obligation in the contract and allocates the transaction price in proportion to those stand-alone selling prices.

At the inception of the lease, a Company recognize the following for each of its finance leases:

(a) revenue being the fair value of the underlying asset, or, if lower, the present value of the lease payments accruing to the lessor, discounted using a market rate of interest;

(b) the cost of sale being the cost, or carrying amount if different, of the underlying asset less the present value of the unguaranteed residual value; and

(c) selling profit or loss (being the difference between revenue and the cost of sale) in accordance with its policy for outright sales.

a) Amount receivable under Finance lease - where the Company is a lessor

The Company has entered into certain arrangements with its customers where the Company will supply heat/steam/treated water by installing the boiler/heater/water treatment plant at the customers' premises. The Company has determined, that fulfilment of these arrangements is dependent on the use of a specific assets and the arrangement conveys a right to use these specific asset to the customers. Accordingly, these arrangements qualify as arrangements in the form of lease as specified in Ind-AS 116. Based on the evaluation of terms and conditions of these arrangements, such as the contract term constituting a major part of the economic life of the specific assets ,the fair value of the asset and that it has transferred the significant risks and rewards in these assets to the customers, these lease arrangements have been classified as finance leases.

Particulars	Gross Investment in lease		Present value of minimum lease payments	
	March 31, 2025	March 31, 2024	March 31, 2025	March 31, 2024
Within one year	5,651.89	4,167.12	2,831.26	2,049.49
After one year but not more than two years	5,331.06	3,846.39	2,854.72	1,982.10
After two years but not more than three years	4,989.11	3,619.82	2,860.32	2,002.53
After three years but not more than four years	4,543.70	3,380.24	2,763.64	2,012.89
After four years but not more than five years	3,985.38	2,975.45	2,542.69	1,859.85
More than five years	11,820.28	9,227.11	9,112.45	6,853.07
	36,321.42	**27,216.13**	**22,965.08**	**16,759.93**
Less: Unearned finance income	13,356.34	10,456.20	-	-
Present value of minimum lease payments receivable	22,965.08	16,759.93	22,965.08	16,759.93
	36,321.42	**27,216.13**	**22,965.08**	**16,759.93**

Particulars	March 31, 2025	March 31, 2024
Estimated unguaranteed residual value of assets under finance lease	-	-
Contingent rent recognised as Income during the year	-	-
Interest rate inherent in the lease	9.98% - 18.29%	10.82% - 18.29%

ii) Company as a lessee

The Company's leases primarily consist of leases for buildings and office equipment's. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

35. Segment information

Accounting Policy

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors of the Company has identified the Chief Executive Officer as the chief executive decision maker of the Company.

Judgements

Ind AS 108 'Operating Segments' requires Management to determine the reportable segments for the purpose of disclosure in standalone financial statements based on the internal reporting reviewed by Chief Operating Decision Maker (CODM) to assess performance and allocate resources. The standard also requires Management to make judgments with respect to aggregation of certain operating segments into one or more reportable segment.

The Company has determined that the CODM is the Chief Executive Officer, based on its internal reporting structure and functions of the Company. Operating segments used to present segment information are identified based on the internal reports used and reviewed by the Board of Directors to assess performance and allocate resources. The management has determined that some of the segments exhibit similar economic characteristics and meet other aggregation criteria and accordingly aggregated into one reportable segment i.e. green energy and allied services.

For management purposes, the Company reports the details of operating segments as a single segment for "energy and allied services". The Chief Operating Decision Maker (CODM) reviews the information for this single segment only. Accordingly, Company has provided only entity wide disclosures.

Sales revenue by geographical segment

Particulars	March 31, 2025	March 31, 2024
Revenue from external customer (gross)		
India*	56,031.57	45,516.25
Outside India	-	-
Total	**56,031.57**	**45,516.25**

*Revenue of Rs.6,060.37 was derived from one customer that individually contributed more than 10% of total revenue in the current year and Rs. 12,408.61 was derived from two customers that individually contributed more than 10% of total revenue in the previous year.

Carrying amount of non current assets by geographical segment

Particulars	March 31, 2025	March 31, 2024
Assets within India	361.53	357.44
Assets outside India	-	-
Total	**361.53**	**357.44**

Addition to non current assets by geographical segment

Particulars	March 31, 2025	March 31, 2024
Assets within India	92.43	235.54
Assets outside India	-	-
Total	**92.43**	**235.54**

36 Key financial ratios

The following are analytical ratios for the year ended March 31, 2025 and March 31, 2024:

Particulars	Numerator	Denominator	FY 2024-25	FY 2023-24	Variance	Reason for variance (for deviations more than 25%)
Current Ratio	Current assets	Current liabilities	2.57	2.29	12.23%	
Debt-Equity Ratio	Total debt i.e. Borrowings (Current+Non current)	Shareholder's equity	0.42	0.55	-23.64%	
Debt service coverage ratio	Earnings available for debt service ^	Debt service *	1.07	1.30	-17.69%	
Return on equity ratio	Profit after tax	Average shareholder's equity	15.00%	14.00%	7.14%	
Inventory turnover ratio	Cost of goods sold#	Average inventories	4.50	3.28	37.20%	Commissioning of lease sites in current year.
Debtors turnover ratio	Revenue from contracts with customers	Average trade receivables	8.86	9.40	-5.74%	
Trade payables turnover ratio	Total supplier purchases##	Average trade payables	11.82	12.39	-4.60%	
Net capital turnover ratio	Revenue from contracts with customers	Working capital **	4.50	3.14	43.31%	Increase due to significant increase in revenue from operation in current year while reduction in working capital requirement.
Net profit ratio	Profit after tax	Revenue from contracts with customers	7.00%	6.00%	16.67%	
Return on capital employed (ROCE)	Profit before tax + finance cost	Capital employed ***	17.00%	13.00%	30.77%	Increased profitability and prepayment of loan pertaining to one of the project
Return on investment (ROI)	Realised gains and unrealised gains on investments	Average investment	6.08%	9.29%	-34.59%	Higher return earned on mutual fund in last year.

Explanations:

^ Profit after tax + Finance cost + Depreciation and amortization for the year

* Repayment of borrowings + Interest paid

** Total current assets - Total current liabilities

*** Total equity + Total Debt + Deferred tax liability - Intangible Assets

#Cost of raw materials and components consumed + Purchase of traded goods + Changes in inventories of work-in-progress and traded goods

##Purchase of raw materials and components (refer note 22(a)) + Purchase of traded goods + Operating expenses (staff welfare and other expenses) incurred during the year.

37 Other Statutory Information:

(i) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.

(ii) The Company do not have any transactions with companies struck off.

(iii) The Company does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.

(iv) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

(v) The Company have not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries,

(vi) The Company has not made any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

(vii) Other than as disclosed in the note 6(a), the Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

Notes to the Standalone Financial Statements for the year ended March 31, 2025
(All amounts in Rupees Lakh, except per share data and unless stated otherwise)

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

38 The Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. However, except for certain master, the audit trail feature is not enabled for changes made to master data in Oracle and changes made to the Oracle Database 19c using privileged/ administrative access rights. Further no instance of audit trail feature being tampered with was noted in respect of accounting software. Additionally, the audit trail of relevant prior years has been preserved as per the statutory requirements for record retention, to the extent it was enabled and recorded in those respective years.

39 Exemption availed under Ind AS 110

As the consolidated financial statements are presented by the entity's holding Company, the entity has elected to apply the exemption available to it under Ind AS 110 and has opted to present only standalone financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Members of Thermax Cooling Solutions Limited

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Thermax Cooling Solutions Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its Profits and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence,

and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

   (g) Based on the records examined by us and according to information and explanations given to us, the Company has not paid/provided for managerial remuneration. Hence, the provisions of Section 197 of the Act related to managerial remuneration are not applicable.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company does not have any pending litigations which would impact on its financial statements.

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

      iv. a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

      (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

      (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement;

      (v) The Company has not declared/paid/declared and paid any dividend during the year; and

   (i) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure A to the Independent Auditors' Report

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub section (3) of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls with reference to financial statements of the Company as of March 31, 2025 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Financial Statements and such internal financial controls with reference to Financial Statements were operating effectively as at March 31, 2025, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

THERMAX COOLING SOLUTIONS LIMITED

Annexure B to the Independent Auditors' Report

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

Re: Thermax Cooling Solutions Limited ('the Company')

(i) (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) The Company does not have intangible assets on the reporting date. Thus, reporting under clause 3(i)(a)(B) of the order is not applicable to the Company.

(b) The Company did not verify property, plant and equipment during the year but a regular program for physical verification of its property, plant and equipment is there which in our opinion is reasonable having regard to the size of the Company and nature of its property, plant and equipment.

(c) According to the information and explanations given to us, the Company does not have any immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favor of the lessee).

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) The Company is in the business of rendering services and consequently, does not hold any inventory. Accordingly, the reporting under Clause 3(ii)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

(iii) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services Tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanation given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Duty of Customs, Duty of Excise, Value added tax, Cess Income tax and any other material statutory dues as at 31 March 2025, which have not been deposited on account of any dispute. The statutory dues in respect of GST act as at 31 March 25 which have not been deposited with the appropriate authorities on account of a dispute are as under

Name of Statute	Nature of dues	Amount (Rs in lakhs)	Financial year to which pertains	Forum where dispute pending
GST Act	Goods and Service Tax	34,37,452 including penalty	2021-22	Deputy Commissioner of State Tax

(viii) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any term loans during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, The Company did not raise any funds during the year hence, the requirement to report on clause 3(ix)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, the Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(e) of the Order is not applicable to the Company.

(f) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, the Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year.

Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) Though establishment of vigil mechanism is not mandated for the Company by the Act, or by Securities Exchange Board of India (Listing Obligations and Disclosure Requirement) ("SEBI LODR") Regulations, as represented by the management, no whistle blower complaints were received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

(xiv) In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the act. Accordingly, reporting under clause 3(xiv) is not applicable to the company.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company and subsidiary companies or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clause 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us, we report that the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) has one Core Investment Companies.

(xvii) In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year, The Company had incurred cash losses of Rs. 3.37 lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. However, there are no issues, objections or concerns raised by the outgoing auditors.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date will get discharged by the Company as and when they fall due.

(xx) The provisions of Section 135 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xx)(a) and (b) of the Order is not applicable to the Company.

THERMAX COOLING SOLUTIONS LIMITED

Notes to financial statements for the year ended March 31, 2025
((All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

1. Corporate information

Thermax Cooling Solutions Limited ('the Company') carry business of setting up Energy Projects, Energy Exchange Platform and providing Energy Services. The Company's remaining business includes electrostatic precipitators (ESP), Regenerative Air Preheaters and related services. The Company is a public limited company incorporated and domiciled in India. The address of its registered office is Thermax House, 14, Mumbai – Pune Road, Wakdewadi, Pune - 411003, India. The Board of Directors have authorized to issue these financial statements on May 05, 2025. The CIN of the Company is U29299PN2009PLC134761."

2 Material accounting policies

2.1 Basis of preparation, measurement

a. Basis of preparation

These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS), notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirement od Division II of Schedule III to the Companies Act, 2013 (Act) as applicable to the financial statements.

The preparation of the financial statements requires the use of certain critical accounting estimates, assumptions and judgements. It also requires the management to exercise judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

b. Basis of measurement

The financial statements have been prepared on the accrual and going concern basis under historical cost convention except the following:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments);
- Defined benefit plans whereby the plan assets are measured at fair value.

2.2 Summary of material accounting policies

a. Current and non-current classification

All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of products and services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

b. Foreign currencies

The Company's financial statements are prepared in Rupees, which is the also functional currency of the Company.

Transactions and balances

Transactions in foreign currencies are initially recorded at the functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in the Statement of profit and loss."

c. Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability."

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable;
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for significant judgements, estimates and assumptions (note 3)
- Quantitative disclosures of fair value measurement hierarchy (note 27)
- Financial instruments (including those carried at amortized cost) (note 27)

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

d. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Notes to financial statements for the year ended March 31, 2025
((All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

Financial assets

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Profit and Loss, transactions costs that are attributable to the acquisition of the financial asset. For all subsequent measurements financial assets are classified in following categories by the Company.

(i) Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

(a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

(b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. The EIR amortization is included in finance costs/income in the statement of profit and loss. The losses arising from impairment are recognized in the Statement of profit and loss. This category generally applies to trade and other receivables."

(ii) Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI is classified as FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in Statement of profit and loss."

(iii) Equity investments

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognized by an acquirer in a business combination to which Ind-AS 103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value.

The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of profit and loss, even on the sale of the investment. However, the Company may transfer the cumulative gain or loss within equity.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a ""pass-through"" arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

Further disclosures relating to impairment of financial assets are provided in the following notes:

- Trade receivables - Refer note 5

Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement of financial liabilities depends on their classification as fair value through profit and loss or at amortized cost.

All changes in fair value of financial liabilities classified as FVTPL is recognized in the Statement of Profit and Loss. Amortised cost category is applicable to loans and borrowings, trade and other payables. After initial recognition the financial liabilities are measured at amortised cost using the EIR method. Gains and losses are recognized in profit and loss when the liabilities are derecognized as well as through the EIR amortization process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or cost that are integral part on EIR. The EIR amortization is included as finance cost in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires when an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

2.3 Changes in accounting policies and disclosures

New and amended standards

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated 31 March 2023 to amend the following Ind AS which are effective for annual periods beginning on or after 1 April 2023. The company applied these amendments for the first-time.

(i) Definition of Accounting Estimates - Amendments to Ind AS 8

The amendments clarify the distinction between changes in accounting estimates, changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates. The amendments had no impact on the company's financial statements.

(ii) Disclosure of Accounting Policies - Amendments to Ind AS 1

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures. The amendments have had an impact on the company's disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the company's financial statements.

(iii) Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to Ind AS 12

The amendments narrow the scope of the initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences such as leases. The amendments had no impact on the Company's financial statements. Apart from these, consequential amendments and editorials have been made to other Ind AS like Ind AS 101, Ind AS 102, Ind AS 103, Ind AS 107, Ind AS 109, Ind AS 115 and Ind AS 34."

3 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the accompanying disclosures and the disclosure of contingent liabilities as at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements.

i. Revenue from contracts with customers

A significant portion of the Company's business relates to project contracts which is accounted using cost-based input method, recognizing revenue as the performance on the contract progresses. This requires management to make judgement with respect to identifying contracts for which revenue need to be recognised over a period of time, depending upon when the customer consumes the benefit, when the control is passed to customer, whether the asset created has an alternative use and whether the Company has right to payment for performance completed till date, either contractually or legally. The input method requires management to make significant judgements of the extent of progress towards completion including accounting of multiple contracts which need to be combined and considered as a single contract.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

The areas involving critical estimates or judgements are:

a. Estimations used for fair value measurement (Refer note 2.2.d)

b. Estimates and assumptions related to useful lives and impairment of Property, Plant and Equipment (PPE) (Refer note 4)

c. Estimates and assumptions for income taxes (Refer note 6)

d. Estimates and assumptions related to provisions (Refer note 14)

e. Estimates, judgments and assumptions used for revenue from operations (Refer note 15)

f. Estimates and judgements used for contingent liabilities and commitments (Refer note 25)

4 (a) Property, Plant and Equipment

Accounting policy

Property, plant and equipment (PPE) is stated at cost of acquisition or construction net of accumulated depreciation and impairment loss, if any. All significant costs relating to the acquisition and installation of PPE are capitalised. Subsequent costs/replacement costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the Statement of profit and loss during the financial year in which they are incurred.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

Depreciation on PPE is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset.

Gains or losses arising from derecognition of a tangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

The management has estimated, supported by independent assessment by professionals, the useful lives of certain classes of assets. The following useful lives are adopted by the management:

Asset category	Company's estimate of useful life (years)	Useful life as prescribed under Schedule II (years)
Computers and data processing units	3	3 to 6
Plant and equipment	5	15 to 20
Office equipment	5	15
Furniture and fixtures	10	10

Impairment of PPE

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. Impairment losses including impairment on inventory are recognized in the Statement of profit or loss.

For assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the Statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Notes to financial statements for the year ended March 31, 2025

((All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

The Company assesses where climate risks could have a significant impact, such as the introduction of emission-reduction legislation that may increase manufacturing costs. These risks in relation to climate-related matters are included as key assumptions where they materially impact the measure of recoverable amount. These assumptions have been included in the cash-flow forecasts in assessing value-in-use amounts.

The residual values, useful lives and methods of depreciation of PPE are reviewed on a regular basis and changes in estimates, when relevant, are accounted for on a prospective basis.

No trade or other receivable are due from directors or other officers of the company either severally or jointly with any other person. Nor any trade receivable are due from firms or private companies respectively in which any director is a partner, a director or a member. For terms and conditions relating to related party receivables, refer note 26.

The Company has recorded an impairment of receivables relating to amounts owed by related parties as per the policy. The assessment is undertaken each financial year by examining the final contract completion milestones of the related party with the end customer.

Trade receivables are non-interest bearing and are generally on terms of 30-90 days.

5 (b) Expected credit loss (ECL)

Accounting policy

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss and credit risk exposure on the financial assets that are debt instruments measured at amortized costs e.g. loans, deposits, trade receivables, contractual receivables and bank balances. The Company follows 'simplified approach' for recognition of impairment allowance. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment allowance based on 12-month. The Company considers current and anticipated future economic conditions relating to industries of the customer and the countries where it operates.

ECL impairment allowance (or reversal) recognized during the period is recognized as income/expense in the Statement of profit and loss under the head 'other expenses'. ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

The following table summarises the change in impairment allowance measured using the life time expected credit loss model (Pursuant to Ind AS 109):

Estimates and assumptions

The impairment provisions for financial assets are based on assumptions about risk of default, expected loss rates and timing of cash flows. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables for its Indian operations. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed. On that basis, the Company estimates a default rate of 0.2% of total revenue for trade receivables and 0.5% of contract revenue for contract receivables. The Company follows provisioning norms based on ageing of receivables to estimate the ECL provision. For retention receivables, the Company additionally categorizes the receivables due from Public Sector Undertakings (PSUs) and Non-PSUs and follows a wider aged bucket provisioning norm as the performance guarantee tests require certain time period ranging up to 8 and 10 years respectively. Refer note 5 and 12 for details of impairment allowance recognized as at the reporting date.

6 Income taxes

Accounting policy

Tax expense comprises current tax expense and deferred tax.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside the Statement of profit and loss is recognized either in OCI or in equity. Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. The management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside the Statement of profit and loss is recognized outside the Statement of profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Notes to financial statements for the year ended March 31, 2025

((All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

In assessing the recoverability of deferred tax assets, the Company relies on the same forecast assumptions used elsewhere in the financial statements and in other management reports, which, among other things, reflect the potential impact of climate-related development on the business, such as increased cost of production as a result of measures to reduce carbon emission.

The major components of income tax expense for the year ended are:

Statement of profit and loss

	As at March 31, 2025	As at March 31, 2024
Current income tax	16.28	-
Income tax expense reported in the Statement of profit and loss	**16.28**	**-**

7 Other assets

7 (a) Other current assets

	As at March 31, 2025	As at March 31, 2024
Unsecured considered good		
Advances to suppliers	11.54	-
Others Amounts Recoverable	21.31	10.35
Total	**32.85**	**10.35**

There were no advances due by directors or other officers of the company or any of them severally or jointly with any other persons or amounts due by firms or private companies respectively in which a director is a partner or a member.

8 (a) Cash and cash equivalents

Accounting policy

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

	As at March 31, 2025	As at March 31, 2024
Balances with banks		
- in current accounts	41.12	1.25
Total	**41.12**	**1.25**

8 (b) Other bank balances

	As at March 31, 2025	As at March 31, 2024
Deposits with original maturity of more than 3 months but less than 12 months *	114.38	-
Total	**114.38**	**-**

9 Share capital

Accounting policy

Equity shares issued to shareholders are classified as equity. Incremental costs directly attributable to the issue of new equity shares or stock options are recognized as a deduction from equity, net of any related income tax effects.

	As at March 31, 2025	As at March 31, 2024
Authorized shares		
100,000,000 (March 31, 2024 : 100,000,000) Equity Shares of Rs 5 /- each.	5,000.00	5,000.00
	5,000.00	**5,000.00**
Issued, subscribed and fully paid share capital		
20,000,000 (March 31, 2024 : 20,000,000) Equity Shares of Rs 5 /- each.	1,000.00	1,000.00
Total issued, subscribed and fully paid-up share capital	**1,000.00**	**1,000.00**

(a) Reconciliation of the shares outstanding at the beginning and at the end of the period

	No. of shares	Amount

As at April 01, 2023	**20,000,000**	**1,000.00**
Changes during the year	-	-
As at March 31, 2024	**20,000,000**	**1,000.00**
Changes during the year	-	-
As at March 31, 2025	20,000,000	1,000.00

(b) Terms/ rights attached to equity shares

The Company has one class of equity shares having a par value of Rs. 10 per share. Each shareholder is eligible for one vote per share held. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

(c) Equity shares held by holding company/ promoter

	As at March 31, 2025	As at March 31, 2024
Thermax Limited	1,000.00	1,000.00
20,000,000 (March 31, 2024: 20,000,000) equity shares of Rs. 5/- each fully paid		

(d) Details of equity shares held by shareholders holding more than 5% of the aggregate shares in the Company

	As at March 31, 2025	As at March 31, 2024
Thermax Limited*		
%	100.00	100.00
No. of shares (including 6 share held by nominee shareholders)*	20,000,000	20,000,000

*As per the records of the company, including it's register of shareholders/ members and other declaration received from shareholders regarding beneficial interest, the above shareholding represents the legal ownership of shares.

*Includes 6 shares (March 31, 2024: 6 shares) held by nominee shareholders.

(e) There are no buy back of shares/issue of shares for consideration other than cash during the period of five years immediately preceding the reporting date.

10 Other equity

Accounting policy

Dividend to equity shareholders is recognized as a liability in the period in which the dividends are approved by the equity shareholders. Interim dividends that are declared by the Board of Directors without the need for equity shareholders' approvals are recognized as a liability and deducted from shareholders' equity in the year in which the dividends are declared by the Board of directors.

	As at March 31, 2025	As at March 31, 2024

Unearned revenue (note 15) (contract liabilities)	74.09	-
Statutory dues and other liabilities*	20.56	0.29
Total	**94.65**	**0.29**

* mainly includes GST, tax deducted at source, provident fund etc.

14 Provisions

Accounting policy

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Warranty provisions

Provisions for warranty-related costs are recognized when the product is sold or service provided to the customer. Initial recognition is based on historical experience. The initial estimate of warranty related costs is revised annually.

Provision for onerous contracts

A provision for onerous contracts is recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to the Statement of profit and loss in subsequent periods. Past service costs are recognized in the Statement of profit and loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognizes related restructuring costs.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes the following changes in the net defined benefit obligation as an expense in the Statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. The Company presents the leave as a current liability in the balance sheet as it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

Estimates and assumptions

- **Defined benefit plans - gratuity**

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter which is most subjected to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on Indian Assured Lives Mortality (2012-14) Ultimate. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

14 (a) Current provisions

	As at March 31, 2025	As at March 31, 2024
Provision for employee benefits

Provision for warranties	-	-
	-	**-**
Total	**1.31**	**1.22**

15 Revenue from operations

Accounting policy

Revenue from Contracts with customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is recognized when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks. The Company collects goods and services tax on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The specific recognition criteria described below must also be met before revenue is recognized.

The Company has following streams of revenue:

(i) Revenue from Engineering, Procurement and Construction contracts

Engineering, Procurement and Construction contracts are contracts (or a group of contracts secured together) specifically negotiated for the construction of an asset which refers to any project for construction of plants and systems, involving designing, engineering, fabrication, supply, erection (or supervision thereof), commissioning, guaranteeing performance thereof etc., execution of which is spread over different accounting periods. The Company identifies distinct performance obligations in each contract. For most of the project contracts, the customer contracts with the Company to provide a significant service of integrating a complex set of tasks and components into a single project or capability. Hence, the entire contract is accounted for as one performance obligation.

The Company may promise to provide distinct goods or services within a contract, in which case the Company separates the contract into more than one performance obligation. If a contract is separated into more than one performance obligation, the Company allocates the total transaction price to each performance obligation in an amount based on the estimated relative standalone selling prices of the promised goods or services underlying each performance obligation. The Company uses the expected cost plus a margin approach to estimate the standalone selling price of each performance obligation in case of contracts with more than one distinct performance obligations.

The Company assesses for the timing of revenue recognition in case of each distinct performance obligation. The Company first assesses whether the revenue can be recognized over a period of time if any of the following criteria is met:

(a) The customer simultaneously consumes the benefits as the Company performs, or

(b) The customer controls the work-in-progress, or

(c) The Company's performance does not create an asset with alternative use to the Company and the Company has right to payment for performance completed till date

The Company recognizes revenue over time as it performs because of continuous transfer of control to the customer. For all project contracts, this continuous transfer of control to the customer is supported by the fact that the customer typically controls the work in process as evidenced either by contractual termination clauses or by the rights of the Company to payment for work performed to date plus a reasonable profit to deliver products or services that do not have an alternative use.

The Company uses cost-based measure of progress (or input method) for contracts because it best depicts the transfer of control to the customer which occurs as it incurs costs on contracts. Under the cost-based measure of progress, the extent of progress towards completion is measured based on the ratio of costs incurred to date to the total estimated costs at completion of the performance obligation. Revenues, including estimated fees or profits, are recorded proportionally as costs are incurred.

The Company estimates variable consideration amount which it expects to be entitled under the contract and includes it in the transaction price to the extent it is highly probable that a significant reversal of cumulative revenue recognized will not occur and when the uncertainty associated

Notes to financial statements for the year ended March 31, 2025
((All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

with it is subsequently resolved. The estimates of variable consideration and determination of whether to include estimated amounts in the transaction price are based largely on an assessment of the anticipated performance and all information (historical, current and forecasted) that is reasonably available.

Costs associated with bidding for contracts are charged to the Statement of profit and loss when they are incurred. Costs that relate directly to a contract and are incurred in securing the contract are included as part of the contract costs if they can be separately identified and measured reliably and it is probable that the contract will be obtained.

Contract modification, when approved by both the parties to the contract, are considered as modification, if it creates new or changes the existing enforceable rights and obligations. Most of the contract modifications are not distinct from the existing contract due to the significant integration service provided under the contract prior to modifications and are therefore, accounted for as part of the existing contract. The effect of a contract modification is recognized as an adjustment to revenue on a cumulative catch-up basis.

When it becomes probable that the total contract costs will exceed the total contract revenue, the Company recognizes the expected losses from onerous contract as an expense immediately. Penalties for any delay or improper execution of a contract are recognized as a deduction from revenue. In the balance sheet, such provisions are presented on net basis of the contract receivables.

On the balance sheet date, the Company reports the net contract position for each contract as either an asset or a liability. A contract represents an asset where costs incurred plus recognized profits (less recognized losses) exceed progress billings; a contract represents a liability where the opposite is the case.

(ii) Revenue from sale of goods

If the criteria for revenue under over-a-period of time as mentioned above are not met, the company recognizes revenue at point-in-time. The point-in-time is determined when the control of the goods is transferred which is generally determined based on when the significant risk and rewards of ownership are transferred to the customer. Apart from this, the Company also considers its present right of payment, the legal title to the goods, the physical possession and the customer acceptance in determining the point in time where the control has been transferred. The Company provides for warranty provision for general repairs up to 12-24 months on its products sold, in line with the industry practice. A liability is recognized at the time the product is sold. The Company does not provide any extended warranties.

(iii) Revenue from Sale of services

Revenue in respect of operation and maintenance contract, awarded on a standalone basis or included in long term contracts and identified as a separate performance obligation, is recognized as the related services are performed on a time proportion basis under the contracts.

Estimates and assumptions

Constructions contracts

- Provisions for liquidated damages claims (LD's): The Company provides for LD claims where there have been significant contract delays and it is considered probable that the customer will successfully pursue such a claim. This requires an estimate of the amount of LD's payable under a claim which involves a number of management judgements and assumptions regarding the amounts to recognize.
- Project cost to complete estimates: at each reporting date, the Company is required to estimate costs to complete on fixed-price contracts. Estimating costs to complete on such contracts requires the Company to make estimates of future costs to be incurred, based on work to be performed beyond the reporting date. This estimate will impact revenues, cost of sales, work-in-progress, billings in excess of costs and estimated earnings and accrued contract expenses.
- Recognition of contract variations: the Company recognises revenues and margins from contract variations where it is considered probable that they will be awarded by the customer and this requires management to assess the likelihood of such an award being made by reference to customer communications and other forms of documentary evidence.
- Provision for onerous contracts: The Company provides for future losses on long-term contracts where it is considered probable that the contract costs are likely to exceed revenues in future years. Estimating these future losses involves a number of assumptions about the achievement of contract performance targets and the likely levels of future cost escalation over time. Refer note 19 to the financial statements.

Judgements

Revenue recognition on construction contracts

A significant portion of the Company's business relates to construction of assets which are accounted using percentage-of-completion method, recognizing revenue as the performance on the contract progresses. This requires Management to make judgement with respect to identifying contracts which need to be accounted under percentage-of-completion method, depending upon the level of customization and the period of the fulfilment of the performance obligations under the contract. The percentage-of-completion method requires Management to make significant estimates of the extent of progress towards completion including accounting of multiple contracts which need to be combined and considered as a single contract.

(a) Revenue from contracts with customers:

	March 31, 2025	March 31, 2024
Revenue from services	1.94	-
Revenue from projects and products	385.91	-
Total revenue from contracts with customers	**387.85**	**-**

(b) Other operating income

	March 31, 2025	March 31, 2024
Exchange fluctuation gain (net)	0.03	-
Total	**0.03**	**-**
Total revenue from operations	**387.88**	**-**

(c) Disclosure pursuant to Ind AS 115: Revenue from contracts with customers

i) Revenue by category of contracts:

	March 31, 2025	March 31, 2024
Over a period of time basis	385.91	-
At a point-in-time basis	1.94	-
Total revenue from contracts with customer	**387.85**	**-**

Revenue by geographical market:

	March 31, 2025	March 31, 2024
Within India	385.91	-
Outside India	1.94	-
Total revenue from contracts with customer	**387.85**	**-**

ii) Contract balances

Accounting Policy

Contract assets: A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional and are transferred to Trade receivables on completion of milestones and its related invoicing. Contract assets are recorded in balance sheet as unbilled revenue.

Contract assets: A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company satisfies the performance obligation. Contract liabilities are recorded in balance sheet as unearned revenue and Customer advances.

The following table provides information about contract balances from contracts with customers as at the reporting date:

	As at March 31, 2025	As at March 31, 2024
Trade receivables (note 5 (a))	266.13	-
Unbilled revenue (Contract asset) (note 10 (b))	-	-
Unearned revenue (Contract liability) (note 13)	74.09	-

'Contract assets primarily relate to the Company's rights to consideration for work completed but not billed at the reporting date on from projects and customised contracts. The Contract assets are transferred to Trade receivables when the rights become unconditional.

'The Contract liabilities relate to the unearned revenue (excess of billings or invoicing over revenue) and advance consideration received from customers and performance obligations still to be fulfilled as per the contracts. The fulfilment of the performance obligations will extinguish these liabilities and revenue will be recognised, with no impact on the Company's cash position.

iii) Revenue recognised in the reporting period that was included in the contract liability balance at the beginning of the year:

	March 31, 2025	March 31, 2024
Unearned revenue	-	-
Customer advance	-	-

iv) Changes in unbilled revenue and unearned revenue for the year

The explanation of the significant changes in the contract asset and the contract liability balances during the reporting period is presented in the table below

	March 31, 2025	March 31, 2024
Opening unbilled revenue (note 10 (b))	-	19.37
Opening unearned revenue (note 13)	-	61.68
	-	**(42.31)**
- Transfer under scheme of demerger (refer note 37)		42.31
- Transfer of contract assets to receivable from opening unbilled revenue	-	-
- Increase in revenue as a result of changes in the measure of progress from the opening unearned revenue	-	-
- Transfer of contract assets to receivable	(460.00)	-
- Increase in revenue as a result of changes in the measure of progress	385.91	-
- Onerous loss during the period	-	-
- Others*	**-**	**-**
Closing unbilled revenue (note 10 (b))	-	-
Closing unearned revenue (note 13)	**74.09**	**-**

* includes adjustments on account of onerous contracts, impairment allowance for the year etc

Performance obligation in project or a group of projects which are contracted at or near same time and negotiated simultaneously, are combined for the purpose of evaluation. The Company has estimated that multiple commitments pertaining to engineering procurement and commissioning of such projects is as single performance obligation which is spread over different accounting periods.

Performance obligation for products are evaluated on standalone basis, recognised at point in time. Generally, performance obligations for such contracts have an original expected duration of one year or less.

There are no major contracts with customers which have significant financing component included within them and therefore there is no difference between the timing of satisfaction of performance obligation vis a vis the timing of the payment.

Remaining performance obligations

The following table includes revenue expected to be recognised in the future related to performance obligations that are unsatisfied (or partially unsatisfied) at the reporting date.

	March 31, 2025	March 31, 2024
Amount of revenue yet to be recognised for contracts in progress	74.09	-

The Company expects that a significant portion of the remaining performance obligation will be met in next 12-24 months.

The Company applies practical expedient included in para 121 of Ind AS 115 and does not disclose information about its remaining performance obligations for contracts that have an original expected duration of one year or less.

v) Reconciliation between revenue recognised in Statement of profit and loss and contract price

There is no significant variation between revenue recognised in Statement of profit and loss and contract price except price variation claims, which are considered to be part of contract price.

16 Other income

Accounting policy

Interest income

Interest income is recognised when it is probable that the economic benefits will flow to the Company and the amount can be measured reliably. Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

	March 31, 2025	March 31, 2024
Interest income from financial assets at amortized cost	2.62	-
Liabilities no longer required written back	1.71	-
Miscellaneous income	0.20	-
Total	**4.53**	**-**

17 Projects bought outs and components consumed

	March 31, 2025	March 31, 2024
Inventories at the beginning of the year	-	-
Projects bought outs and Components	263.52	-
	263.52	**-**
Inventories at the end of the year	-	-
Total	**263.52**	**-**

Notes to financial statements for the year ended March 31, 2025

((All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

18 Employee benefits expense

	March 31, 2025	March 31, 2024
Salaries and wages	10.06	0.47
Contribution to provident and other funds	0.68	-
Gratuity expense (note 28)	0.15	-
Staff welfare expenses	0.02	-
Total	**10.91**	**0.47**

19 Finance cost

Accounting policy

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

	March 31, 2025	March 31, 2024
Interest expense	0.20	-
Total	**0.20**	**-**

20 Depreciation and amortisation expense

	March 31, 2025	March 31, 2024
Depreciation on property, plant and equipment (note 4)	-	-
Amortisation on other intangible assets (note 4 (b))	-	-
Total	**-**	**-**

21 Other expenses

	March 31, 2025	March 31, 2024
Freight and forwarding charges	6.62	-
Site expenses and contract labour charges	17.74	-
Drawing, design and technical service charges	5.22	-
Rates and taxes	29.43	-
Travelling and conveyance	0.58	-
Legal and professional fees (includes payment to auditors; note 22)	7.25	2.90
Provision for impairment of financial assets (net of reversals)	0.78	-
Miscellaneous expenses (includes printing, communication, postage, security expense, etc.)	13.48	-
Total	**81.10**	**2.90**

22 Payment to auditors

	March 31, 2025	March 31, 2024
As auditor		
Audit fee	2.27	2.90
In other capacity		
Other services (Certification and reimbursement of expenses)	-	-
Total	**2.27**	**2.90**

23 Components of Other Comprehensive Income (OCI)

The disaggregation of changes to OCI by each type of reserve in equity (net of income tax) is shown below:

During the year ended March 31, 2025

	Retained Earnings
Re-measurement (losses)/gains on defined benefit plans	-
Total	**-**

During the year ended March 31, 2024

	Retained Earnings
Re-measurement gains/(losses) on defined benefit plans	0.46
Total	**0.46**

24 Earnings Per Share (EPS)

Accounting policy

The Company presents the basic and diluted EPS data for its equity shares. Basic EPS is computed by dividing the net profit for the year attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by adjusting the net profit for the year attributable to the equity shareholders and the weighted average number of equity shares considered for deriving basic EPS for the effects of all the equity shares that could have been issued upon conversion of all dilutive potential equity shares (which includes the various stock options granted to employees).

The diluted potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (that is the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as at the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all years presented for any share splits and bonus shares issues including for changes effected prior to the authorization for issue of the financial statements by the Board of Directors.

	March 31, 2025	March 31, 2024
Net profit attributable to the equity shareholders of the Company	20.40	(3.37)
Weighted average number of equity shares of Rs.5/- each (Nos.)	20,000,000.00	20,000,000.00
Basic and diluted EPS	0.10	(0.02)

25 Contingent liabilities

Accounting policy

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Judgements

Legal contingencies

The Company has received various orders and notices from tax authorities in respect of direct taxes and indirect taxes. The outcome of these matters may have a material effect on the financial position, results of operations

or cash flows. Management regularly analyzes current information about these matters and provides provisions for probable contingent losses including the estimate of legal expense to resolve the matters. In making the decision regarding the need for loss provisions, management considers the degree of probability of an unfavourable outcome and the ability to make a sufficiently reliable estimate of the amount of loss. The filing of a suit or formal assertion of a claim against the company or the disclosure of any such suit or assertions, does not automatically indicate that a provision of a loss may be appropriate.

a) Taxes

	March 31, 2025	March 31, 2024
Disputed GST and or VAT balances / liabilities		
- Tax	29.97	-
- Interest	24.92	-
- Penalty	3.00	-
Income tax matters	-	-

There are certain laws suits, disputes etc., including commercial matters that arises from time to time in the ordinary course of business for which amounts are not quantifiable by the management. However, based on management's assessment under Ind AS 37 "Provisions, Contingent Liabilities and Contingent Assets", that the claims against the Company are not tenable/ probability of final outcome against the Company is low and therefore not disclosed as Contingent liability.

b) The Company has issued various guarantees for performance, advances etc. The management has considered the probability for outflow of the same to be remote and accordingly no amounts has been disclosed here.

The management has assessed that the carrying amounts of the above financial instruments appoximate their fair values.

28 Financial risk management

The Company's principal financial liabilities comprise trade and other payables and borrowings. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables and cash and cash equivalents that derive directly from its operations. The Company's borrowings and investments are designated as financial liabilities and assets through profit or loss respectively.

Risk is inherent in the Company's activities but it is managed through a process of on going identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Company's continuing profitability and each individual within the Company is accountable for the risk exposures relating to his or her responsibilities. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's Board of Directors is ultimately responsible for the overall risk management approach and for approving the risk strategies and principles. No significant changes were made in the risk management objectives and policies during the years ended March 31, 2025 and March 31, 2024.

I Market risk

Market risk is the risk that the value of an asset will fluctuate as a result of changes in market variables such as interest rates, foreign exchange rates and equity prices, whether those changes are caused by factors specific to the individual investment or its issuer or factors affecting all investments traded in the market.

Market risk is managed on the basis of pre-determined asset allocations across various asset categories, diversification of assets in terms of geographical distribution and industry concentration, a continuous appraisal of market conditions and trends and management's estimate of long and short term changes in fair value.

a Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Other than cash credit facility, the Company does not have any borrowings and hence there is no significant exposure to the risk of changes in market interest rates.

b Foreign currency risk

Foreign exchange risk arises when future commercial transactions and relevant assets and liabilities are denominated in a currency that is not the Company's functional currency. Foreign exchange risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates.

Foreign exchange risk is managed on the basis of limits determined by management and a continuous assessment of current and expected exchange rate movements and entering into derivative contracts (foreign currency forward contracts) that hedge the maximum period of exposure of underlying transactions (i.e. highly probable forecast sales and purchases).

When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency.

c Price risk

The Company is not exposed to such kind of risk.

II Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

Trade receivables

Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets

Financial instruments and bank deposits

Credit risk from balances with banks and mutual funds is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments

The Company's maximum exposure to credit risk for bank balances and deposits as at March 31, 2025 and March 31, 2024 is the carrying amounts as disclosed in Note 8(a) and 8(b).

III Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the

dynamic nature of the underlying businesses, company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

The management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, the Company's liquidity management policy involves projecting future cash flows and considering the level of liquid assets necessary to meet these and monitoring balance sheet liquidity ratios against internal requirements.

The tables below summarises the Company's financial liabilities into relevant maturity profile based on contractual undiscounted payments :

Particulars	Less than 1 year	1 to 3 years	More than 3 years	Total
As at March 31, 2025				
Borrowings	-	-	-	-

29 Key Financial Ratios

The following are analytical ratios for the year ended March 31, 2025 and March 31, 2024:

Particulars	Numerator	Denominator	As at March 31, 2025	As at March 31, 2024	Variance	Reasons for variance
Current ratio	Current assets	Current liabilities	1.04	0.70	0.47	Improvement in current ratio due to positive cash flow in operating activities.
Return on equity ratio	Profit after tax	Average shareholder's equity	1.92	(0.01)	-249.03	Improvement in profit is on account of execution of EMS project.
Debtors turnover ratio	Revenue from operations	Average trade receivables	1.46	-	1.00	
Trade payables turnover ratio	Total supplier purchases*#	Average trade payables	1.29	-	1.00	
Net capital turnover ratio	Revenue from operations	Working capital **	25.06	-	1.00	
Net profit ratio	Profit after tax	Revenue from operations	0.05	-	1.00	
Return on capital employed (ROCE)	Profit before tax + finance cost	Capital employed ***	1.33	0.69	0.92	Improvement in profit is on account of execution of EMS project.
Return on investment (ROI)	Profit after tax	Shareholder's equity	1.31	0.69	0.90	Improvement in profit is on account of execution of EMS project.

Explanations:
** Total current assets - Total current liabilities
*** Total equity
#Projects bought outs and components consumed + Purchase of traded goods + (Increase) / decrease in inventories
*#Projects bought outs and components consumed + Purchase of traded goods + Other expenses - Provision for impairment allowance of financial asset (net) -Warranty expenses (net)

Notes to financial statements for the year ended March 31, 2025
((All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

30 Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value. The Company manages its capital structure and makes adjustments in light of changes in economic conditions. No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2024 and March 31, 2025.

	As at March 31, 2025	As at March 31, 2024
Trade payables	274.86	2.61
Less: Cash and cash equivalents	(155.50)	(1.25)
Net (surplus) / debt	**119.36**	**1.36**
Equity	15.52	(4.88)
Capital and net debt	**103.84**	**6.24**

31 Other Statutory Information

(i) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.

(ii) The Company do not have any transactions with companies struck off.

(iii) The Company does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period

(iv) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

(v) The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries

(vi) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries,

(vii) The Company has not made any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

32 Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As on March 31, 2025, MCA has not amended the Companies (Indian Accounting Standards) Amendment Rules, 2023 and hence reporting under this section is not applicable.

33 Compliance with section 143(3) for audit trail

The Company uses various accounting applications for maintaining their books of account. Out of these applications, the Company has made an assessment to identify the accounting software that are required to comply with requirements regarding audit trail (edit log) facility and allied requirements.

As per the above assessment, the Company uses a accounting software for maintaining its books of account which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that audit trail feature is not enabled for certain transactions including master data and direct changes to data using certain privileged access rights for the application and/or the underlying database. Further no instance of audit trail feature being tampered with was noted in respect of accounting software wherever these elements are enabled.

The Company is in the process of assessing the above and will take appropriate measures to comply with the regulations.

DIRECTORS' REPORT

Dear Shareholders,

Your directors take pleasure to present the Fifteenth Annual Report, together with the audited financial statements of your company for the year ended March 31, 2025.

FINANCIAL RESULTS

(Rs.in crore)

Particulars	2024-25	2023-24
Total income	**2409.01**	2,304.33
Profit/(Loss) before exceptional items and tax	**303.05**	180.78
Exceptional items	**-**	-
Profit /(Loss) before tax	**303.05**	180.78
Current Tax	**73.90**	33.33
Deferred tax	**3.48**	15.09
Profit/ (Loss) for the year	**225.67**	132.36

STATE OF COMPANAY'S AFFAIRS

During the year, your company focused on expanding its portfolio of green and energy-efficient offerings by advancing Waste to Energy, Waste Heat Recovery, and Revamp-Retrofit solutions. These efforts, anchored on the expansion of existing product lines, have further strengthened your company's position as a provider of sustainable solutions, supporting customers in meeting their energy demands and sustainability goals.

Your company secured orders for large capacity Circulating Fluidized Bed Combustion (CFBC), Modular Oil and Gas, Biomass Fired and Waste heat recovery solutions (from the cement and steel sector) along with retrofit projects.

Through sustained focus on execution, operational excellence and working capital management, your company reinforced its commitment to customer satisfaction, operational efficiency and sound financial management.

AMOUNTS TRANSFERRED TO RESERVES

During the year amount of Rs. 52.70 crore was transferred from retained earnings to capital redemption reserve on account of redemption of Preference shares.

DIVIDEND

The Board of Directors have recommended a dividend of Rs. 2.25/- (22.5%) per equity share of face value of Rs. 10/- each for the year ended March 31, 2025. The dividend is subject to the approval of shareholders at the ensuing Annual General Meeting (AGM).

MATERIAL CHANGES AND COMMITMENTS

No material changes and commitments affecting the financial position of the Company occurred between the end of the financial year to which this financial statement relates and the date of this report.

CHANGES IN SHARE CAPITAL, IF ANY

The company redeemed preference shares on July 18, 2024 and thus there was a change in paid up share capital.

DETAILS OF SUBSIDIARY, JOINT VENTURE OR ASSOCIATE COMPANIES

The Company does not have any Subsidiary, Joint Venture or Associate Company.

DEPOSITS

The company has not accepted any deposits under Chapter V of the Companies Act, 2013.

PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

Details of Loans, Guarantees and Investments covered under the provisions of section 186 of the Companies Act, 2013 are given in the Financial Statements.

VIGIL MECHANISM / WHISTLE BLOWER POLICY

The company has constituted the Audit & Risk Management Committee in accordance with the provisions of the Companies Act, 2013 and thus direct access to the Chairperson of the Audit & Risk Management Committee in exceptional or appropriate cases would be provided in the said mechanism.

EMPLOYEE STRENGTH

The total number of permanent staff and workmen as on March 31, 2025 was 1,099.

PARTICULARS OF EMPLOYEES

The information required pursuant to Section 197 read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, duly amended, in respect of employees of the company, will be provided upon request. In terms of Section 136 of the Act, the Annual Report excluding the aforesaid information is being sent to all the members and others entitled to receive it.

Any shareholder interested in obtaining such particulars may write to the company secretary. The information is also available for inspection at the corporate office during working hours up to the date of the Annual General Meeting.

ENERGY CONSERVATION, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

The information on the conservation of energy, technology absorption and foreign exchange earnings and outgo stipulated under Section 134(3)(m) of the Companies Act, 2013, read with Rule 8 of the Companies (Accounts) Rules, 2014, is provided as Annexure 1.

BUSINESS RISK MANAGEMENT

The company has instituted proven and established best practices for risk management, adopted from its holding company. It utilizes a structured and documented project risk and opportunity management system to review bids for new business. Risk management and mitigation is an integral part of this process. It also tracks and manages identified risks through periodic reviews during project execution.

ADEQUACY OF INTERNAL FINANCIAL CONTROLS

Internal audit observations and recommendations are presented to the audit & risk management committee for implementation of improvements/ modification of controls, as needed.

The internal control systems are adequate and commensurate with the nature and size of the business.

There are no findings which have significantly impacted the financial reporting.

SECRETARIAL STANDARDS

The Company has complied with the Secretarial standards issued by the Institute of Company Secretaries of India.

INTERNAL AUDIT

The internal audit at Thermax Group is carried out by the in-house Internal Audit Department with co-sourcing support. For scope determination, planning the audit and conducting reviews, the Internal audit department has been consistently following an audit cycle of July to June every year, which ensures review of transactions included in financial year April to March. The internal audit is risk based with a focus on controls for management of risks. The Directors consider this approach to meet the desired purpose of Internal Audit.

BOARD EVALUATION

The Board has put in place a mechanism for evaluation of its own performances and individual Directors. The evaluation of the Board was conducted based on the evaluation parameters such as Board composition and structure, effectiveness of the Board, participation at meetings, domain knowledge, and awareness etc.

DIRECTORS AND KEY MANAGERIAL PERSONNEL

Directors

Mr. Ravinder Advani and Mr. Nawshir Mirza have ceased to be Directors of the Company w.e.f. April 24, 2024 and July 22, 2024 respectively.

As per the provisions of the Companies Act, 2013 and the company's Articles of Association, Mr. Pravin Karve and Mr. Ashish Bhandari retire by rotation and being eligible offers themselves for re-appointment as directors.

Key Managerial Personnel (KMP)

Mr. Bhavesh Chheda, Chief Financial Officer (CFO) of the Company has tendered resignation w.e.f March 31, 2025. Mr. Sandeep Deshpande was appointed as the CFO and KMP of the Company w.e.f May 7, 2025.

Thermax Babcock & Wilcox Energy Solutions Limited

ANNEXURE 3 TO THE DIRECTORS' REPORT

SECRETARIAL AUDIT REPORT
For the Financial Year Ended March 31, 2025
[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
THERMAX BABCOCK & WILCOX ENERGY SOLUTIONS LIMITED
Dhanraj Mahal, 2nd Floor,
Chhatrapati Shivaji Maharaj Marg,
Near Regal Cinema,
Colaba Mumbai MH 400039

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Thermax Babcock & Wilcox Energy Solutions Limited** (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2025 (Audit Period) complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2025 according to the provisions of:

(i) The Companies Act, 2013 (the Act) and the rules made thereunder;

(ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder; **(not applicable to the Company during the Audit period)**

(iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder; **(not applicable to the Company during the Audit period)**

(iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Overseas Direct Investment; (**(not applicable to the Company during the Audit period)**

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):- **(Following sub-clauses (a) to (h) are not applicable to the Company during the Audit period as Company continues to be a Unlisted Public Company in its Articles under Section 2(71) of the Act)**

a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;

d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2021;

e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;

f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 and

h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018.

(vi) Following important specific laws applicable to the Company, as confirmed by the Company were substantially complied with:

a. The Boilers Act, 1923
b. The Environment (Protection) Act, 1986
c. The Contract Labour (Regulation and Abolition), Act 1970

I have also examined compliance with applicable clauses of the following:

(i) Secretarial Standards (SS.1 relating to meetings of Board of Directors & SS.2 relating to General Meetings) issued by the Institute of Company Secretaries of India.

(ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; ***(Not applicable to the Company during the Audit Period)***

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors and Non-Executive Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings and Committee Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, except when meetings were called at shorter notice as permitted u/s. 173(3) of the Act and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of Board of Directors or Committee of Board as the case maybe.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period:

- Mr. Ravinder Advani (DIN: 01677195), Director of the Company resigned w.e.f. 24th April, 2024.
- Mr. Nawshir Mirza (DIN: 00044816), Director of the Company resigned w.e.f. 22nd July, 2024.
- At the Annual General meeting held on 30th July, 2024, Mr. Rajesh Bukinkere Channakeshaviah (DIN: 10486449) was regularized as Director of the Company and was appointed as Whole Time Director of the Company w.e.f. 6th February, 2024.
- The Company at Annual General meeting held on 30th July 2024, Mr. Shyamak R. Tata (DIN: 07297729) was regularized as Director of the Company.
- The Company has approved of payment of dividend on Preference shares and redemption of 52,700,000 8% Cumulative Redeemable Preference shares (RPS) of Rs. 10 each by passing circular resolution on 18th July, 2024.
- The Company at Extra Ordinary General meeting held on 8th May 2024, passed a special resolution to increase the limit under section 186 upto Rs.1000 Cr.

Thermax Babcock & Wilcox Energy Solutions Limited

Independent Auditor's Report

To the Members of Thermax Babcock & Wilcox Energy Solutions Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Thermax Babcock & Wilcox Energy Solutions Limited ("the Company"), which comprise the Balance sheet as at March 31, 2025, the Statement of Profit and Loss, including the Statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of Matter

We draw attention to note 28 to the financial statements relating to the demand orders on the

Holding Company, Thermax Limited, for Rs. 1,238.85 crores by the Commissioner of Central Excise, Pune pertaining to the Boiler & Heater business transferred to the Company during the earlier years from the Holding Company. The department had filed an appeal before the Supreme Court, pending outcome of which, no provision has been considered necessary. Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Director's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, we report to the extent applicable, that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for the matters stated in the paragraph 2(j)(vi) below on reporting under Rule 11(g);

   (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

   (d) The matter against the Company described in the 'Emphasis of Matter' paragraph above, in our opinion, may have an adverse effect on the functioning of the Company;

   (e) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended, specified under section 133 of the Act;

   (f) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;

   (g) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 2 (j) (vi) below on reporting under Rule 11(g);

   (h) With respect to the adequacy of the internal financial controls with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this Report;

   (i) In our opinion, the managerial remuneration for the year ended March 31, 2025 has been paid/ provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;

   (j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 28 to the financial statements;

      ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 18(b) to the financial statements;

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

      iv. a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

      b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

      c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

      v. a) The preference share dividend declared and paid by the Company during the year and until the date of this audit report is in accordance with section 123 of the Act;

      b) As stated in note 14(b) to the financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend; and

      vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that, audit trail feature is not enabled for master data and direct changes to data when using certain access rights, as described in Note 36(b) of the financial statements. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail of relevant prior year has been preserved by the company as per the statutory requirements for record retention, to the extent it was enabled and recorded in those respective years, as stated in Note 36(b) to the financial statements.

Thermax Babcock & Wilcox Energy Solutions Limited

Annexure 1 referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date

Re: Thermax Babcock & Wilcox Energy Solutions Limited ("the Company")

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) All Property, Plant and Equipment have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.

(c) The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company.

(d) The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year ended March 31, 2025.

(e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transaction Act, 1988 and rules made thereunder.

ii. (a) The inventory has been physically verified by the management during the year except for inventories lying with third parties. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure for such verification is appropriate. Inventories lying with third parties have been confirmed by them as at March 31, 2025 and no discrepancies were noticed. Discrepancies of 10% or more in aggregate for each class of inventory were not noticed in respect of such physical verification and confirmations.

(b) As disclosed in note 15 to the financial statements, the Company has been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks during the year on the basis of security of current assets of the Company. Based on the records examined by us in the normal course of audit of the financial statements, the quarterly returns/statements filed by the Company with such banks are in agreement with the unaudited books of accounts of the Company. The Company does not have sanctioned working capital limits in excess of Rs. five crores in aggregate from financial institutions during the year on the basis of security of current assets of the Company.

iii. (a) During the year, the Company has provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, Limited Liability Partnerships or any other parties as follows:

(Rs. Crores)

	Guarantees	Security	Loans	Advances in nature of loans
Aggregate amount granted / provided during the year (a) Holding Company (b) Others	-	-	345.00 0.71	-
Balances outstanding as at the balance sheet date in respect of above cases (a) Holding Company (b) Others	-	-	- 1.33	-

(b) During the year the investments made, guarantees provided, security given and the terms and conditions of the grant of all loans and advances in the nature of loans, investments and guarantees to companies, firms, Limited Liability Partnerships or any other parties are not prejudicial to the Company's interest.

(c) The Company has granted loans during the year to companies, firms, Limited Liability Partnerships or any other parties where the schedule of repayment of principal and payment of interest has been stipulated and the repayment or receipts are regular.

(d) There are no amounts of loans and advances in the nature of loans granted to companies, firms, limited liability partnerships or any other parties which are overdue for more than ninety days.

(e) There were no loans or advance in the nature of loan granted to companies, firms, Limited Liability Partnerships or any other parties which was fallen due during the year, that have been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

(f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.

(iv) There are no loans, guarantees, and security in respect of which provisions of sections 185 of the Act are applicable. and hence not commented upon. Loans, investments, guarantees and security in respect of which provisions of sections 186 of the Act are applicable have been complied with by the Company.

(v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.

(vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act, related to the manufacture of 'other machinery', and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.

(vii) (a) Undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, duty of custom, cess and other statutory dues have generally been regularly deposited with the appropriate authorities though there have been a slight delay in a few cases. The provisions relating to sales tax, service tax and value added tax are not applicable to the Company.

According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

(b) The dues of goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess, and other statutory dues have not been deposited on account of any dispute, are as follows:

Name of the statute	Nature of the dues	Amount (Rs in Crore) ^	Period to which the amount relates	Forum where the dispute is pending
The Central Excise Act, 1944	Excise duty	1238.85	FY 2000-01 to FY 2017-18	Supreme Court
Income Tax Act, 1961	Income tax	4.97	AY 2011-12, AY 2012-13 and AY 2017-18	Appellate tribunal (Mumbai, Maharashtra)
		111.17	AY 2013-14 to AY 2016-17, AY 2021-22 and AY 2023-24	Appellate tribunal up to Commissioner of Income Tax (Appeals) (Mumbai, Maharashtra)

Central Sales Tax and Local Sales tax	Sales tax and Value Added Tax	2.90	FY 2007-08, 2009-10 to 2017-18	Appellate Tribunal (Maharashtra)
		1.32	FY 2006-07, 2014-15 and FY 2015-16	Appellate Authority upto Commissioner Level (Maharashtra and Gujarat)
The Indian Custom Act 1962	Custom duty	10.01	FY 2006-07	Appellate Tribunal, Mumbai
		0.61	FY 2017-18, FY 2018-19	Commissioner of customs (Appeal), Maharashtra
Goods and Services Tax Act, 2017	Goods and Services Tax	28.13	FY 2019-20 and FY 2020-21	Appellate Authority upto Commissioner Level (Maharashtra and Uttar Pradesh)
	Refund of Goods and Services Tax	Nil (net of input tax credit utilized Rs 0.41)	FY 2018-19	Commissioner of Central Tax (Appeals), Maharashtra

^excluding interest and penalty thereon

(viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.

(b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.

(c) The Company did not have any term loans outstanding during the year hence, the requirement to report on clause (3)(ix)(c) of the Order is not applicable to the Company.

(d) The Company did not raise any funds during the year hence, the requirement to report on clause (ix)(d) of the Order is not applicable to the Company.

(e) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(e) of the Order is not applicable to the Company.

(f) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) The Company has not raised any money during the year by way of initial public offer / further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.

(b) The Company has not made any preferential allotment or private placement of shares /fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) No fraud by the Company or no material fraud on the Company has been noticed or reported during the year.

(b) During the year, no report under sub-section (12) of section 143 of the Act has been filed by cost auditor, secretarial auditor or by us in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of audit procedures.

(xii) The Company is not a nidhi Company as per the provisions of the Act. Therefore, the requirement to report on clauses 3(xii)(a) to (c) of the Order is not applicable to the Company.

(xiii) Transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.

(xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.

(b) The Company follows a July to June internal audit cycle and accordingly the internal audit reports of the Company for the period under audit and issued till the date of our audit report, have been considered by us. As informed to us, the internal audit for remaining areas / scope is expected to be completed post issue of our audit report on these financial statements.

(xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) The Company is not engaged in any Non-Banking Financial or Housing Finance activities. Accordingly, the requirement to report on clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi)(c) of the Order is not applicable to the Company.

(d) The Group has one Core Investment Company as part of the Group.

(xvii) The Company has not incurred cash losses in the current and preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.

(xix) On the basis of the financial ratios disclosed in note 33 to the financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Act, in compliance with second proviso to sub section 5 of section 135 of the Act. This matter has been disclosed in note 26(c) to the financial statements.

(b) There are no unspent amounts in respect of ongoing projects, that are required to be transferred to a special account in compliance of provision of sub section (6) of section 135 of the Act. This matter has been disclosed in note 26(c) to the financial statements.

(xxi) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on Clause 3(xxi) of the Order is not applicable to the Company.

Annexure 2 as referred to in Paragraph 2(h) under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Thermax Babcock & Wilcox Energy Solutions Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these financial statements.

Meaning of Internal Financial Controls With Reference to these Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Crore, except per share data and unless stated otherwise)

1. Corporate information

Thermax Babcock & Wilcox Energy Solutions Limited (the "Company") is a Company domiciled in India. The Company is engaged in designing, engineering, fabrication, supply, erection, operations and maintenance services, commissioning of subcritical and supercritical boilers. The Company caters to both domestic and international markets. The address of its registered office is Dhanraj Mahal, 2nd Floor, Chhatrapati Shivaji Maharaj Marg, Near Regal Cinema, Colaba, Mumbai 400039, India. These financial statements are authorized for issue by the Board of Directors on May 07, 2025. The CIN of the Company is U29253MH2010PLC204890.

2 Material Accounting Policies

2.1 Basis of preparation and measurement

(a) Basis of preparation

These financials statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, ("the Act") (Ind AS compliant schedule III) as applicable to the financial statements.

The preparation of the financial statements requires the use of certain critical accounting judgements, estimates and assumption. It also requires the management to exercise judgment in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in the note 3

(b) Basis of measurement

The financial statements have been prepared on the accrual and going concern basis under historical cost convention except the following:

- Derivative financial instruments;
- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments) and
- Defined benefit plans whereby the plan assets are measured at fair value.

2.2 Changes in accounting policies and disclosures

The Company applied for the first-time certain standards and amendments, which are effective for annual periods beginning on or after April 1, 2024. The Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

(a) Ind AS 117 Insurance Contracts

The Ministry of Corporate Affairs (MCA) notified the Ind AS 117, Insurance Contracts, vide notification dated August 12, 2024, under the Companies (Indian Accounting Standards) Amendment Rules, 2024, which is effective from annual reporting periods beginning on or after April 1, 2024.

Ind AS 117 Insurance Contracts is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Ind AS 117 replaces Ind AS 104 Insurance Contracts. Ind AS 117 applies to all types of insurance contracts, regardless of the type of entities that issue them as well as to certain guarantees and financial instruments with discretionary participation features; a few scope exceptions will apply. Ind AS 117 is based on a general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

The application of Ind AS 117 does not have material impact on the Company's financial statements as the Company has not entered any contracts in the nature of insurance contracts covered under Ind AS 117.

(b) Amendments to Ind AS 116 Leases

- Lease Liability in a Sale and Leaseback

The MCA notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024, which amend Ind AS 116, Leases, with respect to Lease Liability in a Sale and Leaseback.

The amendment specifies the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains.

The amendment is effective for annual reporting periods beginning on or after April 1, 2024 and must be applied retrospectively to sale and leaseback transactions entered into after the date of initial application of Ind AS 116. The amendments do not have a material impact on the Company's financial statements.

2.3 Summary of material accounting policies

(a) Current and non-current classification

All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of products and services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

(b) Foreign currencies

The Company's financial statements are prepared in INR, which is the also functional currency of the Company.

Transactions and balances

Transactions in foreign currencies are initially recorded at the functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in the Statement of profit and loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

(c) Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for significant judgments, estimates and assumptions (Note 3)
- Quantitative disclosures of fair value measurement hierarchy (Note 31)
- Financial instruments (including those carried at amortised cost) (Note 31)

(d) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Profit and Loss, transactions costs that are attributable to the acquisition of the financial asset. For all subsequent measurements financial assets are classified in following categories by the Company:

(i) Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

(a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

(b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. The EIR amortisation is included in finance costs/income in the Statement of profit and loss. The losses arising from impairment are recognized in the Statement of profit and loss.

(ii) Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortised cost or as FVTOCI is classified as FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of profit and loss.

Derecognition of financial asset

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss and credit risk exposure on the financial assets that are debt instruments measured at amortised costs e.g. loans, deposits, trade receivables, contractual receivables and bank balances. The Company follows 'simplified approach' for recognition of impairment allowance. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment allowance based on 12-month ECL. The Company considers current and anticipated future economic conditions relating to industries of the customer and the countries where it operates.

ECL impairment allowance (or reversal) recognized during the period is recognized as income/expense in the Statement of profit and loss under the head 'other expenses'. ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

(e) Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement of financial liabilities depends on their classification as fair value through profit and loss or at amortised cost.

All changes in fair value of financial liabilities classified as FVTPL is recognized in the Statement of Profit and Loss. Amortised cost category is applicable to loans and borrowings, trade and other payables. After initial recognition, the financial liabilities are measured at amortised cost using the EIR method. Gains and losses are recognized in profit and loss when the liabilities are derecognized as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or cost that are integral part on EIR. The EIR amortisation is included as finance cost in the Statement of Profit and Loss.

Derecognition of financial liability

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires when an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(f) Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement

The Company uses derivative financial instruments, such as forward

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Crore, except per share data and unless stated otherwise)

currency contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to the Statement of profit and loss, except for the effective portion of cash flow hedges, which is recognized in OCI and later reclassified to profit or loss when the hedge item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability.

For the purpose of hedge accounting, hedges are classified as:

- Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognized asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognized firm commitment

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Company's risk management objective and strategy for undertaking hedge, the hedging/ economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk.

Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Hedges that meet the strict criteria for hedge accounting are accounted for, as cash flow hedge.

The effective portion of the gain or loss on the hedging instrument is recognized in OCI in the cash flow hedge reserve, while any ineffective portion is recognized immediately in the Statement of profit and loss. The Company uses forward currency contracts as hedges of its exposure to foreign currency risk in forecast transactions and firm commitments. The ineffective portion relating to foreign currency contracts is recognized in statement of profit and loss.

Amounts recognized in OCI are transferred to the Statement of profit and loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognized or when a forecast sale occurs. When the hedged item is the cost of a non-financial asset or non-financial liability, the amounts recognized in OCI are transferred to the initial carrying amount of the non-financial asset or liability. If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognized in OCI remains separately in equity until the forecast transaction occurs or the foreign currency firm commitment is met.

3 Significant accounting judgments, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the accompanying disclosures and the disclosure of contingent liabilities as at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

3.1 Judgments

In the process of applying the Company's accounting policies, management has made the judgments, which have the most significant effect on the amounts recognized in the financial statements

3.2 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

The areas involving estimates or judgements are:

Estimates and assumptions:

a. Impairment of Property, plant and equipment and Intangible assets (Refer note 4(e))

b. Useful lives of Property, plant and equipment and Intangible assets (Refer note 4)

c. Fair value measurement of unquoted financial instruments (Refer note 5 and 31)

d. Impairment of financial assets (Refer note 6 (c))

e. Recoverability of Deferred tax assets (Refer note 9)

f. Revenue from Contracts with Customers (Refer note 20)-

   (i) Provisions for liquidated damages claims (LDs)

   (ii) Project cost to complete estimates

   (iii) Recognition of contract variations

g. Defined benefits plan - gratuity (Refer note 24 (d))

h. Warranty provisions (Refer note 18)

Judgements:

a. Revenue recognition from contracts with customers (Refer note 20)
b. Contingencies relating to tax and legal matters (Refer note 28)
c. Segment reporting (Refer note 30)

4 (a) Property, plant and equipment

Accounting policy

Property, Plant and Equipment (PPE) are stated at cost of acquisition or construction net of accumulated depreciation and impairment loss, if any all significant costs relating to the acquisition and installation of property plant and equipment are capitalised. Subsequent costs/replacement costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the Statement of profit and loss during the financial year in which they are incurred. The carrying amount of an item property, plant and equipment shall be derecognized on disposal or when no future economic benefits are expected from its use or disposal.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

Depreciation on PPE is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management. The identified components are depreciated separately over their useful lives;

the remaining components are depreciated over the life of the principal asset.

The management has estimated, supported by independent assessment by professionals, the useful lives of certain classes of assets. The following useful lives are adopted by the management:

Asset category	Company's estimate of useful life (years)	Useful life as prescribed under Schedule II (years)
Factory buildings	28 to 30	30
Other buildings	58	60
Roads	5 to 30	5 to 10
Office Equipment	15	15
Plant and equipment	5 to 25	15 to 20
Furniture and fixtures	15	10
Computers	4 to 6	3 to 6
Vehicles	8 to 10	8

Estimates and assumptions:

The Company determines, based on independent technical assessment, the estimated useful lives of its property, plant and equipment and intangible assets for calculating depreciation and amortisation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. Management reviews the residual value and useful lives annually and future depreciation and amortisation charge would be adjusted where the management believes the useful lives differ from previous estimates.

The Company recognises capital work in progress at cost, net of accumulated impairment loss, if any.

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Crore, except per share data and unless stated otherwise)

The ageing details for capital work in progress (CWIP) are as follows:

CWIP	Amount in CWIP for a period of				Total
	Less than 1 year	1-2 years	2-3 years	More than 3 years	
As at March 31, 2025					
Project in progress	1.10	-	-	-	1.10
As at March 31, 2024					
Project in progress	2.72	-	-	-	2.72

For CWIP, there are no projects whose completion date is overdue or exceeded its cost as compared to its original plan for the year ended and as at March 31, 2025 and March 31, 2024.

4 (b) Right of use assets

Accounting policy

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Particulars	Leasehold land
Gross carrying amount as at April 1, 2023	**47.90**
Additions	-
Disposals/ Transfers/ Adjustment	-
Gross carrying amount as at March 31, 2024	**47.90**
Additions	-

Accumulated depreciation as at April 1, 2023	**4.71**
Charge for the year	0.72
Disposals/ Transfers/ Adjustments	-
Accumulated depreciation as at March 31, 2024	**5.43**
Charge for the year	0.72
Disposals/ Transfers/ Adjustments	-
Accumulated depreciation as at March 31, 2025	**6.15**
Net Block as at March 31, 2025	**41.75**
Net Block as at March 31, 2024	**42.47**

The Company has taken certain assets on lease which have been accounted in accordance with Ind AS 116, "Leases". Refer note 28B(b)(i) for further disclosure on leases.
Subsequent to the change in the status of the Company from Private Limited to Public Limited, the Company has applied for change in the name in the lease agreements which are pending before respective authorities.

4 (c) Intangible assets

Accounting policy

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognized in the Statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

A summary of amortisation rates applied to the Company's intangible assets is as below:

Asset category	Life (years)
Technical know how	10
Computer software	3 to 5

Particulars	Computer Software	Technical know-how	Total	Intangible assets under development
Gross carrying amount as at April 1, 2023	**15.30**	**32.97**	**48.27**	**-**
Additions	-	-	-	1.06

Accumulated depreciation as at March 31, 2025	**9.12**	**28.00**	**37.12**	**-**
Net Block as at March 31, 2025	**1.09**	**4.97**	**6.06**	**-**
Net Block as at March 31, 2024	**0.18**	**5.80**	**5.98**	**1.06**

The ageing details for intangible assets under development are as follows:

Intangible assets under development	Amount in Intangible assets under development for a period of				Total
	Less than 1 year	1-2 years	2-3 years	More than 3 years	
As at March 31, 2025					
Project in progress	-	-	-	-	-
As at March 31, 2024					
Project in progress	1.06	-	-	-	1.06

For intangible assets under development, there are no projects whose completion date is overdue or exceeded its cost as compared to its original plan as at March 31, 2025 and March 31, 2024.

4 (d) Depreciation and amortisation expense

	Year ended March 31, 2025	Year ended March 31, 2024
Depreciation of property, plant and equipment (note 4 (a))	16.78	37.19
Depreciation of Right of Use Assets (note 4 (b))	0.72	0.72
Amortisation of Intangible assets (note 4 (c))	1.19	1.05
Total	**18.69**	**38.96**

4 (e) Impairment of PPE & intangible assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. For assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the assets or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been change in the assumptions used to determine the assets recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the Statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Impairment exists when the carrying value of an asset of cash generating unit (CGU) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a Discounted Cash Flow (DCF) model. The cash flow are derived from the budget for the next five years as approved by the Management and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested are recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the terminal growth rate used.

5 Investments

(a) Non Current Investments

	As at March 31, 2025	As at March 31, 2024
Investments at Fair value through Profit and Loss:		
Investments in Mutual Funds (quoted)	32.29	-
Investment in First Energy Nine Private Limited [7,20,000 (March 31, 2024: Nil) equity shares of Rs 10 each]* (unquoted)	0.72	-

Total							**525.52**

The above ageing includes retention receivables which are classified as due or not due on the basis of the contractual terms with respective customers.

(c) Expected Credit Loss (ECL)

Accounting Policy

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss and credit risk exposure on the financial assets that are debt instruments measured at amortised costs e.g. loans, deposits, trade receivables, contractual receivables and bank balances. The Company follows 'simplified approach' for recognition of impairment allowance. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment allowance based on 12-month ECL. The Company considers current and anticipated future economic conditions relating to industries of the customer and the countries where it operates.

ECL impairment allowance (or reversal) recognized during the period is recognized as income/expense in the Statement of profit and loss under the head 'other expenses'. ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

Estimates and judgements

The impairment provisions for financial assets are based on assumptions about risk of default, expected loss rates and timing of cash flows. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

As a practical expedient, the Company uses a provision matrix to determine ECL impairment allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. On that basis, the Company estimates a default rate of total revenue for trade receivables and contract revenue for contract assets. The Company follows provisioning norms based on ageing of receivables to estimate the impairment allowance under ECL. For retention receivables, the Company additionally categorizes the receivables due from Public Sector Undertakings (PSUs) and Non-PSUs and follows a wider aged bucket provisioning norms as the performance guarantee tests require certain time period after the supplies are completed. Refer note 6 and 8(b) for details of impairment allowance recognized at the reporting date.

The following table summarises the change in provision for impairment allowance measured using the life time expected credit loss model (pursuant to IND AS 109):

	Provision for trade receivables		Provision on contract assets	
	As at March 31, 2025	As at March 31, 2024	As at March 31, 2025	As at March 31, 2024
At the beginning of the year	99.51	126.55	10.17	10.21
Provision made during the year	28.27	30.75	4.02	-
Utilized/reversed during the year	(37.30)	(57.79)	-	(0.04)
At the end of the year	**90.48**	**99.51**	**14.19**	**10.17**
Current	90.48	97.23	11.38	10.17
Non Current	-	2.28	2.81	-
Total	**90.48**	**99.51**	**14.19**	**10.17**

7 Loans at amortised cost

(a) Non-current loans

	As at March 31, 2025	As at March 31, 2024
Unsecured, considered good		
Loans to employees	0.98	0.81
Total	**0.98**	**0.81**

(b) Current loans

	As at March 31, 2025	As at March 31, 2024
Unsecured, considered good		
At amortised cost		
Loans to related parties (note 29)	-	-
Loans to employees	0.35	0.39
Total	**0.35**	**0.39**

Loans are various kinds of non-derivative financial assets. The carrying value may be affected by the changes in the credit risk of the counterparties. The tenure of such loans has different time range based on employee's eligibility.

No loans are due from directors or Key Managerial Personnel of the Company either severally or jointly with any other person or from private companies or firms in which any director is a partner, a director or a member respectively.

For terms and conditions relating to loans given to related parties, refer note 29.

8 Financial assets

Accounting Policy

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration and are transferred to trade receivable on completion of milestones and its related invoicing. Contract assets are recorded in balance sheet as unbilled revenue.

Government grants

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

When the grant relates to an asset, it is recognized as income in equal amounts over the expected useful life of the related asset.

The Company accounts for export incentives for export of goods if the entitlements can be estimated with reasonable accuracy and conditions precedent to claim is fulfilled.

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Crore, except per share data and unless stated otherwise)

(a) Other non current assets

	As at March 31, 2025	As at March 31, 2024
At amortised cost		
Bank deposits with remaining maturity of more than 12 months	245.36	35.01
Unbilled revenue (Contract assets)^	10.76	13.57
Security deposits #	3.12	2.86
Packaged Scheme of Incentive (PSI)*	43.52	-
Total	**302.76**	**51.44**

^Unbilled revenue is disclosed net of provision for impairment allowance of Rs.2.81 (March 31, 2024 : Rs. Nil) for contract assets.

includes rent deposits, deposits with MIDC, MSEB, etc.

(b) Other assets

	As at March 31, 2025	As at March 31, 2024
Derivative instruments at fair value through OCI		
Cash flow hedges		
Foreign exchange forward contracts	3.30	0.36
Derivative instruments at fair value through profit or loss		
Derivative not designated as hedges		
Foreign exchange forward contracts	1.45	0.31
At amortised cost		
Government grant receivable		
-Export incentive receivable	1.72	0.20
-Packaged Scheme of Incentive (PSI)*	25.00	-
Security deposits	0.41	0.37
Unbilled revenue (Contract assets)^	176.45	205.28
Others**	-	1.38
Total	**208.33**	**207.90**

Financial assets at fair value through other comprehensive income reflect the change in fair value of foreign exchange forward contracts, designated as cash flow hedges to hedge highly probable forecast sales and purchases in various foreign currencies.

^Unbilled revenue is disclosed net of provision for impairment allowance of Rs.11.38 (March 31, 2024 : Rs. 10.17) for contract assets.

*Includes Rs 68.52 (March 31, 2024: Rs Nil) towards incentive receivable under Package Scheme of Incentives (PSI), 2007 from Government of Maharashtra upon compliance of conditions and receipt of requisite approval for the period up to 2021-22. (Refer note 20(b))

** includes amounts recoverable from gratuity trust Rs. Nil (March 31, 2024 : Rs. 1.38)

9 Income taxes

Tax expenses comprises of current tax expenses and deferred tax expenses.

Current tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in OCI or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Estimates and assumptions

At each balance sheet date, the Company assesses whether the realization of future tax benefits is sufficiently probable to recognize deferred tax assets. This assessment requires the use of significant estimates with respect to assessment of future taxable income. The recorded amount of total deferred tax assets could change if estimates of projected future taxable income or if changes in current tax regulations are enacted

The major components of income tax expense for the year ended March 31, 2025 and March 31, 2024 are:

a) Statement of profit and loss

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Current tax	73.90	33.33
Deferred tax	3.48	15.09
Income tax expense reported in the Statement of profit and loss	**77.38**	**48.42**

(b) Other comprehensive income

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Deferred tax related to items recognised in other comprehensive income during the year		
Net gain or loss on effective portion of cash flow hedge	(2.29)	0.95
Net gain or loss on remeasurements of defined benefit plans	(0.62)	(0.84)
Deferred tax (credited) / charged in other comprehensive income	**(2.91)**	**0.11**

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Crore, except per share data and unless stated otherwise)

(c) Reconciliation of tax expense and accounting profit multiplied by India's domestic tax rate for March 31, 2025 and March 31, 2024

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Accounting profit before tax	303.05	180.78
At India's statutory income tax rate (as per Income Tax Act, 1961) of 25.168%	76.27	45.50
Permanent disallowances		
- Interest on preference shares	0.29	1.06
- Others (includes interest, warranties etc)	0.20	0.37
- Corporate Social Responsibility Expenses	0.62	0.36
-Others (includes adjustment due to earlier year assessment orders, adjustment for fair valuation of investments, other differences, etc.)	-	1.13
Total income tax expense reported in the Statement of profit and loss	**77.38**	**48.42**

d) Deferred tax
Statement of profit and loss

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Deferred tax relates to the following :		
Impact of difference between tax depreciation and depreciation/ amortisation	2.19	(2.36)
Losses and unabsorbed depreciation utilised against current taxable income	-	17.66
40(a) disallowance	0.17	0.40
Items allowed on payment basis / temporary disallowances	(8.46)	(2.65)
Temporary differences due to accounting treatment as required by Income-tax standards	4.85	(1.12)
Provision for impairment allowances, doubtful advances and liquidated damages	2.24	3.21
Others	2.49	(0.05)
Deferred tax expense in the Statement of profit and loss	**3.48**	**15.09**

Balance sheet

Particulars	As at March 31, 2025	As at March 31, 2024
Deferred tax relates to the following :		
Impact of difference between tax depreciation and depreciation/ amortisation	(17.25)	(15.06)
40(a) disallowance	0.25	0.42
Items allowed on payment basis / temporary disallowances	13.64	5.18
Temporary differences due to accounting treatment as required by Income-tax standards	2.23	7.08
Provision for impairment allowances, doubtful advances and liquidated damages	35.48	37.72
Others	2.11	1.69
Net deferred tax assets	**36.46**	**37.03**

Reconciliation of deferred tax assets (net)

Particulars	As at March 31, 2025	As at March 31, 2024
Opening balance as at April 1	**37.03**	**52.23**
Tax (expense)/income during the period recognised in profit or loss	(3.48)	(15.09)
Tax (expense)/income during the period recognised in other comprehensive income	2.91	(0.11)
Closing balance as at March 31	**36.46**	**37.03**

The Company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off income tax assets and liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

10 Other assets

(a) Other non-current assets

	As at March 31, 2025	As at March 31, 2024
Unsecured, considered good		
Capital advance	0.53	1.29
Balances with government authorities	-	0.66
Total	**0.53**	**1.95**

(b) Other current assets

	As at March 31, 2025	As at March 31, 2024
Unsecured, considered good		
Advance to suppliers	51.26	55.54
Advance to employees	1.26	2.86
Advance to related parties (note 29)	14.41	2.28
Prepayments	2.64	2.21
Balances with government authorities	11.43	24.83
Prepaid employee benefits (note 24)	2.05	2.81
Total	**83.05**	**90.53**

There were no advances due from directors or officers of the Company or any of them severally or jointly with any other persons or amounts due by firms or private companies respectively in which such director is a partner or a member.

11 Inventories (Valued at lower of cost and net realizable value)

Accounting policy

Raw materials (including bought out), components, stores and spares are valued at lower of cost and estimated net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a weighted average basis.

Finished goods and work in progress are valued at lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost is determined on a weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. Write down of inventories are calculated based on the analysis of foreseeable changes in demand, technology, market conditions and ageing of inventories.

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Crore, except per share data and unless stated otherwise)

	As at March 31, 2025	As at March 31, 2024
Raw materials, components and bought-outs**	141.79	148.77
Work-in-progress	4.40	10.34
Finished goods	1.73	4.24
Stores and spares	5.91	4.93
Total	**153.83**	**168.28**

**includes goods in transit Rs. 12.13 (March 31, 2024 : Rs. 7.52).

For year ended March 31, 2025 Rs. 6.27 was recognised (net of reversal) as an expense for inventories carried at net realisable value. For year ended March 31, 2024 Rs. 0.33 was reversed (net of expense) for inventories carried at net realisable value. These were recognised during the year and included in cost of raw materials and components consumed and consumption of stores and spare parts in the Statement of profit and loss.

12 (a) Cash and cash equivalents

Accounting policy

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

	As at March 31, 2025	As at March 31, 2024
Balances with banks		
- Balances in current accounts	6.21	14.22
- Balances in Exchange Earners Foreign Currency (EEFC) account	10.27	-
- in deposits with original maturity of less than three months	39.01	-
Total	**55.49**	**14.22**

There are no repatriation restrictions with regard to cash and cash equivalents as at the end of the reporting period and prior period.

12 (b) Other bank balances - at amortised cost

	As at March 31, 2025	As at March 31, 2024
Deposits with original maturity :		
- more than three months but less than twelve months	459.92	227.11
Total	**459.92**	**227.11**

12 (c) Changes in liabilities arising from financing activities

	Borrowings
As on April 1, 2023	129.62
Cash flow	28.06
Interest accretion on preference shares	4.23
As on March 31, 2024	**161.91**
Cash flow	(163.06)
Interest accretion on preference shares	1.15
As on March 31, 2025	**-**

13 Share capital

Accounting policy

Equity shares issued to shareholders are classified as equity. Incremental costs directly attributable to the issue of new equity shares are recognized as a deduction from equity, net of any related income tax effects.

	As at March 31, 2025	As at March 31, 2024
Authorized shares (Nos)		
900,000,000 (March 31, 2024: 900,000,000) equity shares of Rs. 10/- each	900.00	900.00
100,000,000 (March 31, 2024: 100,000,000) redeemable preference shares of Rs. 10/- each	100.00	100.00
	1,000.00	**1,000.00**
Issued, subscribed and fully paid share capital (Nos)		
628,222,500 (March 31, 2024: 628,222,500) equity shares of Rs. 10/- each	628.22	628.22
Total issued, subscribed and fully paid-up share capital	**628.22**	**628.22**

(a) Reconciliation of the shares outstanding at the beginning and at the end of the year

	No. of shares	Rs.
Equity share of Rs. 10 each issued, subscribed and fully paid		
As at April 1, 2023	628,222,500	628.22
Changes during the year	-	-
As at March 31, 2024	628,222,500	628.22
Changes during the year	-	-
As at March 31, 2025	**628,222,500**	**628.22**

(b) Terms/ rights attached to equity shares

The Company has one class of equity shares having a par value of Rs. 10 per share. Each shareholder is eligible for one vote per share held. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

(c) Equity share capital held by holding company

	As at March 31, 2025	As at March 31, 2024
Holding company		
Thermax Limited		
628,222,500 (March 31, 2024: 628,222,500) equity shares of Rs. 10/- each fully paid	628.22	628.22

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Crore, except per share data and unless stated otherwise)

(d) Details of equity shares held by shareholders holding more than 5% of the aggregate shares in the Company

	As at March 31, 2025	As at March 31, 2024
Thermax Limited		
%	100.00	100.00
No. of shares	628,222,500	628,222,500

As per records of the Company, including its register of shareholders/ members and other declarations received from shareholders regarding beneficial interest, the above shareholding represents the legal ownerships of shares.

(e) Details of shares held by promoters

	As at March 31, 2025	As at March 31, 2024
Thermax Limited		
%	100.00	100.00
No. of Shares	628,222,500	628,222,500
% of change during the year	-	-

(f) There were no issue of bonus shares/buy back of shares/issue of shares for consideration other than cash during the period of five years immediately preceding the reporting date.

14 (a) Other equity

	As at March 31, 2025	As at March 31, 2024
Reserves and surplus		
Capital redemption reserve		
Opening balance	-	-

Opening balance	0.06	0.47
Add: Shared based payment expense	0.21	0.80
Less: Reduction on account of allotment of equity shares	-	(1.21)
Closing balance	**0.27**	**0.06**
Total	**415.19**	**197.97**

Nature and purpose of reserves

Capital redemption reserve

Pertains to reserve created towards redemption of preference shares and can be utilised in accordance with the provisions of the Act.

Capital reserve

Pertains to reserves created in excess of fair value of net assets acquired over consideration paid and can be utilised in accordance with the provisions of the Act.

Retained earnings

Pertains to the profits/(loss) that the Company has earned/incurred till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings include re-measurement gain/(loss)on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss.

Cash flow hedge reserve

Pertains to the effective portion of the cumulative net change in the fair value of the cash flow hedge instruments related to hedged transactions that have not yet occurred.

Share based payment reserve

Pertains to equity settled share based payment plan issued by Parent Company for certain categories of employees of the Company.

Defined benefit plan

Following are the movement of amount recognised in the statement of other comprehensive income on account of defined benefit plan

	As at March 31, 2025	As at March 31, 2024
Opening balance	(3.10)	(0.60)
Total measurements (cost)/credit for the year recognised in OCI	(1.83)	(2.50)
	(4.93)	**(3.10)**

b) Distribution Proposed

Dividend

Accounting policy

Dividend to equity shareholders is recognised as a liability in the period in which the dividends are approved by the equity shareholders. Interim dividends that are declared by the Board of Directors without the need for equity shareholders' approvals are recognised as a liability and deducted from shareholders' equity in the year in which the dividends are declared by the Board of directors

	As at March 31, 2025	As at March 31, 2024
Cash dividend on Preference shares declared and paid		
Dividend paid on 8% cumulative redeemable preference shares	25.30	-
Details of proposed dividend		
Proposed dividend for the year ended March 31, 2025: Rs. 2.25 per share (March 31, 2024: Rs. Nil per share)	141.35	-

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Crore, except per share data and unless stated otherwise)

15 Borrowings

(a) Non-current borrowings

	As at March 31, 2025	As at March 31, 2024
At fair value through profit and loss		
Preference Shares Nil (March 31, 2024: 52,700,000) of Rs. 10/- each^	-	76.85
Total non-current borrowings	**-**	**76.85**
Less: amount disclosed under the head "Current borrowings" (note 15 (b))		
- Current maturities of long-term borrowings	-	(76.85)
	-	**-**

^Preference shares pertain to 8% (March 31, 2024 : 8%) cumulative redeemable preference shares issued to the Holding Company. These were redeemed in July 2024.

This forms part of the authorised share capital 100,000,000 (March 31, 2024 100,000,000) redeemable preference shares of Rs. 10 each as per the Act.

(b) Current borrowings

	As at March 31, 2025	As at March 31, 2024
At amortised cost		
Secured loans from banks	-	35.00
Unsecured loans from banks	-	50.06
At fair value through profit and loss		
Current maturities of long-term borrowings	-	76.85
Total	**-**	**161.91**

Secured loans pertains to packing credit of Rs. Nil (March 31, 2024 : Rs. 35) carries an interest rate of 5.75% p.a due for repayment within a maximum of 90 days from date of disbursement. These loans are secured by hypothecation of present and future stock of all inventories, stores and spares not related to plant and equipment, bills receivable & book debts.

Unsecured loans includes packing credit of Rs. Nil (March 31, 2024 : Rs. 50.00) carries an interest rate of 5.61% due for repayment within a maximum of 87 days from date of disbursement and bank overdraft of Rs Nil (March 31, 2024 :Rs. 0.06) carries an interest rate of 8.58% p.a.

16 Trade payables at amortised cost

(a) Current trade payables

	As at March 31, 2025	As at March 31, 2024
Total outstanding dues of micro and small enterprises (note 16 (b))	185.79	102.51
Total outstanding dues of creditors other than micro and small enterprises		
(i) Related parties (note 29)	39.89	11.20
(ii) Others	209.19	243.29
Total	**434.87**	**357.00**

For terms and conditions with related parties, refer note 29.

Trade payables are non-interest bearing and are generally on terms of 30 to 90 days..

(b) Details of dues to micro and small enterprises as defined under the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006

	As at March 31, 2025	As at March 31, 2024
The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year		
- Principal amount outstanding (whether due or not) to micro and small enterprises	183.18	100.64
- Interest due thereon	2.61	1.87
The amount of interest paid by the Company in terms of section 16 of the MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-
The amount of payment made to the supplier beyond the appointed day during the year	233.62	209.45
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006	0.74	0.78
The amount of interest accrued and remaining unpaid at the end of each accounting year	0.74	0.80
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006	1.87	1.07

The information has been given in respect of such vendors to the extent they could be identified as "Micro and Small" enterprises on the basis of information available with the Company.

18 Provisions

Accounting policy

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Warranty provisions

Provisions for warranty-related costs are recognised when the product is sold or service provided to the customer. Initial recognition is based on historical experience. The initial estimate of warranty related costs is reviewed annually. For EPC contracts, warranty provision is recorded basis significant progress.

Provisions for onerous contracts

If the Company has a contract that is onerous, the present obligation under the contract is recognised and measured as a provision. However, before a separate provision for an onerous contract is established, the Company recognises any impairment loss that has occurred on assets dedicated to that contract. An onerous contract is a contract under which the unavoidable costs (i.e., the costs that the Company cannot avoid because it has the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it. The cost of fulfilling a contract comprises the costs that relate directly to the contract (i.e., both incremental costs and an allocation of costs directly related to contract activities).

Provision for decommissioning liability

A provision has been recognised for decommissioning costs associated with the properties taken on lease by the Company. Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of the particular asset. The unwinding of the discount is expensed as incurred and recognised in the Statement of Profit and Loss as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

Estimates & judgments

Warranty Provisions: The Company generally offers 18 months warranties for its products. Warranty costs are provided based on a technical estimate of the costs required to be incurred for repairs, replacements, material costs, servicing cost and past experience in respect of warranty costs. Management estimates the related provision for future warranty claims based on historical warranty claim information, as well as recent trends that might suggest that past cost information may differ from future claims. The assumptions made in current period are consistent with those in the prior year. Factors that could impact the estimated claim information include the success of the Company's productivity and quality initiatives. Warranty provisions are discounted using a pre-tax discount rate which reflects current market assessments of time value of money and risks specific to the liability. It is expected that this expenditure will be incurred over the contracted warranty period ranging upto 2 years. If warranty claim costs vary by 10% from management's estimate, the warranty provisions would be an estimated Rs. 7.87 higher or lower (March 31, 2024 Rs. 6.75).

Provision for onerous contracts: The Company provides for future losses on EPC contracts where it is considered highly probable that the contract costs are likely to exceed revenues in future years. Estimating these future losses involves a number of assumptions about the achievement of contract performance targets and the likely levels of future cost escalation over time.

A provision for expected loss on construction contracts is recognised when it is probable that the contracts costs will exceed total contract revenue. For all other contracts, provision is made when the unavoidable costs of meeting the obligation under the contract exceed the estimated economic benefits. The timing of cash outflows in respect of such provision is over the contract period.

Notes to the Financial Statements for the year ended March 31, 2025

19 Other liabilities

Accounting policy

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company satisfies the performance obligation. Contract liabilities are recorded in balance sheet as unearned revenue and the customer advance as the case may be.

Other current liabilities

	As at March 31, 2025	As at March 31, 2024
Unearned revenue (Contract liability)	332.31	161.99
Customer advances (Contract liability)		
(i) Related Parties (note 29)	21.31	17.59
(ii) Others	564.33	392.62
Statutory dues and other liabilities*	11.69	8.28
Total	**929.64**	**580.48**

* mainly includes tax deducted at source, tax collected at source, provident fund, ESIC, Goods and Services Tax etc.

For terms and conditions with related parties, refer note 29.

20 Revenue from operations

Accounting policy

Revenue from Contracts with Customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is recognized when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks. The Company collects goods and services tax on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

The Company has following streams of revenue:

Revenue from Engineering, Procurement and Construction contracts

Engineering, Procurement and Construction contracts are contracts (or a group of contracts secured together) specifically negotiated for the construction of an asset which refers to any project for construction of plants and systems, involving designing, engineering, fabrication, supply, erection (or supervision thereof), commissioning, guaranteeing performance thereof etc., execution of which is spread over different accounting periods. The Company identifies distinct performance obligations in each contract. For most of the project contracts, the customer contracts with the Company to provide a significant service of integrating a complex set of tasks and components into a single project or capability. Hence, the entire contract is accounted for as one performance obligation.

The Company may promise to provide distinct goods or services within a contract, in which case the Company separates the contract into more than one performance obligation. If a contract is separated into more than one performance obligation, the Company allocates the total transaction price to each performance obligation in an amount based on the estimated relative standalone selling prices of the promised goods or services underlying each performance obligation. The Company uses the expected cost plus a margin approach to estimate the standalone selling price of each performance obligation in case of contracts with more than one distinct performance obligations. The Company assesses for the timing of revenue recognition in case of each distinct performance obligation. The Company first assesses whether the revenue can be recognized over a period of time if any of the following criteria is met:

(a) The customer simultaneously consumes the benefits as the Company performs, or

(b) The customer controls the work-in-progress, or

(c) The Company's performance does not create an asset with alternative use to the Company and the Company has right to payment for performance completed till date

The Company recognizes revenue over time as it performs because of continuous transfer of control to the customer. For all project contracts, this continuous transfer of control to the customer is supported by the fact that the customer typically controls the work in process as evidenced either by contractual termination clauses or by the rights of the Company to payment for work performed to date plus a reasonable profit to deliver products or services that do not have an alternative use to the Company.

The Company uses cost-based measure of progress (or input method) for contracts because it best depicts the transfer of control to the customer which occurs as it incurs costs on contracts. Under the cost-based measure of progress, the extent of progress towards completion

is measured based on the ratio of costs incurred to date to the total estimated costs at completion of the performance obligation. Revenues, including estimated fees or profits, are recorded proportionally as costs are incurred.

The Company estimates variable consideration amount which it expects to be entitled under the contract and includes it in the transaction price to the extent it is highly probable that a significant reversal of cumulative revenue recognized will not occur and when the uncertainty associated with it is subsequently resolved. The estimates of variable consideration and determination of whether to include estimated amounts in the transaction price are based largely on an assessment of the anticipated performance and all information (historical, current and forecasted) that is reasonably available.

Costs associated with bidding for contracts are charged to the Statement of profit and loss when they are incurred. Costs that relate directly to a contract and are incurred in securing the contract are included as part of the contract costs if they can be separately identified and measured reliably and it is probable that the contract will be obtained.

Contract modification, when approved by both the parties to the contract, are considered as modification, if it creates new or changes the existing enforceable rights and obligations. Most of the contract modifications are not distinct from the existing contract due to the significant integration service provided under the contract prior to modifications and are therefore, accounted for as part of the existing contract. The effect of a contract modification is recognized as an adjustment to revenue on a cumulative catch-up basis.

When it becomes probable that the total contract costs will exceed the total contract revenue, the Company recognises the expected losses from onerous contract as an expense immediately.

Penalties for any delay or improper execution of a contract are recognized as a deduction from revenue. In the balance sheet, such provisions are presented on net basis of the contract receivables.

Revenue from sale of goods

If the criteria for revenue under over-a-period of time as mentioned above are not met, the Company recognizes revenue at point-in-time. The point-in-time is determined when the control of the goods is transferred which is generally determined based on when the significant risk and rewards of ownership are transferred to the customer. Apart from this, the Company also considers its present right of payment, the legal title to the goods, the physical possession and the customer acceptance in determining the point in time where the control has been transferred.

Revenue from sale of services

Revenue in respect of operation and maintenance contract, awarded on a standalone basis or included in long term contracts and identified as a separate performance obligation, is recognized as the related services are performed on a time proportion basis under the contracts.

Estimates and assumptions

Revenue from Engineering, Procurement and Construction contracts

Provisions for liquidated damages claims (LDs): The Company provides for LD claims to the extent that is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved. This requires an estimate of the amount of LDs payable under a claim which involves a number of management judgments and assumptions regarding the amounts to be recognized.

Project cost to complete estimates: At each reporting date, the Company is required to estimate costs to complete on fixed-price contracts. Estimating costs to complete on such contracts requires the Company to make estimates of future costs to be incurred, based on work to be performed beyond the reporting date. This estimate will impact revenues, cost of sales, unbilled revenue and estimated earnings and accrued contract expenses.

Recognition of contract variations: The Company recognizes revenues and margins from contract variations where it is considered probable that they will be awarded by the customer and this requires management to assess the likelihood of such an award being made by reference to customer communications and other forms of documentary evidence.

Judgements

A significant portion of the Company's business relates to construction of assets which are accounted using cost-based input method, recognizing revenue as the performance on the contract progresses. This requires Management to make judgement with respect to identifying contracts for which revenue need to be recognised over a period of time, depending upon when the customer consumes the benefit, when the control is passed to customer, whether the asset created has an alternative use and whether the Company has right to payment for performance completed till date, either contractually or legally. The input method requires Management to make significant judgments of the extent of progress towards completion including accounting of multiple contracts which need to be combined and considered as a single contract.

(a) Revenue from contracts with customers:

	Year ended March 31, 2025	Year ended March 31, 2024
Revenue from projects and products	2,066.45	2,110.24
Revenue from services	198.81	141.67
Total revenue from contracts with customers (a)	**2,265.26**	**2,251.91**

(b) Other operating income

	Year ended March 31, 2025	Year ended March 31, 2024
Government grant		
-Export incentives	4.88	0.27
-Packaged Scheme of Incentives*	65.63	-
Sale of scrap	7.90	8.14
Exchange fluctuation gain / (loss)^	(4.39)	(2.68)
Total other operating income (b)	**74.02**	**5.73**
Total revenue from operations (a+b)	**2,339.28**	**2,257.64**

*The Company is eligible for claiming incentives for investments made under the Industrial Policy of the Government of Maharashtra under Package Scheme of Incentive (PSI) Scheme 2007. The Company's manufacturing unit at Shirwal in Maharashtra is eligible and had Eligibility Certificate (EC) for Mega Project under the Package Scheme of Incentive (PSI) 2007, under certificate no DI/PSI-2007/Mega Project/EC-306/2014/B-8013 dated August 14, 2014. Basis the above Eligibility certificate, it has started availing incentives under the PSI 2007. Accordingly, the Company has recognised the grant income amounting to Rs. 65.63 for the year ended 31 March 2025 (March 31, 2024: Rs Nil).

^ includes mark to market loss on forward contracts not subjected to hedge accounting Rs. 0.25 (mark to market gain on March 31, 2024 : Rs. 0.07).

(c) Disclosure pursuant to Ind AS 115: Revenue from Contracts with Customers

i) Revenue by category of contracts:

	March 31, 2025	March 31, 2024
Over a period of time basis	2,112.19	2,059.96
At a point-in-time basis	153.07	191.95
Total revenue from contracts with customers	**2,265.26**	**2,251.91**

Revenue by geographical market:

	March 31, 2025	March 31, 2024
Within India	1,817.55	1,956.35
Outside India	447.71	295.56
Total revenue from contracts with customers	**2,265.26**	**2,251.91**

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Crore, except per share data and unless stated otherwise)

ii) Contract balances:

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration and are transferred to trade receivable on completion of milestones and its related invoicing. Contract assets are recorded in balance sheet as unbilled revenue.

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company satisfies the performance obligation. Contract liabilities are recorded in balance sheet as unearned revenue and the customer advance as the case may be.

The following table provides information about contract balances from contracts with customers as at the reporting date:

	As at March 31, 2025	As at March 31, 2024
Trade receivables (note 6)	658.41	531.59
Unbilled revenue (Contract asset) (note 8(a) and 8(b))	187.21	218.85
Unearned revenue (Contract liability) (note 19)	332.31	161.99
Customer advances (Contract liability) (note 19)	585.64	410.21

iii) Revenue recognised in the reporting period that was included in the contract liabilities balance at the beginning of the year:

	As at March 31, 2025	As at March 31, 2024
Unearned revenue	139.00	179.36
Customer advance	295.60	312.35

iv) Changes in unbilled revenue and unearned revenue for the year:

The explanation of the significant changes in the unbilled and unearned balances during the reporting year is presented in the table below

	As at March 31, 2025	As at March 31, 2024
Opening unbilled revenue (refer note 8)	218.85	184.62
Opening unearned revenue (refer note 19)	161.99	220.92
- Transfer of contract assets to receivable from opening unbilled revenue	(204.22)	(172.20)
- Increase in revenue as a result of changes in the measure of progress from the opening unearned revenue	139.00	179.36
- Transfer of contract assets to receivables	(2,107.89)	(1,798.35)
- Increase in revenue as a result of changes in the measure of progress	1,973.19	1,880.60
- Others*	(2.04)	3.75
Closing unbilled revenue (refer note 8)	**187.21**	**218.85**
Closing unearned revenue (refer note 19)	**332.31**	**161.99**

* includes adjustments on account of onerous contracts, impairment allowance for the year etc

v) Performance obligations

Performance obligation in a project or a group of projects which are contracted at or near same time with the same or related parties and negotiated simultaneously, are combined for the purpose of evaluation. The Company has estimated that multiple commitments pertaining to engineering, procurement and commissioning of such projects is a single performance obligation which is spread over different accounting periods.

Performance obligation for products are evaluated on standalone basis, recognised at a point in time. Generally, performance obligations for such contracts have an original expected duration of one year or less.

There are no major contracts with customers which have significant financing component included within them and therefore there is no difference between the timing of satisfaction of performance obligation vis a vis the timing of the payment.

Remaining performance obligations:

The following table includes revenue expected to be recognised in the future related to performance obligations that are unsatisfied (or partially unsatisfied) at the reporting date.

	As at March 31, 2025	As at March 31, 2024
Amount of revenue yet to be recognised for contracts having original expected duration of more than one year in progress as on reporting date	2,640.29	1,524.32

The Company applies practical expedient included in para 121 of Ind AS 115 and does not disclose information about its remaining performance obligations for contracts that have an original expected duration of one year or less.

The Company expects that a significant portion of the remaining performance obligation will be completed within next 2 years in reference to para 117 of Ind AS 115

vi) Reconciliation between revenue recognised in Statement of profit and loss and contract price

There is no significant variation between revenue recognised in Statement of profit and loss and contract price except price variation claims, which are considered to be part of contract price.

21 Other income

Accounting policy

Interest Income

For all debt instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. Interest income is included in finance income in the Statement of profit and loss.

	Year ended March 31, 2025	Year ended March 31, 2024
Interest income from financial assets carried at amortised cost		
- Bank deposits and corporate deposits	30.00	29.92
- Interest on loan to holding company	6.19	-
- Other interest income*	2.94	0.07
Fair value gain on financial instrument at fair value through profit and loss (net)	25.86	9.83
Liabilities no longer required written back	1.25	3.78
Miscellaneous income^	3.49	3.09
Total	**69.73**	**46.69**

*Majorly includes interest accretion on government grant of Rs. 2.89 (March 31, 2024: Rs Nil)

^Majorly includes cash discounts received from vendors Rs.2.25 (March 31, 2024: Rs 2.43) and Insurance claim of Rs.0.75 (March 31, 2024: Rs. 0.15)

22 Cost of raw material and components consumed

	Year ended March 31, 2025	Year ended March 31, 2024
Inventories at the beginning of the year	148.77	185.62
Add: Purchases	1,315.16	1,357.96
	1,463.93	**1,543.58**
Inventories at the end of the year	141.79	148.77
	1,322.14	**1,394.81**
Total	**1,322.14**	**1,394.81**

23 (Increase)/decrease in inventories of finished goods and work-in-progress

	Year ended March 31, 2025	Year ended March 31, 2024
Inventories at the beginning of the year		
Work-in-progress	10.34	8.27
Finished goods	4.24	2.53
	14.58	**10.80**
Less: inventories at the end of the year		
Work-in-progress	4.40	10.34
Finished goods	1.73	4.24
	6.13	**14.58**
Total	**8.45**	**(3.78)**

24 Employee benefits expense

Accounting policy

(a) Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to the Statement of profit and loss in subsequent periods.

Past service costs are recognized in the Statement of profit and loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognizes related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes the following changes in the net defined benefit obligation as an expense in the Statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company presents the leave as a current liability in the balance sheet as it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

(b) Estimates and assumptions

Defined benefit plans - gratuity

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on Indian Assured Lives Mortality (2012-14) Ultimate. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

	Year ended March 31, 2025	Year ended March 31, 2024
Salaries and wages*	188.01	170.86
Contribution to provident and other funds	14.24	12.47
Gratuity expense	2.87	2.35
Staff welfare expenses	8.08	8.65
Share based payment expense (note 35)	0.21	0.80
Total	**213.41**	**195.13**

*includes Director's sitting fees of Rs. 0.11 (March 31, 2024: Rs. 0.12)

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Crore, except per share data and unless stated otherwise)

(d) Gratuity disclosure pursuant to Ind AS 19

The Company operates a defined benefit plan viz. gratuity for its employees. Under the gratuity plan, every employee who has completed the specified years of service gets a gratuity on departure at 15 days (minimum) of the last drawn salary for each completed year of service. The scheme is funded with an insurance Company in the form of qualifying insurance policy. The fund has formed a trust governed by a Board of Trustees.

The fund is subject to risks like changes in assets yields. In managing the plan assets, Board of Trustees reviews and manages these risks associated with the funded plan. Each year, the Board of Trustees reviews the level of funding in the gratuity plan. The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise.

I Changes in the net benefit obligation and fair value of plan assets are as follows :

Particulars	Present value of obligation	Fair value of plan assets	Net amount
April 1, 2023	**35.74**	**(40.01)**	**(4.27)**
Current service cost	2.83	-	**2.83**
Interest expense/(income)	2.43	(2.91)	**(0.48)**
Total amount recognised in Profit or Loss	**5.26**	**(2.91)**	**2.35**
Actuarial loss from change in financial assumptions	3.43	(0.09)	**3.34**
Total amount recognised in Other Comprehensive Income	**3.43**	**(0.09)**	**3.34**
Employer contributions	-	(4.23)	**(4.23)**
Benefits paid	(4.98)	4.98	**-**
Transfer In / (out)	(0.78)	0.78	**-**
March 31, 2024	**38.67**	**(41.48)**	**(2.81)**
Current service cost	3.23	-	**3.23**
Interest expense/(income)	2.68	(3.04)	**(0.36)**
Total amount recognised in Profit or Loss	**5.91**	**(3.04)**	**2.87**
Actuarial loss from change in assumptions	2.34	0.11	**2.45**
Total amount recognised in Other Comprehensive Income	**2.34**	**0.11**	**2.45**
Employer contributions	-	(4.56)	**(4.56)**
Benefits paid	(3.09)	3.09	**-**
Transfer In/(out)	0.07	(0.07)	**-**
March 31, 2025	**43.90**	**(45.95)**	**(2.05)**

II The net liability disclosed above relates to funded plans are as follows :

Particulars	March 31, 2025	March 31, 2024
Present value of funded obligation	43.90	38.67
Fair value of plan assets	(45.95)	(41.48)
Deficit/(Surplus) of funded plan	**(2.05)**	**(2.81)**

III Significant assumptions

The principal actuarial assumptions were as follows :

Particulars	March 31, 2025	March 31, 2024
Discount rate	6.70%	7.20%
Salary growth rate	7.00%	7.00%
Expected return on plan assets	7.20%	7.40%
Normal retirement age	60 Years	60 Years
Mortality table	Indian Assured Lives Mortality (2012-14) Ultimate	Indian Assured Lives Mortality (2012-14) Ultimate
Employee turnover	Workers 5%, Staff 12%	Workers 5%, Staff 12%

IV Sensitivity analysis

The sensitivity of defined obligation to changes in the weighted principal assumptions is:

Assumption	Impact on defined benefit obligation	
	March 31, 2025	March 31, 2024
Discount rate		
1.00% increase	Decrease by 2.29	Decrease by 1.98
1.00% decrease	Increase by 2.53	Increase by 2.21
Future salary increase		
1.00% increase	Increase by 2.09	Increase by 1.83
1.00% decrease	Decrease by 1.93	Decrease by 1.68
Attrition rate		
1.00% increase	Increase by 0.04	Increase by 0.22
1.00% decrease	Decrease by 0.03	Decrease by 0.02

The above sensitivity analysis is based on a change in assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligation calculated with the Projected Unit Credit Method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The method and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous periods.

The following are the expected cash flows to the defined benefit plan in future years:

Particulars	March 31, 2025	March 31, 2024
Within next 12 months	7.55	7.55
Between 2-5 years	25.16	21.44
Between 6-10 years	30.59	27.77

The average duration of the defined benefit plan obligation at the end of the reporting period is 7.4 years (March 31, 2024 : 7.38 years)

The Company expects to contribute Rs.1.00 to gratuity fund in the next year (March 31, 2024 : Rs. 1.00)

V The major categories of plan assets are as follows:

Particulars	March 31, 2025	March 31, 2024
Investments with Insurer (LIC of India)	100.00%	100.00%

25 Finance cost

	Year ended March 31, 2025	Year ended March 31, 2024
Interest expense	5.05	8.53
Unwinding of discount	3.89	3.64
Total	**8.94**	**12.17**

26 (a) Other expenses

	Year ended March 31, 2025	Year ended March 31, 2024
Consumption of stores and spare parts	34.10	31.13
Power and fuel	11.45	11.12
Freight and forwarding charges (net of recovery)	87.06	72.20
Site expenses and contract labour charges	224.31	208.28
Drawing, design and technical service charges	19.76	16.06
Sales commission	5.61	5.80
Advertisement and sales promotion	7.09	1.74
Rent (note 28 B (b))	12.19	11.75
Rates and taxes	2.34	2.50
Insurance	1.75	2.24
Repairs and maintenance:		
Plant and equipment	3.06	4.19
Buildings	1.61	2.73
Others	9.41	8.91
Travelling and conveyance	15.48	19.77
Legal and professional fees (includes payment to auditor; refer note 26 (b))	7.02	5.95
Management fees (note 29)	46.68	39.73
CSR expenditure (note 26 (c))	2.46	1.45
Bad debts	12.01	33.23
Provision for impairment allowance of financial assets (net)	(5.01)	(27.08)
Warranty expenses (net)	15.70	15.80
Loss/(gain) on sale/ discard of assets (net)	0.10	0.65
Miscellaneous expenses (includes printing, communication, postage, security expense, etc.)	20.15	18.11
Total	**534.33**	**486.26**

(b) Payment to auditors

	Year ended March 31, 2025	Year ended March 31, 2024
As auditor		
Audit fees	0.46	0.43
In other capacity		
Other services*	-	-
Reimbursement of expenses	0.02	0.01
Total	**0.48**	**0.44**

* less than one lakh.

(c) Corporate Social Responsibility (CSR)

	Year ended March 31, 2025	Year ended March 31, 2024
(a) Gross amount required to be spent by the Company during the year	2.46	1.45
(b) Amount spent during the year^	2.46	1.45
(c) Shortfall at the end of the year	-	-
(d) Total of previous years shortfall	-	-
(e) Reason for shortfall	Not applicable	Not applicable
(f) Nature of CSR activities	Education, Skill Development, Rural Development	Education, Skill Development, Rural Development
(g) Details of related party transactions in relation to CSR expenditure as per relevant Accounting Standard	2.46	1.45

^The amount is contributed to Thermax Foundation, India (refer note 29) which is engaged in education of economically underprivileged children by addressing social discrimination through affirmative actions, skill development and employability initiatives.

There is no provision made in respect of CSR expenditure as at March 31, 2025 and March 31, 2024.

There is no shortfall in contribution as at March 31, 2025 and March 31, 2024.

27 (a) Earnings per share

Accounting policy

The Company presents the basic and diluted EPS data for its equity shares. Basic EPS is computed by dividing the net profit for the year attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by adjusting the net profit for the year attributable to the equity shareholders and the weighted average number of equity shares considered for deriving basic EPS for the effects of all the equity shares that could have been issued upon conversion of all dilutive potential equity shares.

	March 31, 2025	March 31, 2024
Net profit after tax attributable to the Equity shareholders (a)	225.67	132.36
Weighted average number of Equity shares of Rs. 10/- each (b)	628,222,500	628,222,500
Basic and diluted Earnings per share (Rs.) (c) = (a)/(b)	3.59	2.11

(b) Components of Other Comprehensive Income (OCI)

The disaggregation of changes to OCI by each type of reserve in equity is shown below:

For the year ended March 31, 2025

	Cash flow hedge reserve	Retained Earnings	Total
Foreign exchange forward contracts	(6.65)	-	(6.65)
Reclassified to Statement of profit or loss (Net)	(0.18)	-	(0.18)
Re-measurement gains on defined benefit plans	-	(1.83)	(1.83)
Total	**(6.83)**	**(1.83)**	**(8.66)**

For the year ended March 31, 2024

	Cash flow hedge reserve	Retained Earnings	Total
Foreign exchange forward contracts	2.50	-	2.50
Reclassified to Statement of profit or loss (Net)	0.34	-	0.34
Re-measurement gains on defined benefit plans	-	(2.50)	(2.50)
Total	**2.84**	**(2.50)**	**0.34**

28 Contingent liabilities and commitments

A Contingent liabilities

(a) Accounting policy

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Crore, except per share data and unless stated otherwise)

(b) Judgements

Contingencies relating to tax and legal matters

The Company has received various orders and notices from tax authorities in respect of direct taxes and indirect taxes. The outcome of these matters may have a material effect on the financial position, results of operations or cash flows. Management regularly analyses current information about these matters and provides provisions for probable losses including the estimate of legal expense to resolve such matters. In making the decision regarding the need for loss provisions, management considers the degree of probability of an unfavourable outcome and the ability to make a sufficiently reliable estimate of the amount of loss. The filing of a suit or formal assertion of a claim against the Company or the disclosure of any such suit or assertions, does not automatically indicate that a provision of a loss may be appropriate.

Details of contingent liabilities

(c) As part of the slump purchase agreement in financial year 2019-2020 with the Holding Company, the Company had acquired liabilities relating to demand notices/show cause-cum-demand notices from the Excise department covering period from June 2000 till June 2017 for Rs. 1,238.85 crores (March 31, 2024 : Rs.1238.85) including penalty (but excluding interest and further penalty thereon).

These demands were of excise duty payable on inclusion of the cost of bought out items in the assessable value of certain products manufactured by the Holding Company, though such duty paid bought out items are directly dispatched by the manufacturers thereof to the ultimate customer, without being received in the Company's factory. The Holding Company had filed an appeal against the same before CESTAT, Mumbai which was allowed in favour of the Holding Company during the previous year.

Subsequently, the Commissioner of CGST & CE, Pune – I has filed an appeal before the Hon'ble Supreme Court of India challenging CESTAT order. Based on an independent legal advice, the Holding Company is confident of the issue being ultimately decided in its favour.

(d)

Particulars (excluding of interest and penalty thereon)	March 31, 2025	March 31, 2024
Income Tax matters (#)	36.96	36.96
Excise, Customs Duty and Goods & Services tax ^	38.13	6.80
Sales Tax ($)	4.22	5.15

#During the year, Company has received income tax order for AY 2023-24 for disallowing brought forward losses of Rs. 51.46. The assessing officer has raised demand of Rs.14.26 on brought forward losses disallowed. The Company has filed an stay of demand against the said order. Based on the advice obtained from tax expert, the Company's management believes that the probability of any outflow in respect of this order is remote and hence not considered in contingent liability.

During the FY 2022-23, The Company has received an income tax order for AY 2021-22 adding back income of Rs 200.10 for Goods and Services Tax ("GST") collected on sales. The Company has filed an appeal with CIT(appeals) and stay of demand against the said order. Based on the favorable order in case of similar matter in Holding Company, the management believes that the company has good case and hence the case is not considered in contingent liability.

^During the year, Company has received demand order for Goods & Services tax for FY 2020-21 for disallowance for input tax credit. The Company is under the process of filing an appeal against the said order. The Company's management believes that the probability of any outflow in respect of this order is low.

$ From FY 2006-07 to FY 2015-16, the Company has indicated a contingent liability of Rs. 4.22 (March 31, 2024 : Rs.4.36) for various demand notices received by the Holding company. These liabilities are related to part of the acquired business.

(e) Others

	March 31, 2025	March 31, 2024
Liability for export obligations	1.98	1.98
Claims against the Company not acknowledged as debts	0.55	0.55

The Company has imported goods against advance licences. The timing and amount of the liability which will arise from above matters, will be determined by the relevant authorities on settlement of the cases.

Claims against the Company not acknowledged as debt on account of ongoing legal dispute. Based on the legal opinion on few matters and management assessments of the facts of the case, no provision is considered for the subject matters. Pending resolution of the matters, it is not practicable to estimate the timing of cash outflows, if any.

(f) The Company has issued various guarantees for performance, deposits, tender money, advances, etc to customers. The management has considered the probability for outflow of the same to be remote and accordingly no amount has been disclosed here.

B Capital and other commitments

(a) Estimated amount of contracts remaining to be executed on capital account (net of advances) and not provided for is Rs. 5.67 (March 31, 2024 : Rs. 6.18).

(b) Lease commitments

Company as lessee

The Company lease asset classes primarily consist of leases for land, buildings, guest houses and office equipment. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

The lease liability is initially measured at value of the future lease payments. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

As a practical expedient, Ind AS 116 permits a lessee not to separate non-lease components, and instead account for any lease and associated non-lease components as a single arrangement. The Company has not used this practical expedient.

The Company has taken office buildings and factory shed on operating lease. The tenure of such leases ranges from 1 to 5 years. Lease rentals are charged to the Statement of profit and loss for the year. There are no sub-leases. The leases are renewable on mutually agreeable terms. At the expiry of the lease term, the company has an option to terminate the agreement or extend the term by giving notice in writing.

For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term.

Details of amounts recognised in statement of profit and loss

	March 31, 2025	March 31, 2024
Expense relating to short-term leases (included in other expenses)	11.02	10.58
Expense relating to leases of low-value assets (included in other expenses)	1.17	1.17
Depreciation of Right of Use Assets (note 4 (b))	0.72	0.72
	12.91	**12.47**

I Terms and conditions of related party transactions

The sales to and purchases from related parties are assessed to be at arm's length transactions by the management. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash (excluding loan outstanding).

There have been no guarantees provided or received for any related party receivables or payables except stated above. For the year ended March 31, 2025, the Company has recorded an impairment of receivables relating to amounts owed by related parties of Rs. 4.75 (March 31, 2024 : Rs. 6.56). This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates. All outstanding balances are unsecured and repayable in cash.

Refer note 37 for terms and conditions of loan given to Holding Company.

30 Segment information

Accounting policy

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker. The Board of Directors of the Company has identified the Director and Chief Executive Officer as the chief operating decision maker of the Company.

Judgements

Ind AS 108 Operating Segments requires Management to determine the reportable segments for the purpose of disclosure in financial statements based on the internal reporting reviewed by Chief Operating Decision Maker (CODM) to assess performance and allocate resources. The standard also requires Management to make judgments with respect to aggregation of certain operating segments into one or more reportable segment.

Operating segments used to present segment information are identified based on the internal reports used and reviewed by the Chief Executive Officer to assess performance and allocate resources. The Company is operating in a single business segment, viz Industrial Infra (Energy and Allied Services)

The Company's portfolio includes subcritical and supercritical boilers and related services. The Director and CEO of the Company has been identified as the Chief Operating Decision Maker ('CODM'). For management purposes, the Company reports the details of operating segments as a single segment for "industrial infra (energy and allied services)". The CODM reviews the information for this single segment only. Accordingly, the Company has provided only geographical segment disclosures.

Disclosure pursuant to Ind AS 108 Operating Segments

31 Fair value measurements

Judgements

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Assumptions include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Crore, except per share data and unless stated otherwise)

a) Category of financial instruments and valuation techniques

Details of financial assets carried at amortised cost

	As at March 31, 2025	As at March 31, 2024
Trade receivables	658.41	531.59
Loans	1.33	1.20
Investments	67.56	108.96
Other financial assets	260.98	223.66
Cash and cash equivalents	55.49	14.22
Bank balances other than cash and cash equivalents	705.28	262.12
Total	**1,749.05**	**1,141.75**
Current assets	1,401.08	1,083.43
Non-current assets	347.97	58.32
Total	**1,749.05**	**1,141.75**

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

Details of financial assets carried at fair value through profit and loss

	As at March 31, 2025	As at March 31, 2024
Investments	223.66	299.16
Total	**223.66**	**299.16**
Current assets	190.65	299.16
Non-current assets	33.01	-
Total	**223.66**	**299.16**

The fair values of mutual funds are based on price quotations at the reporting date.

Details of derivative assets

	As at March 31, 2025	As at March 31, 2024
Derivative instruments		
Cash flow hedges		
Foreign exchange forward contracts	3.30	0.36
Derivative not designated as hedges		
Foreign exchange forward contracts	1.45	0.31
Total	**4.75**	**0.67**
Current assets	4.75	0.67
Non-current assets	-	-
Total	**4.75**	**0.67**

Details of derivative liabilities

	As at March 31, 2025	As at March 31, 2024
Derivative instruments		
Cash flow hedges		
Foreign exchange forward contracts	6.40	0.87
Derivative not designated as hedges		
Foreign exchange forward contracts	1.20	0.38
Total	**7.60**	**1.25**
Current liabilities	7.60	1.25
Non-current liabilities	-	-
Total	**7.60**	**1.25**

The Company enters into derivative financial instruments with banks. Foreign exchange forward contracts are valued using valuation techniques, which employs the use of market observable inputs which captures credit quality of counterparties, foreign exchange spot and forward rates, yield curves of the respective currencies and currency basis spreads between the respective currencies. All derivative contracts are fully cash collateralised, thereby eliminating both counterparty and the Company's own non-performance risk. The changes in counterparty credit risk had no material effect on the hedge effectiveness assessment for derivatives designated in hedge relationships and other financial instruments recognised at fair value.

Details of financial liabilities carried at amortised cost

	As at March 31, 2025	As at March 31, 2024
Borrowings	-	85.06
Trade payables	434.87	357.00
Employee related payables	31.70	26.39
Other liabilities	1.14	1.17
Total	**467.71**	**469.62**
Current liabilities	467.71	469.40
Non current liabilities	-	0.22
Total	**467.71**	**469.62**

Details of financial liabilities carried at fair value

	As at March 31, 2025	As at March 31, 2024
Borrowings		
Preference Shares : (Nil (March 31, 2024 : 52,700,000) redeemable preference shares of Rs. 10/- each)	-	76.85
Total	**-**	**76.85**
Current liabilities	-	76.85
Non-current liabilities	-	-
Total	**-**	**76.85**

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

b) Fair value hierarchy

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities.

Quantitative disclosures of fair value measurement hierarchy for assets as at March 31, 2025

	Date of valuation	Level 1	Level 2	Level 3*
Financial assets				
Investments				
Mutual funds	March 31, 2025	222.94	-	-
Corporate deposits	March 31, 2025	-	67.56	-
Derivative financial assets	March 31, 2025	-	4.75	-
Financial liabilities				
Derivative financial liabilities	March 31, 2025	-	7.60	-
Borrowings*	March 31, 2025	-	-	-

Quantitative disclosures of fair value measurement hierarchy for assets as at March 31, 2024

	Date of valuation	Level 1	Level 2	Level 3*
Financial assets				
Investments				
Mutual funds	March 31, 2024	299.16	-	-
Corporate deposits	March 31, 2024	-	108.96	-
Derivative financial assets	March 31, 2024	-	0.67	-
Financial liabilities				
Derivative financial liabilities	March 31, 2024	-	1.25	-
Borrowings*	March 31, 2024	-	-	76.85

There has been no transfer between Level 1 and Level 2 during the year and during the previous year.

Valuation of financial assets in Level 3 has been done based on discounting of future cash flows. There are no transfers into or out of Level 3 of the fair value hierarchy during the year.

*The change is on account of redemption of preference shares (borrowings) during the year.

32 (a) Financial risk management

The Company's principal financial liabilities, other than derivatives, comprise trade and other payables and borrowings. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, loans and cash and cash equivalents that it derives directly from its operations. The Company holds FVTPL investments and also enters into derivative transactions.

Risk is inherent in the Company's activities but it is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Company's continuing profitability and each individual within the Company is accountable for the risk exposures relating to his or her responsibilities. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's Board of Directors is ultimately responsible for the overall risk management approach and for approving the risk strategies and principles. No significant changes were made in the risk management objectives and policies during the years ended March 31, 2025 and March 31, 2024. The management of the Company reviews and agrees policies for managing each of these risks which are summarised below:

I Market risk

Market risk is the risk that the value of an asset will fluctuate as a result of changes in market variables such as interest rates, foreign exchange rates and equity prices, whether those changes are caused by factors specific to the individual investment or its issuer or factors affecting all investments traded in the market.

Market risk is managed on the basis of pre-determined asset allocations across various asset categories, diversification of assets in terms of geographical distribution and industry concentration, a continuous appraisal of market conditions and trends and management's estimate of long and short term changes in fair value.

a Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not currently exposed significantly to such risk as the loans taken were from the Parent Company. The Company repaid the loan during the previous year. The outstanding loans as on date pertains to packing credit where changes in the interest rates are not expected to be significant.

b Foreign currency risk

Foreign exchange risk arises when future commercial transactions and relevant assets and liabilities are denominated in a currency that is not the Company's functional currency. Foreign exchange risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates.

Foreign exchange risk is managed on the basis of limits determined by management and a continuous assessment of current and expected exchange rate movements and entering into derivative contracts(foreign currency forward contracts) that hedge the maximum period of exposure of underlying transactions (i.e. highly probable forecast sales and purchases).

When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of expected settlement of the resulting receivable or payable that is denominated in the foreign currency.

Foreign currency sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in USD and EUR exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including foreign currency derivatives not designated as cash flow hedge and foreign currency derivatives with underlying foreign currency monetary assets/liabilities designated as cash flow hedge. The impact on the Company's pre-tax equity is due to changes in the fair value of forward exchange contracts designated as cash flow hedges.

	Impact on profit before tax		Impact on other components of equity	
	March 31, 2025	March 31, 2024	March 31, 2025	March 31, 2024
USD Sensitivity				
INR/ USD - Increase by 1%	(0.13)	(0.76)	(11.14)	(1.82)
INR/ USD - Decrease by 1%	0.13	0.76	11.14	1.82
JPY Sensitivity				
INR/ JPY - Increase by 1%	-	(0.02)	-	-
INR/ JPY - Decrease by 1%	-	0.02	-	-
EURO Sensitivity				
INR/ EUR - Increase by 1%	0.09	0.06	-	(0.01)
INR/ EUR - Decrease by 1%	(0.09)	(0.06)	-	0.01

Favourable impact shown as positive and adverse impact as negative.

The exposure to other foreign currencies is not significant to the Company's financial statements.

c Price risk

The Company's investments are susceptible to market price risk arising from uncertainties about future values of the investment securities. These securities are quoted and unquoted. The Company manages the price risk through diversification and by placing limits on individual and total mutual fund instruments. Further, the price risk is also mitigated by switching the investment portfolio between investment in mutual fund instruments and investments in bank deposits/corporate deposits. Reports on the investment portfolio are submitted to the Company's senior management on a regular basis. The Company's Board of Directors reviews and approves all equity investment decisions. The Company is not currently exposed significantly to such risk.

II Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables and contract assets) and from its financing activities,

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Crore, except per share data and unless stated otherwise)

including deposits with banks, foreign exchange transactions and other financial instruments.

Trade receivables/ contract assets

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous group and assessed for impairment collectively. The calculation is based on losses as per historical data. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in notes 6 and 8(b) above. The charge of impairment to Statement of profit and loss is disclosed in note 26(a) above. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

Financial instruments and bank deposits

Credit risk from balances with banks, mutual funds, loans and other financial assets are managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties having a good market reputation and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The Company's maximum exposure to credit risk for bank balances and deposits as at March 31, 2025 and March 31, 2024 is the carrying amounts as disclosed in Note 8(a) and 12, maximum exposure relating to financial derivative instruments is disclosed in notes 8(b) and 17(b) to the financial statements.

III Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

The management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at operating segments level in the Company in accordance with practice and limits set by the Company. In addition, the Company's liquidity management policy involves projecting future cash flows and considering the level of liquid assets necessary to meet these and monitoring balance sheet liquidity ratios against internal requirements.

(i) Maturities of financial liabilities

The tables below summarises the Company's financial liabilities into relevant maturity profile based on contractual undiscounted payments :

March 31, 2025	< 1 year	1 to 3 years	> 3 years
Non- derivative			
Trade Payables	434.87	-	-
Other financial liabilities			
Other payables	32.84	-	-
Derivatives (net settled)			
Foreign exchange forward contracts	7.60	-	-

March 31, 2024	< 1 year	1 to 3 years	> 3 years
Non- derivative			
Borrowings	161.91	-	-
Trade Payables	357.00	-	-
Other financial liabilities			
Other payables	27.34	0.22	-
Derivatives (net settled)			
Foreign exchange forward contracts	1.25	-	-

34 (b) Hedging activities and derivatives

Cash flow hedges

Foreign currency risk

Foreign exchange forward contracts measured at fair value through OCI are designated as hedging instruments in cash flow hedges of forecast sales in USD, EUR and forecast purchases in USD and EUR. These forecast transactions are highly probable, and fully cover the Company's expected future sales and future purchases based on the orders received.

While the Company also enters into other foreign exchange forward contracts with the intention to reduce the foreign exchange risk of expected sales and purchases, these other contracts are not designated in hedge relationships and are measured at fair value through profit or loss.

The foreign exchange forward contract balances vary with the level of expected foreign currency sales and purchases and changes in foreign exchange forward rates.

	March 31, 2025		March 31, 2024	
	Assets	Liabilities	Assets	Liabilities
Fair Value of Foreign exchange forward contracts designated as hedging instrument	4.75	(7.60)	0.67	(1.25)

The terms of the foreign currency forward contracts match the terms of the expected highly probable forecast transactions. As a result, no hedge ineffectiveness arise requiring recognition through profit or loss. Notional amounts of hedged instruments mentioned as assets for export transaction and as liabilities for import transactions, are as mentioned below.

	March 31, 2025		March 31, 2024	
	Assets	Liabilities	Assets	Liabilities
Cash flow hedge				
Foreign exchange forward contracts	1,192.24	-	283.09	-
Derivatives not designated as hedges				
Foreign exchange forward contracts	107.17	128.39	122.92	63.47

Majority of the derivative contracts mature within the next 12 months.

The cash flow hedges of the expected future sales and purchases were assessed to be highly effective and following net unrealised gain / (loss) with a deferred tax asset/ (liability) relating to the hedging instruments, is included in OCI.

	March 31, 2025		March 31, 2024	
	Expected future sales	Expected future purchases	Expected future sales	Expected future purchases
Unrealised gain/(Loss)	(3.13)	-	(0.19)	-
Deferred tax asset/ (liability)	0.79	-	0.05	-
	(2.34)	**-**	**(0.14)**	**-**

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Crore, except per share data and unless stated otherwise)

33 Key Financial Ratios

Ratios	Numerator	Denominator	As at March 31, 2025	As at March 31, 2024	Change	Reason for Variance
Current Ratio	Current Assets	Current Liabilities	1.21	1.34	-9.88%

For the year ended March 31, 2024

Name of struck off company	Nature of other outstanding balances	Transactions During the Year	Balance outstanding	Relationship with the struck off Company, if any, to be disclosed
Compact Global Private Limited	Payable	-	0.65	None

35 Share based payments

Employee stock option and share based payments

In respect of stock options granted pursuant to the Company's Employee Stock Option Scheme, the Company recognises employee compensation expense, using the grant date fair value in accordance with Ind AS 102 - Share Based Payment, on straight line basis over the period over which the employees would become unconditionally entitled to apply for the shares. Employees (senior executives) of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments.

The Company initially measures the cost of transactions with employees using a Black Scholes Options Pricing model to determine the fair value of the liability incurred.

Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model and the performance of the Company, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them.

The assumptions and models used for estimating fair value for share-based payment transactions are disclosed below.

Employees Stock Option Plan 2021 (ESOP 2021)

The Parent Company approved Employee Stock Option Plan in financial year 2021-22. Pursuant to this approval, the Parent Company instituted ESOP 2021 Plan in January 2022. The compensation committee of the Parent Company administers this Plan. Each option carries with it the right to purchase one equity share of the Parent Company. The Options have been granted to employees of the Company at an exercise price that is not less than the face value of shares as on date of grant of such option. Option Granted under ESOP 2021 shall vest not earlier than minimum period of 1 (One) year and not later than maximum period of 3 (Three) years from the date of Grant. The vesting of the options is 33%, 33% and 34% of total options granted after end of first, second and third year respectively from the date of grant. The maximum exercise period is 5 years from the date of vesting.

Number and weighted average exercise prices of options granted, exercised and cancelled/lapsed during the financial year

Notes to financial statements for the year ended March 31, 2025

(All amounts are in Rupees Crore, except per share data and unless stated otherwise)

Particulars	March 31, 2025		March 31, 2024	
	No.of options	Weighted average exercise price per option (Rs.)	No.of options	Weighted average exercise price per option (Rs.)
Options outstanding at the beginning of the year	454	15.25	4,241	15.25
Granted during the year	500	15.25	3,471	15.25
Forfeited during the year	-	15.25	-	15.25
Exercised during the year	-	15.25	5,236	15.25
Lapsed during the year	-	15.25	2,022	15.25
Options outstanding at the end of year	954	15.25	454	15.25
Options exercisable at the end of the year	330	15.25	-	15.25

The weighted average remaining contractual life is as follows:

Particulars	March 31, 2025	March 31, 2024
Exercise price	Rs. 15.25 per share	Rs. 15.25 per share
Weighted average contractual life (years)	Ranging between 1.83 - 4.28 Years	Ranging between 1.83 - 1.90
No. of Options	954	454

The fair value of each option is estimated on the date of grant using Black and Scholes option pricing model with the following assumptions:

Particulars	March 31, 2025	March 31, 2024
1. Exercise price (Rs.)	15.25	15.25
2. Price of underlying share in the market at the time of option grant (Rs.)	Ranging between 2,139.45 - 4,485.35	Ranging between 2,139.45 - 2,415.85
3. Weighted average fair value of options granted (Rs)	Ranging between 2,107.61 - 4384.98	Ranging between 2,105.39 - 2,379.45
4. Expected life of the option (years)	3 -5	3 -5
5. Risk free interest rate (%)	Ranging between 6.41% - 7.56%	Ranging between 6.53% - 7.05%
6. Expected volatility (%)	Ranging between 12.86% - 14.09%	Ranging between 12.86% - 13.14%
7. Dividend yield (%)	Ranging between 0.47% - 0.48%	0.48%

The Company recorded an employee compensation cost of Rs. 0.21 (March 31, 2024 : Rs 0.80) in the Statement of Profit and Loss.

The expected price volatility is based on the historic volatility, adjusted for any expected changes to future volatility due to publicly available information.

36 (a) Compliance with section 143(3) for maintenance of books of account

The Company is required to maintain the books of account which are accessible in India at all times and their backup is to be kept on servers located in India on a daily basis. The Company has a process to take daily back-up of books of account maintained in electronic mode and along with the logs of the back-up of such books of account. The Company has complied with the provision of section 143(3) of the act for maintenance of books of account.

(b) The Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that audit trail feature is not enabled for direct changes to data for users with certain privileged access rights to the Infor Baan application. Further no instance of audit trail feature being tampered with was noted in respect of other software. Additionally, the audit trail of prior years has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective years.

37 Disclosure required under section 186 (4) of Companies Act, 2013

Loans to related parties include loans given to Holding Company. The particulars of which are disclosed below as required by Sec 186(4) of the Act:

Name of the party	Rate of Interest (p.a.)	Period	Purpose	As at March 31, 2025	As at March 31, 2024
Thermax Limited	Interest rate of 7.90% is based on the comparative quotes taken from bank	The loan shall be repaid within a period of 2 years.	The loan has been granted to the Holding Company for working capital requirements amounting to Rs. 345 (March 31 2024: Rs. Nil).	-	-

38 Capital Management

The Company's objective for capital management is to maximise long - term shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long - term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. No changes were made in the objectives, policies or processes during the years ended March 31, 2025 and March 31, 2024. Capital represents equity attributable to equity holders of the Parent Company.

	As at March 31, 2025	As at March 31, 2024
Borrowings	-	161.91
Less: Cash and cash equivalents	(55.49)	(14.22)
Net debt	**(55.49)**	**147.69**
Equity	1,043.41	826.19
Capital and net debt	**987.92**	**973.88**
Gearing ratio	**-**	**1 : 6.59**

39 Other statutory information

(i) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.

(ii) The Company does not have any charges or satisfaction which is yet to be registered with Registrar of Companies beyond the statutory period.

(iii) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

(iv) (A) The Company has not advanced or loaned or invested funds to any other person or entity, including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(B) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(v) The Company has not made any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961)

(vi) The Company has not been declared as a wilful defaulter by any bank or financial institution or any other lender.

State of Company's Affairs

The Company has successfully completed two years of operation of its first set of projects comprising of a 16. 7 MWp Group Captive Solar Project in the state of Tamil Nadu and an 11.5 MWp Captive solar project in Maharashtra. The Company launched its first hybrid project of 51.8 MWp in Gujarat which is completed and is in operation since June 2023.

The company also launched a 130 MWp bundled solar wind project in Tamil Nadu out of which 90 MWp was commissioned between September 2023 and April 2024 progressively. The balance attributed to 39 MW Wind is in stabilisation and in advance stage of completion respectively, of which 24 MW is completed and balance 15MW is under construction.

24MW wind projects were commissioned during the financial year and 19.5 MWp Solar projects in Maharashtra during the current financial year taking the total capacity to 213.5 MWp for Solar cum wind projects.

The Company has made a strategic decision to implement renewable capacities together with the energy storage systems connected to Inter State Transmission System (ISTS) and accordingly secured 100 MW connectivities each in Andhra Pradesh, Tamil Nadu and Rajasthan Power Grid Substations.

There has not been any change in the nature of business of the Company during the year.

Material Changes Affecting the Financial Position of the Company

No material changes and commitments have occurred after the close of the year till the date of this Report, which affects the financial position of the Company

Dividend

In view of the losses, the directors do not recommend any dividend on equity shares.

Amount proposed to be carried to Reserves

During the year, the company has not transferred any amount to the General Reserve.

Share Capital

During the year there were no changes in the capital structure of the Company. The Company's Authorised share Capital is Rs. 525,00,00,000/- (Rupees five hundred and twenty-five crores only) divided into 52,50,00,000 (Fifty-two crores fifty lakhs) Equity Shares of Rs. 10/- each.

The Paid-up Share Capital of the Company is Rs. 4,19,31,63,650 divided into Equity Shares of Rs. 41,93,16,365 of Rs. 10 each for financial year under report. During the year under review, the Company has made the further issue of shares to the existing shareholders on a rights basis. Details of the further issue of shares are as follows:

Date of Issue	Number of Shares	Nominal value per share (Rs.)	Amount (Rs.)
14-05-2024	1,20,00,000	10	12,00,00,000
31-05-2024	33,30,000	10	3,33,00,000
03-03-2025	1,00,00,000	10	10,00,00,000

The Company has not issued shares with differential voting rights nor has granted any stock options or sweat equity during the year.

Subsidiaries, Joint Ventures and Associates

During the year the Company has incorporated One subsidiary namely First Energy 11 Private Limited, for carrying out its Group Captive or Captive Power projects in different states.

The annual accounts of the subsidiary companies and related detailed information are available to the shareholders of the holding and subsidiary company as well as to the statutory authorities. On request, these documents will be made available for inspection at the Company's corporate office.

The Company had entered into a Share Purchase Agreement (SPA) with the former owners of Onix Two Enersol Private Limited (OTEPL) on September 6, 2024, to acquire 100% of OTEPL's shares for INR 1 lakh. The agreement specified certain precedent conditions that were to be fulfilled by October 5, 2024. These conditions remained unfulfilled and a further extension of six months was granted. These conditions were not complied even in the extended period. Accordingly, the acquisition did not consummate and hence equity investment of INR 1 lakh was reclassed to other receivables in the Company's financials and accordingly OTEPL is not the Company's subsidiary.

Highlights of performance of subsidiaries

During the year, the Company has launched wind solar hybrid captive projects aggregating to 380 MWp across the states of Gujurat, Andhra Pradesh and Tamil Nadu.

During the year the Company commissioned 44.2 MWp of wind and solar across Maharashtra and Tamil Nadu.

Projects aggregating to 213.5 MWp are successfully operational accross States of Tamil Nadu Maharashtra and Gujurat.

First Energy Private Limited

Deposits

The Company has not accepted any deposits under Chapter V of the Companies Act, 2013. It has no unpaid/unclaimed deposits as of March 31, 2025.

Particulars of Loans, Guarantees or Investments

The details of loans and investments covered under the provisions of section186 of the Companies Act, 2013, are given in the notes to the Financial Statements.

Restriction on purchase by the Company or giving of Loans by it for purchase of its shares

Pursuant to the provisions of Section 67(3)(c) of the Companies Act, 2013, and rules made thereunder, the Company has not given any loan exceeding the limit mentioned therein, to persons in the employment of the Company, Directors or Key Managerial Personnel, for purchase or subscribe shares of the Company.

Business Risk Management

The Company has identified the below types of risks in its Renewable Energy business and has drawn a mitigation plan to address the same –

- **Land Risk :**

  The land title/ ownership data as per Government systems have certain degree of inaccuracies owing to prevalent old manual systems. This could result in delays in land acquisition and give rise to litigation. To mitigate this risk, the Company has an in-house Land expert and appointed a reputable legal agency to conduct Thirty Year Title Search Report (TSR) to clearly establish the ownership prior to land acquisition.

- **Risk of Right of Way (RoW) and Resources :**

  This type of risk involved the risk of delays due to RoW during construction and the availability of resources as per the plan. To cope with this risk the Company plans advance tie-up for land parcels and NOCs from respective agencies. It also collaborates with competent local infra partners and engages with experienced and capable service partners.

- **Renewable Sources and Grid Availability :**

  The risk identified by the Company is lower generation on account of lower radiation, wind speed, and Grid failures. The Company continuously studies the radiation levels and Wind Resources Assessment with historical data from reliable sources and accordingly sizes the plant and the financial models for arriving at the right tariff for the available conditions. It also carries out Load Flow Analysis and studies the data on power availability and quality from the Grid.

- **Plant Uptime and Soiling Losses :**

  This type of risk involved the risk of revenue loss due to breakdowns and soiling due to the unavailability of water. This risk can be mitigated by selecting competent and credible service partners for Operations & Maintenance. The Company is also using waterless robotic technology for cleaning modules and therefore manpower dependency is reduced. The Board at its meetings periodically reviews and monitors these risks and their mitigation plan.

Health and Safety

Across all its operational assets, sites and offices, the company implements policies that covers Health and safety.

The Company strives for continuous improvement and its objective is to establish the best safety practices at sites and operating assets.

During the year the Company took below health and safety initiatives:

- HSE Communication: HSE Moment/Lessons Learnt – Weekly HSE Moment is circulated to all employees and contractors and learnings are implemented.
- HSE Risk Management: -Hazard Reporting and closure – Hazards are reported by employees and contractors and closure is monitored and supported by Management.
- HSE Promotion: - HSE Campaigns: - National Safety Week and Road Safety Week,Sustainabiltiy week was celebrated across the company involving contractors and employees and employee's family members.
- HSE Training: - HSE training including, Visitor Induction, Safety Induction and Risk based training is imparted to Contractors
- HSE Digitialisation: - HSE digital software implmented for Hazard reporting, at risk behaviour reporting

Adequacy of Internal Financial Controls

The Company has adequate internal financial controls and those are operating effectively.

Directors & Key Managerial Personnel

During the year, Mr. Arun Unni (DIN: 10831177) is appointed as an Additional Director of the Board with effect from November 27, 2024 and Ms. Sampada Sakhare resigned as the Company Secretary and Key Managerial Personnel of the Company with effect from February 7, 2025.

Mr Sumit Rathi was appointed as the Chief Financial Officer of the Company with effect from May 06,2024 while Mr Mitish Somani ceased to be the Chief Financial Officer from April 05,2024.

Under the provisions of the Companies Act, 2013 and Articles of Association of the Company, Mr. Rajendran Arunachalam (DIN: 08446343) retires by rotation and being eligible offers, himself for re-appointment. The proposal of re-appointment forms part of the Notice of the Seventeenth AGM of the Company.

Board Evaluation

According to the provisions of the Companies Act, 2013, the Board has carried out an annual evaluation of its performance and of its individual Directors.

Board Meetings

The Board met Five times during the year under review, on May 6, 2024, July 29, 2024, November 07, 2024, January 27, 2025 and February 25, 2025. The intervening gap between the meetings was within the period prescribed under the Companies Act, 2013 and circulars issued by the Ministry of Corporate Affairs during the year.

Directors' Responsibility Statement

In terms of Section 134(3)(c) of the Companies Act, 2013, the Directors of your Company, to the best of their knowledge and belief and according to the information and explanations obtained by them in the normal course of their work, state that, in all material respects:

a) In the preparation of the annual financial statements for the year ended March 31, 2025, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any;

b) Appropriate accounting policies have been selected, applied consistently and judgment and estimates have been made that are reasonable and prudent to give a true and fair view of the state of affairs of the Company as on March 31, 2025, and of the loss of the Company for the year ended on that date;

c) Proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

d) The annual financial statements have been prepared on a going concern basis;

e) Proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

Secretarial Standards

Your Company is in compliance with the Secretarial Standards on Meetings of the Board of Directors (SS-1) and Secretarial Standards on General Meetings (SS-2) issued by the Institute of Company Secretaries of India (ICSI) as amended from time to time.

Details regarding frauds reported by Auditors under section 143(12)

During the year under review, there were no frauds reported by the auditors to the Board under section 143(12) of the Act.

Related Party Transactions (RPT)

All related party transactions that were entered into during the financial year were on an arm's length basis and were in the ordinary course of business. There are no materially significant related party transactions made by the Company with Promoters, Directors, Key Managerial Personnel, or other designated persons that may have a potential conflict with the interest of the Company at large. Therefore, requirements of disclosure of RPTs in AOC-2 are not attracted.

During the year, RPTs were placed before the Board for approval. A statement showing the disclosure of transactions with related parties as required under IND AS 24 is set out separately in the financial statements.

Standalone and Consolidated Financial Statements

The financial statements for the year ended March 31, 2025, have been prepared as per Schedule III to the Companies Act, 2013, as amended from time to time. The consolidated financial statements of the group are prepared in compliance with the Accounting Standards.

Maintenance of Cost Records

The requirement for maintenance of the Cost Records according to Section 148(1) of the Companies Act, 2013, does not apply to the Company.

Conservation of energy and technological absorption

The Company is in the business of renewable energy. The Company aims to conserve the environment by bringing about significant change in methods of using energy through the application of Solar, Wind and associated Renewable energy generation sources for commercial & industrial customers.

As a part of its "Build-Green" initiatives, the Company has installed solar powered Robots to clean the solar modules at the Opex projects thus ensuring waterless cleaning. In the case of Technology absorption, the Company used higher rated (540 & 550Wp) Monoperc PV models with better efficiency. The structure is designed to withstand the wind load. Robot technology is being adopted for cleaning the modules and this will help to conserve water and reduce soiling losses

Foreign Exchange Earnings and Outgo

Below are the details of foreign currency earnings and outgo made during the year.

Foreign currency earnings	Amt. Rs.	3,90,05,107
Foreign currency outgo	Amt. Rs.	1,31,46,538

Particulars of Employees

The total number of permanent employees on the rolls of the company as of March 31, 2025 was 75.

None of the employees are covered by the provisions contained in Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 framed under the Companies Act, 2013.)

Significant and material orders passed by the Regulators or Courts

There are no significant material orders passed by the Regulators / Courts which would impact the going concern status of the company and its future operations.

Corporate Social Responsibility

The Company does not fall under the criteria defined under Section 135 of the Companies Act, 2013 as of March 31, 2025. Hence, the provisions related to Corporate Social responsibility do not apply to the Company.

Disclosure under Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

Your Company is committed to providing employees with a safe and conducive work environment. It has complied with provisions relating to the constitution of the Internal Complaints Committee under the Sexual Harassment of Women at Workplace (Prevention, Prohibition, Redressal) Act, 2013.

No cases were pending at the beginning of the year/ filed during the year, according to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

The Insolvency and Bankruptcy Code, 2016

Your Board confirms that there is no proceeding pending under the Insolvency and Bankruptcy Code, 2016 and during the year there is no instance of one-time settlement with any Bank or Financial Institution.

Auditors

Statutory Auditors

The members of the Company in their Fifteenth Annual General Meeting had appointed M/s Price Waterhouse Chartered Accountants LLP (FRN. 012754N/N500016) as Statutory Auditors for five years from the conclusion of the Fifteenth Annual General Meeting until the conclusion of the Twentieth Annual General Meeting to be held in FY 2028-29.

The Statutory Audit Report does not contain any qualifications, reservations, adverse remarks, or disclaimers.

Secretarial Auditors

First Energy Private Limited

FORM NO. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2025

[Pursuant to section 204 (1) of the Companies Act, 2013 and Rule No.9 of the Companies

(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
First Energy Private Limited,
Thermax House, 14, Mumbai Pune Road,
Wakdewadi, Pune - 411003.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **First Energy Private Limited** bearing **CIN: U40200PN2008FTC139032**, a subsidiary of public company in terms of the provisions of section 2(71) of the Companies Act, 2013 (hereinafter called the "Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on **31st March, 2025** complied with the statutory provisions listed hereunder and also that the Company has proper board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2025 according to the provisions of:

(i) The Companies Act, 2013, as amended from time to time (the Act) and the rules made thereunder;

(ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder to the extent applicable;

(iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder to the extent of the securities held in dematerialized form;

(iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, External Commercial Borrowing and Overseas Direct Investment; (not applicable to the Company during the audit period)

(v) None of the Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') are applicable to the Company.

(vi) The management has identified and confirmed the compliances of the following law as specifically applicable to the Company:

a) The Electricity Act, 2003 (to the extent applicable to the Company)

We have also examined compliance with the applicable clauses of the Secretarial Standards issued by 'The Institute of Company Secretaries of India'.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that

The Board of Directors of the Company is duly constituted with all Non-Executive Directors and a Chief Executive Officer. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and in case of shorter notice, the meeting is convened with necessary quorum and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and decisions through circular resolutions are carried out with requisite majority, as recorded in the minutes of the meetings of the Board of Directors.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, there are no specific events/ actions having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc. except following:

1. Increase in the paid-up capital of the Company to INR 419,31,63,650/- by allotment of 1,53,30,000 equity shares of Rs. 10 each on following dates under Rights Issues approved by the Board of Directors:

Sr. No	Date of Board meeting/Circular resolutions for allotment of equity shares under Rights Issues	Number of shares allotted
1.	June 28, 2024	1,20,00,000
2.	July 29, 2024	33,30,000

2. The Company has incorporated a new wholly owned subsidiary by the name First Energy 11 Private Limited w.e.f. July 29, 2024 and has also acquired Onix-Two Enersol Private Limited as its wholly owned subsidiary w.e.f. October 08, 2024.

First Energy Private Limited

INDEPENDENT AUDITOR'S REPORT

To the Members of First Energy Private Ltd

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of First Energy Private Limited ("the Company"), which comprise the Standalone Balance Sheet as at March 31, 2025, and the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including material accounting policy information and other explanatory information.

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and total comprehensive income (comprising of loss and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

4. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the standalone financial statements and our auditor's report thereon.

   Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

   In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the standalone financial statements.

5. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

6. In preparing the standalone financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

7. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

8. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

9. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

   - Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

   - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

   - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

   - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

   - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other

matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

12. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

13. As required by Section 143(3) of the Act, we report that:

    (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid standalone financial statements have been kept so far as it appears from our examination of those books, except that the backup of certain books of account and other books and papers maintained in electronic mode has not been maintained on a daily basis on servers physically located in India during the year and the matters stated in paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).

    (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

    (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.

    (e) On the basis of the written representations received from the directors as on March 31, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of Section 164(2) of the Act.

    (f) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 13(b) above on reporting under Section 143(3)(b) and paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).

    (g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

    (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

        i. The Company does not have any pending litigations which would impact its financial position.

        ii. The Company was not required to recognise a provision as at March 31, 2025 under the applicable law or Indian Accounting Standards, as it does not have any material foreseeable losses on long-term contract. The Company did not have any derivative contracts as at March 31, 2025.

        iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2025.

        iv. (a) The management has represented that, to the best of its knowledge and belief, as disclosed in Note 38 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

        (b) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 30(b) and 38 to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

        (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

        v. The Company has not declared or paid any dividend during the year.

        vi. Based on our examination, which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility that has operated during the year for all relevant transactions recorded in the software, except that audit trail feature has not been enabled at the database level to log any direct data changes. Further, for accounting software other than the aforesaid database, we did not notice any instance of audit trail feature being tampered with, or not preserved as per the statutory requirements for record retention.

14. The Company has not paid any remuneration to its directors during the year. Accordingly, reporting under Section 197(16) of the Act is not applicable to the Company.

First Energy Private Limited

Annexure A to Independent Auditor's Report

Referred to in paragraph 13(g) of the Independent Auditor's Report of even date to the members of First Energy Private Limited on the standalone financial statements for the year ended March 31, 2025

Report on the Internal Financial Controls with reference to Standalone Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to standalone financial statements of First Energy Private Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

7. Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Annexure B to Independent Auditors' Report

Referred to in paragraph 12 of the Independent Auditor's Report of even date to the members of First Energy Private Limited on the standalone financial statements as of and for the year ended March 31, 2025

In terms of the information and explanations sought by us and furnished by the Company, and the books of account and records examined by us during the course of our audit, and to the best of our knowledge and belief, we report that:

i. (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.

(B) The Company is maintaining proper records showing full particulars of Intangible Assets.

(b) The Property, Plant and Equipment of the Company have been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.

(c) The Company does not own any immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) (Refer Note 3 to the standalone financial statements). Accordingly, reporting under clause 3(i)(c) of the Order is not applicable to the Company.

(d) The Company has chosen cost model for its Property, Plant and Equipment (including Right of Use assets) and Intangible Assets. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment (including Right of Use assets) or Intangible Assets does not arise.

(e) No proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in the standalone financial statements does not arise.

ii. (a) The Company does not hold any inventory. Accordingly, reporting under clause 3(ii)(a) of the Order is not applicable to the Company.

(b) During the year, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, from banks on the basis of security of current assets. The terms of sanction do not stipulate filing of quarterly returns or statements with such banks, and accordingly, the question of our commenting on whether the returns or statements are in agreement with the unaudited books of account of the Company, does not arise.

iii. (a) The Company has made investments in 6 mutual fund schemes and 5 companies (also refer Note 5 and 41 to the standalone financial statements), granted unsecured loans to 9 companies and one employee and provided security to 1 company. The aggregate amount during the year, and balance outstanding at the balance sheet date with respect to such loans and security to subsidiaries and to employee are as per the table given below:

(₹ lakhs)

	Security	Loans
Aggregate amount granted/ provided during the year		
- Subsidiaries	401.85	40,898.30
- Employee	-	2.00
Balance outstanding as at balance sheet date in respect of the above case		
- Subsidiaries	10,812.92	33,986.50
- Employee	-	2.00

(Also, refer Note 5(a) and 30 to the standalone financial statements)

(b) In respect of the aforesaid investments, securities and loans, the terms and conditions under which such loans were granted, investments were made and security provided are not prejudicial to the Company's interest.

(c) In respect of the loans the schedule of repayment of principal and payment of interest has been stipulated, and the parties are repaying the principal amounts, as stipulated, and are also regular in payment of interest as applicable.

(d) In respect of the loans, there is no amount which is overdue for more than ninety days.

(e) Following loans were granted to same parties, which have fallen due during the year or were renewed/extended.

Name of the parties	Aggregate amount of loans granted during the year (In Rs. lakhs)	Aggregate overdue amount settled by renewal or extension or by fresh loans granted to same parties (In Rs. lakhs)	Percentage of the aggregate to the total loans granted during the year
First Energy TN 1 Private Limited	2,553.00	1,950.00	76.38%
Jalansar Wind Energies Private Limited	-	20.00	Not applicable
Kanakal Wind Energies Private Limited	-	8.00	Not applicable
First Energy 2 Private Limited	-	135.00	Not applicable
First Energy 3 Private Limited	2,153.50	860.00	39.93%
First Energy 4 Private Limited	818.00	170.00	20.78%
First Energy 5 Private Limited	3,611.85	1,882.00	52.11%
First Energy 6 Private Limited	1,144.50	1,197.22	104.61%
First Energy 7 Private Limited	1,632.00	889.15	54.48%
First Energy 8 Private Limited	28,053.58	24,735.81	88.17%
First Energy Nine Private Limited	917.00	366.00	39.91%

(Also, refer Note 30 to the standalone financial statements)

(f) The loans granted during the year, including to related parties had stipulated the scheduled repayment of principal and payment of interest and the same were not repayable on demand.

iv. In our opinion, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made and security provided by it.

v. The Company has not accepted any deposits or amounts which are deemed to be deposits referred in Sections 73, 74, 75 and 76 of the Act and the Rules framed there under.

vi. The Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products/ services of the Company. Accordingly, reporting under clause 3(vi) of the Order is not applicable to the Company.

vii. (a) In our opinion, the Company is regular in depositing the undisputed statutory dues, including goods and services tax, provident fund, income tax and other statutory dues, as applicable, with the appropriate authorities.

(b) There are no statutory dues of goods and services tax, provident fund, income tax which have not been deposited on account of any dispute. The particulars of other statutory dues referred to in sub-clause (a) as at March 31, 2025 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amont (In Rs. lakhs)	Amount paid under protest (Rs.)	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Income Tax (including interest and penalty if applicable)	1,134.71	-	FY 21-22	Commissioner of Income Tax (Appeals)

viii. There are no transactions previously unrecorded in the books of account that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

ix. (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.

(b) On the basis of our audit procedures, we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority.

(c) In our opinion, the Company has utilized the money obtained by way of term loans during the year for the purposes for which they were obtained, except for the following cases:

Nature of the fund raised	Name of the lender	Amount diverted (Rs. in lakhs)	Purpose for which amount was sanctioned	Purpose for which amount was utilised	Remarks
Short term loan	MUFG Bank Ltd.	422.35	Repayment of the outstanding loans from Thermax Limited	Investment in mutual funds	The term loan obtained during the year has not been utilized because moneys were raised at the fag end of the year.
Short term loan	MUFG Bank Ltd	89.21	Repayment of the outstanding loans from Thermax Limited	Amount yet to be utilised kept in current account and bank deposits.	The term loan obtained during the year has not been utilized because moneys were raised at the fag end of the year.

(d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the standalone financial statements of the Company, we report that no funds raised on short-term basis have been utilised for long-term purposes by the Company.

(e) On an overall examination of the standalone financial statements of the Company, we report that the Company has taken funds from the following entities and persons on account of or to meet the obligations of its subsidiaries as per details below. Further, the Company does not have any associate or joint venture.

Nature of fund taken	Name of lender	Amount involved	Name of the subsidiary	Nature of transaction for which fund utilized
Equity	Thermax Limited	1,200.00	First Energy 8 Private Limited	For capital expenditure
Equity	Thermax Limited	333.00	First Energy Nine Private Limited	For capital expenditure
Equity	Thermax Limited	999.00	First Energy 10 Private Limited	For capital expenditure
Term loan	Thermax Limited	1,042.00	First Energy TN 1 Private Limited	For working capital and capital expenditure
Term loan	Thermax Limited	2,153.50	First Energy 3 Private Limited	For working capital and capital expenditure
Term loan	Thermax Limited	818.00	First Energy 4 Private Limited	For working capital and capital expenditure
Term loan	Thermax Limited	1,836.00	First Energy 5 Private Limited	For capital expenditure requirement
Term loan	Thermax Limited	1,060.00	First Energy 6 Private Limited	For working capital and capital expenditure
Term loan	Thermax Limited	1,632.00	First Energy 7 Private Limited	For capital expenditure
Term loan	Thermax Limited	26,599.00	First Energy 8 Private Limited	For capital expenditure
Term loan	Thermax Limited	846.00	First Energy Nine Private Limited	For working capital and capital expenditure
Term loan	Thermax Limited	11.00	First Energy 10 Private Limited	For capital expenditure
Short term loan	MUFG Bank Ltd.	1,293.00	First Energy TN 1 Private Limited	Repayment of interest on loan
Short term loan	MUFG Bank Ltd.	19.85	First Energy 5 Private Limited	Repayment of interest on loan
Short term loan	MUFG Bank Ltd.	1,116.85	First Energy 8 Private Limited	Repayment of interest on loan

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries.

x. (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable to the Company.

(b) The Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.

(b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.

(c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and as represented to us by the management, no whistle-blower complaints have been received during the year by the Company. Accordingly, the reporting under clause 3(xi)(c) of the Order is not applicable to the Company.

xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the reporting under clause 3(xii) of the Order is not applicable to the Company.

xiii. The Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of related party transactions have been disclosed in the standalone financial statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act and, accordingly, to this extent, the reporting under clause 3(xiii) of the Order is not applicable to the Company.

xiv. (a) The internal audit of the Company is covered under the group internal audit pursuant to which an internal audit is carried out in a phased manner. In our opinion, the Company's internal audit system is commensurate with the size and nature of its business.

(b) The reports of the Internal Auditor for the period under audit have been considered by us.

xv. In our opinion, the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) The Company has not conducted non-banking financial/ housing finance activities during the year. Accordingly, the reporting under clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.

(d) In our opinion, the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) has one CIC as part of the Group.

xvii. The Company has not incurred any cash losses in the financial year and had incurred cash losses of Rs. 1,310.77 lakhs in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year and accordingly the reporting under clause 3(xviii) of the Order is not applicable.

xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date will get discharged by the Company as and when they fall due.

xx. The provisions relating to Corporate Social Responsibility under Section 135 of the Act are not applicable to the Company. Accordingly, reporting under clause 3(xx) of the Order is not applicable to the Company.

xxi. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of Standalone Financial Statements. Accordingly, no comment in respect of the said clause has been included in this report.

First Energy Private Limited

Notes to the standalone financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

1. Corporate information

First Energy Private Limited ("the Company") is primarily involved in Engineering, Procurement and Construction of solar power plant and other ancillary activities.

The Company is a private limited Company incorporated and domiciled in India. The address of its registered office is 14, Thermax House, Old Mumbai-Pune Highway, Wakdewadi Pune - 411003, India. The Board of Directors have authorized to issue these standalone financial statements on April 30, 2025. The CIN of the Company is U40200PN2008FTC139032.

2 MATERIAL ACCOUNTING POLICIES

(a) Basis of preparation

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS), notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013 (the Act) (Ind AS compliant Sch III) as applicable.

The preparation of the standalone financial statements requires the use of certain critical accounting judgements, estimates and assumptions. It also requires the management to exercise judgment in the process of applying the Company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the standalone financial statements are disclosed separately in note 2.2.

(b) Historical cost convention

The standalone financial statements have been prepared on the historical cost convention except certain financial assets measured at fair value (refer accounting policy regarding financial instruments).

2.1 Summary of material accounting policies, critical accounting estimates and judgements

a Current and non-current classification

The Company presents assets and liabilities in the Standalone Balance Sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

All financial assets (excluding trade receivables) are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit and loss (FVTPL), transactions costs that are attributable to the acquisition of the financial asset. For all subsequent measurements financial assets are classified in following categories by the company:"

(i) Debt instruments at amortized cost

A debt instrument' is measured at the amortized cost if both the following conditions are met:

(a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and

(b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. The EIR amortization is included in income in the Standalone Statement of Profit and Loss. The losses arising from impairment are recognized in the Standalone Statement of Profit and Loss.

(ii) Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on acquisition of an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a ""pass-through"" arrangement; and either (a) The Company has transferred substantially all the risks and rewards of the asset, or (b) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

For trade receivables, the Company follows 'simplified approach' for recognition of impairment loss and always measures the loss allowance at an amount equal to lifetime expected credit losses to measure the expected credit losses.

In case of other financial assets, the Company applies general approach for recognition of impairment losses wherein the Company uses judgement in considering the probability of default upon initial recognition and whether there has been a significant increase in

Notes to the standalone financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

credit risk on an ongoing basis throughout each reporting period.

Financial liabilities

All financial liabilities are recognized initially at fair value and in the case of borrowings, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables and borrowings.

Subsequent measurement of financial liabilities depends on their classification as FVTPL or at amortized cost. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. There are currently no financial liabilities classified as FVTPL.

Gains and losses are recognized in Standalone Statement of Profit and Loss when the liabilities are derecognized as well as through effective interest method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or cost that are integral part on effective interest rate (EIR). The EIR amortization is included as finance cost in the Standalone Statement of Profit and Loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires or when an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Standalone Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Standalone Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

c Foreign currencies translation

Accounting policy

The Company's standalone financial statements are prepared in INR, which is also the functional currency of the Company.

Transactions and balances

Transactions in foreign currencies are initially recorded at the functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in the Standalone Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

d Fair value measurement

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.2 SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

In the application of the Company's accounting policies, the Management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the standalone financial statements.

The areas involving critical estimates or judgements are:

a. Estimations used for fair value measurement (Refer note 33)

b. Estimations used for impairment of financial assets and liabilities (2.2.b and 8)

c. Estimates and assumptions related to useful lives and impairment of Property, Plant and Equipment (PPE) (Refer note 3(a))

d. Estimates and assumptions for deferred taxes (Refer note 7)

e. Estimates and assumptions related to Provisions and employee benefit expenses (Refer note 16)

f. Estimates, judgments and assumptions used for revenue from operations (Refer note 20)

g. Estimates and judgements used for impairment of non-current assets (Refer note 5(a))

3(a). Property, plant and equipment

Accounting policy

Property, Plant and Equipment (PPE) are stated at cost of acquisition or construction net of accumulated depreciation and impairment loss, if any. All significant costs relating to the acquisition and installation of PPE are capitalized. Subsequent costs/replacement costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Standalone Statement of Profit and Loss during the financial year in which they are incurred. The carrying amount of the replaced part is derecognised. The carrying amount of an item of property, plant and equipment shall be derecognized on disposal or when no future economic benefits are expected from its use or disposal.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

Depreciation on PPE is calculated on a straight line basis using the rates arrived at, based on the useful lives estimated by the management. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset.

All items of property, plant and equipment and capital work in progress are stated at cost of acquisition or construction net of accumulated

depreciation and impairment loss, if any.

The estimated useful life is supported by technical assessment. The following useful lives are adopted by the management:

Asset category	Group's estimate of useful life (years)	Useful life as prescribed under Schedule II (years)
Plant and equipment	10	10 to 15
Office equipment	5	5
Furniture and fixtures	10	10
Computers and data processing units	3 to 6	3 to 6

Estimates and Assumptions

The Company determines, based on technical assessment, the estimated useful lives of its property, plant and equipment and intangible assets for calculating depreciation and amortisation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. Management reviews the residual value and useful lives annually and future depreciation and amortisation charge would be adjusted where the management believes the useful lives differ from previous estimates.

Note - See note 28 for disclosure of contractual commitments for the acquisition of property, plant and equipment.

3 (b) Right-of-use assets

Accounting policy

The Company recognises right-of-use assets ("ROU") at cost at the commencement date of the lease. The cost of ROU includes the amount of lease liabilities recognised, initial direct costs incurred, lease payments made at or before the commencement date less any lease incentives received. After the commencement date, ROU assets are measured at cost, less any accumulated depreciation and impairment loss (if any) and adjusted for any remeasurement of lease liabilities. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs. Right of use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated remaining useful lives of the assets, as follows:

- Buildings - 5 years

Notes to the standalone financial statements for the year ended March 31, 2025

The Company has taken building premise on lease which has been accounted in accordance with Ind AS 116-Leases under right of use assets. Refer note 29 for further disclosure on leases.

4 Intangible Assets

Accounting policy

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the Standalone Statement of Profit and Loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Standalone Statement of Profit and Loss when the asset is derecognized.

The Company amortises intangible assets over the following periods:

- Software : 3 to 6 years

Assets category	Life (years)
Computer software	3 to 6

Particulars	Computer Software	Total
Year ended March 31, 2024

5(a). Non-current investments

Accounting policy

Equity investment in subsidiaries are carried at cost less impairment losses in the Standalone Balance Sheet. Determining whether non-current assets are impaired requires an estimation of the value in use of the relevant cash generating units. The value in use calculation is based on a Discounted Cash Flow model over the estimated useful life of the property, plant and equipment held by each subsidiary. Further, the cash flow projections are based on estimates and assumptions relating to expected demand, expected tariff rates for electricity, discount rate and electricity market scenario, based on past trends and the current and likely future state of the industry etc. which are considered reasonable by the Management. Any reasonable possible change in the underlying assumptions would not lead to a material change to the amount of impairment.

Estimates and Assumptions

Impairment exists when the carrying value of an asset or cash generating unit (CGU) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a Discounted Cash Flow (DCF) model. The cash flows are derived from the budget over the useful life of assets as approved by the Management and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows. The estimates involved includes long term debt cost, cost of equity and long-term debt equity ratio.

First Energy Private Limited

Notes to the standalone financial statements for the year ended March 31, 2025

(All amounts in Rupees lakh, unless otherwise stated)

*The Company has written put options over the remaining equity interest in these subsidiaries. Based on the analysis of the terms of the agreement, the shares over which the put options have been written do not meet the definition of an "underlying" as per Ind AS 109 and therefore these put options have not been accounted for as a derivative contract.

Note - During the year, the Company made annual assessment of recoverability of the investments in subsidiaries and based on such assessment, an impairment provision of Rs. 180 lakhs in the value of investment has been recognised. Details of key assumptions used in the assessment are weighted average cost of capital - 8.15%, useful life of renewable energy plants - 30 years, residual value of assets - 5% of assets value.

5(b). Current investments

Accounting policy

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value (FVOCI). The Company makes such an election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. There are no equity instruments which are carried at FVOCI.

Notes to the standalone financial statements for the year ended March 31, 2025

Others	21.04	20.04
Total	**381.94**	**1,003.39**

7 (a). Income tax assets (net)

Accounting Policy

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside profit or loss is recognized either in OCI or in equity. Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Particulars	As at March 31, 2025	As at March 31, 2024
Income tax assets (net)	235.75	218.97
Total	**235.75**	**218.97**

Particulars	As at March 31, 2025	As at March 31, 2024
Opening Balance	218.97	60.65
Add: Taxes paid during the year	16.78	158.32
Less: Current tax payable for the year	-	-
Total	**235.75**	**218.97**

7 (b). Deferred tax assets (net)

Accounting Policy

Deferred tax is provided using liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in OCI or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The Company determines whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments and uses the approach that better predicts the resolution of the uncertainty.

Estimates and Assumptions

At each balance sheet date, the Company assesses whether the realization of future tax benefits is sufficiently probable to recognize deferred tax assets. This assessment requires the use of significant estimates with respect to assessment of future taxable income. The recorded amount of total deferred tax assets could change if estimates of projected future taxable income or if changes in current tax regulations are enacted.

Particulars	As at March 31, 2025	As at March 31, 2024
Deferred tax assets		
Employee benefit expenses	53.26	19.51
Lease liabilities	51.53	75.05
	104.79	**94.56**
Deferred tax liabilities

Others	5.42	-
	104.79	**94.56**
Total	**-**	**-**

Movement in deferred tax assets

Particulars	As at March 31, 2025	As at March 31, 2024
Employee benefit expenses	33.75	(3.04)
Lease liabilities	(23.52)	(20.18)
Depreciation on property, plant and equipment and intangible assets	(28.74)	(0.71)
Right-of-use assets	23.93	23.93
Others	(5.42)	-
Deferred tax expense recognised in the Standalone Statement of Profit and Loss - (Charge)/Credit	**-**	**-**

The Company has tax losses, unabsorbed depreciation and other items of Rs. 6,952.64 lakhs (March 31, 2024: Rs. 7,034.61 lakhs) that are available for offsetting for future taxable profits. Deferred tax assets have not been recognised in respect of these items as they may not be used to offset taxable profits in the Company and there are no other tax planning opportunities or other evidence of recoverability in the near future. If the Company were able to recognise all unrecognised deferred tax assets, the loss for the year would decrease by Rs. 1,625.60 lakhs (March 31, 2024: Rs. 1,736.83 lakhs).

Particulars	Expiry date (Year ending March 31)	Number of units		Amount	
		As at March 31, 2025	As at March 31, 2024 Tax Impact	As at March 31, 2025	As at March 31, 2024 Tax Impact

7(c). Tax expenses

The Income Tax expense consists of following :

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Current tax	-	-
Deferred tax	-	-
Income tax expense reported in the Standalone Statement of Profit and Loss	**-**	**-**

Other comprehensive income	Year ended March 31, 2025	Year ended March 31, 2024
Deferred tax related to items recognised in other comprehensive income during the year	-	-
Net gain/(loss) on remeasurements of defined benefit plans	-	-
Deferred tax credit in other comprehensive income	**-**	**-**

The reconciliation of estimated income tax expense at Indian statutory income tax rate to income tax expense reported in Standalone Statement of Profit and Loss is as follows:

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Loss before tax	(441.10)	(1,400.32)
Indian statutory income tax rate	25.17%	25.17%
Expected tax expense/ (credit)	(111.02)	(352.46)
Deferred tax assets not recognised on losses and depreciation	111.02	(352.46)
Others	-	-
Total tax expense	**-**	**-**

8 Trade Receivables

Accounting Policy

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Trade receivables are recognised initially at the transaction price adjusted to significant financing components. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance. For trade receivables, the Company applies the simplified approach required by Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Particulars	As at March 31, 2025	As at March 31, 2024
Trade receivables from:		
(i) Related parties		
- Billed	1,106.13	28.02
(ii) Others		
- Billed	116.90	976.47
Total	1,223.03	1,004.49
Sub-classification of trade receivables

Expected Credit Loss (ECL)

Accounting policy

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss and credit risk exposure on the financial assets that are debt instruments measured at amortized costs e.g. loans, deposits, trade receivables, contractual receivables and bank balances. The Company follows 'simplified approach' for recognition of impairment allowance. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment allowance based on 12-month ECL. The Company considers current and anticipated future economic conditions relating to industries the company deals with and the countries where it operates.

ECL impairment allowance (or reversal) recognized during the period is recognized as income/expense in the Standalone Statement of Profit and Loss under the head 'other expenses'. ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the Standalone Balance Sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.

The following table summarises the change in impairment allowance measured using the life time expected credit loss model (Pursuant to Ind AS 109):

Estimates and assumptions

Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default, expected loss rates and timing of cash flows. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. The following table summarises the change in impairment allowance measured using the life time ECL model (Pursuant to Ind AS 109):

Particulars	Provision on trade receivables		Provision on unbilled revenue	
	March 31, 2025	March 31, 2024	March 31, 2025	March 31, 2024
At the beginning of the year	-	-	-	-

12 Equity Share capital

Accounting Policy

Contract assets: A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration and are transferred to trade receivables on completion of milestones and its related invoicing. Contract assets are recorded in balance sheet as unbilled revenue.

Particulars	As at March 31, 2025	As at March 31, 2024
Unsecured, considered good		
Advance to supplier	150.89	23.37
- Impairment provision	**(120.00)**	**-**
	30.89	23.37
Advance to employee	2.00	-
Unbilled revenue (Contract assets)	155.57	105.72
Prepaid expenses	12.76	33.07
Balances with government authorities	60.55	138.54
Total	**261.77**	**300.70**

There were no advances due by directors or officers of the Holding company or any of them severally or jointly with any other persons or amounts due by firms or private companies respectively in which any director is a partner or a member.

13. Equity share capital

Accounting Policy

Equity shares issued to shareholders are classified as equity. Incremental costs directly attributable to the issue of new equity shares are recognized as a deduction from equity, net of any related income tax effects.

Cost for issuance of equity instruments:

The cost in issuing or acquiring Company's own equity instruments includes registration and other regulatory fees, amounts paid to legal, accounting and other professional advisers, printing costs and stamp duties. These costs are accounted for as a deduction from equity (net of any related income tax benefit) to the extent they are incremental costs directly attributable to the equity transaction that otherwise would have been avoided.

Particulars	As at March 31, 2025	As at March 31, 2024
Authorized shares		
525,000,000 (Previous year 525,000,000) equity shares of Rs. 10/- each.	52,500.00	52,500.00

16. Provisions

Accounting policy

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

The Company operates a defined benefit gratuity plan, which is unfunded. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses are recognized immediately in the Standalone Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to the Standalone Statement of Profit and Loss in subsequent periods.

Past service costs are recognized in the Standalone Statement of Profit and Loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognizes related restructuring costs.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes the following changes in the net defined benefit obligation as an expense in the Standalone Statement of Profit and Loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income"

The compensated absences such as privileged leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Standalone Statement of Profit and Loss. The Company does not have an unconditional right to defer settlement for any of these obligations and therefore have

Notes to the standalone financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

been classified as current liability. However, based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within twelve months.

Provision for Long term incentive is calculated using the projected unit credit method to determine the present value of its defined benefit obligations and the related current service cost.

Estimates and Assumptions

Long Term Incentive Plan

The provision for other long term employee benefits which is recognized considering the estimated payout expected by the Group at present value using projected unit credit method. These include the determination of the discount rate and attrition rate. All assumptions are reviewed at each reporting date. The parameter which is most subjected to change is the attrition rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the long-term incentives.

16(a). Non-current provisions

Particulars	As at March 31, 2025	As at March 31, 2024
Provision for gratuity (Refer Note 16(c))	104.63	77.41
Other long-term employee benefits (Refer Note 16(c))	312.49	754.70
Total	**417.12**	**832.11**

16(b). Current provisions

Particulars	As at March 31, 2025	As at March 31, 2024
Provision for employee benefits		
Provision for gratuity (Refer Note 16(c))	6.37	10.10
Provision for compensated absence (Refer Note 16(c))	105.15	95.46
Other Provisions		
Provision for onerous contract*	3.00	3.00
Total	**114.52**	**108.56**

* No movement during the year.

16(c). Employee benefits plan

A. Defined contribution plans

The Company also has certain defined contribution plan. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the period towards defined contribution plan is Rs 113.40 lakhs (March 31, 2024 – Rs 91.95 lakhs).

B. Defined Benefit plans and Other Long Term Plans

i) Compensated Absences

The Compensated Absences cover the Company's liability for earned leave which are classified as other long-term benefits.

The entire amount of the provision of Rs.105.15 lakhs (March 31, 2024 – Rs.95.46 lakhs) is presented as current, since the Company does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the company does not expect all employees to avail the full amount of accrued leave or require payment for such leave within the next 12 months.

Particulars	As at March 31, 2025	As at March 31, 2024
Leave obligations not expected to be settled within the next 12 months	87.61	80.36

ii) Gratuity

The Group operates a defined benefit plan viz. gratuity for its employees as per the Payment of Gratuity Act, 1972. Every employee who has completed specified years of service is eligible for gratuity on departure at 15 days (minimum) of the last drawn salary for each completed year of service. The Group has not funded the liability as on March 31, 2025.

I Changes in the net benefit obligation is as follows :

Particulars	Amount
April 01, 2023	**48.94**
Current service cost	26.36
Interest expense/(income)	0.94
Transfer In/(Out)	3.30
Total amount recognised in Profit or Loss	**30.60**
Experience adjustments	10.25
Actuarial gain from change in financial assumptions	6.74
Demographic adjustments	0.99
Total amount recognised in Other comprehensive income	**17.98**
Benefits paid	(10.01)
March 31, 2024	**87.51**
Current service cost	46.57
Transfer In/(Out)	(2.27)
Interest expense/(income)	6.03
Total amount recognised in Standalone Statement of Profit and Loss	**50.33**
Experience adjustments	(21.72)
Actuarial gain from change in financial assumptions	3.72
Demographic adjustments	(4.84)
Total amount recognised in Other comprehensive income	**(22.84)**
Benefits paid	(4.00)
March 31, 2025	**111.00**

II Significant assumptions

Particulars	March 31, 2025	March 31, 2024
Discount rate	6.60%	7.20%
Salary growth rate	10.00%	10.00%
Normal retirement age	60	60
Mortality table	IALM(2012-14) Ultimate	IALM(2012-14) Ultimate
Employee turnover	15.00%	10.00%

III Sensitivity analysis

The sensitivity of defined obligation to changes in the weighted principal assumptions is:

Assumption	Impact on defined benefit obligation	
	March 31, 2025	March 31, 2024
Discount rate		
1.00% increase	Decrease by 6.08	Decrease by 6.38
1.00% decrease	Increase by 6.73	Increase by 7.25
Future salary increase		
1.00% increase	Increase by 5.41	Increase by 6.14
1.00% decrease	Decrease by 5.01	Decrease by 5.53
Attrition rate		
1.00% increase	Decrease by 0.93	Decrease by 1.01
1.00% decrease	Increase by 1.02	Increase by 1.13

The above sensitivity analysis is based on a change in assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligation calculated with the Projected Unit Credit Method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Standalone Balance Sheet. The method and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous periods.

IV. The following are the expected cash flows/contribution to the defined benefit plan in future years:

Particulars	March 31, 2025	March 31, 2024
Within next 12 months	6.37	10.10
Between 2-5 years	60.71	27.99
Next 5 years	216.79	212.02

The average duration of the defined benefit plan obligation at the end of the reporting period is 9.71 years (March 31, 2024: 12.14 years)

iii) Other long-term employee benefits

The Company offers cash bonuses to certain managerial employees the amount of which is based on performance of the Company in a specific year. The amount of provision recognised for the long term employee benefit is Rs. 312.49 lakhs (31 March 2024 – Rs. 754.70 lakhs).

17(a) Other non-current financial liabilities

Particulars	As at March 31, 2025	As at March 31, 2024
Deposits/ retentions from customers and others	26.46	-
Total	**26.46**	**-**

17(b) Other current financial liabilities

Particulars	As at March 31, 2025	As at March 31, 2024
Employee related payables	241.77	185.13
Interest accrued but not due on loans	286.08	363.22
Others	-	23.29
Total	**527.85**	**571.64**

18. Other current liabilities

Accounting Policy

Contract Liability : A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company satisfies the performance obligation. Contract liabilities are recorded in balance sheet as unearned revenue and customer advances as the case may be.

Particulars	As at March 31, 2025	As at March 31, 2024
Contract liabilities		
Advance from customers	32.49	312.99
Unearned revenue	85.99	461.89
Others		
Statutory dues	98.78	59.19
Others	1.86	1.14
Total	**219.12**	**835.21**

19 Trade payables

Particulars	As at March 31, 2025	As at March 31, 2024
Total outstanding dues of micro and small enterprises	21.30	48.57
Due to other than micro and small enterprises		
(i) Related parties (refer note 31)	646.25	428.75
(ii) Others	406.20	502.00
Total	**1,073.75**	**979.32**

Details of dues to micro and small enterprises as defined under the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006

Particulars	As at March 31, 2025	As at March 31, 2024
i) The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year		
-Principal amount outstanding (whether due or not) to micro and small enterprises	21.30	48.57
-Interest due thereon	2.51	0.20
ii) The amount of interest paid by the Company in terms of section 16 of the MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year.	-	-
iii) The amount of payment made to the supplier beyond the appointed day during the year.	261.87	52.71
iv) The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006.	3.02	0.62
v) The amount of interest accrued and remaining unpaid at the end of each accounting year.	5.53	0.82
vi) The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006.	6.35	0.82

Notes to the standalone financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

20 Revenue from operations

Accounting Policy

Revenue from contracts with customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at the amount of the transaction price allocated to the performance obligation. Revenue is recognized when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primarily responsible for fulfilling the promise to provide the specified good or service and has discretion in establishing the price for the specified good or service. The Company collects goods and services tax on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

The Company has following streams of revenue

• Revenue from Engineering, Procurement and Construction contracts

Engineering, Procurement and Construction (EPC) contracts are contracts specifically negotiated for the construction of an asset which refers to any project for construction of plants and systems, involving designing, engineering, fabrication, supply, erection (or supervision thereof), commissioning, guaranteeing performance thereof etc., execution of which is spread over different accounting periods. The Company identifies distinct performance obligations in each contract. For most of the contracts, the customer contracts with the Company to provide a significant service of integrating a complex set of tasks and components into a single project or capability. Hence, the entire contract is accounted for as one performance obligation.

The Company may promise to provide distinct goods or services within a contract, in which case the Company separates the contract into more than one performance obligation. If a contract is separated into more than one performance obligation, the Company allocates the total transaction price to each performance obligation in an amount based on the estimated relative standalone selling prices of the promised goods or services underlying each performance obligation. The Company uses the expected cost plus a margin approach to estimate the standalone selling price of each performance obligation in case of contracts with more than one distinct performance obligations.

The Company assesses for the timing of revenue recognition in case of each distinct performance obligation. The Company first assesses whether the revenue can be recognized over a period of time if any of the following criteria is met:

(a) The customer simultaneously consumes the benefits as the Company performs, or

(b) The customer controls the work-in-progress, or

(c) The Company's performance does not create an asset with alternative use to the Company and the Company has right to payment for performance completed till date.

The Company uses cost-based measure of progress (or input method) for contracts because it best depicts the transfer of control to the customer which occurs as it incurs costs on contracts. Under the cost-based measure of progress, the extent of progress towards completion is measured based on the ratio of costs incurred to date to the total estimated costs at completion of the performance obligation. Revenues, including estimated profits, are recorded proportionally as costs are incurred.

Costs associated with bidding for contracts are charged to the Statement of profit and loss when they are incurred. Costs that relate directly to a contract and are incurred in securing the contract are included as part of the contract costs if they can be separately identified and measured reliably and it is probable that the contract will be obtained.

Contract modification, when approved by both the parties to the contract, are considered as modification, if it creates new or changes the existing enforceable rights and obligations. Most of the contract modifications are not distinct from the existing contract due to the significant integration service provided under the contract prior to modifications and are therefore, accounted for as part of the existing contract. The effect of a contract modification is recognized as an adjustment to revenue on a cumulative catch-up basis.

When it becomes probable that the total contract costs will exceed the total contract revenue, the Company recognizes the expected losses from onerous contract as an expense immediately.

Penalties for any delay or improper execution of a contract are recognized as a deduction from revenue. In the balance sheet, such provisions are presented on net basis of the contract receivables."

• Revenue from sale of goods

Revenue from sale of goods is recognised at a point-in-time. The point-in-time is determined when the control of the goods or services is transferred which is determined based on when the significant risks and rewards of ownership are transferred to the customer. Apart from this, the Company also considers its present right to payment, the legal title to the goods, the physical possession and the customer acceptance in determining the point in time where control has been transferred.

• Revenue from sale of services

Revenue from sale of service includes revenue recognised on account of services including operation and maintenance contract, EPC supervision services and management fees. Revenue is recognized on a time proportion basis under the contracts.

• Revenue from leases where the Company is a lessor

Refer note 29 for accounting policy

Estimates and Assumptions

Judgements

A significant revenue of the Company's business relates to EPC contracts which is accounted using cost-based input method, recognizing revenue as the performance on the contract progresses. This requires management to make judgement with respect to identifying contracts for which revenue need to be recognised over a period of time, depending upon when the customer consumes the benefit, when the control is passed to customer, whether the asset created has an alternative use and whether the Company has right to payment for performance completed till date, either contractually or legally. The input method requires management to make significant judgements of the extent of progress towards completion.

Estimates and assumptions:

Project cost to complete estimates: At each reporting date, the Company is required to estimate costs to complete on fixed-price contracts. Estimating costs to complete on such contracts requires the Company to make estimates of future costs to be incurred, based on work to be performed beyond the reporting date. This estimate will impact revenues, cost of sales, contract assets and contract liabilities.

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Revenue from contracts with customers		
Revenue from projects	2,775.19	2,995.68
Revenue from sale of trading goods	390.05	-
Revenue from services	1,614.74	35.84
Revenue from operating lease	81.50	85.15
Total	**4,861.48**	**3,116.67**
Other operating revenue		
Interest income from finance lease	47.56	51.83
Exchange fluctuation gain (net)	-	0.95
Duty drawback	2.23	-
Total	**49.79**	**52.78**
Revenue from operations (net)	**4,911.27**	**3,169.45**

(c) Disclosure pursuant to IND AS 115: Revenue from contracts with customers

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
i) Revenue by category of contracts		
Over a period of time basis	4,471.43	3,032.47
At a point-in-time basis	390.05	-
Total revenue from contracts with customers	**4,861.48**	**3,032.47**
ii) Revenue by geographical market		
Within India	4,334.80	1,881.04
Outside India	526.68	1,151.43
Total revenue from contracts with customers	**4,861.48**	**3,032.47**

iii) Contract balances

The following table provides information about contract balances from contracts with customers as at the reporting date :

Particulars	As at March 31, 2025	As at March 31, 2024
Unbilled revenue (Refer note 12) - Contract assets	155.57	105.72
Unearned revenue (Refer Note 18) - Contract liabilities	85.99	461.89
Customer advances (Refer Note 18) - Contract liabilities	32.49	312.99

Contract assets primarily relate to the Company's rights to consideration for work completed but not billed at the reporting date from projects and customised contracts. The Contract assets are transferred to Trade receivables on completion of milestones and its related invoicing.

The contract liabilities relate to unearned revenue and customer advances where performance obligations are yet to be fulfilled as per the contracts. The fulfilment of the performance obligations will extinguish these liabilities and revenue will be recognised, with no impact on the Company's cash positions on specific projects.

Contract liabilities have decreased as the Company has received fewer advance against the future products and services to be provided.

iv) Revenue recognised in the reporting period that was included in the contract liabilities balance at the beginning of the year:

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Unearned revenue	461.89	0.43
Customer advance	299.55	374.48

(v) Remaining performance obligations:

The Company applies practical expedient included in para 121 of Ind AS 115 and does not disclose information about its remaining performance obligations for contracts that have an original expected duration of one year or less.

vi) Reconciliation between revenue recognised in Standalone Statement of Profit and Loss and contract price

There is no significant difference between revenue recognised in Standalone Statement of Profit and Loss and contract price.

21 Other income

Accounting Policy

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability.

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Net gain on current investments designated at fair value through profit and loss (FVTPL)	8.12	2.34
Interest income on loan to subsidiaries	1,825.00	1,608.49
Interest income on bank deposits	4.87	-
Provisions no longer required written back	43.33	-
Miscellaneous income	-	148.85
Total	**1,881.32**	**1,759.68**

Legal and professional fees (including auditor's remuneration - refer note below)	227.65	132.26
Recruitment expenses	50.14	22.33
Consumption of stores and spares	0.42	-
Reversal of corporate allocation charged to subsidiaries	-	243.04
Provision for impairment allowance of non-current financial assets (net)	180.00	-
Provision for impairment allowance of financial assets (net)	58.31	-
Provision for impairment allowance of non-financial assets (net)	120.00	-
Management fees	178.75	78.52
Miscellaneous expenses	95.34	99.02
Exchange fluctuation loss (net)	8.17	-
Bad debts and balances written off	12.56	-
Expenses recovered from group companies	-	(12.87)
Total	**1,277.68**	**883.52**

Note: Payment to auditors

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
As auditor		
- Statutory audit fees	12.00	24.00
- Other	11.10	9.05
- Out of pocket expenses	0.27	1.17
Total	**23.37**	**34.22**

Note: Corporate Social Responsibility

The Company does not meet the criteria specified in sub section (1) of section 135 of the Companies Act, 2013, read with Corporate Social Responsibility (CSR) Rules, 2014. Therefore, it is not required to incur any expenditure on account of CSR activities during the current period.

27 Loss per share

Accounting Policy

The Company presents the basic and diluted earnings/loss per share (EPS) for its equity shares. Basic EPS is computed by dividing the net profit/(loss) for the year attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by adjusting the loss for the year attributable to the equity shareholders and the weighted average number of equity shares considered for deriving basic EPS for the effects of all the equity shares that could have been issued upon conversion of all dilutive potential equity shares.

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Loss attributable to the equity shareholders of the Company	(441.10)	(1,400.32)
Weighted average number of equity shares of Rs 10/- each	415,337,543	267,365,081
Basic and Diluted loss per share	(0.11)	(0.52)

28 Contingent liabilities and commitments

Accounting Policy

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

a) Contingent liabilities

Particulars	March 31, 2025	March 31, 2024
Claims against the Company not acknowledged as debt*	-	265.00

*Claims against the Company not acknowledged as debt on account of ongoing arbitration/ legal dispute. Based on the legal opinion on the matter and management's assessments of the facts of the case, no provision is required to be made for the matter. Pending resolution of the matter, it is not practicable to estimate the timing of cash outflows, if any.

b) Capital and other commitment

Estimated amount of contracts remaining to be executed on capital account (net of advances) and not provided for is Nil (March 31, 2024 - Nil)

29 Leasing Arrangements

i) Where the Group is lessor

Accounting Policy

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognized on a straight-line basis over the term of the relevant lease.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

a) Amounts receivable under Finance lease -

The Company has entered into certain arrangements with its customers where the Company will supply electricity by installing solar power generating system at their customers' premises. The Company has determined, that fulfilment of these arrangements is dependent on the use of a specific asset and the arrangement conveys a right to use these specific asset to the customers. Accordingly, these arrangements qualify as arrangements in the form of lease as specified in Ind-AS 116. Based on the evaluation of terms and conditions of these arrangements, such as the contract term constituting a major part of the economic life of the specific assets, the fair value of the asset and that it has transferred the significant risks and rewards in these assets to the customers, these lease arrangements have been classified as finance leases.

Particulars	Gross Investment in lease		Present value of minimum lease payments	
	March 31, 2025	March 31, 2024	March 31, 2025	March 31, 2024
Within one year	66.51	66.51	59.04	59.04
After one year but not more than five years	176.65	212.42	109.12	124.48
More than five years	235.78	266.54	59.30	62.90
	478.94	**545.47**	**227.46**	**246.42**
Less: Unearned finance income	251.48	299.05	-	-
Present value of minimum lease payments receivable	227.46	246.42	227.46	246.42
Allowance for uncollectible lease payments	-	-	-	-

Particulars	March 31, 2025	March 31, 2024
Current portion of finance lease receivables	66.51	59.04
Non-current portion of finance lease receivables	160.95	187.38

Particulars	March 31, 2025	March 31, 2024
Estimated unguaranteed residual value of assets under finance lease	-	-
Contingent rent recognised as income during the year	-	-
Interest rate inherent in the lease per annum	16.38% - 28.19%	16.38% - 28.19%

(b) Operating Lease

The Company has leased a solar power generating system. The tenure of lease agreement is 15 years.

Particulars	March 31, 2025	March 31, 2024
Lease received for the year	81.50	85.15

Particulars	March 31, 2025	March 31, 2024
Future minimum lease rental receivables under non-cancellable operating leases are as follows:		
Within one year	-	-
After one year but not more than five years	-	-
More than five years	-	-

c) Company as lessee : Operating lease

Accounting Policy

The Company lease asset classes primarily consist of office buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Lease arrangements include the options to extend or terminate the lease before the end of the lease term. Right-of-use assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Lease arrangements include the options to extend or terminate the lease before the end of the lease term. Right-of-use assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at present value of the future lease payments. The lease payments include fixed payments less any lease incentives receivable and amounts expected to be paid under residual value guarantees. There are no variable lease payments.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Notes to the standalone financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

The company has taken office building on leases for a tenure of 5 and has extension option for office building as per mutual consent. There are no variable lease payments and residual value guarantees for these leases.

Extension and termination options are included . These are used to maximise operational flexibility in terms of managing the assets used in the company's operations.

Carrying amounts of lease liabilities and the movements during the year:

Particulars	March 31, 2025	March 31, 2024
At the beginning of the year	298.21	378.40
Additions	-	-
Accretion of interest	21.77	29.57
Payments made	(115.24)	(109.76)
Total	**204.74**	**298.21**
Current portion	124.62	110.36
Non-current portion	80.12	187.85
Total	**204.74**	**298.21**

Details of amounts recognised in Standalone Statement of Profit and Loss

Particulars	March 31, 2025	March 31, 2024
Depreciation expense of right-of-use assets	95.10	23.23
Interest expense on lease liabilities	21.77	29.57
Expense relating to leases of low-value assets (included in other expenses)	9.36	-
Total amount recognised in Standalone Statement of Profit and Loss	**126.23**	**52.80**

Refer note 34 (III) for maturities of lease liabilities.

30. Disclosure required under Section 186(4) of Companies Act, 2013

a) Loans and advance to related parties includes loan given to a subsidiary. The particulars of which are disclosed below as required by Sec 186(4) of Companies Act 2013

Name of the entity	Rate of interest	Place of business/ Country of incorporation	Ownership interest	
			March 31, 2025	March 31, 2024
First Energy TN1 Private Limited	8.15% - 8.95% (March 31, 2024 - 8.15% - 8.60%)	The loan shall be repaid within a period of 180 days (March 31, 2024 - Loan shall be repaid within a period of 180 days)	3,119.00	879.00
First Energy 2 Private Limited	8.00% - 8.60% (March 31, 2024 - 8.00% - 8.60%)"	The loan shall be repaid within a period of 2 years (March 31, 2024 - Loan shall be repaid within a period of 3 years)	235.00	235.00
First Energy 3 Private Limited	8.15% to 8.95% (March 31, 2024 - 8.15% - 8.60%)	The loan shall be repaid within a period of 2 years (March 31, 2024 -Loan shall be repaid within a period of 3 years)	1,023.11	836.34

Non-current assets	350.22	1,382.48
Total	**36,677.54**	**21,532.10**

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

Break-up of financial assets carried at fair value through profit and loss

Particulars	March 31, 2025	March 31, 2024
Financial assets		
Investments		
Mutual funds	101.04	1.04
Total financial assets (Current)	**101.04**	**1.04**

Investment from subsidiaries is excluded since it is accounted as per cost model as prescribed under para 10 of IND AS 27 Separate Financial Statements.

II. Fair value hierarchy

Accounting Policy

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities.

	Date of valuation	Level 1	Level 2	Level 3
Financial assets				
Investments				
Mutual funds	March 31, 2025	-	101.04	-

	Date of valuation	Level 1	Level 2	Level 3
Financial assets				
Investments				
Mutual funds	March 31, 2024	-	1.04	-

Level I: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level II: The Fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level III: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Notes to the standalone financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of NAV based on report issued by mutual fund house.

34 Financial risk management

The Company's principal financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents. The Company also holds investments measured at fair value through profit and loss.

Risk is inherent in the Company's activities but it is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Company's continuing operations. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's Board of Directors is ultimately responsible for the overall risk management approach and for approving the risk strategies and principles. No significant changes were made in the risk management objectives and policies during the years ended March 31, 2025 and March 31, 2024. The management of the Company reviews and agrees policies for managing each of these risks which are summarised below:

I Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and price risk. The management of the Company has implemented a risk management system that is monitored by the Board of Directors. Market risk is managed on the basis of pre-determined asset allocations across various asset categories, a continuous appraisal of market conditions and trends and management's estimate of long and short term changes in fair value.

a Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Change in interest rate is not expected to have any material impact on the Company's loss before tax as the Company does not have variable rate borrowing.

b Foreign currency risk

Foreign exchange risk arises when future commercial transactions and relevant assets and liabilities are denominated in a currency that is not the Company's functional currency. Foreign exchange risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD.

Foreign exchange risk is managed on the basis of limits determined by management and a continuous assessment of current and expected exchange rate movements. The exposure to other foreign currencies is not significant to the Company's financial statements.

c Price risk

The Company's investments are susceptible to market price risk arising from uncertainties about future values of the investment securities. These securities are unquoted. The Company manages the price risk through placing limits on individual and total equity/mutual fund instruments. Reports on the investment portfolio are submitted to the management on a regular basis. The Company is not currently exposed significantly to such risk.

II Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables, lease receivable and contract assets) and from its investing activities including deposits with banks, loans to subsidiaries and other financial instruments.

Trade receivables and contract assets

Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on individual credit limits and risk of potential default based on defined credit risk parameters. An impairment analysis is performed at each reporting date on an individual basis for major clients. The calculation is based on losses as per historical data. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. For details of charge of Impairment of trade receivables and unbilled revenue refer note 8 and 26.

Expected credit loss for trade receivables under simplified approach

Trade receivables	As at March 31, 2025		
	Gross	Expected loss rate	Expected loss allowance
Unbilled	-	0%	-
Outstanding for following periods from the due date			
Not due	8.93	0%	-
Less than 6 months	1,109.52	0%	-
More than 6 months	104.58	56%	58.31
Total	**1,223.03**		**58.31**

Trade receivables	As at March 31, 2024		
	Gross	Expected loss rate	Expected loss allowance
Unbilled			
Outstanding for following periods from the due date			
Not due	481.54	0%	-
Less than 6 months	453.23	0%	-
More than 6 months	69.72	0%	-
Total	**1004.49**		**-**

Expected credit loss for contract assets under simplified approach

Contract assets	As at March 31, 2025			As at March 31, 2024		
	Gross	Expected loss rate	Expected loss allowance	Gross	Expected loss rate	Expected loss allowance
Not due	155.57	0%	-	105.72	0%	-
Less than 6 months	-	0%	-	-	0%	-
6 months - 1 year	-	0%	-	-	0%	-
Total	**155.57**		**-**	**105.72**		**-**

Other financial assets carried at amortised cost

Company's exposure to other financial asset includes security deposits and lease receivable which is considered to be low risk. No loss allowance is required to be recognised for the same.

Loans to subsidiaries

Credit risk relating to loan to subsidiaries is managed by the Company's finance department. In calculating expected credit loss, the Company considers historic loss data of borrower and adjusts for forward-looking macroeconomic data. Basis the assessment performed, there is no charge of impairment to Standalone Statement of Profit and Loss.

Balances with Banks

Credit risk from balances with banks is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties to mitigate financial loss through counterparty's potential failure to make payments. Identified impairment loss for these assets is immaterial.

III Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows on a on-going basis. The Company's liquidity management policy involves projecting future cash flows and considering the level of liquid assets necessary to meet these and monitoring balance sheet liquidity ratios against internal requirements.

As at March 31, 2025	On demand	<1 year	1 to 3 years	> 3 years

Other payables	-	571.64	-	-

35 Analytical ratios

Sr. No.	Particulars	Numerator	Denominator	As at March 31, 2025	As at March 31, 2024	Variance	Reasons for variance of more than 25%
1	Current Ratio	Current assets	Current liabilities	1.04	0.97	6%	Not applicable
2	Debt-Equity Ratio	Total debt	Shareholder's equity	0.98	0.56	75%	Decrease due to significant increase in debt during the year
3	Debt Service Coverage Ratio	Earnings available for debt service (Net Profit after taxes + Non-cash operating expenses like depreciation and other amortizations + Interest + other adjustments like loss on sale of fixed assets etc.)	Debt service (Interest & Lease payments + Principal repayments)	0.03	0.01	417%	Due to increase in earnings available for debt service
4	Return on Equity Ratio	Net profits after taxes before exceptional items	Average shareholder's equity	(0.01)	(0.06)	-80%	Due to significant decrease in loss for the year
5	Inventory Turnover Ratio	Sale of goods	Average inventory	Not applicable	Not applicable	Not applicable	No inventory at the end of the year
6	Trade Receivables Turnover Ratio	Total sales	Average trade receivable	4.48	4.99	-10%	Not applicable
7	Trade Payables Turnover Ratio	Net credit purchases	Average trade payables	3.47	5.49	-37%	Due to increase in average payable days
8	Net Capital Turnover Ratio	Total sales	Average working capital	13.74	(5.62)	-344%	Due to increase in net working capital
9	Net Profit Ratio	Total net profit (before tax)	Total sales	-8.98%	-44.18%	-80%	Due to significant decrease in losses
10	Return on Capital Employed	Earning before interest and taxes	Capital employed	2.0%	0.44%	361%	Due to significant increase in earning before interest and taxes
11	Return on Investment	Investment income	Average investment	6.9%	9.0%	-24%	Due to increase in average investment

Working Capital = Current assets less Current liabilities
Capital employed = Tangible Net worth + total debt
Average = ((Opening + Closing) / 2))

Notes to the standalone financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

36. Capital management

The Company's objective for capital management is to maximise long term shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through borrowings, equity and operating cash flows generated. No changes were made in the objectives, policies or processes during the years ended March 31, 2025 and March 31, 2024. Capital represents equity attributable to equity holders of the Company.

Particulars	March 31, 2025	March 31, 2024
Borrowings including accrued interest	(35,615.48)	(19,315.32)
Lease liabilities	(204.74)	(298.21)
Less: Cash and cash equivalents (includes other bank balances)	827.65	631.29
Net Debt	**(34,992.57)**	**(18,982.24)**
Equity	35,961.70	33,846.96
Net Debt to Equity	**(0.97)**	**(0.56)**

* Variation majorly on account of significant increase in debt and reduction in equity on account of losses during the year.

37. Other Statutory Information

(i) No proceedings have been initiated on or are pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

(ii) The Company does not have any charges or satisfaction which is yet to be registered with Registrar of Companies beyond the statutory period.

(iii) The Company has not traded or invested in crypto currency or virtual currency during the current and previous year.

(iv) There is no income surrendered or disclosed as income during the current year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

(v) The Company has not been declared willful defaulter by any bank or financial institution or other lender.

(vi) The Company has no transactions with the companies struck off under Companies Act, 2013 or Companies Act, 1956.

(vii) The Company has not entered into any scheme of arrangement which has an accounting impact on current or previous financial year.

38. Utilisation of borrowed funds and share premium

The Company has not advanced or loaned or invested funds (either borrowed funds or share premium or any other sources or kind of funds) to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

i. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or

ii. provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries

The Company has not received any funds except as mentioned in note 30, from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

i. directly or indirectly lend or invest in other person(s) or entity(ies) identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

ii. provide any guarantee, security or the like on behalf of the ultimate beneficiaries.

39. Compliance with Section 143 (3) for Maintenance of Books of Account

With effect from August 5, 2022, the Ministry of Corporate Affairs (MCA) has amended the Companies (Accounts) Rules, 2014, relating to maintenance of electronic books of account and other relevant books and papers. Pursuant to this amendment, the Company is required to maintain the books of account which are accessible in India at all times and their backup is to be kept on servers located in India on a daily basis

The Company has a process to take daily back-up of books of account maintained in electronic mode and along with the logs of the back-up of such books of account. However, the backup of certain books and records maintained in electronic mode has not been maintained on servers physically located in India on daily basis. The Company will take appropriate measures to comply with the regulations."

40. Compliance with Section 143 (3) for Audit Trail

The primary accounting software used for maintaining its books of account has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that no audit trail has been enabled at the database level to log any direct data changes.

41. The Company has entered into a Share Purchase Agreement (SPA) with the former owners of Onix Two Enersol Private Limited (OTEPL) on September 6, 2024, to acquire 100% of OTEPL's shares for INR 1 lakh. The agreement specified certain precedent conditions that were to be fulfilled by October 5, 2024. These conditions remained unfulfilled and a further extension of six months was granted. These conditions were not complied even in the extended period. Accordingly, the acquisition did not consummate and hence not considered as an investment in the standalone financial statements and disclosed in other financial assets. OTEPL did not have material transactions.

42. In the current year, the Company revisited the model for recharging direct cost incurred by the company to the subsidiaries and has charged EPC and EPC project management fees for under construction projects and management service fees for operational projects to the subsidiaries. EPC fees are charged as per the scope of the work agreed and EPC project management fees are charged as a percentage of total assets which will vary depending upon the scope of work and project value. Management service fees are charged as a percentage of Operating and Maintenance cost incurred by respective subsidiaries. Refer note 31 for details of revenue charged to subsidiaries.

First Energy Private Limited

INDEPENDENT AUDITOR'S REPORT

To the Members of First Energy Private Ltd

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of First Energy Private Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group") (refer Note 31 to the attached consolidated financial statements), which comprise the consolidated Balance Sheet as at March 31, 2025, and the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information (hereinafter referred to as "the consolidated financial statements").

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2025, and consolidated total comprehensive income (comprising of loss and other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

4. The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report but does not include the consolidated financial statements and our auditor's report thereon.

   Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

   In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

5. The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows, and changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

6. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

7. The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

   - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
   - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
   - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
   - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
   - Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
   - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

10. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

12. As required by paragraph 3(xxi) of the Companies (Auditor's Report) Order, 2020 ("CARO 2020"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we report that there are no qualifications or adverse remarks included in their CARO 2020 reports issued in respect of the standalone financial statements of the companies which are included in these Consolidated Financial Statements.

13. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

    (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

    (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books, except that the backup of certain books of account and other books and papers maintained in electronic mode has not been maintained on a daily basis on servers physically located in India during the year and the matters stated in paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).

    (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account and records maintained for the purpose of preparation of the consolidated financial statements.

    (d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.

    (e) On the basis of the written representations received from the directors of the Holding Company and subsidiaries as on March 31, 2025 taken on record by the Board of Directors of the Holding Company and its subsidiaries incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

    (f) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 13(b) above on reporting under Section 143(3)(b) and paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Rules"

    (g) With respect to the adequacy of internal financial controls with reference to consolidated financial statements of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure A.

    (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

        i. The consolidated financial statements disclose the impact, if any, of pending litigations on the consolidated financial position of the Group – Refer Note 29 to the consolidated financial statements.

        ii. The Group was not required to recognise a provision as at March 31, 2025 under the applicable law or accounting standards, as it does not have any material foreseeable losses on long-term contract. The Group did not have any derivative contracts as at March 31, 2025.

        iii. During the year ended March 31, 2025, there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiaries incorporated in India.

        iv. (a) The respective managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us that, to the best of their knowledge and belief, as disclosed in Note 43 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

            (b) The respective managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us that, to the best of their knowledge and belief, as disclosed in the Note 43 to the consolidated financial statements, no funds have been received by the Company or any of such subsidiaries from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

            (c) Based on the audit procedures, that has been considered reasonable and appropriate in the circumstances, performed by us for companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material misstatement.

        v. The Holding Company and its subsidiaries have not declared or paid any dividend during the year.

        vi. Based on our examination, which included test checks, the Group has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility that has operated during the year for all relevant transactions recorded in the software, except that audit trail feature has not been enabled at the database level to log any direct data changes. Further, for accounting software other than the aforesaid database, we did not notice any instance of audit trail feature being tampered with, or not preserved as per the statutory requirements for record retention.

14. 14. The Group has paid managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

First Energy Private Limited

Annexure A to Independent Auditor's Report

Referred to in paragraph 13(g) of the Independent Auditor's Report of even date to the members of First Energy Private Limited on the consolidated financial statements as of and for the year ended March 31, 2025

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of First Energy Private Limited (hereinafter referred to as "the Holding Company") and its subsidiaries, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding Company, and its subsidiaries, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company and its subsidiaries, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to the consolidated financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

1. Corporate information

First Energy Private Limited (the "Holding Company" or the "Company") and its subsidiaries (together referred to as 'the Group') are primarily involved in power generation from renewable energy and Engineering, Procurement and Construction ("EPC") of solar power plants and other ancillary activities.

The Company is incorporated and domiciled in India. The address of its registered office is 14, Thermax House, Old Mumbai-Pune Highway, Wakdewadi Pune - 411003, India. The Board of Directors have authorized to issue these consolidated financial statements on April 30, 2025. The CIN of the Company is U40200PN2008FTC139032.

2 MATERIAL ACCOUNTING POLICIES

2.1. Basis of preparation and measurement

(a) Basis of preparation

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS), notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013 (the Act) (Ind AS compliant Sch III) as applicable to the consolidated financial statements. The preparation of the consolidated financial statements requires the use of certain critical accounting judgements, estimates and assumptions. It also requires the management to exercise judgment in the process of applying the Group's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed separately in note 3. The accounting policies adopted for preparation and presentation of these consolidated financial statements have been consistently applied.

(b) Basis of measurement

The consolidated financial statements have been prepared on the historical cost convention except certain financial assets measured at fair value (refer accounting policy regarding financial instruments).

All assets and liabilities have been classified as current or non-current as per the Group's operating cycle and other criteria set out in the Schedule III of the Companies Act, 2013. Based on the nature of products and services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

(c) Basis of consolidation

The consolidated financial statements have been prepared on the historical cost convention except certain financial assets measured at fair value (refer accounting policy regarding financial instruments).

The consolidated financial statements comprise the financial statements of the Holding Company, its subsidiaries as at March 31, 2025. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of an entity begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidation procedure

(a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognized in the consolidated financial statements at the acquisition date;

(b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.

(c) Eliminate in full, intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognized in assets, such as property, plant and equipment and capital work in progress are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 'Income Taxes' applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group. All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

2.2 Summary of material accounting policies, critical accounting estimates and judgements

a. Current and non-current classification

The Group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. The Group classifies all other liabilities as non-current.Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

b. Foreign currencies translation

The Group's consolidated financial statements are prepared in INR, which is also the functional currency of the Company. For each entity, the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency.

Transactions and balances

Transactions in foreign currencies are initially recorded at the functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in the Consolidated Statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

c. Fair value measurement

Accounting policy

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

d. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

All financial assets (excluding trade receivables) are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit and loss, transactions costs that are attributable to the acquisition of the financial asset. For all subsequent measurements financial assets are classified in following categories by the Group:

(i) Debt instruments at amortized cost

A debt instrument' is measured at the amortized cost if both the following conditions are met:

(a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and

(b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. The EIR amortization is included in income in the Consolidated Statement of profit and loss. The losses arising from impairment are recognized in the Consolidated Statement of profit and loss. There are no debt instruments carried at Fair value through other comprehensive income (FVOCI) or Fair value through profit or loss (FVTPL).

(ii) Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on acquisition of an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

For trade receivables and contract assets, the Group follows 'simplified approach' for recognition of impairment loss and always measures the loss allowance at an amount equal to lifetime expected credit losses to measure the expected credit losses.

In case of other financial assets, the Group applies general approach for recognition of impairment losses wherein the Group uses judgement in considering the probability of default upon initial recognition and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

Financial liabilities

All financial liabilities are recognized initially at fair value and in the case of borrowings, net of directly attributable transaction costs. The Group's financial liabilities include trade and other payables and borrowings.

Subsequent measurement of financial liabilities depends on their classification as fair value through profit and loss or at amortized cost. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. There are currently no financial liabilities classified as FVTPL

Gains and losses are recognized in profit and loss when the liabilities are derecognized as well as through effective interest method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or cost that are integral part on effective interest rate (EIR). The EIR amortization is included as finance cost in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires or when an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of profit and loss.

Notes to the consolidated financial statements for the year ended March 31, 2025
(All amounts in Rupees lakh, unless otherwise stated)

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

3 SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

In the application of the Group's accounting policies, the Management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Consolidated Financial Statements.

The areas involving critical estimates or judgements are:

a. Estimations used for fair value measurement (Refer note 34)

b. Estimations used for impairment of financial assets and liabilities (Refer note 2.2.d)

c. Estimates and assumptions related to useful lives and impairment of Property, Plant and Equipment and Intangibles (PPE) (Refer note 4 and 5)

d. Estimates and assumptions for deferred tax (Refer note 9(b))

e. Estimates and assumptions related to Provisions and employee benefit expenses (Refer note 17)

f. Estimates, judgments and assumptions used for revenue from operations (Refer note 20)

g. Estimates and judgements used for contingent liabilities and commitments (Refer note 29)

h. Judgments related to insurance claim (Refer note 21)

i. Judgements related to redemption liability (Refer note 15(a))

j. Judgements related to borrowing cost (Refer note 24)

4 (a)Property, plant and equipment

Accounting policy

Property, Plant and Equipment (PPE) are stated at cost of acquisition or construction net of accumulated depreciation and impairment loss, if any. All significant costs relating to the acquisition and installation of PPE are capitalized. Subsequent costs/replacement costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Consolidated Statement of Profit and Loss during the financial year in which they are incurred. The carrying amount of the replaced part is derecognised. The carrying amount of an item of property, plant and equipment shall be derecognized on disposal or when no future economic benefits are expected from its use or disposal.

The Group identifies and determines cost of each component/ part of the asset separately, if the component/part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

Depreciation on PPE is calculated on a straight line basis using the rates arrived at based on the useful lives estimated by the management. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset.

Freehold land is carried at historical cost. All other items of property, plant and equipment and capital work in progress are stated at cost of acquisition or construction net of accumulated depreciation and impairment loss, if any.

The estimated useful life is supported by assessment. The following useful lives are adopted by the management:

Asset category	Group's estimate of useful life (years)	Useful life as prescribed under Schedule II (years)
Plant and equipment	10 to 25	10 to 15
Buildings	3 to 30	3 to 30
Roads	3	3
Office equipment	5 to 15	5
Furniture and fixtures	10 to 15	10
Computers and data processing units	3 to 6	3 to 6

Estimates and Assumptions

The Group determines, based on independent technical assessment, the estimated useful lives of its property, plant and equipment and intangible assets for calculating depreciation and amortisation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. Management reviews the residual value and useful lives annually and future depreciation and amortisation charge would be adjusted where the management believes the useful lives differ from previous estimates.

Impairment of Property, plant and equipment and other non-current assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognized in the Statement of Profit or Loss.

For assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Estimates and Assumptions

Impairment exists when the carrying value of an asset or cash generating unit (CGU) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding

sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a Discounted Cash Flow (DCF) model. The cash flows are derived from the budget over useful life of assets as approved by the Management and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the terminal growth rate used.

Determining whether property, plant and equipment are impaired requires an estimation of the value in use of the relevant cash generating units. The value in use calculation is based on a DCF model over the estimated useful life of the property, plant and equipment. Further, the cash flow projections are based on estimates and assumptions relating to expected demand, expected tariff rates for electricity, discount rate and electricity market scenario, based on past trends and the current and likely future state of the industry etc. which are considered reasonable by the Management. Any reasonable possible change in the underlying assumptions would not lead to a material change to the amount of impairment.

Ageing of Capital work-in-progress (CWIP) :

CWIP		Amount in CWIP for a period of				
		Less than 1 year	1-2 years	2-3 years	More than 3 years	Total
Project in progress	**March 31, 2025**	**42,156.66**	**3,154.00**	**-**	**-**	**45,310.66**
	March 31, 2024	39,382.57	-	-	-	39,382.57
Total Capital work-in-progress	**March 31, 2025**	**42,156.66**	**3,154.00**	**-**	**-**	**45,310.66**
	March 31, 2024	39,382.57	-	-	-	39,382.57

Capital work-in-progress includes overdue projects amounting to Rs 45,266.82 lakhs (Previous year : Rs 38,843.63 lakhs). These projects are expected to be completed and capitalised between April 2025 to October 2025.

Notes:

(i) See note 14(c) for information on property, plant and equipment pledged as security by the group.

(ii) See note 29 (B) for disclosure of contractual commitments for the acquisition of property, plant and equipment.

(iii) Capital work-in-progress mainly includes expenditure towards construction of new solar and wind renewable energy plants.

Notes to the consolidated financial statements for the year ended March 31, 2025
(All amounts in Rupees lakh, unless otherwise stated)

4 (b) Right-of-use assets

Accounting policy

The Group recognises right-of-use assets ("ROU") at cost at the commencement date of the lease. The cost of ROU includes the amount of lease liabilities recognised, initial direct costs incurred, lease payments made at or before the commencement date less any lease incentives received and estimate of costs to dismantle. After the commencement date, ROU assets are measured at cost, less any accumulated depreciation and impairment losses and adjusted for any remeasurement of lease liabilities. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs. Right of use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated remaining useful lives of the assets, as follows:

- Leasehold Land - 1 to 29 years

- Buildings - 5 years

Particulars	Leasehold Land*	Building	Total
Year ended March 31, 2024

Interest expenses	4,865.70	2,277.08
Depreciation	84.33	70.13
Other Expenses	223.24	21.15
Total	**6,249.35**	**3,296.99**

5 Intangible Assets

Accounting policy

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the Consolidated Statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Consolidated Statement of Profit and Loss when the asset is derecognized.

The Group amortises intangible assets over the following periods:

7(b) Other current assets

Accounting Policy

Contract assets: A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration and are transferred to trade receivables on completion of milestones and its related invoicing. Contract assets are recorded in balance sheet as unbilled revenue.

Income tax assets (net)	281.95	232.90
Total	**281.95**	**232.90**

9(b) Deferred tax liability (net)

Accounting Policy

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in OCI or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The Group determines whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments and uses the approach that better predicts the resolution of the uncertainty.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries where the group is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Estimates and Assumptions

At each balance sheet date, the Group assesses whether the realization of future tax benefits is sufficiently probable to recognize deferred tax assets. This assessment requires the use of significant estimates with respect to assessment of future taxable income. The recorded amount of total deferred tax assets could change if estimates of projected future taxable income or if changes in current tax regulations are enacted.

Notes to the consolidated financial statements for the year ended March 31, 2025

Others	(57.06)	92.84
Deferred tax expense recognised in the Statement of profit and loss - (Charge)/Credit	**8.52**	**(28.65)**

The Group has tax losses, unabsorbed depreciation and other items of Rs. 11,695.02 lakhs (March 31, 2024:Rs. 12,082.00 lakhs) that are available for offsetting for future taxable profits. Deferred tax assets have not been recognised in respect of these items as they may not be used to offset taxable profits in the Group and there are no other tax planning opportunities or other evidence of recoverability in the near future. If the Group were able to recognise all unrecognised deferred tax assets, the loss for the year would decrease by Rs. 2,909.55 lakhs (March 31, 2024: Rs. 2,615.09 lakhs).

Particulars	Expiry date (Year ending March 31)	Number of units		Amount

9(c) Tax expenses

Accounting Policy

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside profit or loss is recognized either in OCI or in equity. Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Current tax	-	0.67
Deferred tax	(8.52)	28.65
Total	**(8.52)**	**29.32**

The reconciliation of estimated income tax expense at Indian statutory income tax rate to income tax expense reported in Statement of Profit or Loss is as follows:

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Loss before tax	(4,181.77)	(3,274.59)
Indian statutory income tax rate	25.17%	25.17%
Expected tax expense	(1,052.55)	(824.21)
Deferred tax assets not recognised on losses and depreciation	1,052.55	824.21
Others	(8.52)	29.32
Total tax expense	**(8.52)**	**29.32**

10 Trade Receivables

Accounting Policy

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Trade receivables are recognised initially at the transaction price adjusted to significant financing components. The Group holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance. For trade receivables, the Group applies the simplified approach required by Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Particulars	As at March 31, 2025	As at March 31, 2024
Trade Receivables from:		
(i) Related parties (refer note 32)	**52.87**	**19.78**
- Unbilled*	44.35	19.78
- Billed	8.52	-
(ii) Others	**1,317.76**	**2,002.81**
- Unbilled*	1,058.28	997.77
- Billed	259.48	1,005.04
Sub-classification of trade receivables		
Secured, considered good	-	-
Unsecured considered good	1,370.64	2,022.59
Trade receivables which have a significant increase in credit risk	-	-
Trade receivables- credit impaired	58.31	-
Less: Impairment Allowance	58.31	-
Total	**1,370.64**	**2,022.59**

No trade or other receivable are due from directors or other officers of the company either severally or jointly with any other person nor any trade receivable are due from firms or private companies respectively in which any director is a partner, a director or a member.

*The receivable is 'unbilled' because the group has not yet issued an invoice; however, the balance has been included under trade receivables (as opposed to contract assets) because it is an unconditional right to consideration.

The ageing of trade receivables

(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

Expected Credit Loss (ECL)

Accounting policy

In accordance with Ind AS 109, the Group applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss and credit risk exposure on the financial assets that are debt instruments measured at amortized costs e.g. loans, deposits, trade receivables, contractual receivables and bank balances. The Group follows 'simplified approach' for recognition of impairment allowance. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognizes impairment allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment allowance based on 12-month ECL. The Group considers current and anticipated future economic conditions relating to industries the Group deals with and the countries where it operates.

ECL impairment allowance (or reversal) recognized during the period is recognized as income/expense in the Consolidated Statement of Profit and Loss under the head 'other expenses' in the Consolidated Statement of profit and loss. ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

The following table summarises the change in impairment allowance measured using the life time expected credit loss model (Pursuant to Ind AS 109):

Estimates and assumptions

Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default, expected loss rates and timing of cash flows. The Group uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Movement of Impairment of trade receivables and unbilled revenue is as follows

Particulars	Impairment of trade receivables		Impairment of unbilled revenue	
	March 31, 2025	March 31, 2024	March 31, 2025	March 31, 2024

12 Equity Share capital

Accounting Policy

Equity shares issued to shareholders are classified as equity. Incremental costs directly attributable to the issue of new equity shares are recognized as a deduction from equity, net of any related income tax effects.

Cost for issuance of equity instruments:

The cost in issuing or acquiring Company's own equity instruments includes registration and other regulatory fees, amounts paid to legal, accounting and other professional advisers, printing costs and stamp duties. These costs are accounted for as a deduction from equity (net of any related income tax benefit) to the extent they are incremental costs directly attributable to the equity transaction that otherwise would have been avoided.

Particulars	As at March 31, 2025	As at March 31, 2024
Authorized shares		
525,000,000 (Previous year 525,000,000) equity shares of Rs. 10/- each.	52,500.00	52,500.00
	52,500.00	**52,500.00**
Issued, subscribed and fully paid share capital

(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

Loan from Banks

(a) First Energy TN 1 Private Limited

Indian rupee loans of Rs 5,047.00 lakhs (Previous year Rs 5,258.96 lakhs) from banks is secured by way of charge on all present and future moveable and immovable assets including plant & machinery, machinery spares, tools, spare and accessories, project documents and on all current assets of the project (present and future) including but not limited to book debts, operating cash flows, receivables, commission, revenues of whatsoever nature and when arising and pledge of 30% of total paid up capital of the First Energy TN 1 Private Limited, held by the company.

(b) First Energy 2 Private Limited

Indian rupee loans of Rs 2,542.05 lakhs (Previous year Rs.2,631.43 lakhs) from banks is secured by way of charge on all present and future moveable and immovable assets including plant & machinery, machinery spares, tools, spare and accessories, project documents and on all current assets of the project (present and future) including but not limited to book debts, operating cash flows, receivables, commission, revenues of whatsoever nature and when arising and pledge of 30% of total paid up capital of the First Energy 2 Private Limited , held by the company.

(c) First Energy 3 Private Limited

Indian rupee loans of Rs 30,000.00 lakhs (Previous year Rs 29,322.00 lakhs) from financial institution is secured by way of charge on all present and future moveable and immovable assets including plant & machinery, machinery spares, tools, spare and accessories, project documents and on all current assets of the Company (present and future) including but not limited to book debts, operating cash flows, intangible assets including goodwill and uncalled capital, intellectual property, both present and future, receivables, commission, revenues of whatsoever nature and when arising and pledge of 30% of total paid up capital of the First Energy 3 Private Limited, held by the company.

(d) Jalansar Wind Energy Private Limited

Indian rupee loans of Rs 525.36 lakhs (Previous year Rs 562.37 lakhs) from banks is secured by way of charge on all present and future moveable and immovable assets including plant & machinery, machinery spares, tools, spare and accessories, project documents and on all current assets of the project (present and future) including but not limited to book debts, operating cash flows, receivables, commission, revenues of whatsoever nature and when arising and pledge of 30% of total paid up capital of the Jalansar Wind Energy Private Limited, held by the company

(e) Kanakal Wind Energy Private Limited

Indian rupee loans of Rs 788.40 lakhs (Previous year Rs.843.91 lakhs) from banks is secured by way of charge on all present and future moveable and immovable assets including plant & machinery, machinery spares, tools, spare and accessories, project documents and on all current assets of the project (present and future) including but not limited to book debts, operating cash flows, receivables, commission, revenues of whatsoever nature and when arising and pledge of 30% of total paid up capital of the Kanakal Wind Energy Private Limited, held by the company.

(f) First Energy 4 Private Limited

Indian rupee loans of Rs 20,343.12 lakhs (Previous year Rs 20,200.00 lakhs) from banks is secured by way of charge on all present and future moveable and immovable assets including plant & machinery, machinery spares, tools, spare and accessories, project documents and on all current assets of the Company (present and future) including but not limited to book debts, operating cash flows, receivables, commission, revenues of whatsoever nature and when arising and pledge of 30% of total paid up capital of the First Energy 4 Private Limited, held by the company.

(g) First Energy 5 Private Limited

Indian rupee loans of Rs 29,800.00 lakhs from banks is secured by way of charge on all present and future moveable and immovable assets including plant & machinery, machinery spares, tools, spare and accessories, project documents and on all current assets of the Company (present and future) including but not limited to book debts, operating cash flows, receivables, commission, revenues of whatsoever nature and when arising and pledge of 30% of total paid up capital of the First Energy 5 Private Limited, held by the company.

(h) First Energy 6 Private Limited

Indian rupee loans of Rs 12,821.38 lakhs (Previous year Rs 11,652.73 lakhs) from banks is secured by way of charge on all present and future moveable and immovable assets including plant & machinery, machinery spares, tools, spare and accessories, project documents and on all current assets of the Company (present and future) including but not limited to book debts, operating cash flows, receivables, commission, revenues of whatsoever nature and when arising and pledge of 30% of total paid up capital of the First Energy 6 Private Limited, held by the company.

(i) First Energy 7 Private Limited

Indian rupee loans of Rs 4,178.85 lakhs from banks is secured by way of charge on all present and future moveable and immovable assets including plant & machinery, machinery spares, tools, spare and accessories, project documents and on all current assets of the Company (present and future) including but not limited to book debts, operating cash flows, receivables, commission, revenues of whatsoever nature and when arising and pledge of 30% of shares of the First Energy 7 Private Limited held by the Company.

Terms and conditions of term loans from banks

All the term loans from banks are repayable on quarterly basis in 76-79 quarterly installments bearing interest rates ranging from 8.50% - 9.40% (March 2024 - 9.00% - 9.40%).

During the year, the Group has used all the borrowings for the specific purpose for which they have been obtained.

As at March 31, 2025, the Group has not complied with some of the covenants under loan agreements in respect of non current borrowings of Rs 29,245.93 (Previous year Rs. 4,037.34 lakhs) . The Group has received confirmation from banks that said borrowings will not be recalled as consequence of such breaches.

15(a) Other non-current financial liabilities

Accounting Policy

Liability for put options issued to non-controlling shareholders in subsidiaries, to be settled in cash by the Group, which do not grant present access to ownership interest to the Group is recognised at present value of the redemption amount and is presented as financial liability. The non-controlling interests subject to put options are derecognised and the difference between the amount derecognised and present value of the redemption amount, is accounted for as an equity transaction.

Judgement

In determining whether Non controlling interest (NCI) is to be recognised with respect to shares held by Non controlling shareholders, management takes into consideration the contracts entered, dividend rights and risk reward relationship and exercises judgement in concluding whether NCI is to be recognized.

Particulars	As at March 31, 2025	As at March 31, 2024
Redemption liability	3,308.88	3,023.67
Trade deposits	26.46	23.29

Notes to the consolidated financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

16(a) Other non-current liabilities

Accounting Policy

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group satisfies the performance obligation. Contract liabilities are recorded in balance sheet as unearned revenue and customer advances as the case may be.

Particulars	As at March 31, 2025	As at March 31, 2024
Contract liabilities		
Unearned revenue	124.55	77.82
Total	**124.55**	**77.82**

16(b) Other current liabilities

Particulars	As at March 31, 2025	As at March 31, 2024
Advance from customers	34.66	312.99
Unearned revenue	104.50	479.97
Advance from insurance company (refer note 37)	677.67	677.67
Statutory dues*	262.09	174.61
Others	0.30	49.33
Total	**1,079.22**	**1,694.57**

* mainly includes tax deducted at source, provident fund, GST etc.

17(a) Non-current provisions

Accounting Policy

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognizes contribution payable to the provident fund scheme as an expense when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

The Group operates a defined benefit gratuity plan, which is unfunded. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to the Statement of profit and loss in subsequent periods.

Past service costs are recognized in the Statement of profit and loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Group recognizes related restructuring costs.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognizes the following changes in the net defined benefit obligation as an expense in the Statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

The compensated absences such as privileged leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Consolidated Statement of Profit and Loss. The Group does not have an unconditional right to defer settlement for any of these obligations and therefore have been classified as current liability. However, based on past experience, the Group does not expect all employees to take the full amount of accrued leave or require payment within twelve months.

Provision for Long term incentive is calculated using the projected unit credit method to determine the present value of its defined benefit obligations and the related current service cost."

Estimates and assumptions

Long Term Incentive Plan

The provision for other long term employee benefits which is recognized considering the estimated payout expected by the Group at present value using projected unit credit method. These include the determination of the discount rate and attrition rate. All assumptions are reviewed at each reporting date. The parameter which is most subjected to change is the attrition rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the long-term incentives.

Particulars	As at March 31, 2025	As at March 31, 2024
Provision for employee benefits		
Provision for gratuity (Refer note 17(c))	104.63	77.41
Other long-term employee benefits (Refer note 17(c))	312.49	754.70
Total	**417.12**	**832.11**

17(b) Current provisions

Particulars	As at March 31, 2025	As at March 31, 2024
Provision for employee benefits		
Provision for gratuity (Refer note 17(c))	6.37	10.10
Provision for compensated absence (Refer note 17(c))	105.15	95.46
Other provisions		
Provision for onerous contract	3.00	3.00
Total	**114.52**	**108.56**

17(c) Employee benefits plan

A Defined contribution plans

The group also has certain defined contribution plan. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the group is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the period towards defined contribution plan is Rs 113.40 lakhs (31 March 2024 – Rs 91.95 lakhs).

B Defined benefit plans and other long term plans

i) Compensated absences

The Compensated Absences cover the group's liability for earned leave which are classified as other long-term benefits.

The entire amount of the provision of Rs.105.15 lakhs (31 March 2024 – Rs.95.46 lakhs) is presented as current, since the group does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the group does not expect all employees to avail the full amount of accrued leave or require payment for such leave within the next 12 months.

Particulars	As at March 31, 2025	As at March 31, 2024
Leave obligations not expected to be settled within the next 12 months	87.61	80.36

ii) Gratuity

The Group operates a defined benefit plan viz. gratuity for its employees as per the Payment of Gratuity Act, 1972. Every employee who has completed specified years of service is eligible for gratuity on departure at 15 days (minimum) of the last drawn salary for each completed year of service. The Group has not funded the liability as on March 31, 2025.

I Changes in the net benefit obligation is as follows :

Particulars	Amount
April 1, 2023	**48.94**
Current service cost	26.36
Transfer In	0.94
Interest expense/(income)	3.30
Total amount recognised in Profit or Loss*	**30.60**
Experience adjustments	10.25
Actuarial loss from change in financial assumptions	6.74
Demographic adjustments	0.99
Total amount recognised in Other Comprehensive (Income)/Loss	**17.98**
Benefits paid	(10.01)
March 31, 2024	**87.51**
Current service cost	46.57
Transfer In	(2.27)
Interest expense/(income)	6.03
Total amount recognised in Profit or Loss	**50.33**
Experience adjustments	(21.72)
Actuarial gain from change in financial assumptions	3.72
Demographic adjustments	(4.85)
Total amount recognised in Other Comprehensive (Income)/Loss	**(22.85)**
Benefits paid	(3.99)
March 31, 2025	**111.00**

II Significant assumptions

Particulars	March 31, 2025	March 31, 2024
Discount rate	6.60%	7.20%
Salary growth rate	10.00%	10.00%
Normal retirement age	60	60
Mortality table	IALM(2012-14) Ultimate	IALM(2012-14) Ultimate
Employee turnover	15.00%	10.00%

IV Sensitivity analysis

The sensitivity of defined obligation to changes in the weighted principal assumptions is:

Assumption	Impact on defined benefit obligation	
	March 31, 2025	March 31, 2024
Discount rate		
1.00% increase	Decrease by 6.08	Decrease by 6.38
1.00% decrease	Increase by 6.73	Increase by 7.25
Future salary increase		
1.00% increase	Increase by 5.41	Increase by 6.14
1.00% decrease	Decrease by 5.01	Decrease by 5.53
Attrition rate		
1.00% increase	Decrease by 0.93	Decrease by 1.01
1.00% decrease	Increase by 1.02	Increase by 1.13

The above sensitivity analysis is based on a change in assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligation calculated with the Projected Unit Credit Method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The method and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous periods.

Particulars	March 31, 2025	March 31, 2024
Within next 12 months	6.37	10.10
Between 2-5 years	60.71	27.99
Next 5 years	216.79	212.02

The average duration of the defined benefit plan obligation at the end of the reporting period is 9.71 years (March 31, 2024: 12.14 years)

iii) Other long-term employee benefits

Group offers cash bonuses to certain managerial employees the amount of which is based on performance of the group in a specific year. The amount of provision recognised for the long term employee benefit is Rs. 312.49 lakhs (31 March 2024 – Rs. 754.70 lakhs).

18 Trade payables

Particulars	As at March 31, 2025	As at March 31, 2024
Trade payables: micro and small enterprises	71.67	83.86
Due to other than micro and small enterprises		
Trade payables to related parties (see note 32)	646.25	428.76
Trade payables: others	574.05	855.52
Total	**1,291.97**	**1,368.14**

Notes to the consolidated financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

Details of dues to micro and small enterprises as defined under the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006

Particulars	As at March 31, 2025	As at March 31, 2024
The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year		
- Principal amount dues to micro and small enterprises*	71.67	83.86
- Interest due thereon	2.67	0.38
The amount of interest paid by the Group in terms of section 16 of the MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-
The amount of payment made to the supplier beyond the appointed day during the year	473.65	103.85
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006	4.94	1.95
The amount of interest accrued and remaining unpaid at the end of each accounting year	7.61	2.33
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006	9.94	2.33

*Amount due to Micro and Small enterprises are disclosed on the basis of information available with the Group regarding status of the suppliers as Micro and Small enterprises.

20 Revenue from operations

Accounting Policy

Revenue from contracts with customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at the amount of the transaction price allocated to the performance obligation. Revenue is recognized when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. The Group has concluded that it is the principal in all of its revenue arrangements since it is the primarily responsible for fulfilling the promise to provide the specified good or service and has discretion in establishing the price for the specified good or service.. The Group collects goods and services tax on behalf of the government and, therefore, it is not an economic benefit flowing to the Group. Hence, it is excluded from revenue.

The Group has following streams of revenue

Revenue from sale of power

Revenue from sale of power is recognised at transaction price and over time for each unit of electricity delivered at the contracted rate. The transaction price is adjusted for significant financing component, if any and the adjustment is accounted as finance cost. Revenue recognized includes amounts billed to consumers on the basis of recording of consumption of energy by installed meters based on the applicable tariff agreed in purchase power agreement, which are recognized considering past trends of approval, management's probability estimate and when no significant uncertainty exists in such determination.

At the end of each reporting period, the Group updates the estimated transaction price to represent the circumstances present at the end of the reporting period and the changes in circumstances during the reporting period. The Group accounts for such changes in the transaction price (including claims). Consideration / claim payable to a customer includes cash amounts that an entity pays to the customer. The Group accounts for consideration payable to a customer as a reduction of the transaction price and, therefore, of revenue unless the payment to the customer is in exchange for a distinct good or service that the customer transfers to the entity. The consideration payable to a customer includes a variable amount.

Revenue from Engineering, Procurement and Construction contracts

Engineering, Procurement and Construction (EPC) contracts are contracts specifically negotiated for the construction of an asset which refers to any project for construction of plants and systems, involving designing, engineering, fabrication, supply, erection (or supervision thereof), commissioning, guaranteeing performance thereof etc., execution of which is spread over different accounting periods. The Group identifies distinct performance obligations in each contract. For most of the contracts, the customer contracts with the Group to provide a significant service of integrating a complex set of tasks and components into a single project or capability. Hence, the entire contract is accounted

for as one performance obligation.

The Group may promise to provide distinct goods or services within a contract, in which case the Group separates the contract into more than one performance obligation. If a contract is separated into more than one performance obligation, the Group allocates the total transaction price to each performance obligation in an amount based on the estimated relative standalone selling prices of the promised goods or services underlying each performance obligation. The Group uses the expected cost plus a margin approach to estimate the standalone selling price of each performance obligation in case of contracts with more than one distinct performance obligations. The Group assesses for the timing of revenue recognition in case of each distinct performance obligation. The Group first assesses whether the revenue can be recognized over a period of time if any of the following criteria is met:

(a) The customer simultaneously consumes the benefits as the Group performs, or

(b) The customer controls the work-in-progress, or

(c) The Group's performance does not create an asset with alternative use to the Group and the Group has right to payment for performance completed till date.

Revenue from sale of goods

Revenue from sale of goods is recognised at a point-in-time. The point-in-time is determined when the control of the goods or services is transferred which is determined based on when the significant risks and rewards of ownership are transferred to the customer. Apart from this, the Group also considers its present right to payment, the legal title to the goods, the physical possession and the customer acceptance in determining the point in time where control has been transferred."

Revenue from leases (Group as a lessor)

Refer note 30 for accounting policy.

Revenue from Sale of services

Revenue in respect of operation and maintenance contract, awarded on a standalone basis or included in long term contracts and identified as a separate performance obligation, is recognized on a time proportion basis under the contracts.

Judgements

A significant revenue of the Group's business relates to EPC contracts which is accounted using cost-based input method, recognizing revenue as the performance on the contract progresses. This requires management to make judgement with respect to identifying contracts for which revenue need to be recognised over a period of time, depending upon when the customer consumes the benefit, when the control is passed to customer, whether the asset created has an alternative use and whether the Group has right to payment for performance completed till date, either contractually or legally. The input method requires management to make significant judgements of the extent of progress towards completion including accounting of multiple contracts which need to be combined and considered as a single contract.

In determining whether revenue contract (power purchase agreement) with customer especially when entire contractual capacity of one project (solar / wind project) is committed to one customer, management exercises judgement in concluding whether contract contains lease. Management takes into consideration who is responsible for design of the project and who has right to direct the use of solar plant.

Estimates and assumptions

Project cost to complete estimates: At each reporting date, the Group is required to estimate costs to complete on fixed-price contracts. Estimating costs to complete on such contracts requires the Group to make estimates of future costs to be incurred, based on work to be performed beyond the reporting date. This estimate will impact revenues, cost of sales, contract assets and contract liabilities.

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
a) Revenue from contracts with customers		
Revenue from projects	1,090.01	2,995.68
Revenue from power supply	9,037.95	5,353.34
Revenue from sale of trading goods	390.05	-
Revenue from services	0.14	35.84
Revenue from operating lease	81.50	85.15
Total	**10,599.65**	**8,470.01**
b) Other operating revenue		
Interest income from finance lease	47.56	51.83
Exchange fluctuation gain (net)	-	0.95
Duty Drawback	2.23	-
Total	49.79	52.78
Revenue from operations (net)	**10,649.44**	**8,522.79**

(c) Disclosure pursuant to IND AS 115: Revenue from contracts with customers

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
i) Revenue by category of contracts:		
Over a period of time basis	10,209.60	8,385.81
At a point-in-time basis	390.05	-
Total revenue from contracts with customers	**10,599.65**	**8,385.81**
ii) Revenue by geographical market:		
Within India	10,072.97	7,234.38
Outside India	526.68	1,151.43
Total revenue from contracts with customers	**10,599.65**	**8,385.81**

iii) Contract balances

The following table provides information about contract balances from contracts with customers as at the reporting date:

Particulars	As at March 31, 2025	As at March 31, 2024
Unbilled revenue (Refer note 7(b)) - Contract assets	38.67	105.72
Advance from Customers (Refer Note 16(a)) - Contract liabilities	34.66	312.99
Unearned revenue (Refer Note 16(a) and (b)) Contract liabilities	229.05	557.79

Contract assets primarily relate to the Group's rights to consideration for work completed but not billed at the reporting date from projects and customised contracts. The Contract assets are transferred to Trade receivables on completion of milestones and its related invoicing.

The contract liabilities relate to unearned revenue and customer advances where performance obligations are yet to be fulfilled as per the contracts. The fulfilment of the performance obligations will extinguish these liabilities and revenue will be recognised, with no impact on the Group's cash positions on specific projects.

Contract assets have decreased as the group has provided fewer projects ahead of the agreed payment schedules for fixed-price contracts. Contract liabilities have decreased as the group has received fewer advance against the future products and services to be provided.

Notes to the consolidated financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

iv) Revenue recognised in the reporting period that was included in the contract liabilities balance at the beginning of the year:

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Unearned revenue	386.75	7.47
Customer advance	299.55	374.48

(v) Remaining performance obligations:

The Group applies practical expedient included in para 121 of Ind AS 115 and does not disclose information about its remaining performance obligations for contracts that have an original expected duration of one year or less or where the entity has a right to consideration from a customer in an amount that corresponds directly with the value to the customer of the entity's performance completed till date.

vi) Reconciliation between revenue recognised in Statement of profit and loss and contract price

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Contract price	10,811.76	8,458.60
Adjustments for:		
Customer claims	(231.14)	(80.26)
Significant Financing Component	19.03	7.47
Total Revenue recognised	**10,599.65**	**8,385.81**

21 Other income

Accounting Policy

Interest income

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. Interest income is included in finance income in the statement of profit and loss.

Recognition of insurance claim income

Significant judgment is involved in concluding virtual certainty of insurance reimbursement and recognizing insurance claim asset. In determining whether receipt of insurance claim pertaining to expenditure/ loss incurred is virtually certain, management takes into consideration communication from the Insurance company confirming whether the expenditure/loss pertaining to asset and event causing the expenditure/ loss are within the scope of insurance policy.

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Net gain on current investments designated at fair value through profit or loss (FVTPL)	104.11	42.15
Insurance claim receivable (refer note 37)	-	340.80
Interest Income on bank deposits	99.80	62.35
Miscellaneous income	50.82	141.51
Interest on Income Tax refund	0.29	0.43
Provisions no longer required written back	75.42	-
Total	**330.44**	**587.24**

22 Cost of raw materials consumed

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Inventories at the beginning of the year	-	-
Add: Purchases	534.21	2,716.61
Inventories at the end of the year	-	-
Total	**534.21**	**2,716.61**

23 Employee benefits expense

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Salaries, Wages and Bonus	288.16	961.59
Contribution to provident and other funds (Refer note 17(c))	113.40	91.95
Gratuity expense (Refer note 17 (c))	50.33	30.60
Staff welfare expenses	81.71	43.61
Total	**533.60**	**1,127.75**

24 Finance costs

Accounting Policy

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying assets are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing costs pertaining to qualifying assets are presented as part of financing activities in statement of cash flows.

Judgments

Significant management judgement is involved in determining whether the asset (solar/wind projects) is a qualifying asset using the factors such as period of time to get ready, nature of activities necessary and industry practice. The construction of solar/wind projects involves a period ranging from 6 months to 10 months.

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Interest expense on loan from bank/financial institutions	6,264.30	4,037.58
Interest expense on loan from Holding Company	505.41	70.40
Interest on lease liabilities	100.31	88.16
Finance cost on redemption liability	248.36	155.56
Other finance costs	3.72	2.16
Total	**7,122.10**	**4,353.86**

25 Depreciation and amortization expense

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Depreciation of property, plant and equipment	3,807.64	2,384.58
Impairment of property, plant and equipment (refer note 37)	293.81	-
Depreciation of right-of-use assets	66.81	69.11
Amortization of intangible assets	20.00	18.77
Total	**4,188.26**	**2,472.46**

26 Other expenses

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Power and fuel	39.23	22.80
Technical Charges	107.04	69.02
Site expenses and contract labour charges	263.47	85.27
Operation and maintenance charges	372.81	239.21
Advertisement and sales promotion	3.00	18.60

- Computers	0.03	2.07
- Others	62.61	436.65
Travelling and conveyance	71.54	114.48
Legal and professional fees	393.04	238.34
Recruitment Expenses	17.48	22.33
Management overhead fees	178.75	78.52
Miscellaneous expenses	251.58	177.95
Provision for impairment allowance of financial assets (net)	297.42	-
Exchange fluctuation loss (net)	8.17	-
Bad debts written off	12.56	-
Total	**2,583.46**	**1,713.94**

None of the Companies in the Group meet the criteria specified in sub section (1) of section 135 of the Companies Act, 2013, read with Corporate Social Responsibility (CSR) Rules, 2014. Therefore, it is not required to incur any expenditure on account of CSR activities during the current and previous year.

28 Loss per share

Accounting Policy

The Group presents the basic and diluted earnings/loss per share (EPS) for its equity shares. Basic EPS is computed by dividing the net profit/ (loss) for the year attributable to the equity shareholders of the Group by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by adjusting the loss for the year attributable to the equity shareholders and the weighted average number of equity shares considered for deriving basic EPS for the effects of all the equity shares that could have been issued upon conversion of all dilutive potential equity shares.

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Loss attributable to the Equity shareholders of the Group	(4,173.25)	(3,303.91)
Weighted average number of Equity shares of ₹ 10/- each	41,53,37,543	26,73,65,081
Basic Loss per share	(1.00)	(1.24)
Diluted Loss per share	(1.00)	(1.24)

29 Contingent liabilities and commitments

Accounting Policy

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A) Contingent liabilities

Particulars	March 31, 2025	March 31, 2024
Claims against the Group not acknowledged as debt*	-	305.00

*Claims against the Group not acknowledged as debt on account of ongoing arbitration/ legal dispute. Based on the legal opinion on the matter and management's assessments of the facts of the case, no provision is required to be made for the matter. Pending resolution of the matter, it is not practicable to estimate the timing of cash outflows, if any.

B) Capital and other commitment

Estimated amount of contracts remaining to be executed on capital account (net of advances) and not provided for is Rs.11,434.39 (March 31, 2024 Rs. 59,164.30).

30 Leasing Arrangements

i) Where the Group is lessor

Accounting Policy

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognized on a straight-line basis over the term of the relevant lease. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

a) Amounts receivable under Finance lease -

The Group has entered into certain arrangements with its customers where the Group will supply electricity by installing solar power generating system at customers' premises. The Group has determined, that fulfilment of these arrangements is dependent on the use of a specific asset and the arrangement conveys a right to use these specific asset to the customers. Accordingly, these arrangements qualify as arrangements in the form of lease as specified in Ind-AS 116. Based on the evaluation of terms and conditions of these arrangements, such as the contract term constituting a major part of the economic life of the specific assets, the fair value of the asset and that it has transferred the significant risks and rewards in these assets to the customers, these lease arrangements have been classified as finance leases.

Particulars	Gross Investment in lease		Present value of minimum lease payments	
	March 31, 2025	March 31, 2024	March 31, 2025	March 31, 2024
Within one year	66.51	66.51	59.04	59.04
After one year but not more than five years	176.66	212.42	109.12	124.48
More than five years	235.79	266.54	59.31	62.90
	478.96	**545.47**	**227.47**	**246.42**
Less: Unearned finance income	251.50	299.05	-	-
Present value of minimum lease payments receivable	227.46	246.42	227.47	246.42
Allowance for uncollectible lease payments	-	-	-	-

Notes to the consolidated financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

Particulars	March 31, 2025	March 31, 2024
Current portion of finance lease receivables	66.51	59.04
Non-current portion of finance lease receivables	160.95	187.38

Particulars	March 31, 2025	March 31, 2024
Estimated unguaranteed residual value of assets under finance lease	-	-
Contingent rent recognised as income during the year	-	-
Interest rate inherent in the lease per annum	16.38% - 28.19%	16.38% - 28.19%

(b) Operating Lease

The Group has leased a solar power generating system. The tenure of lease agreement is 15 years.

Particulars	March 31, 2025	March 31, 2024
Lease received for the year	81.50	85.15

Particulars	March 31, 2025	March 31, 2024
Future minimum lease rental receivables under non-cancellable operating leases are as follows:		
Within one year	-	-
After one year but not more than five years	-	-
More than five years	-	-

ii) Group as lessee

Accounting Policy

The Group lease asset classes primarily consist of office buildings and leasehold lands. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (1) the contract involves the use of an identified asset (2) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Lease arrangements include the options to extend or terminate the lease before the end of the lease term. Right-of-use assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at present value of the future lease payments. The lease payments include fixed payments less any lease incentives receivable and amounts expected to be paid under residual value guarantees. There are no variable lease payments. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Group has taken office building and lands on leases for a tenure of 5 to 29 years, and has extension option for office building as per mutual consent. There are no variable lease payments and residual value guarantees for these leases.

Extension and termination options are included in a number of leases across the group. These are used to maximise operational flexibility in terms of managing the assets used in the group's operations.

Carrying amounts of lease liabilities and the movements during the year:

Particulars	March 31, 2025	March 31, 2024
At the beginning of the year	1,211.89	1,005.19
Additions	40.63	254.65
Accretion of interest*	109.40	88.16
Payments made	(158.92)	(136.11)
As at end of the year	**1,203.00**	**1,211.89**
Current portion of lease liabilities	226.80	168.48
Non-current portion of lease liabilities	976.20	1,043.41
Total	**1,203.00**	**1,211.89**

*includes amount of Rs 9.09 lakhs capitalised during the year in addition to property, plant & equipment.

Details of amounts recognised in statement of profit and loss

Particulars	March 31, 2025	March 31, 2024
Depreciation expense of right-of-use assets	66.81	69.11
Interest expense on lease liabilities	100.31	88.16
Expense relating to leases of low-value assets (included in other expenses)	10.96	0.45
Total amount recognised in statement of profit and loss	**178.08**	**157.72**

31 Interest in subsidiaries

The consolidated financial statements of the Group includes subsidiaries listed in the table below. Unless otherwise stated, they have share capital consisting solely of equity shares that are held directly by the Group, and the proportion of ownership interests held equals the voting rights held by the Group. The country of incorporation or registration is also their principal place of business.

First Energy Private Limited

Notes to the consolidated financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

Short term employment benefits	273.98	248.62
Long-term employee benefits	(231.92)	207.00

33 Segment reporting

Accounting Policy

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The Board of Directors of the First Energy Private Limited has been identified as the chief operating decision maker of the Group.

Operating segments used to present segment information are identified based on the internal reports used and reviewed by the Board of Directors to assess performance and allocate resources. The management has determined the some business exhibit similar economic characteristics and meet other aggregation criteria and accordingly aggregated into two reportable segments - CAPEX Business and OPEX Business. CAPEX Business means providing behind the meter solutions like supply of solar power generating systems and related services and OPEX Business means power generation through open access solutions and related services. The CODM evaluates the segments based on their revenue and operating results.

The composition of these segments is given below:

Segment Revenue, Segment Results, Segment Assets and Segment Liabilities include the respective amounts identifiable to each of the segments and amounts allocated on a reasonable basis.

I Information about Business Segments:

Sr. No.	Particulars	March 31, 2025	March 31, 2024
i	**Segment revenue**		
	a. OPEX	9,037.95	5,353.34
	b. CAPEX	1,611.49	3,169.45
	Income from operations	**10,649.44**	**8,522.79**
ii	**Depreciation and amortization**		
	a. OPEX	4,158.30	2,368.12
	b. CAPEX	29.96	104.34
		4,188.26	**2,472.46**
iii	**Segment results**		
	Loss before tax from each segment		
	a. OPEX	(5,116.49)	(3,773.03)
	b. CAPEX	730.81	393.94
	Total	**(4,385.68)**	**(3,379.09)**
	Other unallocable income net of unallocable expenses	203.91	104.50
	Total loss before tax	**(4,181.77)**	**(3,274.59)**
iv	**Segment Assets**		
	a. OPEX	1,91,295.37	1,29,778.36
	b. CAPEX	939.12	2,040.52
	c. Unallocated	6,058.48	5,844.89
	Total Assets	**1,98,292.97**	**1,37,663.77**
v	**Segment Liabilities**		
	a. OPEX	1,55,710.30	79,205.44
	b. CAPEX	225.27	1,356.03
	c. Unallocated	6,136.50	19,344.88
	Total Liabilities	**1,62,072.07**	**99,906.35**

Reconciliations to amounts consolidated in financial statements

Reconciliation of assets

Particulars	March 31, 2025	March 31, 2024
Segment operating assets	1,92,234.49	1,31,818.88
Investments	653.62	2,124.96
Cash and bank balances	4,370.61	3,328.64
Income tax assets	281.95	232.90
Other unallocated assets (majorly includes deposits with original maturity of more than 12 months)	752.30	158.39
Total assets	**1,98,292.97**	**1,37,663.77**

Reconciliation of liabilities

Particulars	March 31, 2025	March 31, 2024
Segment operating liabilities	1,55,935.57	80,561.47
Borrowings	5,829.40	18,952.10
Deferred tax liabilities	21.02	29.55
Other unallocable liabilities (majorly includes interest accrued on unallocated borrowing)	286.09	363.23
Total liabilities	**1,62,072.07**	**99,906.35**

II Information about geographic segment

Revenue from external customers

Particulars	March 31, 2025	March 31, 2024
India	10,122.76	7,371.36
Outside India	526.68	1,151.43
Total	**10,649.44**	**8,522.79**

Revenues of approximately Rs.3,227.05 lakhs is derived from an external customers exceeding 10% of the total revenue.

Non-current asset

Particulars	March 31, 2025	March 31, 2024
India	1,89,250.14	1,28,308.98
Outside India	-	-
Total	**1,89,250.14**	**1,28,308.98**

III Material items of income and expense : Finance costs

Particulars	March 31, 2025	March 31, 2024
Capex	-	-
Opex	7,122.09	4,353.86
Total	**7,122.09**	**4,353.86**

34 Fair value measurements

Break-up of financial assets carried at amortised cost

Particulars	March 31, 2025	March 31, 2024
Trade receivables	1,370.64	2,022.59
Finance Lease receivables	227.46	246.42
Other financial assets	1,844.65	1,215.47
Cash and cash equivalents	4,187.55	2,830.25
Bank balances other than cash and cash equivalents	183.06	498.40
Total	**7,813.36**	**6,813.13**
Current assets	7,520.51	6,395.58
Non-current assets	292.85	417.55
Total	**7,813.36**	**6,813.13**

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

Break-up of financial assets carried at fair value through profit and loss

Particulars	March 31, 2025	March 31, 2024
Financial assets		
Investments		
Mutual funds	653.62	2,124.96
Total financial assets (Current)	**653.62**	**2,124.96**

Fair value of market linked mutual funds is determined using Net Asset Value (NAV) report issued by mutual fund house.

Break up of financial liabilities carried at amortised cost

Particulars	March 31, 2025	March 31, 2024
Borrowings	1,50,659.45	88,897.97
Trade payables	1,291.97	1,368.14
Other financial liabilities	7,161.21	5,685.71
Total	**1,59,112.63**	**95,951.82**
Current liabilities	50,563.51	23,852.90
Non current liabilities	1,08,549.12	72,098.92
Total	**1,59,112.63**	**95,951.82**

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

II Fair value hierarchy

The following table provides the fair value measurement hierarchy of the Group's assets and liabilities.

Quantitative disclosures fair value measurement hierarchy for assets as at March 31, 2025

	Date of valuation	Level 1	Level 2	Level 3
Financial assets				
Investments				
Mutual funds	March 31, 2025	-	653.62	-

Quantitative disclosures fair value measurement hierarchy for assets as at March 31, 2024

	Date of valuation	Level 1	Level 2	Level 3
Financial assets				
Investments				
Mutual funds	March 31, 2024	-	2,124.96	-

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Notes to the consolidated financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

35 Financial risk management

The Group's principal financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include trade and other receivables and cash and cash equivalents that are derived directly from its operations. The Group also holds investments measured at fair value through profit and loss.

Risk is inherent in the Group's activities but it is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Group's continuing operations. The Group is exposed to market risk, credit risk and liquidity risk.

The Company's Board of Directors is ultimately responsible for the overall risk management approach and for approving the risk strategies and principles. No significant changes were made in the risk management objectives and policies during the years ended March 31, 2025 and March 31, 2024. The management of the Group reviews and agrees policies for managing each of these risks which are summarised below:

I Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and price risk. The management of the Group has implemented a risk management system that is monitored by the Board of Directors. Market risk is managed on the basis of pre-determined asset allocations across various asset categories, a continuous appraisal of market conditions and trends and management's estimate of long and short term changes in fair value.

a Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in interest rate primarily relates to the Group's debt obligations with floating interest rates.

The exposure of the Group's borrowing to interest rate changes at the end of the reporting period are as follows:

	March 31, 2025	March 31, 2024
Variable rate borrowings	1,05,372.61	69,945.87

Sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in the interest rates on borrowings at variable interest rate. With all the other variables held constant, the Group's loss before tax is affected through the impact on floating rate borrowings, as follows:

Impact on loss after tax	March 31, 2025	March 31, 2024
Interest rates - increase by 50 basis points	(346.64)	(209.81)
Interest rates - decrease by 50 basis points	346.64	209.81

b Foreign currency risk

Foreign exchange risk arises when future commercial transactions and relevant assets and liabilities are denominated in a currency that is not the Group's functional currency. Foreign exchange risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Group operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD.

Foreign exchange risk is managed on the basis of limits determined by management and a continuous assessment of current and expected exchange rate movements. The exposure to foreign currencies is not significant to the Group's financials statements.

c Price risk

The Group's investments are susceptible to market price risk arising from uncertainties about future values of the investment securities. These securities are unquoted. The Group manages the price risk through placing limits on individual and total equity/ mutual fund instruments. Reports on the investment portfolio are submitted to the management on a regular basis. The Group is not currently exposed significantly to such risk.

II Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables, lease receivable and contract assets) and from its investing activities, including deposits with banks and other financial instruments.

Trade receivables and contract assets

Customer credit risk is managed by the Group's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on individual credit limits and risk of potential default based on defined credit risk parameters. An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous group and assessed for impairment collectively. The calculation is based on losses as per historical data adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. For details of charge of Impairment of trade receivables and unbilled revenue refer note 10.

Expected credit loss for trade receivables and contract assets under simplified approach

Trade receivables	As at March 31, 2025		
	Gross	Expected loss rate	Expected loss allowance
Unbilled	1,102.63	0%	-
Outstanding for following periods from the due date			
Not due	8.93	0%	-
Less than 6 months	186.44	0%	-
More than 6 months	130.95	45%	58.31
Total	**1,428.95**		**58.31**

Trade receivables	As at March 31, 2024		
	Gross	Expected loss rate	Expected loss allowance
Unbilled	1,017.55	0%	-
Outstanding for following periods from the due date			
Not due	481.54	0%	-
Less than 6 months	453.78	0%	-
More than 6 months	69.72	0%	-
Total	**2,022.59**		**-**

Expected credit loss for contract assets under simplified approach

Contract assets	As at March 31, 2024		
	Gross	Expected loss rate	Expected loss allowance
Not due	67.05	0%	-
Less than 6 months	-	0%	-
6 months - 1 year	-	0%	-
Total	**67.05**		**-**

Contract assets	As at March 31, 2024		
	Gross	Expected loss rate	Expected loss allowance
Not due	394.77	0%	-
Less than 6 months	-	0%	-
6 months - 1 year	-	0%	-
Total	**394.77**		**-**

Balances with Banks

Credit risk from balances with banks is managed by the Group's finance department in accordance with the Group's policy. Investments of surplus funds are made only with approved counterparties to mitigate financial loss through counterparty's potential failure to make payments. Identified impairment loss for these assets is immaterial.

Other financial assets carried at amortised cost

Group's exposure to other financial asset includes security deposits and lease receivables which is considered to be low risk. No loss allowance is required to be recognised except for the balances for which provision has been recognised, refer note 6(b) and note 26 for details of impairment provision recognised.

III Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations.

Management monitors rolling forecasts of the Group's liquidity position and cash and cash equivalents on the basis of expected cash flows on a on-going basis. The Group's liquidity management policy involves projecting future cash flows and considering the level of liquid assets necessary to meet these and monitoring balance sheet liquidity ratios against internal requirements.

Maturities of financial liabilities

The tables below summarises the group's financial liabilities into relevant maturity profile based on contractual undiscounted payments :

March 31, 2025	< 1 year	1 to 3 years	> 3 years
Non- derivative			
Borrowings	45,445.67	8,676.83	97,210.39
Lease Liabilities	226.80	262.55	2,588.42
Trade Payables	1,291.97	-	-
Other payables	3,825.87	355.00	9,379.78

March 31, 2024	< 1 year	1 to 3 years	> 3 years
Non- derivative			
Borrowings	19,846.01	4,369.86	65,207.03
Lease Liabilities	168.48	375.72	2,610.79
Trade Payables	1,368.14	-	-
Other payables	2,638.75	355.00	9,235.78

36 Capital management

The Group's objective for capital management is to maximise long term shareholder value, safeguard business continuity and support the growth of the Group. The Group determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through borrowings, equity and operating cash flows generated. No changes were made in the objectives, policies or processes during the years ended March 31, 2025 and March 31, 2024. Capital represents equity attributable to equity holders of the Company.

Particulars	March 31, 2025	March 31, 2024
Borrowings (including accrued interest)	1,51,198.16	89,522.09
Lease Liabilities	1,202.99	1,211.89
Less: Cash and cash equivalents (includes other bank balances)	4,370.61	3,328.65
Net (surplus) / debt	**1,48,030.54**	**87,405.33**
Equity	36,220.90	37,757.45
Net Debt to Equity*	**4.09**	**2.31**

* Variation due to significant increase in debt as compared to last year and reduction in equity on account of losses during the year.

Loan covenants

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. Some of the debt covenants were not complied as at March 31, 2025 and March 31, 2024 (refer note 14(a)).

37 The site of First Energy 4 Private Limited was hit by unprecedented torrential rain around mid December 2023 resulting in submerging of the project site. The management has performed assessment of losses incurred on account of this event. Modules worth INR 10,925 lakhs were also submerged under water, but a substantial portion of these modules were subsequently operational and there was no sign of any physical damage except for a few modules. The Management had filed for an insurance claim for total loss inclusive of modules cost amounting to INR 11,700 lakhs which was later revised to INR 7,400 lakhs. The insurance company had acknowledged the intimation of claim and had confirmed that the property and the event are covered under the policy. Further the Insurance Company had remitted INR 1,000 lakhs as on account payment. The expense of INR 339 lakhs pertaining to damage was accounted for as repairs and maintenance cost in the books of account and the corresponding insurance claim income of INR 323 lakhs was recognized based on management's assessment of insurance claim being virtually certain. The discussion with insurance company for ascertainment of damage is still ongoing.

The site of First Energy 4 Private Limited and First Energy 6 Private Limited were affected by severe rains in December 2024 resulting in submerging of site. The management has performed assessment of losses incurred on account of this event. Basis the assessment, amount of Rs. 139.08 Lakhs and Rs. 154.73 Lakhs has been recognized as impairment expenses for the damage in the books of account in First Energy 6 Private Limited and First Energy 4 Private Limited respectively. The management has communicated the extent of damages to the insurer.

38 Compliance with Section 143 (3) for Maintenance of Books of Account

With effect from August 5, 2022, the Ministry of Corporate Affairs (MCA) has amended the Companies (Accounts) Rules, 2014, relating to maintenance of electronic books of account and other relevant books and papers. Pursuant to this amendment, the group is required to maintain the books of account which are accessible in India at all times and their backup is to be kept on servers located in India on a daily basis.

Notes to the consolidated financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

The Group has a process to take daily back-up of books of account maintained in electronic mode. However, the backup of certain books and records maintained in electronic mode has not been maintained on servers physically located in India on daily basis. The group will take appropriate measures to comply with regulations.

39 Compliance with Section 143 (3) for Audit Trail

The primary accounting software used for maintaining its books of account has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that no audit trail has been enabled at the database level to log any direct data changes.

40 Other Statutory Information

(i) No proceedings have been initiated on or are pending against the group for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

(ii) The Group does not have any charges or satisfaction which is yet to be registered with Registrar of Companies beyond the statutory period,

(iii) The Group has not traded or invested in crypto currency or virtual currency during the financial year.

(iv) There is no income surrendered or disclosed as income during the current or previous year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

(v) The Group had working capital limits of more than Rs. 5 crores. however, the group is not required to file quarterly returns or statement of current assets with the banks.

(vi) None of the Companies in the group have been declared willful defaulter by any bank or financial institution or government or government authorities.

(vii) The Group has no transactions with the companies struck off under Companies Act, 2013 or Companies Act, 1956.

(viii) The Group has not entered into any scheme of arrangement which has an accounting impact on current or previous year."

41 First Energy Private Limited entered into a Share Purchase Agreement (SPA) with the former owners of Onix Two Enersol Private Limited (OTEPL) on September 6, 2024, to acquire 100% of OTEPL's shares for INR 1 lakh. The agreement specified certain precedent conditions that were to be fulfilled by October 5, 2024. These conditions remained unfulfilled and a further extension of six months was granted. These conditions were not complied even in the extended period. Accordingly, the acquisition did not consummate and hence not considered in the consolidated financial statements of First Energy Private Limited. OTEPL did not have material transactions.

42 Utilisation of borrowed funds and share premium

The Group has not advanced or loaned or invested funds (either borrowed funds or share premium or any other sources or kind of funds) to any other person or entity, including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

i. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (Ultimate Beneficiaries) or

ii. provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries

The Group has not received any funds from any person or entity, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall:

i. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

ii. provide any guarantee, security or the like on behalf of the ultimate beneficiaries."

43 Additional Information as per Section 129 of the Companies Act, 2013 – Annexure I.

Annexure I

Additional information required by Schedule III

DIRECTORS' REPORT

Dear Shareholder,

The Directors have the pleasure of presenting the Third Annual Report of the Company for the year ended March 31, 2025.

FINANCIAL RESULTS

(Rs. in Lakh)

Particulars	2024- 25	2023-24
Total income	**57,151.47**	**26,514.29**
(Loss)/Profit before depreciation and interest	**(9,227.40)**	**(1,552.03)**
Depreciation	**89.55**	**103.88**
Interest	**82.28**	**56.24**
(Loss)/Profit before tax	**(9,399.23)**	**(1,712.15)**
Provision for taxation (incl. deferred tax)	**--**	**10.63**
(Loss)/Profit after tax	**(9,399.23)**	**(1,722.78)**

STATE OF COMPANY'S AFFAIRS

In the Financial Year 2024-25, the Company's total income is Rs. 57,151.47 lakh (previous year Rs. 26,514.29 lakh). Loss before tax is Rs. 9,399.23 lakh (previous year loss Rs. 1,712.15 lakh). The order balance of the Company as on March 31, 2025 was Rs. 31,503.24 lakh (previous year Rs 80,987 lakh).

The loss for the year was due to cost increases in equipment and construction of Bio-CNG plants to achieve technology stabilization for certain biomass feedstock. The company is actively co-ordinating and discussing with its customers the technology challenges being faced in commissioning of CBG plants and seeking support to ensure positive outcomes.

The Company will make efforts to leverage the extra costs incurred on technology changes in the year for its future business. Further, to ensure smooth execution of the current projects on hand the Company intends to seek financial support from shareholders. Please refer note no. 41 of Financial Statements for more details.

The Company is in the business of setting up BioCNG or renewable natural gas plants on engineering, procurement and construction (EPC) by partnering with technology partners globally.

The Company aspires to be a market leader in this segment and aims to deliver high quality solutions to the potential customers and assist them to get the best financial returns on their investment during lifecycle of the project.

OPERATIONS

In the year, the Company has started commissioning of the projects on varied feedstocks like Pressmud, Cow dung and Rice Straw. The BioCNG generated from these plants has been supplied to the oil marketing companies (OMCs) by the project developer under the Government scheme i.e. Sustainable Alternative Towards Affordable Transportation Scheme.

HEALTH AND SAFETY

The Company will ensure focus and continuous improvement on its Safety and Health standards. It will certify its operations for ISO 45001 OHSAS and ISO 14001 EMS by FY 2025-26.

MATERIAL CHANGES AFFECTNG FINANCIAL POSITION OF THE COMPANY

The financial position is affected as per changes explained above in State of Company's Affairs.

DIVIDEND

The Directors do not recommend any dividend on equity shares during year.

AMOUNT PROPOSED TO BE CARRIED TO RESERVES

The Company does not propose to carry any amount to reserves.

SHARE CAPITAL

The Company has authorized share capital of Rs.50,00,00,000 divided into 5,00,00,000 equity shares of Rs. 10 each as on March 31, 2025. Further the subscribed, issued and paid up share capital of the Company is Rs. 25,00,00,000 divided into 2,50,00,000 equity shares of Rs. 10 each as on March 31, 2025. Thermax Limited and EverEnviro hold 65% and 35%, respectively of the shareholding of the Company. The Company is a subsidiary of Thermax Limited.

During the year under review, the Company has made the further issue of shares to the existing shareholders on a rights basis. Details of the further issue of shares are as follows:

Date of Issue	Number of Shares	Nominal value per share (Rs.)	Amount paid up (Rs.)
July 9, 2024	2,00,00,000	Rs. 10/-	20,00,00,000

During the year under review, the Company has not issued shares with differential voting rights nor has granted any stock options or sweat equity.

Further, at the Board Meeting held on May 2, 2025, the Directors approved the issuance of shares to the existing shareholders of the Company on a rights basis. However, the Company received renunciation letters from all other shareholders in favor of Thermax Limited. Accordingly, the Company allotted a total of 1,30,00,000 equity shares, aggregating to Rs. 13,00,00,000, to Thermax Limited. As a result, Thermax Limited's shareholding in the Company increased from 65% to 76.97%. The details of the rights issue are as follows:

Date of Issue	Number of Shares	Nominal value per share (Rs.)	Amount paid up (Rs.)	Allotted to
May 2, 2025	1,30,00,000	Rs. 10/-	13,00,00,000	Thermax Limited

DETAILS OF SUBSIDIARY, JOINT VENTURE OR ASSOCIATE COMPANIES

The Company does not have any subsidiary, joint venture or associate Company as on March 31, 2025.

THERMAX BIOENERGY SOLUTIONS PRIVATE LIMITED

PUBLIC DEPOSITS

The Company has not accepted any deposits under Chapter V of the Companies Act, 2013.

PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

During the year under review, the Company did not give any loan or make an investment pursuant to the provisions of Section 186 of the Companies Act, 2013.

BUSINESS RISK MANAGEMENT

The Company has a process in place for continuous and online risk management pertaining to the core business especially this being first-of-a-kind (FOAK) business segment and dependent on government policies. The Company is actively monitoring the same.

ADEQUACY OF INTERNAL FINANCIAL CONTROLS

Internal controls are reviewed by Internal Audit Department of the holding Company on a periodical basis. All significant and material observations emerging out of Internal Audit are regularly reported to the Board and follow-up measures are taken.

STANDALONE AND CONSOLIDATED FINANCIAL STATEMENTS

The financial statements for the year ended March 31, 2025, have been prepared as per Schedule III to the Companies Act, 2013, as amended from time to time. The consolidated financial statements of the group are prepared in compliance with the Accounting Standards.

CORPORATE SOCIAL RESPONSIBILITY

The Company does not fall under the criteria defined under Section 135 of Companies Act, 2013 as on March 31, 2025. Hence, the Corporate Social Responsibility provisions are not attracted.

KEY MANAGERIAL PERSONNEL (KMP)

During the year, Ms. Shruti Ghalsasi has been appointed as the Company Secretary and KMP of the Company by the Board of Directors in their meeting held on 10th January 2025. Further Mr. Rohit Mittal has been appointed as Chief Financial Officer and KMP of the Company by the Board of Directors in their meeting held on 2nd May 2025.

DIRECTORS

As on March 31, 2025, the Board of the Company comprises Seven Directors. In accordance with the provisions of the Companies Act, 2013 and the Company's Articles of Association, Mr. Rajendran Arunachalam (DIN: 08446343), retires by rotation and being eligible, offers himself for re-appointment.

Following are the changes in Board composition during FY 2024-25.

Sr. No.	Name of Director	Appointment/ Resignation	Directorship/ category	Effective date	Whether the change has been approved by members.
1.	Mr. Basant Jain	Resignation	Non-executive Director	July 1, 2024.	Not Required
2.	Mr. Anoop Poddar*	Appointment	Additional Non-executive Director	July 3, 2024	Regularized in the 2nd AGM held on 9th July 2024.
3.	Mr. Sandip Mukherjee	Appointment	Additional non-executive Independent Director	September 25, 2024	Approved in the EOGM held on 6th November 2024.
4.	Mr. Rajan Nair	Appointment	Additional non-executive Independent Director	October 23, 2024	Approved in the EOGM held on 6th November 2024.
5.	Mr. Hemant Mohgaonkar	Resignation	Non-executive Director	November 27, 2024	Not Required
6.	Mr. Arun Unni	Appointment	Additional Non-executive Director	November 27, 2024	Will be regularized in the AGM to be held in FY 2025-26.

**Mr. Anoop Poddar has resigned from the Board of the Company effective from April 14, 2025. Board took the note of resignation in the meeting held on May 2, 2025.*

POLICY ON APPOINTMENT AND REMUNERATION OF DIRECTORS AND KEY MANAGERIAL PERSONNEL

Nomination and Remuneration Committee has recommended policy on Appointment and Remuneration of Directors and Key Managerial Personnel in the meeting held on January 10, 2025. The Board has adopted a policy in the consequent meeting held on January 10, 2025. No Director receives remuneration from the Company, except Independent Directors who are paid sitting fees approved by the Board for attending each Board or Committee meeting.

DECLARATION BY INDEPENDENT DIRECTORS

The Company has received declarations from the Independent Directors confirming that they meet the criteria of independence as laid down under Section 149(6) of the Companies Act, 2013 and have also confirmed that their names have been added to the data bank maintained by the Indian Institute of Corporate Affairs for Independent Directors, in accordance with Rule 6 of the Companies (Appointment and Qualification of Directors) Rules, 2014. Pursuant to the provisions of Rule 6 of the Companies (Appointment and Qualifications of Directors) Rules, 2014, every individual whose name is so included in the data bank shall pass an online proficiency self-assessment test. Both of the independent Directors have completed the said requirements.

INDEPENDENT DIRECTORS MEETING

During the year under review, the independent Directors met once on January 28, 2025, where all independent Directors were present inter alia to review the performance of the Board and non-independent Directors of the Company.

COMMITTEES OF THE BOARD

The Board has constituted the following Committees viz. Audit Committee and Nomination and Remuneration Committee.

AUDIT COMMITTEE

The Audit Committee of the Board of Directors was constituted on November 6, 2024 which was further reconstituted by circular resolution passed by the Board on November 27, 2024. The Committee comprises the non-executive Directors viz Mr. Sandip Mukherjee as the Chairman and Mr. Rajan Nair & Mr. Rajendran Arunachalam as the members of the Committee. The Committee met one time from its constitution on January 28, 2025 where all members were present. Further, all the recommendations made by the Audit Committee were accepted by the Board. However, following the resignation of Mr. Anoop Poddar from the Board of the Company, he has ceased to be a member of the Committee.

NOMINATION AND REMUNERATION COMMITTEE

The Nomination & Remuneration Committee of the Board of Directors was constituted on November 6, 2024. The Committee comprises the non-executive Directors viz Mr. Arun Unni as the Chairman and Mr. Rajan Nair, Mr. Sandip Mukherjee & Mr. Anoop Poddar as members of the Committee. The Committee met one time from its constitution on January 10, 2025 where all members were present.

ANNEXURE - 1

Policy on the Selection and Appointment of Directors and the Remuneration of Directors, Key Managerial Personnel (KMP), and Employees

The Nomination & Remuneration Committee (NRC) has prepared a "Terms of Reference" (TOR), which, inter alia, deals with laying down the criteria for the selection of Directors, based on the requirements of the organization, including the qualifications, and determining the independence of Directors. The NRC has also laid down the criteria for the evaluation of the performance of the Board and guidelines for determining the remuneration of Directors, KMP and other employees of the Company. This Policy is based on the above TOR of NRC:

(1) Criteria for selection and appointment of Directors:

(a) The Director shall have relevant expertise and experience commensurate with the requirements of the Company to discharge the duties as a Director.

(b) While selecting a director, the emphasis be given to the qualifications, experience, and personal and professional standing of the incumbent.

(c) Assess the independence and nature of the appointment as Director vis-à-vis any conflict-of-interest w.r.t. any pecuniary relationship and procure necessary declaration.

(d) The Director is not disqualified for appointment u/s. 164 of the Companies Act, 2013.

(e) In the event of re-appointment of the Director, due emphasis be given to the performance evaluation of the Director during his tenure.

(2) Remuneration of Non- Executive Directors (NEDs):

The remuneration payable to Directors shall be in accordance with Sec. 197 of the Companies Act, 2013 and other applicable provisions & rules made thereunder from time to time.

The Directors shall also be eligible to receive reimbursement of expenses for participation in the Board and Committee Meetings.

The Independent Directors shall be entitled to receive remuneration by way of sitting fees for attending the meetings of the Board as well as the Committees.

(3) Criteria for selection of MD, WTD & CEO:

For selection of the MD, WTD and CEO, the NRC shall identify persons of integrity who possess relevant expertise, experience and leadership qualities required for the position and shall take into consideration recommendations, if any, received from any member of the Board. The Committee will also ensure that the incumbent fulfills such other criteria regarding age and other qualifications as laid down under the Companies Act, 2013 or other applicable laws.

(4) Remuneration for MD & WTD:

i. At the time of appointment or re-appointment, the Managing Director (MD) and Whole Time Director (WTD) shall be paid such remuneration as may be mutually agreed between the Company (which includes the NRC and the Board of Directors) and the MD and WTD within the overall limits prescribed under the Companies Act, 2013.

ii. The remuneration shall be subject to the approval of the Members of the Company in the General Meeting.

iii. The remuneration of the MD and WTD is broadly divided into fixed and variable components. The fixed component comprises salary, allowances, perquisites, amenities and retiral benefits. The variable component comprises a performance bonus.

iv. In determining the remuneration (including the fixed increment and performance bonus) the NRC shall ensure/consider the following:

a. the relationship of remuneration and performance benchmarks is clear.

b. balance between fixed and incentive pay reflecting short and long term performance objectives, appropriate to the working of the Company and its goals.

c. responsibility required to be shouldered by the MD and WTD, the industry benchmarks, and the current trends.

d. the Company's performance vis-à-vis the annual budget achievement and individual performance vis-à-vis the KRAs / KPIs.

(5) Remuneration Policy for Senior Management, KMPs and employees:

The NRC, while determining the remuneration of Senior Management/ employees and KMPs shall ensure the following:

(i) The remuneration is divided into Fixed component & Variable Component (Short Term Incentive Plan (STIP) and Long-Term Incentive Plan (LTIP)

(ii) The division between fixed and variable is based on the roles & responsibilities, the Company's performance vis-à-vis KRA & KPIs, industry benchmark and current compensation trends in the market.

(6) Remuneration criteria for employees:

Employees shall be assigned grades/bands according to their qualifications and work experience, competencies as well as their roles and responsibilities in the organization. Individual remuneration shall be determined within the appropriate grade/ bands and shall be based on various factors such as job profile, skill sets, seniority, experience, performance and prevailing remuneration levels for equivalent jobs.

THERMAX BIOENERGY SOLUTIONS PRIVATE LIMITED

Annexure-2

SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2025

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Thermax Bioenergy Solutions Private Limited,
S No. 14/D, F P No. 32(33) Wakadewadi,
Mumbai-Pune Road, Pune - 411003

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Thermax Bioenergy Solutions Private Limited** (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the company's books, papers, minute books, forms and returns filed and other records maintained by the company through online access provided by the Company via Microsoft SharePoint and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2025 (Audit Period) complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2025 according to the provisions of:

(i) The Companies Act, 2013 (the Act) and the rules made thereunder;

(ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder; **(not applicable to the Company during the Audit period)**

(iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder; **(not applicable to the Company during the Audit period)**

(iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder; **(not applicable to the Company during the Audit period)**

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):- **(Following sub-clauses (a) to (h) are not applicable to the Company during the Audit period as Company continues to be a Unlisted Public Company in its Articles under Section 2(71) of the Act)**

   a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

   b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

   c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;

   d. The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2021;

   e. The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;

   f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

   g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 and

   h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018

(vi) Following important specific laws applicable to the Company, as confirmed by the Company were substantially complied with:

   a. The Payment of Wages Act, 1936

   b. The Minimum Wages Act, 1948

   c. The Contract Labour (Regulation and Abolition), Act 1970

   d. The Maharashtra Fire Prevention and Life Safety Measures Act, 2006

   e. The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

I have also examined compliance with applicable clauses of the following:

a. Secretarial Standards (SS.1 relating to meetings of Board of Directors & SS.2 relating to General Meetings) issued by the Institute of Company Secretaries of India.

b. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; **(Not applicable to the Company during the Audit Period)**

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors and Non-Executive Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act. However, the threshold limits in respect of appointment of Independent Directors as required under section 149(4) of the Companies Act, 2013 read with Rule 4 of the Companies (Appointment and Qualification of Directors) Rules, 2014, were ascertained on 2nd May 2024 and the Company appointed an Independent Director w.e.f. 25th September 2024 and another Independent Director w.e.f. 23rd October 2024. After appointment of the Independent Directors, the Company has formed the necessary Committees.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, except when meetings were called at shorter notice as permitted u/s. 173(3) of the Act and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of Board of Directors.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period:

- The authorized share capital of the company was increased from Rs. 10 Crore to Rs. 30 Crore by the resolution passed by the members on July 9, 2024 and from Rs. 30 Crore to Rs. 50 Crore by the resolution passed by the members on November 6, 2024.
- The Board has made allotment of 2,00,00,000 equity shares at face value of Rs. 10/- each, on rights basis, to the existing shareholders by circular resolution passed on July 20, 2024.
- Mr. Sandip Mukherjee (DIN: 09355192) and Mr. Rajan Nair (DIN: 05326712) were appointed as Independent Directors on the Board of the Company.
- Ms. Shruti Ghalsasi was appointed as Company Secretary and Key Managerial Personnel in the Board Meeting held on January 10, 2025 during the period under review.

ANNEXURE A

To,
The Members,
Thermax Bioenergy Solutions Private Limited
Thermax House, 14, Mumbai Pune Road,
Wakdewadi, Pune MH 411003

Our report of even date to be read along with this letter.

1) Maintenance of secretarial records is the responsibility of the management of the company. Our responsibility is to express an opinion on these secretarial records based on our audit.

2) We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.

3) We have not verified the correctness and appropriateness of financial records and Books of Accounts of the company.

4) Wherever required, we have obtained the Management representation about the compliance of laws, rules and regulations and happening of events, etc.

5) The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to the verification of procedures on test basis.

6) The Secretarial audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the company.

THERMAX BIOENERGY SOLUTIONS PRIVATE LIMITED

INDEPENDENT AUDITOR'S REPORT

To the Members of Thermax Bioenergy Solutions Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Thermax Bioenergy Solutions Private Limited ("the Company"), which comprise the Balance sheet as at March 31, 2025, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. 1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for the matters stated in the paragraph 2(i)(vi) below on reporting under Rule 11(g);

   (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account ;

   (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

   (e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;

   (f) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(i)(vi) below on reporting under Rule 11(g);

   (g) With respect to the adequacy of the internal financial controls with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

   (h) In our opinion, the managerial remuneration for the year ended March 31, 2025 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act.

   (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations which would impact its financial position;

      ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 18 to the financial statements;

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

      iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

      b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

      c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

      v. No dividend has been declared or paid during the year by the Company.

      vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that, audit trail feature is not enabled for certain master data and direct changes to data, when using certain privileged access rights, as described in note 40 to the financial statements. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with, in respect of accounting software where the audit trail has been enabled. Additionally, the audit trail of prior years has been preserved by the Company as per the statutory requirements for record retention, to the extent it was enabled and recorded in those respective years, as stated in Note 40 to the financial statements

THERMAX BIOENERGY SOLUTIONS PRIVATE LIMITED

Annexure 1 as referred to in paragraph 1 under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date

Re: Thermax Bioenergy Solutions Private Limited ("the Company")

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangibles assets.

(b) All Property, Plant and Equipment have been physically verified by the management during the year except for IT assets which have been verified once in three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were identified on such verification.

(c) There is no immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), held by the Company and accordingly, the requirement to report on clause 3(i)(c) of the Order is not applicable to the Company.

(d) The Company has not revalued its Property, Plant and Equipment or intangible assets during the year ended March 31, 2025.

(e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

ii. (a) The Company's business does not require maintenance of inventories and, accordingly, the requirement to report on clause 3(ii)(a) of the Order is not applicable to the Company

(b) As disclosed in note 39 to the financial statements, The Company has been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks during the year on the basis of security of current assets of the Company. Based on the records examined by us in the normal course of audit of the financial statements, the monthly statements filed by the Company with such banks are in agreement with books of accounts of the company. The Company has not been sanctioned working capital limits in excess of Rs. five crores in aggregate from financial institutions during the year on the basis of security of current assets of the Company.

iii. (a) During the year the Company has not provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(a) of the Order is not applicable to the Company.

(b) During the year the Company has not made investments, provided guarantees, provided security and granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(b) of the Order is not applicable to the Company.

(c) The Company has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(c) of the Order is not applicable to the Company.

(d) The Company has not granted loans or advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(d) of the Order is not applicable to the Company.

(e) There were no loans or advance in the nature of loan granted to companies, firms, Limited Liability Partnerships or any other parties which was fallen due during the year, that have been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

(f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.

(iv) There are no loans, investments, guarantees, and security in respect of which provisions of sections 185 and 186 of the Companies Act, 2013 are applicable and accordingly, the requirement to report on clause 3(iv) of the Order is not applicable to the Company.

(v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company

(vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the manufacture or service of 'Other Machinery and Mechanical Appliances', and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.

vii. (a) Undisputed statutory dues including goods and services tax, provident fund, employees' state insurance income-tax, professional tax, cess and other statutory dues applicable have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases.

(b) According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable. The provisions relating to sales tax, service tax, duty of excise and value added tax are not applicable to the Company.

(c) There are no dues of goods and services tax, provident fund, income tax, customs duty, excise duty, cess, and other statutory dues which have not been deposited on account of any dispute.

viii. The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company

(ix) (a) The Company has not defaulted in repayment of loans and borrowings or in the payment of interest thereon to any lender.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) The Company did not have any term loans outstanding during the year hence, the requirement to report on clause (ix)(c) of the Order is not applicable to the Company.

(d) On an overall examination of the financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(e) of the Order is not applicable to the Company.

(f) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on Clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) The Company has not raised any money during the year by way of initial public offer / further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.

(b) The Company has not made any preferential allotment or private placement of shares /fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) No fraud by the Company or no fraud on the Company has been noticed or reported during the year.

(b) During the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by cost auditor/ secretarial auditor or by us in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of audit procedures.

(xii) The Company is not a nidhi Company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(a) to (c) of the Order is not applicable to the Company.

(xiii) Transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.

(xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business

(b) The Company follows a July to June internal audit cycle and accordingly the internal audit reports of the Company for the period under audit and issued till the date of our audit report, have been considered by us. As informed to us, the internal audit for remaining areas / scope is expected to be completed post issuance of our audit report on these financial statements.

(xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.

(b) The Company is not engaged in any Non-Banking Financial or Housing Finance activities. Accordingly, the requirement to report on clause (xvi)(b) of the Order is not applicable to the Company.

(c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi) of the Order is not applicable to the Company.

(d) The Group has one Core Investment Company as part of the Group.

(xvii) The Company has incurred cash losses amounting to INR 8,308.50 in the current year and amounting to Rs. 1,214.39 in the immediately preceding financial year respectively.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.

(xix) On the basis of the financial ratios disclosed in note 37 to the financial statements, the ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions and considering the Company's current liabilities exceeds the current assets by INR 9,170.61, the Company has obtained the letter of financial support from the Holding Company, nothing has come to our attention, which causes us to believe that Company is not capable of meeting its liabilities, existing at the date of balance sheet, as and when they fall due within a period of one year from the balance sheet date.

We, further state that this is not an assurance as to the future viability of the Company and our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The provisions of Section 135 to the Companies Act, 2013 in relation to Corporate Social Responsibility is not applicable to the Company. Accordingly, the requirement to report on clause 3(xx)(a) and (b) of the Order is not applicable to the Company.

(xxi) The company does not have any subsidiary, associate or joint venture. Hence, the requirement to report on clause 3(xxi) of the order is not applicable to the company.

THERMAX BIOENERGY SOLUTIONS PRIVATE LIMITED

Annexure 2 to the Independent Auditor's Report of even date on the Financial Statements of Thermax Bioenergy Solutions Private Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Thermax Bioenergy Solutions Private Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these financial statements.

Meaning of Internal Financial Controls With Reference to these Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to the financial statements for the year ended March 31, 2025
((All amounts are in Rupees Lakh, except per share data and unless stated otherwise.)

1. Corporate information

Thermax Bioenergy Solutions Private Limited (the "Company") is a private limited company incorporated under Companies Act, 2013 ('the Act') and is a deemed public company as per the definitions of the Act. The Company undertakes Technology, Engineering, Procurement and Construction ('TEPC') scope for Bio-Compressed Natural Gas (Bio-CNG) projects. The Company's remaining business includes Operation and Maintenance services for such projects. The address of its registered office is S No. 14/D, F P No. 32(33) Wakadewadi, Mumbai-Pune Road, Pune- 411003. The CIN of the Company is U40107PN2022PTC213848. The Board of Directors have authorized to issue these financial statements on May 09, 2025.

2. Material accounting policies

2.1. Basis of preparation and measurement

(a) Basis of preparation

The financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS), notified under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (from time to time) and presentation requirement of Division II of Schedule III to the Act as applicable to the financial statements.

The preparation of the financial statements requires the use of certain critical accounting estimates, assumptions and judgements. It also requires the management to exercise judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

(b) Basis of measurement

The financial statements have been prepared on the accrual and going concern basis under historical cost convention except the following:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments);
- Defined benefit plans whereby assets/liabilities are measured at fair value.

2.2 Changes in accounting policies and disclosures

New and amended standards

The Company applied for the first-time certain standards and amendments, which are effective for annual periods beginning on or after 1 April 2024. The Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

(i) Ind AS 117 Insurance Contracts

The Ministry of Corporate Affairs (MCA) notified the Ind AS 117, Insurance Contracts, vide notification dated 12 August 2024, under the Companies (Indian Accounting Standards) Amendment Rules, 2024, which is effective from annual reporting periods beginning on or after 1 April 2024.

Ind AS 117 Insurance Contracts is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Ind AS 117 replaces Ind AS 104 Insurance Contracts. Ind AS 117 applies to all types of insurance contracts, regardless of the type of entities that issue them as well as to certain guarantees and financial instruments with discretionary participation features; a few scope exceptions will apply. Ind AS 117 is based on a general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

The application of Ind AS 117 does not have material impact on the Company's separate financial statements as the Company has not entered any contracts in the nature of insurance contracts covered under Ind AS 117.

(ii) Amendments to Ind AS 116 Leases - Lease Liability in a Sale and Leaseback

The MCA notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024, which amend Ind AS 116, Leases, with respect to Lease Liability in a Sale and Leaseback.

The amendment specifies the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains.

The amendment is effective for annual reporting periods beginning on or after 1 April 2024 and must be applied retrospectively to sale and leaseback transactions entered into after the date of initial application of Ind AS 116.

The amendments do not have a material impact on the Company's financial statements.

2.3 Summary of Material accounting policies

a. Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b. Foreign currencies

The Company's financial statements are prepared in Rupees, which is the also functional currency of the Company.

Transactions and balances

Transactions in foreign currencies are initially recorded at the

functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in the Statement of profit and loss.

c. Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for significant judgements, estimates and assumptions (note 3)
- Quantitative disclosures of fair value measurement hierarchy (note 34)
- Financial instruments (including those carried at amortized cost) (note 34)
- Financial instruments and valuation techniques

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

d. Property, plant and equipment

Property, plant and equipment (PPE) is stated at cost of acquisition or construction net of accumulated depreciation and impairment loss, if any. All significant costs relating to the acquisition and installation of PPE are capitalised. Subsequent costs/replacement costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the Statement of profit and loss during the financial year in which they are incurred.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

Depreciation on PPE is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset.

The management has estimated, supported by independent assessment by professionals, the useful lives of certain classes of assets. The following useful lives are adopted by the management:

Asset category	Company's estimate of useful life (years)	Useful life as prescribed under Schedule II (years)
Office equipment*	5	5
Computers	3 to 6	3 to 6
Furniture and fixtures	15	10

*includes site infrastructure which is fully depreciated in the year of purchase

The residual values, useful lives and methods of depreciation of PPE are reviewed on a regular basis and changes in estimates, when relevant, are accounted for on a prospective basis.

e. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.

Intangible assets are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the Statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

Notes to the financial statements for the year ended March 31, 2025
((All amounts in Rupees Lakh, except per share data and unless stated otherwise.)

A summary of amortization rates applied to the Company's intangible assets is as below:

Asset category	Life (years)
Computer software	3

f. Revenue recognition

Revenue from Contracts with customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is recognized when it has approval and commitment from both the parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks. The Company collects goods and services tax on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before revenue is recognized.

The disclosures of significant accounting judgements, estimates and assumptions relating to revenue from contracts with customers are provided in Note 3.

The Company has following streams of revenue:

Revenue from Engineering, Procurement and Construction contracts

Engineering, Procurement and Construction (EPC) contracts are contracts (or a group of contracts secured together) specifically negotiated for the construction of an asset which refers to any project for construction of plants and systems, involving designing, engineering, fabrication, supply, erection (or supervision thereof), commissioning, guaranteeing performance thereof etc., execution of which is spread over different accounting periods. The Company identifies distinct performance obligations in each contract. For most of the project contracts, the customer contracts with the Company to provide a significant service of integrating a complex set of tasks and components into a single project or capability. Hence, the entire contract is accounted for as one performance obligation.

The Company may promise to provide distinct goods or services within a contract, in which case the Company separates the contract into more than one performance obligation. If a contract is separated into more than one performance obligation, the Company allocates the total transaction price to each performance obligation in an amount based on the estimated relative standalone selling prices of the promised goods or services underlying each performance obligation. The Company uses the expected cost plus a margin approach to estimate the standalone selling price of each performance obligation in case of contracts with more than one distinct performance obligations.

The Company assesses for the timing of revenue recognition in case of each distinct performance obligation. The Company first assesses whether the revenue can be recognized over a period of time if any of the following criteria is met:

(a) The customer simultaneously consumes the benefits as the Company performs, or

(b) The customer controls the work-in-progress, or

(c) The Company's performance does not create an asset with alternative use to the Company and the Company has right to payment for performance completed till date

If none of the criteria above are met, the Company recognized revenue at a point-in-time. The point-in-time is determined when the control of the goods or services is transferred which is determined based on when the significant risks and rewards of ownership are transferred to the customer. Apart from this, the Company also considers its present right to payment, the legal title to the goods, the physical possession and the customer acceptance in determining the point in time where control has been transferred.

The Company recognizes revenue over time as it performs because of continuous transfer of control to the customer. For all project contracts, this continuous transfer of control to the customer is supported by the fact that the customer typically controls the work in process as evidenced either by contractual termination clauses or by the rights of the Company to payment for work performed to date plus a reasonable profit to deliver products or services that do not have an alternative use.

The Company uses cost-based measure of progress (or input method) for contracts because it best depicts the transfer of control to the customer which occurs as it incurs costs on contracts. Under the cost-based measure of progress, the extent of progress towards completion is measured based on the ratio of costs incurred to date to the total estimated costs at completion of the performance obligation. Revenues, including estimated fees or profits, are recorded proportionally as costs are incurred.

The Company estimates variable consideration amount which it expects to be entitled under the contract and includes it in the transaction price to the extent it is highly probable that a significant reversal of cumulative revenue recognized will not occur and when the uncertainty associated with it is subsequently resolved. The estimates of variable consideration and determination of whether to include estimated amounts in the transaction price are based largely on an assessment of the anticipated performance and all information (historical, current and forecasted) that is reasonably available.

Costs associated with bidding for contracts are charged to the Statement of profit and loss when they are incurred. Costs that relate directly to a contract and are incurred in securing the contract are included as part of the contract costs if they can be separately identified and measured reliably and it is probable that the contract will be obtained.

Contract modification, when approved by both the parties to the contract, are considered as modification, if it creates new or changes the existing enforceable rights and obligations. Most of the contract modifications are not distinct from the existing contract due to the significant integration service provided under the contract prior to modifications and are therefore, accounted for as part of the existing contract. The effect of a contract modification is recognized as an adjustment to revenue on a cumulative catch-up basis.

When it becomes probable that the total contract costs will exceed the total contract revenue, the Company recognizes the expected losses from onerous contract as an expense immediately. Penalties for any delay or improper execution of a contract are recognized as a deduction from revenue. In the balance sheet, such provisions are presented on net basis of the contract receivables.

On the balance sheet date, the Company reports the net contract position for each contract as either an asset or a liability. A contract represents an asset where costs incurred plus recognized profits (less recognized losses) exceed progress billings; a contract represents a liability where the opposite is the case.

Revenue from Sale of services

Revenue in respect of operation and maintenance contract, awarded on a standalone basis or included in long term contracts and identified as a separate performance obligation, is recognized on a time proportion basis under the contracts.

Contract balances

Contract assets: A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional and are transferred to Trade receivables on completion of milestones and its related invoicing. Contract assets are recorded in balance sheet as unbilled revenue.

Trade receivables: A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Contract liabilities: A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company satisfies the performance obligation. Contract liabilities are recorded in balance sheet as unearned revenue and Customer advances as the case may be.

Interest Income

Interest income is recognised when it is probable that the economic benefits will flow to the Company and the amount can be measured reliably. Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate applicable. Interest income is included in the other income in the Statement of profit and loss.

g. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Profit and Loss, transactions costs that are attributable to the acquisition of the financial asset. For all subsequent measurements financial assets are classified in following categories by the Company:

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

(a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

(b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. The EIR amortization is included in finance costs/ income in the Statement of profit and loss. The losses arising from impairment are recognized in the Statement of profit and loss. This category generally applies to trade and other receivables.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI is classified as FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of profit and loss

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss and credit risk exposure on the financial assets that are debt instruments measured at amortized costs e.g. loans, deposits, trade receivables, contractual receivables and bank balances. The Company follows 'simplified approach' for recognition of impairment allowance. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment allowance based on 12-month ECL. The Company considers current and anticipated future economic conditions relating to industries of the customer and the countries where it operates.

ECL impairment allowance (or reversal) recognized during the period is recognized as income/expense in the Statement of profit and loss under the head "Other expenses". ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement of financial liabilities depends on their classification as fair value through profit and loss or at amortized cost.

Notes to the financial statements for the year ended March 31, 2025
((All amounts in Rupees Lakh, except per share data and unless stated otherwise.)

All changes in fair value of financial liabilities classified as FVTPL is recognized in the Statement of Profit and Loss. Amortised cost category is applicable to loans and borrowings, trade and other payables. After initial recognition the financial liabilities are measured at amortised cost using the EIR method. Gains and losses are recognized in Statement of profit and loss when the liabilities are derecognized as well as through the EIR amortization process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or cost that are integral part on EIR. The EIR amortization is included as finance cost in the Statement of Profit and Loss.

h. Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement

The Company uses derivative financial instruments, such as forward currency contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to the Statement of profit and loss, except for the effective portion of cash flow hedges, which is recognized in OCI and later reclassified to profit or loss when the hedge item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability.

For the purpose of hedge accounting, hedges are classified as:

- Fair value hedges when hedging the exposure to changes in the fair value of a recognized asset or liability or an unrecognized firm commitment
- Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognized asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognized firm commitment

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Company's risk management objective and strategy for undertaking hedge, the hedging/ economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:

(i) Fair value hedges

The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognized in the Statement of profit and loss as finance costs. The Company has not undertaken Fair value hedges.

(ii) Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognized in OCI in the cash flow hedge reserve, while any ineffective portion is recognized immediately in the Statement of profit and loss. The Company uses forward currency contracts as hedges of its exposure to foreign currency risk in forecast transactions and firm commitments. The ineffective portion relating to foreign currency contracts is recognized in statement of profit and loss.

Amounts recognized in OCI are transferred to the Statement of profit and loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognized or when a forecast sale occurs. When the hedged item is the cost of a non-financial asset or non-financial liability, the amounts recognized in OCI are transferred to the initial carrying amount of the non-financial asset or liability. If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognized in OCI remains separately in equity until the forecast transaction occurs or the foreign currency firm commitment is met.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires when an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

i. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

j. Share capital

Equity shares issued to shareholders are classified as equity. Incremental costs directly attributable to the issue of new equity shares are recognized as a deduction from equity, net of any related income tax effects.

k. Income tax

Current income-tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside the Statement of profit and loss is recognized outside the Statement of profit and loss (either in OCI or in equity). Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. The management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside the Statement of profit and loss is recognized outside the Statement of profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

l. Leases

Company as a lessee

The Company lease asset classes primarily consist of leases for office premises. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

m. Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. Impairment losses are recognized in the Statement of profit or loss.

For assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the Statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

The Company assesses where climate risks could have a significant impact, such as the introduction of emission-reduction legislation that may increase manufacturing costs. These risks in relation to climate-related matters are included as key assumptions where they materially impact the measure of recoverable amount. These assumptions have been included in the cash-flow forecasts in assessing value-in-use amounts.

n. Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Warranty provisions

Provisions for warranty-related costs are recognized when the product is sold or service provided to the customer. Initial recognition is based on management estimate. The initial estimate of warranty related costs is revised annually.

Provision for onerous contracts

If the Company has a contract that is onerous, the present obligation under the contract is recognized and measured as a provision. However, before a separate provision for an onerous contract is established, the Company recognizes any impairment loss that has occurred on assets dedicated to that contract.

An onerous contract is a contract under which the unavoidable costs (i.e., the costs that the Company cannot avoid because it has the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it. The cost of fulfilling a contract comprises the costs that relate directly to the contract (i.e., both incremental costs and an allocation of costs directly related to contract activities).

Notes to the financial statements for the year ended March 31, 2025
((All amounts in Rupees Lakh, except per share data and unless stated otherwise.)

o. Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to the Statement of profit and loss in subsequent periods.

Past service costs are recognized in the Statement of profit and loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognizes related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes the following changes in the net defined benefit obligation as an expense in the Statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. The Company presents the leave as a current liability in the balance sheet as it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

p. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors of the Company has identified the Chief Executive Officer (CEO) of the Company as the chief executive decision maker of the Company.

q. Contingent liability

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

r. Earnings Per Share (EPS)

The Company presents the basic and diluted EPS data for its equity shares. Basic EPS is computed by dividing the net profit for the year attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by adjusting the net profit for the year attributable to the equity shareholders and the weighted average number of equity shares considered for deriving basic EPS for the effects of all the equity shares that could have been issued upon conversion of all dilutive potential equity shares.

3. Significant accounting judgments, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the accompanying disclosures and the disclosure of contingent liabilities as at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

3.1 Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements:

i) Revenue recognition on construction contracts

A significant portion of the Company's business relates to construction of assets which are accounted using percentage-of-completion method, recognizing revenue as the performance on the contract progresses. This requires Management to make judgement with respect to identifying contracts which need to be accounted under percentage-of-completion method, depending upon the level of customization and the period of the fulfilment of the performance obligations under the contract. The percentage-of-completion method requires Management to make significant estimates of the extent of progress towards completion including accounting of multiple contracts which need to be combined and considered as a single contract.

ii) Segment reporting

Ind AS 108 Operating Segments requires Management to determine the reportable segments for the purpose of disclosure in financial statements based on the internal reporting reviewed by Chief Operating Decision Maker (CODM) to assess performance and allocate resources. The standard also requires Management to make judgments with respect to aggregation of certain operating segments into one or more reportable segment.

The Board of Directors has determined that the CODM is the Chief Executive Officer of the Company, based on its internal reporting structure and functions of the Company. Operating segments used to present segment information are identified based on the internal reports used and reviewed by the Manager to assess performance and allocate resources. The management has determined that some of the segments exhibit similar economic characteristics and meet other aggregation criteria and accordingly aggregated into one reportable segment i.e. Industrial Infra.

3.2 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

i. EPC contracts:

- **Provisions for liquidated damages claims (LDs):** The Company provides for LD claims where there have been significant contract delays and it is considered probable that the customer will successfully pursue such a claim. This requires an estimate of the amount of LDs payable under a claim which involves a number of management judgements and assumptions regarding the amounts to recognize.

- **Project cost to complete estimates:** At each reporting date, the Company is required to estimate costs to complete on fixed-price contracts. Estimating costs to complete on such contracts requires the Company to make estimates of future costs to be incurred, based on work to be performed beyond the reporting date. This estimate will impact revenues, cost of sales, work-in-progress, billings in excess of costs, estimated earnings and accrued contract expenses.

- **Recognition of contract variations:** The Company recognises revenues and margins from contract variations where it is considered probable that they will be awarded by the customer and this requires management to assess the likelihood of such an award being made by reference to customer communications and other forms of documentary evidence

- **Provision for onerous contracts:** The Company provides for future losses on contracts where it is considered highly probable that the contract costs are likely to exceed revenues in future years. Estimating these future losses involves a number of assumptions about the achievement of contract performance targets and the likely levels of future cost escalation over time.

ii. Defined benefit plans - gratuity

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter which is most subjected to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on Indian Assured Lives Mortality (2012-14) Ultimate. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

iii. Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default, expected loss rates and timing of cash flows. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

As a practical expedient, the Company uses a provision matrix to determine ECL impairment allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. On that basis, the Company estimates a default rate of total revenue for trade receivables and contract revenue for contract assets. The Company follows provisioning norms based on ageing of receivables to estimate the impairment allowance under ECL.

For retention receivables, the Company additionally categorizes the receivables due from Public Sector Undertakings (PSUs) and Non-PSUs and follows a wider aged bucket provisioning norms as the performance guarantee tests require certain time period after the supplies are completed.

4 a) Property, Plant and Equipment

Pursuant to an arrangement with a bank, the Company has sold to the bank certain trade receivables on a non-recourse basis. The receivables sold were mutually agreed upon with the respective bank after considering the creditworthiness and contractual terms with 2 customers. The Company has transferred substantially all the risks and rewards of ownership of such receivables sold to the respective bank, and accordingly, the same were derecognized in the Balance Sheet. As at 31 March 2025, the amount of trade receivables de-recognised pursuant to the aforesaid arrangement of INR 42,207.71 lacs (March 31, 2024: Rs. Nil).

No trade or other receivable are due from directors or other officers of the company either severally or jointly with any other person nor any trade or other receivable are due from firm or private companies respectively in which any director is a partner a director or a member.

All outstanding balances are unsecured and repayable in cash. Trade receivables are non-interest bearing and are generally on terms of 5-21 days.

For term and conditons relating to related party receivables, Refer Note 33

	Particulars	As at March 31, 2025	As at March 31, 2024
i)	The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year		
	- Principal amount outstanding (whether due or not) to micro and small enterprises	5,964.85	3,204.66
	- Interest due thereon	1.66	49.79
ii)	The amount of interest paid by the Company in terms of section 16 of the MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year		
iii)	The amount of payment made to the supplier beyond the appointed day during the period	7,272.57	9,151.14
iv)	The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006	58.88	34.09
v)	The amount of interest accrued and remaining unpaid at the end of each accounting year	60.54	49.79
vi)	The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006	110.53	49.79

* Information in this regard is on basis of intimation received, on requests made by the Company, with regards to registration of vendors under the said Act.

18 Other financial liabilities

Particulars	As at March 31, 2025	As at March 31, 2024
Derivative instruments at fair value throught profit or loss		
Derivative not designated as hedges		
Foreign exchange forward contracts	16.26	20.67
At amortized cost		
Employee related payables	138.03	100.12
Other payables	0.05	0.01
Total	**154.34**	**120.80**

Notes to the financial statements for the year ended March 31, 2025

((All amounts in Rupees Lakh, except per share data and unless stated otherwise.)

19 Other current liabilities

	As at March 31, 2025	As at March 31, 2024
Unearned revenue	7,525.73	2,878.63
Customer advances		
(i) Related parties (Refer note 33)	195.38	228.14
(ii) Others	1,573.59	7,514.07
Statutory dues and other liabilities*	155.90	165.32
Total	**9,450.60**	**10,786.16**

* mainly includes tax deducted at source, provident fund, etc.

20 Revenue from operations

(a) Revenue from contracts with customers:

	March 31, 2025	March 31, 2024
Revenue from projects	56,943.16	26,459.53
Revenue from services	28.00	-
Total revenue from contracts with customers (a)	**56,971.16**	**26,459.53**

(b) Other operating revenue

	March 31, 2025	March 31, 2024
Exchange fluctuation gain (net)	4.03	(37.88)
Sale of Scrap	5.13	-
Total other operating revenue (b)	**9.16**	**(37.88)**
Total revenue from operations (a + b)	**56,980.32**	**26,421.65**

(c) Disclosure Pursuant to IND AS 115: Revenue from Contract with Customers

(i) By category of contracts

	March 31, 2025	March 31, 2024
Over a period of time basis	56,943.16	26,459.53
At a point-in-time basis	28.00	-
Total revenue from contracts with customers	**56,971.16**	**26,459.53**

ii) Contract balances

The following table provides information about contract balances from contracts with customers as at the reporting date:

	March 31, 2025	March 31, 2024
Trade receivables (Refer note 5)	13,085.49	9,182.81
Unbilled revenue (Contract asset) (Refer note 11)	234.06	2,817.15
Unearned revenue (Contract liability) (Refer note 19)	7,525.73	2,878.63
Customer advances (Contract liability) (Refer note 19)	1,768.97	7,742.21

Contract assets primarily relate to the Company's rights to consideration for work completed but not billed at the reporting date on from projects and customised contracts. The Contract assets are transferred to Trade receivables on completion of milestones and its related invoicing.

The Contract liabilities relate to the unearned revenue and advance consideration received from customers and performance obligations still to be fulfilled as per the contracts. The fulfilment of the performance obligations will extinguish these liabilities and revenue will be recognised, with no impact on the Company's cash position on specific projects.

iii) Revenue recognised in the reporting year that was included in the contract liability balance at the beginning of the year

	March 31, 2025	March 31, 2024
Unearned revenue	2,534.29	1,489.16
Customer advance	4,686.54	2,065.85

iv) Changes in unbilled revenue and unearned revenue for the year

The explanation of the significant changes in the contract asset and the contract liability balances during the reporting period is presented in the table below

	As at March 31, 2025	As at March 31, 2024
Opening unbilled revenue	2,817.15	548.86
Opening unearned revenue	2,878.62	1,489.16
- Transfer of contract assets to receivable from opening unbilled revenue	(2,817.15)	(548.86)
- Increase in revenue as a result of changes in the measure of progress from the opening unearned revenue	2,534.29	1,489.16
- Transfer of contract assets to receivable	(61,862.52)	(25,263.96)
- Increase in revenue as a result of changes in the measure of progress	54,408.00	24,880.37
- Onerous loss during the period	673.31	429.69
- Impairment allowance for the period.	(167.60)	(108.55)
Closing unbilled revenue (Refer note 11)	234.06	2,817.15
Closing unearned revenue (Refer note 19)	7,525.73	2,878.62

v) Performance obligations

Performance obligation in project or a group of projects which are contracted at or near same time with the same or related parties and negotiated simultaneously, are combined for the purpose of evaluation. The Company has estimated that multiple commitments pertaining to engineering procurement and commissioning of such projects is a single performance obligation which is spread over different accounting periods.

There are no major contracts with customers which have significant financing component included within them and therefore there is no difference between the timing of satisfaction of performance obligation vis a vis the timing of the payment.

vi) Remaining performance obligations

The Company applies practical expedient included in para 121 of Ind AS 115 and does not disclose information about its remaining performance obligations for contracts that have an original expected duration of one year or less.

(vii) Reconciliation between revenue recognised in Statement of profit and loss and contract price

There is no significant variation between revenue recognised in Statement of profit and loss and contract price except price variation claims, which are considered to be part of contract price.

21 Other income

	March 31, 2025	March 31, 2024
Interest income	18.12	5.48
Fair value gain on financial instrument at fair value through profit and loss (net)	114.19	45.08
Miscellaneous income #	38.84	4.20
Total	**171.15**	**54.76**

majorly includes insurance claim received of Rs. 36.87 (March 31, 2024 - Rs. Nil)

Notes to the financial statements for the year ended March 31, 2025

((All amounts in Rupees Lakh, except per share data and unless stated otherwise.)

22 Cost of raw material and components consumed

	March 31, 2025	March 31, 2024
Inventories at the beginning of the period	-	-
Add: Purchases	45,029.93	17,507.63
Inventories at the end of the period	-	-
Total	**45,029.93**	**17,507.63**

23 Employee benefits expense

	March 31, 2025	March 31, 2024
Salaries, wages bonus	2,077.68	1,338.31
Contribution to provident and other funds	157.25	98.19
Gratuity expenses (Refer note 32)	45.47	30.08
Staff welfare expenses	38.58	26.22
Employee share based payment expenses (Refer note 36)	9.00	5.78
Total	**2,327.98**	**1,498.58**

24 Finance costs

	March 31, 2025	March 31, 2024
Interest expense	82.28	56.24
Total	**82.28**	**56.24**

25 Depreciation and amortisation expense

	March 31, 2025	March 31, 2024
Depreciation on property, plant and equipment (Refer note 4 (a))	77.96	94.66
Amortization of intangible assets (Refer note 4 (b))	11.60	9.22
Total	**89.56**	**103.88**

26 (a) Other expenses

	March 31, 2025	March 31, 2024
Consumption of stores and spare parts	2.75	2.43
Drawing, Design and Technical Service Charges	230.74	151.34
Site expenses and contract labour charges	16,205.26	7,648.45
Rent (Refer note 30)	370.35	126.37
Insurance	54.29	108.75
Repairs and maintenance		
- Others	24.65	15.33
Travelling and conveyance	180.14	170.31
Legal and professional fees (includes payment to auditors; Refer note 26 (b))	565.33	291.86
Provision for impairment allowance of financial assets	1,062.86	259.20
Provision for doubtful advances	38.39	106.72
Warranty Expenses	108.62	8.50
Miscellaneous expenses (includes printing and stationary, communication, etc.)	177.58	132.97
Total	**19,020.96**	**9,022.23**

26 (b) Payment to auditors

	March 31, 2025	March 31, 2024
As auditor		
- Statutory audit fee	19.60	21.23
- Reimbursement of expenses	0.72	0.69
Total	**20.32**	**21.92**

27 Components of Other Comprehensive Income (OCI)

The disaggregation of changes to OCI by each type of reserve in equity (net of income tax) is shown below:

	March 31, 2025	March 31, 2024
Re-measurement (losses)/gains on defined benefit plans	(14.55)	(17.45)
Total	**(14.55)**	**(17.45)**

28 Earnings Per Share (EPS)

	March 31, 2025	March 31, 2024
Net (loss)/ profit attributable to the equity shareholders of the Company	(9,534.11)	(1,722.78)
Weighted average number of equity shares of Rs. 10/- each (Nos.)	19,082,192	5,000,000
Basic and diluted EPS	(49.96)	(34.46)

29 Contingent liabilities

The Company has issued various guarantees for performance, advances etc. The management has considered the probability for outflow of the same to be remote and accordingly no amounts has been disclosed here.

30 Capital and other commitments

a) Estimated amount of contracts remaining to be executed on capital account (net of advance) and not provided for is Nil (March 31, 2024 - Nil)

b) Lease commitments

i) Company as lessee

The Company has taken office building on cancellable operating lease. Lease rentals are charged to the Statement of profit and loss for the period. The lease is renewable on mutually agreeable terms. At the expiry of the lease term, the company has an option to terminate the agreement or extend the term by giving notice in writing. Since the contract is a cancellable contract, the entity has elected to apply the exemption available under Ind AS 116 and has recognised the lease payments associated with those leases as an expense. Refer note 26(a).

	March 31, 2025	March 31, 2024
Lease payments for the year	34.05	34.05
Future minimum lease rental payables under cancellable operating leases are as follows:	-	-
Within one year	34.05	34.05
After one year but more than five years	-	-
More than five years	-	-

31 Segment reporting

The Company's portfolio includes technology, engineering, procurement and construction services for Bio-CNG plants. The CEO of the Company has been identified as the Chief Operating Decision Maker (CODM). For management purposes, the Company reports the details of operating segments as single segment for "Industrial Infra". The CODM reviews the information for this single segment only. Accordingly, the Company has provided only geographical segment disclosures.

Information of geographical areas-

Sales revenue by geographical markets

	March 31, 2025	March 31, 2024
Within India	56,971.16	26,459.53
Outside India	-	-
Total	**56,971.16**	**26,459.53**

Revenue of Rs. 49,824.19 (March 31, 2024 Rs. 23,735.53) is derived from one customer (March 31, 2024 three customers) of the company that contributed more than 10% of the total revenue in current period.

32 Gratuity

The Company operates a defined benefit plan viz. gratuity for its employees. Under the gratuity plan, every employee who has completed at least specified years of service gets a gratuity on departure at 15 days (minimum) of the last drawn salary for each completed year of service. The scheme is funded with an insurance Company. The fund has formed a trust and it is governed by the Board of Trustees.

The fund is subject to risks such as asset volatility, changes in assets yields and asset liability mismatch risk. In managing the plan assets, Board of Trustees review and manage these risks associated with the funded plan. Each year, the Board of Trustees reviews the level of funding in the gratuity plan. Such a review includes asset-liability matching strategy and investment risk management policy (which includes contributing to plans that invest in risk-averse markets). The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise.

I Changes in the net benefit obligation and fair value of plan assets are as follows :

Particulars	Present value of obligation	Fair value of plan assets	Net amount
As at April 01, 2023	**(69.90)**	**9.77**	**(60.13)**
Current service cost	(21.86)	-	(21.86)
Interest expense / income	(5.49)	5.76	0.27
Transfer In	(8.49)	-	(8.49)
Total amount recognised in the Statement of profit and loss	**(35.84)**	**5.76**	**(30.08)**
Experience adjustments	-	-	-
Actuarial (gain)/loss from change in financial assumptions	(9.63)	-	(9.63)
Return on plan assets		(7.82)	(7.82)
Total amount recognised in Other Comprehensive Income	**(9.63)**	**(7.82)**	**(17.45)**
Transfer In	-	61.84	61.84
Employer contributions	-	65.00	65.00
March 31, 2024	**(115.37)**	**134.55**	**19.18**

Particulars	Present value of obligation	Fair value of plan assets	Net amount
April 1, 2024	**(115.37)**	**134.55**	**19.18**
Current service cost	(41.47)	-	(41.47)
Interest expense / income	(7.37)	9.83	2.46
Transfer In	(6.46)	-	(6.46)
Total amount recognised in the Statement of profit and loss	**(55.30)**	**9.83**	**(45.47)**
Experience adjustments	-	-	-
Actuarial (gain)/loss from change in financial assumptions	(14.06)	-	(14.06)
Return on plan assets	-	(0.49)	(0.49)
Total amount recognised in Other Comprehensive Income	**(14.06)**	**(0.49)**	**(14.55)**
Transfer In	-	3.47	3.47
Employer contributions	34.63	-	34.63
March 31, 2025	**(150.10)**	**147.36**	**(2.74)**

II The net (asset)/liability disclosed above relates to funded plans are as follows :

	March 31, 2025	March 31, 2024
Present value of funded obligation	(150.10)	(115.37)
Fair value of plan assets	147.36	134.55
Surplus/(Deficit) of funded plan	**(2.74)**	**19.18**

III Significant estimates

The significant actuarial assumptions were as follows :

	March 31, 2025	March 31, 2024
Discount rate	6.70%	7.20%
Future salary growth rate	7.00%	7.00%
Normal retirement age	60 years	60 years
Mortality table	Indian Assured Lives Mortality (2012-14) Ultimate	Indian Assured Lives Mortality (2012-14) Ultimate
Employee turnover	5% to 12%	5% to 12%

IV Sensitivity analysis

The sensitivity of defined obligation to changes in the weighted principal assumptions is:

Assumption	Impact on defined benefit obligation	
	March 31, 2025	March 31, 2024
Discount rate		
1.00% increase	Decrease by 8.71	Decrease by 5.81
1.00% decrease	Increase by 9.76	Increase by 6.47
Future salary increase		
1.00% increase	Increase by 8.15	Increase by 5.30
1.00% decrease	Decrease by 7.42	Decrease by 4.84
Attrition Rate		
1.00% increase	Decrease by 0.15	Increase by 0.06
1.00% decrease	Increase by 0.17	Decrease by 0.07

The above sensitivity analysis is based on a change in assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligation calculated with the Projected Unit Credit Method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The following are the expected cash flows to the defined benefit plan in future years:

	March 31, 2025	March 31, 2024
Within next 12 months	17.24	24.50
Between 2-5 years	72.63	55.59
> 5 years	223.78	167.87

The average duration of the defined benefit plan obligation at the end of the reporting period is 11.24 years (March 31, 2024 - 11 years)

The Company expects to contribute Rs.3.70 (March 31, 2024 - Rs. 41) to the gratuity fund in the next year.

V The major categories of plan assets are as follows:

	March 31, 2025	March 31, 2024
Investments with Insurer (LIC of India)	100.00%	100.00%

Notes to the financial statements for the year ended March 31, 2025

((All amounts in Rupees Lakh, except per share data and unless stated otherwise.)

F **Terms and conditions of related party transactions**

The sales to and purchases from related parties are assessed to be at arm's length transactions by the management. Outstanding balances at the year-end are unsecured and interest-free and settlement occurs in cash.

As at March 31, 2025 there have been performance bank guarantees provided to Everenviro Resource Management Private Limited amounting to Rs. 2,207.69 (March 31, 2024 Rs. 1,544.50). For the period ended March 31, 2025, the Company has recorded impairment of receivables of Rs. 383.07 (March 31, 2024: Rs.Nil) relating to amounts owed by related party. The assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

G The following provides total amount of related party transactions during the relevant financial year:

34 Fair value measurements

a) Category of financial instruments and valuation techniques

Break-up of financial assets carried at amortised cost

	Note No.	As at March 31, 2025	As at March 31, 2024
Trade receivables	5 (a) and 5 (b)	13,085.49	9,182.81
Cash and cash equivalents	9	73.03	192.14
Loans	10	-	0.06
Other financial assets	11	352.33	3,065.10
Total		**13,510.85**	**12,440.11**
Current assets		13,289.14	11,991.49
Non-current assets		221.71	448.62
Total		**13,510.85**	**12,440.11**

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

Notes to the financial statements for the year ended March 31, 2025
((All amounts in Rupees Lakh, except per share data and unless stated otherwise.)

Break up of financial liabilities carried at amortised cost

Particulars	Note No.	As at March 31, 2025	As at March 31, 2024
Short term borrowing	15	248.94	-
Trade payable	17 (a) and (b)	16,222.89	8,163.03
Other liabilities	18	154.34	120.80
Total		**16,626.17**	**8,283.83**
Current and non current liabilities		16,626.17	8,283.83
Total		**16,626.17**	**8,283.83**

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

Details of financial assets carried at fair value through profit and loss:

	Note No.	As at March 31, 2025	As at March 31, 2024
Investments	8	395.38	1315.89
Total		**395.38**	**1315.89**
Current assets		395.38	1315.89
Non-current assets		-	-
Total		**395.38**	**1315.89**

The fair values of the quoted shares are based on price quotations at the reporting date and unquoted mutual funds are based on Net Asset Value as at the reporting date.

Details of derivative liabilities

	March 31, 2025	March 31, 2024
Derivative instruments		
Derivative not designated as hedges		
Foreign exchange forward contracts	16.26	20.67
Total	**16.26**	**20.67**
Current liabilities	16.26	20.67
Non-current liabilities	-	-
Total	**16.26**	**20.67**

The Company enters into derivative financial instruments in the nature of forward exchange contracts with banks. Foreign exchange forward contracts are valued using valuation techniques, which employs the use of market observable inputs which captures credit quality of counterparties, foreign exchange spot and forward rates, yield curves of the respective currencies and currency basis spreads between the respective currencies. All derivative contracts are fully cash collateralised, thereby eliminating both counterparty and the Company's own non-performance risk. The changes in counterparty credit risk had no material effect on the hedge effectiveness assessment for derivatives designated in hedge relationships and other financial instruments recognised at fair value.

a) Fair value hierarchy

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities.

Quantitative disclosures fair value measurement hierarchy for assets as at March 31, 2025

	Date of valuation	Level 1	Level 2	Level 3
Financial assets				
Investments				
Mutual funds	March 31, 2025	395.38	-	-
Financial liabilities				
Derivative financial liabilities	March 31, 2025	-	16.26	-

Quantitative disclosures fair value measurement hierarchy for assets as at March 31, 2024

	Date of valuation	Level 1	Level 2	Level 3
Financial assets				
Investments				
Mutual funds	March 31, 2024	1,315.89	-	-
Financial liabilities				
Derivative financial liabilities	March 31, 2024	-	20.67	-

There has been no transfer between level 1 and level 2 during the year.

35 Financial risk management

The Company's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables and cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's financial risk activities are governed by appropriate policies and procedures and the financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

I Market risk

Market risk is the risk that the value of an asset will fluctuate as a result of changes in market variables such as interest rates, foreign exchange rates and equity prices, whether those changes are caused by factors specific to the individual investment or its issuer or factors affecting all investments traded in the market.

Market risk is managed on the basis of pre-determined asset allocations across various asset categories, diversification of assets in terms of geographical distribution and industry concentration, a continuous appraisal of market conditions and trends and management's estimate of long and short term changes in fair value.

a Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have any borrowings and hence there is no exposure to the risk of changes in market interest rates.

b Foreign currency risk

Foreign exchange risk arises when future commercial transactions and relevant assets and liabilities are denominated in a currency that is not the Company's functional currency. Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

The following table demonstrates the sensitivity to a reasonably possible change in EUR exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of assets and liabilities. The impact is stated in Rupees (denominated in Lakh) below:

	March 31, 2025	March 31, 2024
Decrease in EUR rate by 1%	(4.84)	(17.72)
Increase in EUR rate by 1%	4.84	17.72

Favourable impact shown as positive and adverse impact as negative.

c Price risk

The Company's investments are susceptible to market price risk arising from uncertainties about future values of the investment securities. These securities are quoted . The Company manages the price risk through diversification and by placing limits on individual and total mutual fund instruments. Further, the price risk is also mitigated by switching the

investment portfolio between investment in mutual fund instruments and investments in bank deposits. Reports on the investment portfolio are submitted to the Company's senior management on a regular basis. The Company's Board of Directors reviews and approves all investment decisions. The Company is not currently exposed significantly to such risk.

II Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks.

Trade receivables & contract assets

Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in notes 5 (a) and (b) above. The charge of impairment to Statement of profit and loss is disclosed in note 24(a) above. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

Financial instruments and bank deposits

Credit risk from balances with banks and mutual funds is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties having a good market reputation and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments. The Company's maximum exposure to credit risk for bank balances, mutual funds and deposits as at March 31, 2025 is the carrying amounts as disclosed in Note 8.

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions.

The management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. In addition, the Company's liquidity management policy involves projecting future cash flows and considering the level of liquid assets necessary to meet these and monitoring balance sheet liquidity ratios against internal requirements.

The tables below summarises the Company's financial liabilities into relevant maturity profile based on contractual undiscounted payments :

Particulars	Less than 1 year	1 to 3 years	Total
Non-derivative			
As at March 31, 2025			
Trade payables (Refer note 17)	15,817.10	405.79	16,222.89

Employees Stock Option Plan 2021 (ESOP 2021)

The Parent Company approved Employee Stock Option Plan at their meeting in January 2022. Pursuant to this approval, the Parent Company instituted ESOP 2021 Plan in January 2022. The compensation committee of the Parent Company administers this Plan. Each option carries with it the right to purchase one equity share of the Parent Company. The Options have been granted to employees of the Company at an exercise price that is not less than the face value of shares as on date of grant of such option. Option Granted under ESOP 2021 shall vest not earlier than minimum period of 1 (One) year and not later than maximum period of 3 (Three) years from the date of Grant. The vesting of the options is 33%, 33% and 34% of total options granted after end of first, second and third year respectively from the date of grant.The maximum exercise period is 5 years from the date of vesting.

Number and weighted average exercise prices of options granted, exercised and cancelled/lapsed during the financial year

Particulars	March 31, 2025		March 31, 2024	
	No.of options	Weighted average exercise price per share (Rs.)	No.of options	Weighted average exercise price per share (Rs.)
Options outstanding at the beginning of the year	454	15.25	-	-
Granted during the year	233	15.25	454	15.25
Forfeited during the year	0	-	-	-
Exercised during the year	150	15.25	-	-
Lapsed during the year	0	-	-	-
Options outstanding at the end of year	537	15.25	454	15.25
Options exercisable at the end of the year	0	-	-	-

The weighted average remaining contractual life is as follows:

Particulars	March 31, 2025	March 31, 2024
Exercise price	Rs. 15.25 per share	Rs. 15.25 per share
Weighted average contractual life (years)	Ranging between 1.83 - 4.28 Years	Ranging between 1.83 - 1.90 Years
No. of Options	537	454

The fair value of each option is estimated on the date of grant using Black and Scholes option pricing model with the following assumptions:

Notes to the financial statements for the year ended March 31, 2025

((All amounts in Rupees Lakh, except per share data and unless stated otherwise.)

Particulars	March 31, 2025	March 31, 2024
1. Exercise price (Rs.)	15.25	15.25
2. Price of underlying share in the market at the time of option grant	Ranging between 2,139.45 - 4,485.35	Ranging between 2,139.45 - 2,415.85
3. Weighted average fair value of options granted (Rs)	Ranging between 2,107.61 - 4,384.98	Ranging between 2,105.39 - 2,379.45
4. Expected life of the option (years)	3-5	3-5
5. Risk free interest rate (%)	Ranging between 6.41% - 7.56%	Ranging between 6.53% - 7.05%
6. Expected volatility (%)	Ranging between 12.86% - 14.09%	Ranging between 12.86% - 13.14%
7. Dividend yield (%)	Ranging between 0.47% - 0.48%	0.48%

The Company recorded an employee compensation cost of Rs. 9.00 lakhs (March 31, 2024 : Rs 5.78) in the Statement of Profit and Loss.

The expected price volatility is based on the historic volatility, adjusted for any expected changes to future volatility due to publicly available information.

37 Key financial ratios

The following are analytical ratios for the period ended March 31, 2025 and March 31, 2024 :

Particulars	Numerator	Denominator	March 31, 2025	March 31, 2024	Variance	Reason for variance
Current Ratio	Current Assets	Current Liabilities	0.67	0.89	(25.35%)	Refer note 37 (a)
Debt to Equity ratio	"Total debt (including borrowings)*^"	Shareholder's Equity	(0.03)	-	(100.00%)	Refer note 37 (b)
Debt Service Coverage ratio	Net operating income^	Total debt service^^	(34.59)	-	100.00%	Refer note 37 (b)
Return on equity ratio	Profit after tax	Average shareholder's Equity	(1.94)	(6.70)	(71.05%)	Refer note 37 (c)
Trade receivable turnover ratio	Revenue from contracts with customers (Net credit sales)	Average Trade Receivables	5.12	5.06	1.08%	
Trade payables turnover ratio	Purchases# (Net credit)	Average Trade Payables	5.17	5.04	2.68%	
Net working capital turnover ratio	Revenue from contracts with customers (Net sales)	Working Capital *	(6.21)	(12.44)	(50.07%)	Refer note 37 (d)
Net Profit ratio	Profit after tax	Revenue from contracts with customers (Net sales)	(0.17)	(0.07)	157.03%	Refer note 37 (e)
Return on capital employed (ROCE)	Profit before tax and Finance Cost	Capital Employed **	(1.07)	(1.47)	(27.35%)	Refer note 37 (f)
Return on investment (ROI)	Interest (Finance Income)	Average investment	7.41%	2.34%	216.67%	Refer note 37 (g)

The Company does not have any inventory, hence inventory turnover ratio data have not been disclosed.

Explanations:

* Total Current Assets - Total Current Liabilities

** Total Equity + borrowings

Total Supplier purchases include project bought-outs, other expenses and staff welfare expenses

^Profit after tax + Finance cost + depreciation and amortization for the period

^^ Current borrowings + Interest Paid

*^ Total debt = Overdraft facility availed during the year

37 (a) Increase in payables and overdraft position at year end date has led to decrease in current ratio

37 (b) Company has overdraft position as at the year end which was positive in previous year

37 (c) Overrun in projects led to losses and corresponding drop in return on equity can be observed

37 (d) Increase in revenue from operation led to increase in net working capital turnover ratio considering reduction in cash balances and overdraft position at end of the year

37 (e) Increase in losses due to increase in overrun in projects led to decrease in net profit ratio

37 (f) Due to increase in net losses as compared to last year.

37 (g) Increase in investment in mutual fund and its realized profit led to increase in return on investment

38 Capital Management

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. No changes were made in the objectives, policies or processes during the period ended March 31, 2024 and March 31, 2025 Capital represents equity attributable to Equity holders of the Company.

Notes to the financial statements for the year ended March 31, 2025

((All amounts in Rupees Lakh, except per share data and unless stated otherwise.)

Particulars	March 31, 2025	March 31, 2024
Short term borrowings	248.94	-
Less: Cash and cash equivalents	(73.03)	(192.14)
Net debt	**175.91**	**(192.14)**
Equity	(8,707.83)	(1,124)
Capital and net debt	**(8,531.92)**	**(1,316.53)**
Gearing ratio	**(0.02)**	**(0.15)**

39 Other Statutory Information

(i) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Group for holding any Benami property.

(ii) The Company do not have any transactions with companies struck off.

(iii) The Company has not been declared as a wilful defaulter by any bank or financial institution or any other lender.

(iv) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

(v) (A) The Company has not advanced or loaned or invested funds to any other person or entity, including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(B) The Company has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries,

(vi) The Company has not made any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

(vii) (vii) The Company has availed working capital limits in excess of Rs. 500 lakhs in aggregate from banks during the year on the basis of security of current assets of the Company. The security is on the current assets of the Company.

40 Compliance with section 143(3)

40 (a) The Company is required to maintain the books of account which are accessible in India at all times and their backup is to be kept on servers located in India on a daily basis. The Company has a process to take daily back-up of books of account maintained in electronic mode and along with the logs of the back-up of such books of account. The Company has complied with the provision of section 143(3) of the act for maintenance of books of account

40 (b) The Company has used accounting software's for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. However, the audit trail feature is not enabled for changes made to master data in Oracle application and changes made to the underlying database using privileged/administrative access rights. Further no instance of audit trail feature being tampered with was noted in respect of accounting software. Additionally, the audit trail of prior year has been preserved as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective year.

41 The Company has incurred losses during the current period. As at March 31, 2025, the Company has accumulated losses of Rs 11,207.82 lakhs which have significantly eroded the net worth of the Company. The Company also has net current liabilities as of March 31, 2025.

The Company has received a support letter from Thermax Limited which confirms its commitment to provide support to the Company. Hence, presently the Company has access to sufficient liquidity to discharge its liabilities as and when they become due. Besides, the Company has a healthy order book in hand and future business viability plan in place. Accordingly, these financial statements have been prepared on a going concern basis and consequently, no adjustments have been made to the carrying values or classification of balance sheet amounts.

42 Subsequent to year end date, the Company has alloted 13,000,000 shares for Rs.10 each at par to Thermax Limited on rights issue basis thereby increasing shareholding from 65% to 76.97%. Further, Company has also obtained waiver from Everenviro Resource Management Private Limited for their entitlement to the offered shares under this right issue.

DIRECTORS' REPORT

Dear Shareholder,

The Directors present the Fourth Annual Report of the Company for the year ended March 31, 2025.

FINANCIAL RESULTS

(Rs. lakh)

Particulars	2024-2025	2023-2024
Total income	1.23	24.90
Profit before depreciation and interest	(71.43)	(8.30)
Depreciation	-	-
Interest	-	-
Profit before tax	(71.43)	(8.30)
Provision for taxation (incl. deferred tax)	-	(0.37)
Profit after tax	(71.43)	(7.93)

STATE OF COMPANY'S AFFAIRS

Enernxt Private Limited was incorporated on 5th January 2021 and there was no commercial business activity during the year. The Company earned a total income of Rs 1.23 lakh mainly from other income sources.

During the Financial Year 2024-25, the Company has obtained regulatory approvals (11 out of 17 Approvals) from Government authorities for setting up the plant. Balance 6 approvals shall be received before Plant start up from Sep 25. Temporary Construction Power has been obtained & Permanent Power for Plant operation shall be available from June'25. Construction of the plant under progress.

The decision to set up its first Bio CNG plant in Punjab is to partially address the perennial problem of rice stubble burning in Punjab causing pollution issues in North India every year.

The company, in line with its green energy initiative, will set up more such Bio CNG plants in future. With the increased attention on climate change and planned progressive renunciation of coal and other fossil fuels, the market for agro-waste based CNG solutions is expected to grow steadily.

HEALTH AND SAFETY

The Company will ensure focused and continuous improvement on its Safety and Health standards.

MATERIAL CHANGES AFFECTNG FINANCIAL POSITION OF THE COMPANY

No material changes and commitments have occurred after the close of the year till the date of this Report, which affect the financial position of the company.

DIVIDEND

The directors do not recommend any dividend on equity shares.

AMOUNT PROPOSED TO BE CARRIED TO RESERVES

The Company does not propose to carry any amount to reserves.

SHARE CAPITAL

During the year, the authorized share capital of the Company has increased from Rs. 25,00,00,000 to Rs. 35,00,00,000. Further, there is no change in subscribed, issued and paid up share capital of the Company which is Rs. 23,63,00,000 divided into 2,36,30,000 equity shares of Rs. 10 each as on March 31, 2025.

During the year under review, the Company has not issued shares with differential voting rights nor has granted any stock options or sweat equity.

PUBLIC DEPOSITS

The Company has not accepted any deposits under Chapter V of the Companies Act, 2013.

PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

During the year under review, the Company did not give any loan or make an investment pursuant to the provisions of Section 186 of the Companies Act, 2013.

BUSINESS RISK MANAGEMENT

The Company is in the business of supply of Bio CNG to OMC (oil manufacturing Companies) by producing the same in Bio CNG plant. It is susceptible directly and indirectly to govt. policies, global trends related to renewable energy and conservation of natural resources.

The Company follows a structured risk management process supported by a Risk Management framework to manage risks emanating from external factors and internal actions. Risk Management is ingrained in the operations of the various functions of the company.

ADEQUACY OF INTERNAL FINANCIAL CONTROLS

Internal controls are reviewed by Internal Audit Department of the holding company on a periodical basis. Internal Audit is not applicable for the company as per section 138 of Companies Act, 2013 and Rule 13 of the Companies (Accounts) Rules, 2014.

KEY MANAGERIAL PERSONNEL (KMP)

During the year, Mr. Deepak Joshi, the Chief Financial Officer (CFO) and Key Managerial Personnel (KMP) of the Company, resigned on March 31, 2025. Following his resignation, the Board of Directors appointed Mr. Mandar Dandekar as the new CFO and KMP, effective April 1, 2025.

DIRECTORS

During the year, Mr. Bhavesh Chheda (DIN: 08558510) resigned w.e.f. March 31, 2025 and Mr. Deepak Joshi (DIN: 11004466) has been appointed as Additional Non- Executive Director by the Board of Directors w.e.f. April 1, 2025.

In accordance with the provisions of the Companies Act, 2013 and the Company's Articles of Association, Ms. Khushboo Bhatia (DIN: 09019736), Director retires by rotation and being eligible, offers herself for re-appointment.

BOARD MEETINGS

The Board met five times on April 26, 2024, July 23, 2024, October 24, 2024 January 23, 2025 and March 21, 2025 during the year. The intervening gap between the Meetings was within the period prescribed under the Companies Act, 2013. Details of meetings attended by the members are as follows:

INDEPENDENT AUDITOR'S REPORT

To the members of EnerNxt Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **EnerNxt Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its loss and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

   (g) In our opinion, the Company did not paid/provided managerial remuneration to its directors during the year and hence the provisions of section 197 read with Schedule V to the Act are not applicable.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company does not have any pending litigations which would impact its financial position

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

   iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

      (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

      (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

   (v) The Company has not declared and paid any dividend during the year.

   (vi) Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that, audit trail feature is not enabled for certain transactions including master data and direct changes to data when using certain privileged access rights, as described in note 35(b) to the financial statements. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with in respect of accounting software wherever these elements are enabled.

Annexure A to the Independent Auditors' Report

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **EnerNxt Private Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ENERNXT PRIVATE LIMITED

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(1) i) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and investment properties.

ii) The property, plant and equipment and investment properties are physically verified by the Company once in two years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment and investment properties. In accordance with the programme, the Company has physically verified property, plant and equipment during the financial year and no material discrepancies were noted on such verification.

iii) According to the information and explanations given to us and based on the audit procedures performed by us, the title deed of immovable property is held in the name of the Company.

iv) According to the information and explanations given to us, the Company has not revalued any of its property, plant and equipment (including Right of use assets) or intangible assets or both during the year.

v) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2) i) According to the information and explanations given to us, the inventory comprising of Rice/paddy straw has been physically verified at reasonable interval by the management during the year. In our opinion, coverage and procedure of such verification is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification between the physical inventory and book records.

ii) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate from banks or financial institutions on the basis of security of current assets at any point of time during the year. Accordingly, the reporting under Clause 3 (ii) (b) is not applicable to the Company.

3) a) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or secured or unsecured loans to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

4) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5) According to the information and explanation given to us, the Company has not accepted deposits under the provisions of section 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under clause 3(v) of the order is not applicable to the Company.

6) The Company has not started its operations and hence reporting under Clause 3(vi) of the Order with respect to maintenance of cost records under sub-section (1) of Section 148 of the Act is not applicable to the Company.

7) i) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues pertaining to Income-tax have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Goods and Services tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

ii) According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Income Tax as on the last day of the year for a period of more than six months from the date they became payable.

iii) According to the information and explanation given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value added tax, Cess as at 31 March 2024, which have not been deposited on account of any dispute.

8) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9) a) According to the information and explanations given to us and based on the audit procedures performed by us, the company has not defaulted in repayment of borrowings or in the payment of interest thereon to any lender during the year.

b) b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

c) In our opinion and according to the information and explanations given to us, the term loan has been applied for the purpose for which the loans were obtained.

d) In our opinion and according to information and explanations given to us and on overall examination of the Balance sheet of the Company, we report that company has not raised any short-term borrowings during the year. Hence reporting under clause (ix) (d) is not applicable to company.

e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, the reporting under Clause 3(ix) (f) of the Order is not applicable to the Company.

10) a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

b) According to the information and explanation given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.

11) a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central

Government. Accordingly, the reporting under Clause 3(xi) (b) of the Order is not applicable to the Company.

c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

12) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

14) a) In our opinion and according to the information and explanations given to us and based on our examination, internal audit system is not applicable to the Company. Hence reporting under clause 3(xiv) is not applicable to the Company.

15) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3 (xv) of the Order is not applicable to the Company.

16) a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing finance activities Accordingly, the reporting under Clause 3(xvi) (b) of the Order is not applicable to the Company.

c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi) (c) of the Order is not applicable to the Company.

d) Based on the information and explanations given to us, we report that the Group has one Core Investment Company.

17) In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

18) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

20) a) The Company is not required to comply with the provisions of Section 135 of the Companies Act. Accordingly, reporting under clause 3(xx) (a) & (b) is not applicable to the Company.

ENERNXT PRIVATE LIMITED

Notes to financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

1. Corporate information

Enernxt Private Limited ('the Company') is a private limited Company incorporated and domiciled in India. The address of the registered office is Thermax House, 14, Mumbai Pune Road, Wakdewadi, Pune.

During the Financial Year 2024-25, the Company has obtained regulatory approvals (11 out of 17 Approvals) from Government authorities for setting up the plant. Balance 6 approvals shall be received before Plant start up from Sep 25. Temporary Construction Power has been obtained & Permanent Power for Plant operation shall be available from June'25. Construction of the plant under progress. Construction of the plant under progress.

The Board of Directors have authorized to issue these financial statements on Apr 24, 2025. The CIN of the Company is U40107PN2021PTC197447.

2. Significant accounting policies

2.1. Basis of preparation, measurement and transition to Ind AS

(a) Basis of preparation

These financials statements are prepared in accordance with Indian Accounting Standards (IND AS) under the historical cost convention on the accrual basis, except for certain financial instruments which are measured at fair values, the provisions of the Companies Act,2013 ('the Act') (to the extent notified) and the guidelines issued by the securities and exchange board of India (SEBI).The IND AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, Companies (Indian Accounting Standards) Amendment Rules,2016 and 2017.

The preparation of the financial statements requires the use of certain critical accounting estimates and judgements. It also requires the management to exercise judgement in the process of applying the Company's accounting policies.

(b) Basis of measurement

The financial statements have been prepared on under historical cost convention.

The financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest lakh except when otherwise indicated.

2.3 Summary of significant accounting policies

a. Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in the normal operating cycle
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial Recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Profit and Loss, transactions costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL, loans and borrowings, payables.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

c. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

d. Earnings per Share (EPS)

The Company presents the basic and diluted EPS data for its equity shares. Basic EPS is computed by dividing the net profit for the year attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.

e. Revenue from Sale of goods

The Company recognizes revenue at a point-in-time. The point-in-time is determined when the control of the goods or services is transferred which is determined based on when the significant risks and rewards of ownership are transferred to the customer. Apart from this, the Company also considers its present right to payment, the legal title to the goods, the physical possession and the customer acceptance in determining the point in time where control has been transferred.

f. Interest Income

Interest income is recognized when it is probable that economic benefits will flow to the company and the amount of revenue can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and the effective interest rate applicable.

Notes to financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

g. Income tax

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized outside profit or loss is recognized either in OCI or in equity. Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in OCI or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

h. Property, Plant and Equipment

Property, plant and equipment (PPE) is stated at cost of acquisition or construction net of accumulated depreciation and impairment loss, if any. All significant costs relating to the acquisition and installation of PPE are capitalized. Subsequent costs/replacement costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to the Statement of profit and loss during the financial year in which they are incurred.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

Depreciation on PPE is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset.

3. Significant accounting judgments, estimates and assumptions.

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the accompanying disclosures and the disclosure of contingent liabilities as at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

3a. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As on March 31 2025, MCA has not amended the Companies (Indian Accounting Standards) Amendment Rules , 2023 and hence reporting under this section is not applicable.

There were no advances due by directors or other officers of the Company or any of them severally or jointly with any other persons or amounts due by firms or private companies respectively in which any director is a partner or a member.

9 Inventories (valued at lower of cost and net realizable value)

Accounting policy

Inventories are stated at the lower of cost and net realisable value (NRV). Cost of inventory includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Particulars	March 31, 2025	March 31, 2024
Raw materials	-	48.66
Total	**-**	**48.66**

10 Cash and bank balances

Accounting policy

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Consolidated Statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

Particulars	March 31, 2025	March 31, 2024
Balances with banks		
- on current accounts	47.20	237.07
- in deposits with original maturity of less than three months	10.00	10.00
Total	**57.20**	**247.07**

Short-term deposits are made for varying periods of between one to three months, depending on the immediate cash requirements of the Company, and earn interest at the respective short-term deposit rates.

Notes to financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

11 Share Capital

Accounting Policy

Equity shares issued to shareholders are classified as equity. Incremental costs directly attributable to the issue of new equity shares are recognized as a deduction from equity, net of any related income tax effects.

	March 31, 2025	March 31, 2024

Date of valuation	Level 1	Level 2	Level 3
Financials Assets			
Investment	75.03		
Mutual Fund	75.03	-	-

26 Financial risk management

The Company's principal financial liabilities, comprise trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include Interest accrued on bank deposits and cash and bank balances.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's financial risk activities are governed by appropriate policies and procedures and the financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

I Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

II Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutionsand other financial instruments.

Financial instruments and bank deposits

Credit risk from balances with banks and financial institutions is managed by the group treasury department in accordence with the Thermax group policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the group's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the group's Finance Committee. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

III Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the company's liquidity position (comprising the undrawn borrowing facilities below) and cash and bank balances, the basis of expected cash flows. This is generally carried out by the company in accordance with practice and limits set by the company. These limits vary by location to take into account the liquidity of the market in which the company operates.

(i) Maturities of financial liabilities

The tables below analyse the company's financial liabilities into relevant maturity profile on their contractual maturities for :

March 31, 2025	Note No.	< 1 year	1 to 3 years	3 to 5 years	> 5 years
Non- derivative					
Borrowings	15	342.98	685.96	158.82	-
Trade Payables	12	14.46	-	-	-
Capital Creditors		858.84	-	-	-

March 31, 2024	Note No.	< 1 year	1 to 3 years	3 to 5 years	> 5 years
Non- derivative					
Borrowings	15	-	616.36	338.34	-
Trade Payables	12	18.60	-	-	-
Capital Creditors		596.11	-	-	-

*Represents contractual undiscounted cash flows. Such undiscounted cash flows differ from the amount included in the balance sheet because the balance sheet amount is based on discounted cash flows.

Notes to financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakh, except per share data and unless stated otherwise)

27 Capital Management

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long- term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. No changes were made in the objectives, policies or processes during the years ended March 31, 2025 and March 31, 2024. Capital represents equity attributable to equity holders of the Parent Company.

	March 31, 2025	March 31, 2024
Borrowings	1,382.11	954.70
Trade payables	14.45	18.60
Less: Cash and bank balances	57.22	247.29
Net debt	**1,339.34**	**726.01**
Equity	2,281.99	2,353.42
Capital and net debt	**3,621.33**	**3,079.43**
Gearing ratio	**36.98%**	**23.58%**

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current year.

No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2024 and March 31, 2025

28 Segment information

Revenue by geographical segment

The company has not started it's operations yet, thus no revenue from sales are generated during the year.

29 Key financial ratios

The following are analytical ratios for the year ended March 31, 2024 and March 31, 2023:

Particulars	Numerator	Denominator	FY 2024-25	FY 2023-24	Variance	Reason for variance
Current Ratio	Current assets	Current liabilities	0.60	0.95	-37.03%	Due to increase in current liability on account of payables and short term borrowings.
Debt-Equity Ratio	Total debt i.e. Borrowings (Current+Non current)	Shareholder's equity	0.6090	0.4057	50.1%	The debt during FY 2024-25 has increased as compared to FY 2023-24.
Return on equity ratio	Profit after tax	Average shareholder's equity	-0.0313	-0.0034	826.38%	The company is not in operation, last year, we had a surplus fund which was parked in FD, fetching interest income. In the current year, we deployed all funds in capex, hence the ratio deteriorated.
Return on Investment	Unrealised Gain	Initial Investment	0.0042	0.0384	-89.13%	Increase in Investment during the year
Return on capital employed (ROCE)	Profit before tax + finance cost	Capital employed	-0.02	-0.00	-0.26%	There is no substantiable FD income in current year compare to last year hence ratio is on lower side.

29 (b) The Company uses various accounting applications for maintaining their books of account. Out of these applications, the Company has made an assessment to identify the accounting software that are required to comply with requirements regarding audit trail (edit log) facility and allied requirements.

As per the above assessment, the Company uses a accounting software for maintaining its books of account which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that audit trail feature is not enabled for certain transactions including master data and direct changes to data using certain privileged access rights for the application and/or the underlying database. Further no instance of audit trail feature being tampered with was noted in respect of accounting software wherever these elements are enabled.

The Company is in the process of assessing the above and will take appropriate measures to comply with the regulations.

30 Struck off Companies

There are no shares held by struck off companies. Below are details of investment, receivable, payable and any other transactions outstanding with struck off companies

For the year ended Mar 31,2025

Name of Struck off Companies	Nature of Transaction	Transaction during the year	Balance oustanding at the year end	Relationship with the struck off company if any to be disclosed
-	-	-	-	-

31 Note on Going Concern

The Company has incurred a net loss/net cash loss during the current and previous years and Company's current liabilities exceeds its current assets as at the Balance sheet date . The operations of the Company yet to be initiated due to delay in capitalisation of the Project activities. The Company has noted negative net current assets of Rs.492.75 Lacs with no operational income as on 31 March 25. However, in view of the mitigating factors , through the continuous financial support provided by the Parent Company and expected completion of the Project in FY 26, accompanying financial statement have been prepared on going concern basis.

32 Compliance with Section 143 (3) for Maintenance of Books of Account

With effect from August 5, 2022, the Ministry of Corporate Affairs (MCA) has amended the Companies (Accounts) Rules, 2014, relating to maintenance of electronic books of account and other relevant books and papers. Pursuant to this amendment, the Company is required to maintain the books of account which are accessible in India at all times and their backup is to be kept on servers located in India on a daily basis. The Company has a process to take daily back-up of books of account maintained in electronic mode and alongwith the logs of the back-up of such books of account. However, the backup of certain books and records pertaining to employee reimbursement system maintained in electronic mode has not been maintained on servers physically located in India on daily basis. The Company will take appropriate measures to comply with regulations.

Provision for taxation (incl. deferred tax)	(33.8)	33.83
Items that are not to be reclassified to profit or loss	-	-
Profit/(Loss) after tax	(54.7)	(55.85)

State of Company's Affairs

The Company's Solar plant of 16MWp is in stable operation since commissioning in December 2022. During the year, 700 MWp capacity is added for enhancing the generation. The Company is in the process of adding 7.5 MWp capacity connected to the same Grid Substation.

Material changes affecting the Financial Position of the Company

No material changes and commitments have occurred after the close of the year till the date of this Report, which affect the financial position of the Company.

Dividend

In a view of accumulated losses, the directors do not recommend any dividend on equity shares.

Amount proposed to be carried to Reserves

During the year, the company has not transferred any amount to the General Reserve.

Share Capital

During the year there were no changes in the capital structure of the Company. The Paid-up Share Capital of the Company is Rs. 22,00,00,000 divided into 2,20,00,000 Equity shares of Rs.10 each. The Company has not issued shares with differential voting rights nor has granted any stock options or sweat equity during the year.

Subsidiaries, Joint Ventures, and Associates

The Company does not have any Subsidiary, Joint Venture, or Associate Company as on March 31, 2025.

Deposits

The Company has not accepted any deposits under Chapter V of the Companies Act, 2013. It has no unpaid/unclaimed deposits as on March 31, 2025.

Particulars of Loans, Guarantees or Investments

The details of loans and investments covered under the provisions of section186 of the Companies Act, 2013, are given in the notes to the Financial Statements. During the year, the Company did not give any guarantee.

Restriction on purchase by the Company or giving of Loans by it for purchase of its shares

Pursuant to the provisions of Section 67(3)(c) of the Companies Act, 2013, and rules made thereunder, the Company has not given any loan exceeding the limit mentioned therein, to persons in the employment of the Company, Directors, or Key Managerial Personnel, for purchase or to subscribe shares of the Company.

Business Risk Management

The Company has identified the below types of risks in its Renewable Energy business and has drawn a mitigation plan to address the same –

- **Land Risk**

  The land title/ ownership data as per Government systems have certain degree of inaccuracies owing to prevalent old manual systems. This could result in delays in land acquisition and give rise to litigation. To mitigate this risk, the Company has an in-house Land expert and appointed a reputable legal agency to conduct Thirty Year Title Search Report (TSR) to clearly establish the ownership prior to land acquisition.

- **Risk of Right of Way (RoW) and Resources**

  This type of risk involves risk of delays due to RoW during construction and the availability of resources as per the plan. To cope with this risk the Company plans advance tie-up for land parcels and NOCs from respective agencies. It also contracts competent local infra partners having experience and capability.

- **Renewable Sources and Grid Availability**

  The risk identified by the Company is lower generation on account of lower radiation and Grid failures. The Company continuously studies the radiation levels with historical data from reliable sources and accordingly sizes the plant and the financial models for arriving at the right tariff for the available conditions. It also carries out Load Flow Analysis and studies the data on power availability and quality from the Grid.

- **Plant Uptime and Soiling Losses**

  This type of risk results in revenue loss due to breakdowns and soiling due to the unavailability of water. This risk can be mitigated by selecting competent and credible service partners for Operations & Maintenance.

The Company is also using waterless robotic technology for cleaning modules and therefore manpower dependency is reduced.

The Board at its meetings periodically reviews and monitors these risks and their mitigation plan.

Health and Safety

Across all its operational assets, sites, and offices, the company implements policies that cover Health and safety. The Company strives for continuous improvement and its objective is to establish the best safety practices at sites and operating assets.

During the year the Company took below health and safety initiatives:

- HSE Communication: HSE Moment/Lessons Learnt –Weekly HSE Moment is circulated to all employees and contractors and learnings are implemented.
- HSE Risk Management: -Hazard Reporting and closure – Hazards are reported by employees and contractors and closure is monitored and supported by Management.

Adequacy of Internal Financial Controls

The Company has adequate internal financial controls and those are operating effectively.

Directors & Key Managerial Personnel

In accordance with the provisions of the Companies Act, 2013 and Articles of Association of the Company, Mr. Ravi Damaraju (DIN: 09554649) retires by rotation and being eligible offers himself for re-appointment. The proposal of re-appointment forms part of the Notice of the Third AGM of the Company.

During the year, the following changes took place in the Directors and Key Managerial Personnel(s) of the Company.

- Mr. Mitish Somani resigned as the Director and Chief Financial Officer of the Company with effect from April 5, 2024.
- Mr. Sumit Rathi was appointed as the Chief Financial Officer of the Company with effect from May 02, 2024.
- Ms. Sampada Sakhare resigned as the Company Secretary and Key Managerial Personnel (KMP) of the Company with effect from February 07, 2025.

Policy on appointment and remuneration of directors and key managerial personnel

The Board has adopted a policy on the selection and appointment of Directors and remuneration of Directors, KMPs, and employees. The Directors do not receive any remuneration except independent directors who are entitled to sitting fees as approved by the Board for each Board/Committee meeting attended. A detailed policy is annexed herewith as Annexure 1 and forms part of this report.

Declaration by Independent Directors

The Company has received declarations from the Independent Directors confirming that they meet the criteria of independence as laid down under Section 149(6) of the Companies Act, 2013 and have also confirmed that their names have been added to the data bank maintained by the Indian Institute of Corporate Affairs for independent directors, in accordance with Rule 6 of the Companies (Appointment and Qualification of Directors) Rules, 2014.

Pursuant to the provisions of Rule 6 of the Companies (Appointment and Qualifications of Directors) Rules, 2014, every individual whose name is so included in the data bank shall pass an online proficiency self-assessment test. However, an individual who has fulfilled the criteria prescribed in Rule 6(4) of the said Rules, is exempted from passing the online proficiency self-assessment test. In view of the same, Mr. Sanjay Parande, having met the aforesaid criteria, was exempted from the proficiency self-assessment test and Mr. Ashok Joshi has passed the proficiency self-assessment test.

The Board is of the opinion that the Directors of the Company are eminent persons with integrity and have necessary expertise and experience to continue to discharge their responsibilities as Directors of the Company.

Board Meetings

During the year, the Board met five times on May 02, 2024, July 22, 2024, October 28, 2024, January 23, 2025, and March 10, 2025. The intervening gap between the meetings was within the period prescribed under the Companies Act, 2013.

Independent directors meeting

During the year under review, the independent directors met once on January 23, 2025, where all independent directors were present inter alia to review the performance of the Board and non-independent directors of the Company.

Committees of the Board

The Board has constituted the following committees viz. Audit Committee and Nomination and Remuneration Committee.

Audit Committee

The Audit Committee of the Board of Directors was constituted on December 23, 2022. The committee comprises of all directors being non-executive directors viz Mr. Sanjay Parande as the Chairman and Mr. Ashok Joshi & Ms. Anjali Lothe as members of the committee.

The Committee was reconstituted by the Board by a resolution passed by circulation on April 17, 2024 and Ms. Anjali Lothe was inducted as a member of the Committee.

The committee met four times during the year on May 02, 2024, July 22, 2024, October 28, 2024, and January 23, 2025. Further, all the recommendations made by the audit committee were accepted by the Board.

Nomination & Remuneration Committee

The Nomination & Remuneration Committee of the Board of Directors was constituted on December 23, 2022. The committee comprises of all directors being non-executive directors viz Mr. Ashok Joshi as the Chairman and Mr. Sanjay Parande & Ms. Anjali Lothe as members of the committee. The committee met twice on May 02, 2024, and January 23, 2025.

Directors' Responsibility Statement

In terms of Section 134(3)(c) of the Companies Act, 2013, the Directors of your Company, to the best of their knowledge and belief and according to the information and explanations obtained by them in the normal course of their work, state that, in all material respects:

a) In the preparation of the annual financial statements for the year ended March 31, 2025, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any;

b) Appropriate accounting policies have been selected, applied consistently and judgment and estimates have been made that are reasonable and prudent to give a true and fair view of the state of affairs of the Company as on March 31, 2025, and of the profit and loss of the Company for the year ended on that date;

c) Proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

d) The annual financial statements have been prepared on a going concern basis;

e) Proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

Secretarial Standards

Your Company is in compliance with the Secretarial Standards on Meetings of the Board of Directors (SS-1) and Secretarial Standards on General Meetings (SS-2) issued by the Institute of Company Secretaries of India (ICSI) as amended from time to time.

Details regarding frauds reported by Auditors under section 143(12)

During the year under review, there were no frauds reported by the auditors to the Board under section 143(12) of the Act.

Related Party Transactions (RPT)

All related party transactions that were entered into during the financial year were on an arm's length basis and were in the ordinary course of business. There are no materially significant related party transactions made by the Company with Promoters, Directors, Key Managerial Personnel or other designated persons which may have a potential conflict with the interest of the Company at large. Therefore, requirements of disclosure of RPTs in AOC-2 are not attracted.

A statement showing the disclosure of transactions with related parties as required under IND AS 24 is set out separately in the financial statements.

Maintenance of Cost Records

Pursuant to Section 148(1) of the Companies Act, 2013, the requirement for maintenance of cost records is not applicable to the Company.

Conservation of energy and technological absorption

The Company is in the business of renewable energy. The Company aims to conserve the environment by bringing about significant change in methods of using energy through the application of Solar, Wind and associated Renewable energy generation sources for commercial & industrial customers. As a part of its "Build-Green" initiatives, the Company has installed solar powered Robots to clean the solar modules at the Opex projects thus ensuring waterless cleaning.

In the case of Technology absorption, the Company used higher rated (540 & 550Wp) Monoperc PV models with better efficiency. The structure is designed to withstand the wind load. Robot technology is being adopted for cleaning the modules and this will help to conserve water and reduce soiling losses.

In the case of Technology absorption, the Company used higher rated (>540Wp) Monoperc PV modules with better efficiency, a structure designed to string type Solar Inverters designed for outdoor installation

Foreign Exchange Earnings and Outgo

There were no foreign exchange earnings and outgo during the year.

Particulars of Employees

Since the company is a Subsidiary of First Energy Private Limited and incorporated for the purpose of carrying out renewable energy business, there are no employees on the roll of the company as on March 31, 2025.

None of the employees are covered by the provisions contained in Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 framed under the Companies Act, 2013.

Significant and material orders passed by the Regulators or Courts

There are no significant or material orders passed by the Regulators / Courts.

Corporate Social Responsibility

The Company does not fall under the criteria defined under Section 135 of the Companies Act, 2013 as of March 31, 2025. Hence, the provisions related to Corporate Social responsibility do not apply to the Company.

Disclosure under Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

Your Company is committed to providing employees with a safe and conducive work environment. It has complied with provisions relating to the constitution of the Internal Complaints Committee under the Sexual Harassment of Women at Workplace (Prevention, Prohibition, Redressal) Act, 2013. No cases were pending at the beginning of the year/ filed during the year, according to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

The Insolvency and Bankruptcy Code, 2016

Your Board confirms that there is no proceeding pending under the Insolvency and Bankruptcy Code, 2016.

Valuation

During the year under review, there is no instance of onetime settlement with any Bank or Financial Institution.

Auditors

M/s Price Waterhouse Chartered Accountants LLP, (Firm Registration Number. 012754N/N500016) were appointed as Statutory Auditors of the Company for a period of Five year from the conclusion of the 1st Annual General Meeting (AGM) till the conclusion of the 6th AGM. The Auditors' Report for FY 2024-25 does not contain any qualification, reservation, or adverse remark.

Changes in the Regulatory Provisions and its impact on the business

During the year, the below changes were made to the Regulatory Provisions:

The State notified several draft regulations in the year (grant of connectivity, green open access, wind re-powering/refurbishment etc) with positive impacts/opportunities for business, supporting the captive open access market. Demand for captive open access in the state continues to be robust.

Acknowledgments

The Directors wish to place on record their appreciation for the support extended by the Company's customers, vendors and bankers during the year and look forward to their continued support in the future as well. They also place on record their appreciation for the dedication and contributions made by all the employees for their commitment, hard work, and support.

Policy on Selection and Appointment of Directors and Remuneration of Directors, KMPs and Employees

The Nomination & Remuneration Committee (NRC) has prepared a "Terms of Reference" (TOR), which, inter alia, deals with laying down the criteria for the selection of Non-Executive Directors (NEDs), based on the requirements of the organization, including the qualifications, and determining the independence of Directors. The NRC has also laid down the criteria for the evaluation of the performance of the Board and guidelines for determining the remuneration of Directors. This Policy is based on the above TOR of NRC:

(1) Criteria for selection and appointment of Directors:

(a) The Director shall have relevant expertise and experience commensurate with the requirements of the Company to discharge the duties as a Director.

(b) While selecting a director, the emphasis be given to the qualifications, experience, and personal and professional standing of the incumbent.

(c) Assess the independence and nature of the appointment as Director vis-à-vis any conflict-of-interest w.r.t. any pecuniary relationship and procure necessary declaration.

(d) The Director is not disqualified for appointment u/s. 164 of the Companies Act, 2013.

(e) In the event of re-appointment of the Director, due emphasis be given to the performance evaluation of the Director during his tenure.

(2) Remuneration:

The remuneration payable to Directors shall be in accordance with Sec. 197 of the Companies Act, 2013 and other applicable provisions & rules made thereunder from time to time.

The Directors shall also be eligible to receive reimbursement of expenses for participation in the Board and Committee Meetings.

The Independent Directors shall be entitled to receive remuneration by way of sitting fees for attending the meetings of the Board as well as the Committees.

(3) Criteria for selection of MD, WTD & CEO:

For selection of the MD, WTD and CEO, the N&R Committee shall identify persons of integrity who possess relevant expertise, experience and leadership qualities required for the position and shall take into consideration recommendations, if any, received from any member of the Board. The Committee will also ensure that the incumbent fulfills such other criteria regarding age and other qualifications as laid down under the Companies Act, 2013 or other applicable laws.

(4) Remuneration for MD, WTD & CEO:

i. At the time of appointment or re-appointment, the Managing Director (MD), Whole Time Director (WTD) and Chief Executive Officer (CEO) shall be paid such remuneration as may be mutually agreed between the Company (which includes the N&R Committee and the Board of Directors) and the MD, WTD and CEO within the overall limits prescribed under the Companies Act, 2013.

ii. The remuneration shall be subject to the approval of the Members of the Company in the General Meeting.

iii. The remuneration of the MD, WTD and CEO is broadly divided into fixed and variable components. The fixed component comprises salary, allowances, perquisites, amenities and retiral benefits. The variable component comprises a performance bonus.

iv. In determining the remuneration (including the fixed increment and performance bonus) the N&R Committee shall ensure/consider the following:

a. the relationship of remuneration and performance benchmarks is clear.

b. balance between fixed and incentive pay reflecting short and long term performance objectives, appropriate to the working of the Company and its goals.

c. responsibility required to be shouldered by the MD, WTD and CEO, the industry benchmarks, and the current trends.

d. the Company's performance vis-à-vis the annual budget achievement and individual performance vis-à-vis the KRAs / KPIs.

(5) Remuneration Policy for Senior Management, KMPs and employees:

The NRC, while determining the remuneration of Senior Management/employees and KMPs shall ensure the following:

(i) The remuneration is divided into Fixed component & Variable Component.

(ii) The division is based on the fixed salary and performance bonuses.

(iii) The division between fixed and variable is based on the roles & responsibilities, the Company's performance vis-à-vis KRA & KPIs, industry benchmark and current compensation trends in the market.

Based on the Annual Business Plan prepared, Individual Contribution Plan (ICP) is prepared by the Senior Management which is agreed upon. It broadly contains certain targets for strategic objectives, operational excellence-oriented initiatives, and business deliverables. The actual performance of individual repartee will be discussed by the MD and CEO at the year's end. Based on the appraisal and overall performance of the

Company and after considering the market trends, suitable increments/variable pay shall be decided by the MD and CEO.

The MD & CEO will present a snapshot of the evaluation carried out to assess the performance of the Whole-time Director, while recommending the annual increment of the NRC, for its review and approval.

INDEPENDENT AUDITOR'S REPORT

To the Members of First Energy TN 1 Private Limited

Report on the Audit of the Financial Statements

Opinion

1. We have audited the accompanying financial statements of First Energy TN 1 Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information.

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and total comprehensive income (comprising of loss and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

4. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon.

   Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

   In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

   We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

5. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

6. In preparing the financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

7. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

9. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

   - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

   - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

   - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

   - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

   - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

12. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

13. As required by Section 143(3) of the Act, we report that:

    (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid financial statements have been kept so far as it appears from our examination of those books, except that the backup of certain books of account and other books and papers maintained in electronic mode has not been maintained on a daily basis on servers physically located in India during the year and the matters stated in paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).

    (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

    (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.

    (e) On the basis of the written representations received from the directors as on March 31, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of Section 164(2) of the Act.

    (f) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 13(b) above on reporting under Section 143(3)(b) and paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).

    (g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

    (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

        i. The Company does not have any pending litigations which would impact its financial position.

        ii. The Company was not required to recognise a provision as at March 31, 2025 under the applicable law or Indian Accounting Standards, as it does not have any material foreseeable losses on long-term contract. The Company did not have any derivative contracts as at March 31, 2025.

        iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2025.

        iv. (a) The management has represented that, to the best of its knowledge and belief, as disclosed in Note 29(viii) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

        (b) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 29(viii) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

        (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

        v. The Company has not declared or paid any dividend during the year.

        vi. Based on our examination, which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility that has operated during the year for all relevant transactions recorded in the software, except that audit trail feature has not been enabled at the database level to log any direct data changes.

14. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

Annexure A to Independent Auditor's Report

Referred to in paragraph 13(g) of the Independent Auditor's Report of even date to the members of First Energy TN 1 Private Limited on the financial statements for the year ended March 31, 2025

Report on the Internal Financial Controls with reference to Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to financial statements of First Energy TN 1 Private Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

First Energy TN 1 Private Limited

Annexure B to Independent Auditors' Report

Referred to in paragraph 12 of the Independent Auditor's Report of even date to the members of First Energy TN 1 Private Limited on the financial statements as of and for the year ended March 31, 2025

In terms of the information and explanations sought by us and furnished by the Company, and the books of account and records examined by us during the course of our audit, and to the best of our knowledge and belief, we report that:

i. (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.

(B) The Company does not have any Intangible assets and accordingly, reporting under clause 3(i)(a)(B) of the Order is not applicable to the Company.

(b) The Property, Plant and Equipment of the Company have been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.

(c) The title deeds of all the immovable properties, as disclosed in Note 3 to the financial statements, are held in the name of the Company.

(d) The Company has chosen cost model for its Property, Plant and Equipment. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment does not arise.

(e) No proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in the financial statements does not arise.

ii. (a) The Company is in the business of generating power from renewable energy sources and, consequently, does not hold any inventory. Accordingly, reporting under clause 3(ii)(a) of the Order is not applicable to the Company.

(b) During the year, the Company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate from banks and financial institutions and accordingly, the question of our commenting on whether the quarterly returns or statements are in agreement with the unaudited books of account of the Company does not arise.

iii. (a) The Company has made investments in 3 mutual fund schemes.

The Company has not granted secured/unsecured loans/advances in nature of loans, or stood guarantee, or provided security to any parties. Accordingly, to this extent, the reporting under clause 3 (iii), (iii)(a), (iii)(b), (iii)(c), (iii)(d), (iii)(e) and (iii)(f) of the Order are not applicable to the Company.

(b) In respect of the aforesaid investments, the terms and conditions under which such investments were made are not prejudicial to the Company's interest.

iv. The Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186. Therefore, the reporting under clause 3(iv) of the Order are not applicable to the Company.

v. The Company has not accepted any deposits or amounts which are deemed to be deposits referred in Sections 73, 74, 75 and 76 of the Act and the Rules framed there under.

vi. The Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products/ services of the Company. Accordingly, reporting under clause 3(vi) of the Order is not applicable to the Company.

vii. (a) In our opinion, the Company is regular in depositing the undisputed statutory dues, including goods and services tax, income tax and other statutory dues, as applicable, with the appropriate authorities.

(b) There are no statutory dues referred to in sub-clause (a) which have not been deposited on account of any dispute.

viii. There are no transactions previously unrecorded in the books of account that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

ix. (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.

(b) On the basis of our audit procedures, we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority.

(c) The Company has not obtained any term loans during the year ended March 31, 2025 and there was no unutilized balance of term loan obtained in earlier years as on April 1, 2024. Accordingly, reporting under clause 3(ix)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that the Company has utilised funds raised on short-term basis aggregating Rs 2,676.38 lakhs for long-term purposes.

(e) According to the information and explanations given to us and procedures performed by us, we report that the Company did not have any subsidiary, joint venture or associate company during the year. Accordingly, reporting under clause 3(ix)(e) and (ix)(f) of the Order is not applicable to the Company.

x. (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable to the Company.

(b) The Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.

(b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.

(c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and as represented to us by the management, no whistle-blower complaints have been received during the year by the Company. Accordingly, the reporting under clause 3(xi)(c) of the Order is not applicable to the Company.

xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the reporting under clause 3(xii) of the Order is not applicable to the Company.

xiii. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act.

xiv. In our opinion, the Company does not have an internal audit system and is not required to have an internal audit system as per provisions of the Act.

xv. In our opinion, the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) The Company has not conducted non-banking financial/ housing finance activities during the year. Accordingly, the reporting under clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.

(d) In our opinion, the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) has one CIC as part of the Group.

xvii. The Company has not incurred any cash losses in the financial year or in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year and accordingly the reporting under clause 3(xviii) of the Order is not applicable.

xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date will get discharged by the Company as and when they fall due.

xx. The provisions relating to Corporate Social Responsibility under Section 135 of the Act are not applicable to the Company. Accordingly, reporting under clause 3(xx) of the Order is not applicable to the Company.

xxi. The Company does not have subsidiary or joint venture or associate company and does not prepare Consolidated Financial Statements. Accordingly, the reporting under clause 3(xxi) of the Order is not applicable to the Company.

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

1. Corporate information

First Energy TN 1 Private Limited ("the Company") is a private limited company domiciled in India and incorporated on January 29, 2022 under the provisions of Indian Companies Act, 2013. It is a subsidiary of First Energy Private Limited. The Company is primarily engaged in the business as a producer of solar power.

The address of the Company's registered office is 14, Thermax House, Old Mumbai-Pune Highway, Wakdewadi, Pune – 411003, India. The Board of Directors have authorized to issue these financial statements on April 28, 2025. The CIN of the Company is U40108PN2022PTC208074.

2. Basis of preparation and summary of material accounting policies

This note provides a list of the material accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of preparation and measurement

(a) Basis of preparation

These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS), notified under the section 133 of the Companies Act 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the act.

(b) Historical cost convention

The financial statements have been prepared on the historical cost convention;

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III of the Companies Act, 2013. Based on the nature of products and services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

2.2. Summary of material accounting policies

a. Revenue recognition

Revenue from Contracts with customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at the amount of the transaction price allocated to the performance obligation. Revenue is recognized when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. The Company has concluded that it is the principal in all of its revenue arrangements since it is primarily responsible for fulfilling the promise to provide the specified goods or service and has discretion in establishing the price for the specified goods or service.

Revenue from Sale of power

Revenue from sale of power is recognised at transaction price and over time for each unit of electricity delivered at the contracted rate. Revenue recognized includes amounts billed to consumers on the basis of recording of consumption of energy by installed meters based on the applicable tariff agreed in power purchase agreement, which are recognized considering past trends of approval, management's probability estimate and when no significant uncertainty exists in such determination.

At the end of each reporting period, the Company updates the estimated transaction price to represent the circumstances present at the end of the reporting period and the changes in circumstances during the reporting period. The Company accounts for such changes in the transaction price (including claims). Consideration / claim payable to a customer includes cash amounts that an entity pays to the customer. The Company accounts for consideration payable to a customer as a reduction of the transaction price and, therefore, of revenue unless the payment to the customer is in exchange for a distinct goods or service that the customer transfers to the entity. The consideration payable to a customer includes a variable amount.

Trade receivables: A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Trade receivables are recognised initially at the transaction price as they do not contain significant financing components. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance. For trade receivables, the Company applies the simplified approach required by Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

b. Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment and capital work in progress are stated at cost of acquisition or construction net of accumulated depreciation and impairment loss, if any.

Depreciation commences when the assets are ready for their intended use. Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives as follows:

Asset category	Company's estimate of useful life (years)	Useful life as prescribed under Schedule II (years)
Plant and equipment	5 to 25	10 to 15
Building	3	3 to 30

c. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing costs pertaining to qualifying assets are presented as part of financing activities in Statement of Cash Flows.

2.3. Summary of other accounting policies

a. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

All financial assets (excluding trade receivables which do not contain a significant financing component) are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Profit and Loss, transactions costs that are attributable to the acquisition of the financial asset. For all subsequent measurements, financial assets are classified in the following categories by the Company:

i. Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

(a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

(b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. The EIR amortization is included in finance costs/ income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss.

ii. Debt instrument at FVOCI

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. There are currently no debt securities which are carried at FVOCI.

iii. Debt instrument at FVTPL

Fair value through profit or loss (FVTPL): FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI is classified as FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss. There are currently no debt securities which are carried at FVTPL.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

For trade receivables, the Company follows 'simplified approach' for recognition of impairment loss and always measures the loss allowance at an amount equal to lifetime expected credit losses to measure the expected credit losses.

In case of other financial assets, the Company applies general approach for recognition of impairment losses wherein the Company uses judgement in considering the probability of default upon initial recognition and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

Financial liabilities

All financial liabilities are recognized initially at fair value and in the case of borrowings, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables and borrowings.

Subsequent measurement of financial liabilities depends on their classification as fair value through profit and loss or at amortized cost. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. There are currently no financial liabilities classified as FVTPL.

All changes in fair value of financial liabilities classified as FVTPL is recognized in the Statement of Profit and Loss. Amortised cost category is applicable to loans and borrowings, trade and other payables. Gains and losses are recognized in profit and loss when the liabilities are derecognized as well as through effective interest method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or cost that are integral part on effective interest rate (EIR). The EIR amortization is included as finance cost in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires or when an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

b. Fair value measurementt

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above

c. Property, plant and equipment (PPE)

All significant costs relating to the acquisition and installation of PPE are capitalised. Subsequent costs/replacement costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset.

The residual values, useful lives and methods of depreciation of PPE are reviewed on a regular basis and changes in estimates, when relevant, are accounted for on a prospective basis.

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

d. Income recognition

Interest income

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. Interest income is included in finance income in the Statement of Profit and Loss.

e. Cash and cash equivalents

Cash and cash equivalents includes cash on hand, balances with banks and other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

f. Share capital

Equity shares issued to shareholders are classified as equity. Incremental costs directly attributable to the issue of new equity shares are recognized as a deduction from equity, net of any related income tax effects.

Cost for issuance of equity instruments:

The cost in issuing or acquiring Company's own equity instruments includes registration and other regulatory fees and stamp duties. These costs are accounted for as a deduction from equity (net of any related income tax benefit) to the extent they are incremental costs directly attributable to the equity transaction that otherwise would have been avoided.

g. Income tax

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside profit or loss is recognized either in OCI or in equity. Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in OCI or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The Company determines whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments and uses the approach that better predicts the resolution of the uncertainty.

h. Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognized in the Statement of Profit and Loss.

For assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

i. Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

j. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors of the Company has been identified as the chief operating decision maker of the Company.

k. Contingent liabilities

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

l. Earnings per share (EPS)

The Company presents the basic and diluted EPS data for its equity shares. Basic EPS is computed by dividing the net profit for the year attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by adjusting the net profit for the year attributable to the equity shareholders and the weighted average number of equity shares considered for deriving basic EPS for the effects of all the equity shares that could have been issued upon conversion of all dilutive potential equity shares.

m. Rounding of amounts:

Amounts disclosed in the financial statements are presented in INR in lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013, unless otherwise stated.

2.4. Significant accounting judgments, estimates and assumptions

The preparation of financial statements requires the use of accounting estimates which, by definition, will likely differ from the actual results. Management also needs to exercise judgement in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to final outcomes deviating from estimates and assumptions made.

i. Impairment of property, plant and equipment

Determining whether property, plant and equipment are impaired requires an estimation of the value in use of the relevant cash generating units. The value in use calculation is based on a Discounted Cash Flow model over the estimated useful life of the property, plant and equipment. Further, the cash flow projections are based on estimates and assumptions relating to expected generation based on past trends and the current and likely future state of the industry etc. which are considered reasonable by the Management. Any reasonable possible change in the underlying assumptions would lead to recoverable amount and conclusion on impairment assessment.

ii. Borrowing costs

Significant management judgement is involved in determining whether in assessing whether the asset is a qualifying asset using the factors such as period of time to get ready, nature of activities necessary and industry practice. The construction of project involves a period ranging from 6 months to 10 months.

iii. Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit (CGU) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a Discounted Cash Flow (DCF) model. The cash flows are derived from the budget over the useful life of assets as approved by the Management and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows. The estimates involved includes long term debt cost, cost of equity and long term debt equity ratio.

iv. Useful lives of property, plant and equipment

The Company determines, based on technical assessment, the estimated useful lives of its property, plant and equipment for calculating depreciation and amortisation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. Management reviews the residual value and useful lives annually and future depreciation and amortisation charge would be adjusted where the management believes the useful lives differ from previous estimates.

v. Deferred taxes

At each balance sheet date, the Company assesses whether the realization of future tax benefits is sufficiently probable to recognize deferred tax assets. This assessment requires the use of significant estimates with respect to assessment of future taxable income. The recorded amount of total deferred tax assets could change if estimates of projected future taxable income or if changes in current tax regulations are enacted.

vi. Revenue recognition

The Company recognises revenue (including the adjustment to transaction price resulting due to customer claims) as per the applicable power purchase agreement, ongoing negotiation with customers, management's probability estimate and the past trends of settlement.

Capitalization of expenses

During the year, the Company has capitalized the following expenses of revenue nature to the cost of Property, plant and equipment / Capital work-in-progress. Consequently, expenses disclosed under the respective notes are net of amounts capitalized by the Company.

Particulars	As at March 31, 2025	As at March 31, 2024
Reimbursement of Salaries and wages	-	5.54
Interest (March 31, 2024 - Interest and reimbursement of Interest expenses*)	90.56	12.87
Gain on investments	(7.13)	-
Reimbursement of Depreciation	-	0.05
Reimbursement of Other Expenses	-	0.31
Total	**83.43**	**18.77**

*Reimbursement of interest and depreciation also relates to expenses pertaining to rental property for which right-of-use assets and lease liabilities have been recognised.

4(a). Other financial assets (Non-current)

Particulars	As at March 31, 2025	As at March 31, 2024
Bank deposits with maturity of more than twelve months*	30.34	150.20
Total	**30.34**	**150.20**

*Includes Debt Service Reserve Account (DSRA) Deposits with banks against Borrowings made as per the requirement of borrowing agreements with lenders for the purpose of repayment of principal and interest liability for the specified future period as per the terms of contract amounting to INR 28.35 lakhs.

4(b). Other financial assets (Current)

Particulars	As at March 31, 2025	As at March 31, 2024
Security deposits	170.20	145.20
Bank deposits with original maturity of more than twelve months*	160.05	-
Interest accrued on fixed deposits	0.01	-
Other receivables	8.53	2.62
Total	**338.79**	**147.82**

*Includes Debt Service Reserve Account (DSRA) Deposits with banks against Borrowings made as per the requirement of borrowing agreements with lenders for the purpose of repayment of principal and interest liability for the specified future period as per the terms of contract amounting to INR 147.00 lakhs.

5(a). Income tax assets (net)

Particulars	As at March 31, 2025	As at March 31, 2024
Opening balance	0.50	1.88
Add: Taxes paid during the year	1.56	0.50
Less: Amount received during the year	-	(1.88)
Total	**2.06**	**0.50**

5(b). Deferred tax liabilities (net)

Particulars	As at March 31, 2025	As at March 31, 2024
Deferred tax assets		-
Losses available for offsetting against future taxable income	818.63	591.64
Others	-	11.33
	818.63	**602.97**
Deferred tax liabilities		-
Property, plant and equipment	(813.38)	(636.80)
Ind AS impact on borrowings	(5.25)	-
	(818.63)	**(636.80)**
Total	**-**	**(33.83)**

The Company has tax losses of Rs. 5.82 lakhs (March 31, 2024: Nil) that are available for offsetting of future taxable profits. Deferred tax assets have not been recognised in respect of these losses as they may not be used to offset taxable profits elsewhere in the Company and there are no other tax planning opportunities or other evidence of recoverability in the near future. If the Company was able to recognise all unrecognised deferred tax assets, the profit for the year would increase by Rs. 1.00 lakhs (March 31, 2024: Nil).

Particulars	Expiry date	As at March 31, 2025		As at March 31, 2024

Total	**8,343.79**	**6,184.63**
Current liabilities	3,549.47	1,039.48
Non-current liabilities	4,794.32	5,145.15
Total	**8,343.79**	**6,184.63**

Break-up of financial assets carried at amortised cost

Particulars	As at March 31, 2025	As at March 31, 2024
Trade receivables	67.08	48.24
Cash and cash equivalents	36.95	13.73
Other bank balances	-	28.61
Other financial assets	369.13	298.02
Total	**473.16**	**388.60**
Current assets	442.82	238.40
Non-current assets	30.34	150.20
Total	**473.16**	**388.60**

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

24. Financial risk management

"The Company's principal financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables and cash and cash equivalents are derived directly from its operations.

Risk is inherent in the Company's activities but it is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Company's continuing operations. The Company is exposed to market risk, credit risk and liquidity risk.

The Management of the Company is ultimately responsible for the overall risk management approach and for approving the risk strategies and principles. The management of the Company reviews and agrees policies for managing each of these risks, which are summarised below.

I Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk and currency risk.

The management of the Company has implemented a risk management system that is monitored by the Board of Directors. Market risk is managed on the basis of pre-determined asset allocations across various asset categories, a continuous appraisal of market conditions and trends and management's estimate of long and short term changes in fair value.

The sensitivity analyses in the following sections relate to the position as at March 31, 2025 and March 31, 2024.

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

a Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The exposure of the Company's borrowings to interest rate changes at the end of the reporting period are as follows:

Particulars	March 31, 2025	March 31, 2024
Variable rate borrowings	5,016.41	5,225.11

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of borrowings affected. With all other variables held constant, the Company's loss before tax is affected through the impact on floating rate borrowings, as follows:

	March 31, 2025	March 31, 2024
Interest rates - Increase by 25 basis points (March 31, 2024 - 50 basis points)	(12.91)	(26.92)
Interest rates - Decrease by 25 basis points (March 31, 2024 - 50 basis points)	12.91	26.92

b) Foreign currency risk

Foreign exchange risk arises when future commercial transactions and relevant assets and liabilities are denominated in a currency that is not the Company's functional currency. Foreign exchange risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates.

The Company has not entered into any foreign currency transaction during the current year and comparative period and hence not exposed to any foreign currency risk.

II Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables and security deposits) and from its investing activities, including deposits with banks.

Expected credit loss for

Trade receivables

Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on individual credit limits and risk of potential default based on defined credit risk parameters. An impairment analysis is performed based on expected credit loss model at each reporting date. The calculation is based on losses as per historical data. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in notes above. There is no charge of impairment to Statement of profit and loss.

Expected credit loss for trade receivable under simplified approach

Trade receivables	As at March 31, 2025		
	Gross	Expected loss rate	Expected loss allowance
Unbilled	67.08	0%	-
Total	**67.08**	**0%**	**-**

Trade receivables	As at March 31, 2024		
	Gross	Expected loss rate	Expected loss allowance
Unbilled	48.24	0%	-
Total	**48.24**	**0%**	**-**

Balances with Banks

Credit risk from balances with banks is managed by the Parent Company's finance department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties to mitigate financial loss through counterparty's potential failure to make payments. Identified impairment loss for these assets is immaterial.

Other financial assets carried at amortised cost

Company's exposure to other financial asset includes security deposits which is considered to be low risk. No loss allowance is required to be recognised for the same.

III Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows on a on-going basis. The Company's liquidity management policy involves projecting future cash flows and considering the level of liquid assets necessary to meet these and monitoring balance sheet liquidity ratios against internal requirements.

Maturities of financial liabilities

The tables below summarises the company's financial liabilities into relevant maturity profile based on contractual undiscounted payments :

March 31, 2025

	< 1 year	1 to 3 years	3 to 5 years	> 5 years
Non- derivative				
Borrowings	3,341.09	448.98	459.54	3,906.64
Trade Payables	59.31	-	-	-
Other financial liabilities	149.08	-	-	-

March 31, 2024

	< 1 year	1 to 3 years	3 to 5 years	> 5 years
Non- derivative				
Borrowings	958.96	577.78	459.54	4141.68
Trade Payables	29.11	-	-	-
Other financial liabilities	51.41	-	-	-

25. Analytical ratios

S. No.	Particulars	Numerator	Denominator	For the year ended March 31, 2025	For the year ended March 31, 2024	Variance	Reasons for variance of more than 25%
1	Current Ratio	Current Assets	Current Liabilities	0.19	0.25	-24%	Not applicable
2	Debt-Equity Ratio	Total Debt	Shareholders' Equity	4.14	3.02	37%	Due to increase in borrowings for expansion project
3	Debt Service Coverage Ratio	Earnings available for debt service (Net Profit after taxes + Non-cash operating expenses like depreciation and other amortizations + Interest + other adjustments like loss on sale of Fixed assets etc.)	Debt Service (Interest + Principal Repayments)	0.71	1.01	-30%	Due to increase in borrowings for expansion project
4	Return on Equity	Net Profits after taxes	Average Shareholder's Equity	-2.74%	-2.72%	1%	Not applicable
5	Return on Investment	Investment income	Average investment	7.10%	3.17%	124%	Due to increase in investment income yield
6	Trade Receivables turnover Ratio	Total Sales	Average Trade Receivable	14.84	13.63	9%	Not applicable
7	Trade payables turnover Ratio	Net Credit Purchases	Average Trade Payables	2.99	1.42	111%	Increase due to significant decrease in average trade payables
8	Net capital turnover Ratio	Total Sales	Working Capital	-0.30	-1.08	-73%	Due to decrease in working capital
9	Return on Capital employed	Earning before interest and taxes	Capital Employed	4.21%	6.22%	-32%	Due to increase in capital employed on account of borrowing availed for project expansion
10	Net Profit Ratio	Net Profits after taxes	Revenue	-6.40%	-6.61%	-3%	Not applicable

Working Capital = Current assets less Current liabilities

Capital employed = Tangible Net worth + total debt

Average = (Opening + Closing)/2

26. Capital Management

The Company's objective for capital management is to maximise long term shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through borrowings, equity and operating cash flows generated. Capital represents equity attributable to equity holders of the Company.

	As at March 31, 2025	As at March 31, 2024
Borrowings including accrued interest	8,158.61	6,123.81
Less: Cash and cash equivalents (includes other bank balances)	36.95	42.34
Net debt	**8,121.66**	**6,081.47**
Equity	1,967.15	2,021.88
Net Debt to Equity	**4.13**	**3.01**

Net debt to equity has increased in current year on account of additional borrowings availed during the year for expansion project.

Loan Covenants

The Borrower shall, during the entire tenor of the Facility, ensure that: (a) the Security Cover Ratio shall be above 1.1:1

(b) its Debt to Equity Ratio should not be greater than 3:1 and

(c) its Debt Service Coverage Ratio does not fall below 1.15:1

The financial covenant shall be tested based on the audited financial statements every year from first full year of commercial operation. Some of the debt covenants were not complied as at March 31, 2025, refer note 11 for details.

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

27. Details of dues to Micro and Small Enterprises as defined under MSMED Act, 2006

Dues to small-scale industrial undertakings have been worked out on the basis of information available with the Management.

Particulars	As at March 31, 2025	As at March 31, 2024
The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year		
- Principal amount dues to micro and small enterprises	12.21	1.98
- Interest due thereon	0.08	0.12
The amount of interest paid by the Company in terms of section 16 of the MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-
The amount of principal made to the supplier beyond the appointed day during the year	20.14	14.40
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006	0.27	0.37
The amount of interest accrued and remaining unpaid at the end of each accounting year	0.35	0.49
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006.	0.84	0.49

28. Segment reporting

The Chief Operating Decision Maker (CODM) evaluates the Company's performance and applies the resources to whole of the Company's business viz "Producer of power through renewable energy source". Hence the Company does not have any reportable segment as per Ind AS - 108 "Operating Segments".

29. Other Statutory Information

(i) No proceedings have been initiated on or are pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

(ii) The Company does not have any charges or satisfaction which is yet to be registered with Registrar of Companies beyond the statutory period.

(iii) The Company has not traded or invested in crypto currency or virtual currency during the current and previous year.

(iv) There is no income surrendered or disclosed as income during the current year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

(v) The Company has not been declared wilful defaulter by any bank or financial institution or other lender.

(vi) The Company has no transactions with the companies struck off under Companies Act, 2013 or Companies Act, 1956.

(vii) The Company has not entered into any scheme of arrangement which has an accounting impact on current or previous financial year.

(viii) Utilisation of borrowed funds and share premium

The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

a. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or

b. provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries

The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

a. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

b. provide any guarantee, security or the like on behalf of the ultimate beneficiaries.

30. Compliance with Section 143 (3) for Maintenance of Books of Account

With effect from August 5, 2022, the Ministry of Corporate Affairs (MCA) has amended the Companies (Accounts) Rules, 2014, relating to maintenance of electronic books of account and other relevant books and papers. Pursuant to this amendment, the Company is required to maintain the books of account which are accessible in India at all times and their backup is to be kept on servers located in India on a daily basis.

The Company has a process to take daily back-up of books of account maintained in electronic mode and along with the logs of the back-up of such books of account. However, the backup of certain books and records maintained in electronic mode has not been maintained on servers physically located in India on daily basis. The Company will take appropriate measures to comply with the regulations.

31. Compliance with Section 143 (3) for Audit Trail

The primary accounting software used for maintaining its books of account has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that no audit trail has been enabled at the database level to log any direct data changes.

State of Company's Affairs

The Company's Solar plant of 7.5MWp has been in stable operation since commissioning in March 2023.

Material changes affecting the Financial Position of the Company

No material changes and commitments have occurred after the close of the year till the date of this Report, which affects the financial position of the Company.

Dividend

The directors do not recommend any dividend on equity shares.

Amount proposed to be carried to Reserves

During the year, the company has not transferred any amount to the General Reserve.

Share Capital

During the year there were no changes in the capital structure of the Company. The Paid-up Share Capital of the Company is Rs. 11,53,50,050 divided into 1,15,35,005 Equity Shares of Rs.10 each. The Company has not issued shares with differential voting rights nor has granted any stock options or sweat equity during the year.

Subsidiaries, Joint Ventures, and Associates

The Company does not have any Subsidiary, Joint Venture, or Associate Company as on March 31, 2025.

Deposits

The Company has not accepted any deposits under Chapter V of the Companies Act, 2013. It has no unpaid/unclaimed deposits as on March 31, 2025.

Particulars of Loans, Guarantees or Investments

The details of loans and investments covered under the provisions of section 186 of the Companies Act, 2013, are given in the notes to the Financial Statements. During the year, the Company did not give any guarantee.

Restriction on purchase by the Company or giving of Loans by it for purchase of its shares

Pursuant to the provisions of Section 67(3)(c) of the Companies Act, 2013, and rules made thereunder, the Company has not given any loan exceeding the limit mentioned therein, to persons in the employment of the Company, Directors or Key Managerial Personnel, for purchase or to subscribe shares of the Company.

Business Risk Management

The Company has identified the below types of risks in its Renewable Energy business and has drawn a mitigation plan to address the same –

- **Land Risk**

  The land title/ ownership data as per Government systems have certain degree of inaccuracies owing to prevalent old manual systems. This could result in delays in land acquisition and give rise to litigation. To mitigate this risk, the Company has an in-house Land expert and appointed a reputable legal agency to conduct Thirty Year Title Search Report (TSR) to clearly establish the ownership prior to land acquisition.

- **Risk of Right of Way (RoW) and Resources**

  This type of risk involved the risk of delays due to RoW during construction and the availability of resources as per the plan. To cope with this risk the Company plans advance tie-up for land parcels and NOCs from respective agencies. It also contracts competent local infra partners having experience and capability.

- **Renewable Sources and Grid Availability**

  The major risk identified by the Company is generation loss due to lower radiation and Grid failures. The Company continuously studies the radiation levels with historical data from reliable sources. It also carries out Load Flow Analysis and studies the data on power availability and quality from the Grid.

- **Plant Uptime and Soiling Losses**

  This type of risk involves the risk of revenue loss due to breakdowns and soiling due to the unavailability of water. This risk can be mitigated by selecting competent and credible service partners for Operations & Maintenance. The Company is also using water cleaning modules at regular frequency.

The Board at its meetings periodically reviews and monitors these risks and their mitigation plan.

Health and Safety

Across all its operational assets, sites and offices, the Company implements policies that covers Health and safety. The Company strives for continuous improvement and its objective is to establish the best safety practices at sites and operating assets.

During the year the Company took below health and safety initiatives:

- HSE Communication: HSE Moment/Lessons Learnt – Weekly HSE Moment is circulated to all employees and contractors and learnings are implemented.
- HSE Risk Management: -Hazard Reporting and closure – Hazards are reported by employees and contractors and closure is monitored and supported by Management.
- HSE Promotion: - HSE Campaigns: - National Safety Week and Road Safety Week was celebrated across the company involving contractors and employees and employee's family members.
- HSE Training: - HSE training including, Visitor Induction, Safety Induction and Risk based training is imparted to Contractors.
- HSE Digitalisation: - HSE digital software implemented for hazard reporting and risk behaviour reporting.

Adequacy of Internal Financial Controls

The Company has adequate internal financial controls and those are operating effectively.

Directors & Key Managerial Personnel

In accordance with the provisions of the Companies Act, 2013 and Articles of Association of the Company, Mr. Ravi Damaraju (DIN: 09554649) retires by rotation and being eligible offers, himself for re-appointment. The proposal of re-appointment forms part of the Notice of the Third AGM of the Company.

During the year, the following changes took place in the Directors and Key Managerial Personnel(s) of the Company.

- Mr. Mitish Somani (DIN: 01853530) resigned as the Director of the Company with effect from April 5, 2024.
- Mr. Omkar Bhide was appointed as the Company Secretary and Key Managerial Personnel (KMP) of the Company with effect from May 2, 2024.
- Mr. Abhishek Kangokar was appointed as the Chief Financial Officer (CFO) & KMP of the Company with effect from May 2, 2024 and he resigned as the CFO & KMP of the Company with effect from July 22, 2024. Further, Mr. Amit Kodere was appointed as the CFO & KMP of the Company with effect from January 23, 2025.

Policy on appointment and remuneration of directors and key managerial personnel

The Board has adopted a policy on selection and appointment of Directors and remuneration of Directors, KMPs and employees. The Directors do not receive any remuneration except independent directors who are entitled to sitting fees as approved by the Board for each Board/Committee meeting attended. A detailed policy is annexed herewith as Annexure 1 and forms part of this report.

Declaration by Independent Directors

The Company has received declarations from the Independent Directors confirming that they meet the criteria of independence as laid down under Section 149(6) of the Companies Act, 2013 and have also confirmed that their names have been added in the data bank maintained by the Indian Institute of Corporate Affairs for independent directors, in accordance with Rule 6 of the Companies (Appointment and Qualification of Directors) Rules, 2014.

Pursuant to the provisions of Rule 6 of the Companies (Appointment and Qualifications of Directors) Rules, 2014, every individual whose name is so included in the data bank shall pass an online proficiency self-assessment test. However, an individual who has fulfilled the criteria prescribed in Rule 6(4) of the said Rules, is exempted from passing the online proficiency self-assessment test. In view of the same, Mr. Sanjay Parande, having met the aforesaid criteria, was exempted from the proficiency self-assessment test and Mr. Ashok Joshi has passed the proficiency self-assessment test.

The Board is of the opinion that the Directors of the Company are eminent persons with integrity and have necessary expertise and experience to continue to discharge their responsibilities as Directors of the Company.

Board Meetings

During the year, the Board met four times on May 2, 2024, July 22, 2024, October 28, 2024 and January 23, 2025. The intervening gap between the meetings was within the period prescribed under the Companies Act, 2013.

Independent directors meeting

During the year under review, the independent directors met once on January 23, 2025 where all independent directors were present inter alia to review the performance of the Board and non-independent directors of the Company.

Committees of the Board

The Board has constituted the following committees viz. Audit Committee and Nomination and Remuneration Committee.

Audit Committee

The Audit Committee of the Board of Directors was constituted on May 9, 2023. The committee as on March 31, 2025 comprises of all directors being non-executive directors viz Mr. Sanjay Parande as the Chairman and Mr. Ashok Joshi & Mr. Sandeep Mandke as members of the committee. The Committee was reconstituted by the Board by a resolution passed by circulation on April 17, 2024 and Mr. Sandeep Mandke was inducted as a member of the Committee. The committee met four times during the year on May 2, 2024, July 22, 2024, October 28, 2024 and January 23, 2025. Further, all the recommendations made by the audit committee were accepted by the Board.

Nomination & Remuneration Committee

The Nomination & Remuneration Committee of the Board of Directors was constituted on May 9, 2023. The committee comprises of all directors being non-executive directors viz Mr. Ashok Joshi as the Chairman and Mr. Sanjay Parande & Mr. Ravi Damaraju as members of the committee. The committee met twice on May 2, 2024 and January 23, 2025.

Director's Responsibility Statement

In terms of Section 134(3)(c) of the Companies Act, 2013, the Directors of your Company, to the best of their knowledge and belief and according to the information and explanations obtained by them in the normal course of their work, state that, in all material respects:

a) In the preparation of the annual financial statements for the year ended March 31, 2025 the applicable accounting standards have been followed along with proper explanation relating to material departures, if any;

b) Appropriate accounting policies have been selected, applied consistently and judgment and estimates have been made that are reasonable and prudent to give a true and fair view of the state of affairs of the Company as on March 31, 2025 and of the loss of the Company for the year ended on that date;

c) Proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

d) The annual financial statements have been prepared on a going concern basis;

e) Proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

Secretarial Standards

Your Company is in compliance with the Secretarial Standards on Meetings of the Board of Directors (SS-1) and Secretarial Standards on General Meetings

First Energy 2 Private Limited

(SS-2) issued by the Institute of Company Secretaries of India (ICSI) as amended from time to time.

Details regarding frauds reported by Auditors under section 143(12)

During the year under review, there were no frauds reported by the auditors to the Board under section 143(12) of the Act.

Related Party Transactions (RPT)

All related party transactions that were entered into during the financial year were on an arm's length basis and were in the ordinary course of business. There are no materially significant related party transactions made by the Company with Promoters, Directors, Key Managerial Personnel or other designated persons which may have a potential conflict with the interest of the Company at large. Therefore, requirements of disclosure of RPTs in AOC-2 are not attracted.

A statement showing the disclosure of transactions with related parties as required under IND AS 24 is set out separately in the financial statements.

Maintenance of Cost Records

Pursuant to Section 148(1) of the Companies Act, 2013, the requirement for maintenance of cost records is not applicable to the Company.

Conservation of energy and technological absorption

The Company is in the business of renewable energy. The Company aims to conserve the environment by bringing about significant change in methods of using energy through the application of Solar and associated Renewable energy generation sources for commercial & industrial customers.

As a part of its "Build-Green" initiatives, the Company has installed solar powered Robots to clean the solar modules at the Opex projects thus ensuring waterless cleaning. In the case of Technology absorption, the Company used higher rated (540 & 550Wp) Monoperc PV models with better efficiency. The structure is designed to withstand the wind load. Robot technology is being adopted for cleaning the modules and this will help to conserve water and reduce soiling losses.

In the case of Technology absorption, the Company used higher rated (>540Wp) Monoperc PV modules with better efficiency, a structure designed to string type Solar Inverters designed for outdoor installation

Foreign Exchange Earnings and Outgo

There were no foreign exchange earnings and outgo during the year.

Particulars of Employees

Since the company is a Subsidiary of First Energy Private Limited and incorporated for the purpose of carrying out renewable energy business, there are no employees on the roll of the company as on March 31, 2025.

None of the employees are covered by the provisions contained in Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 framed under the Companies Act, 2013.

Significant and material orders passed by the Regulators or Courts

There are no significant or material orders passed by the Regulators / Courts.

Corporate Social Responsibility

The Company does not fall under the criteria defined under Section 135 of the Companies Act, 2013 as of March 31, 2025. Hence, the provisions related to Corporate Social responsibility do not apply to the Company.

Disclosure under Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

Your Company is committed to providing employees with a safe and conducive work environment. No cases were pending at the beginning of the year/ filed during the year, according to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

The Insolvency and Bankruptcy Code, 2016

Your Board confirms that there is no proceeding pending under the Insolvency and Bankruptcy Code, 2016.

Valuation

During the year under review, there is no instance of onetime settlement with any Bank or Financial Institution.

Changes in the Regulatory Provisions and its impact on the business

During the year, the below changes were made to the Regulatory Provisions:

- Grid tariffs for next FY 2025-26 was proposed by the state distribution company. The proposed changes included solar hour discounts and reduced banking benefits, which if implemented, would have led to reduced captive arbitrage for the Company's customers. The Holding Company represented its objections on the proposal, to the state commission. The final provisions (under consideration with state commission) have reduced solar hours discounts, retention of banking facility and a request to institutionalize battery capacities for solar open access projects in the state, thereby having positive impact to business.

- The State energy department-initiated process for formulating state's Integrated Energy Policy. The Holding company is part of the engagement and has tabled suggestions/policy recommendations for captive open access projects, and battery projects in the state.

Auditors

Statutory Auditors

M/s Price Waterhouse Chartered Accountants LLP, (Firm Registration Number. 012754N/N500016) were appointed as Statutory Auditors of the Company for a period of Five year from the conclusion of the 1st Annual General Meeting (AGM) till the conclusion of the 6th AGM. The Auditors' Report for FY 2024-25 does not contain any qualification, reservation, or adverse remark.

Acknowledgments

The Directors wish to place on record their appreciation for the support extended by the Company's customers, vendors and bankers during the year and look forward to their continued support in the future as well. They also place on record their appreciation for the dedication and contributions made by all the employees for their commitment, hard work and support.

Policy on Selection and Appointment of Directors and Remuneration of Directors, KMPs and Employees

The Nomination & Remuneration Committee (NRC) has prepared a "Terms of Reference" (TOR), which, inter alia, deals with laying down the criteria for the selection of Non-Executive Directors (NEDs), based on the requirements of the organization, including the qualifications, and determining the independence of Directors. The NRC has also laid down the criteria for the evaluation of the performance of the Board and guidelines for determining the remuneration of Directors. This Policy is based on the above TOR of NRC:

(1) Criteria for selection and appointment of Directors:

(a) The Director shall have relevant expertise and experience commensurate with the requirements of the Company to discharge the duties as a Director.

(b) While selecting a director, the emphasis be given to the qualifications, experience, and personal and professional standing of the incumbent.

(c) Assess the independence and nature of the appointment as Director vis-à-vis any conflict-of-interest w.r.t. any pecuniary relationship and procure necessary declaration.

(d) The Director is not disqualified for appointment u/s. 164 of the Companies Act, 2013.

(e) In the event of re-appointment of the Director, due emphasis be given to the performance evaluation of the Director during his tenure.

(2) Remuneration:

The remuneration payable to Directors shall be in accordance with Sec. 197 of the Companies Act, 2013 and other applicable provisions & rules made thereunder from time to time.

The Directors shall also be eligible to receive reimbursement of expenses for participation in the Board and Committee Meetings.

The Independent Directors shall be entitled to receive remuneration by way of sitting fees for attending the meetings of the Board as well as the Committees.

(3) Criteria for selection of MD, WTD & CEO:

For selection of the MD, WTD and CEO, the N&R Committee shall identify persons of integrity who possess relevant expertise, experience and leadership qualities required for the position and shall take into consideration recommendations, if any, received from any member of the Board. The Committee will also ensure that the incumbent fulfills such other criteria regarding age and other qualifications as laid down under the Companies Act, 2013 or other applicable laws.

(4) Remuneration for MD, WTD & CEO:

i. At the time of appointment or re-appointment, the Managing Director (MD), Whole Time Director (WTD) and Chief Executive Officer (CEO) shall be paid such remuneration as may be mutually agreed between the Company (which includes the N&R Committee and the Board of Directors) and the MD, WTD and CEO within the overall limits prescribed under the Companies Act, 2013.

ii. The remuneration shall be subject to the approval of the Members of the Company in the General Meeting.

iii. The remuneration of the MD, WTD and CEO is broadly divided into fixed and variable components. The fixed component comprises salary, allowances, perquisites, amenities and retiral benefits. The variable component comprises a performance bonus.

iv. In determining the remuneration (including the fixed increment and performance bonus) the N&R Committee shall ensure/consider the following:

a. the relationship of remuneration and performance benchmarks is clear.

b. balance between fixed and incentive pay reflecting short and long term performance objectives, appropriate to the working of the Company and its goals.

c. responsibility required to be shouldered by the MD, WTD and CEO, the industry benchmarks, and the current trends.

d. the Company's performance vis-à-vis the annual budget achievement and individual performance vis-à-vis the KRAs / KPIs.

(5) Remuneration Policy for Senior Management, KMPs and employees:

The NRC, while determining the remuneration of Senior Management/ employees and KMPs shall ensure the following:

(i) The remuneration is divided into Fixed component & Variable Component.

(ii) The division is based on the fixed salary and performance bonuses.

(iii) The division between fixed and variable is based on the roles & responsibilities, the Company's performance vis-à-vis KRA & KPIs, industry benchmark and current compensation trends in the market.

Based on the Annual Business Plan prepared, Individual Contribution Plan (ICP) is prepared by the Senior Management which is agreed upon. It broadly contains certain targets for strategic objectives, operational excellence-oriented initiatives, and business deliverables. The actual performance of individual repartee will be discussed by the MD and CEO at the year's end. Based on the appraisal and overall performance of the Company and after considering the market trends, suitable increments/ variable pay shall be decided by the MD and CEO.

The MD & CEO will present a snapshot of the evaluation carried out to assess the performance of the Whole-time Director, while recommending the annual increment of the NRC, for its review and approval.

First Energy 2 Private Limited

INDEPENDENT AUDITOR'S REPORT

To the Members of First Energy 2 Private Limited

Report on the Audit of the Financial Statements

Opinion

1. We have audited the accompanying financial statements of First Energy 2 Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information.

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and total comprehensive income (comprising of loss and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

4. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon.

   Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

   In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

   We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

5. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

6. In preparing the financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

7. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

9. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

   - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

   - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

   - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

   - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

   - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding

independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

12. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

13. As required by Section 143(3) of the Act, we report that:

    (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid financial statements have been kept so far as it appears from our examination of those books, except that the backup of certain books of account and other books and papers maintained in electronic mode has not been maintained on a daily basis on servers physically located in India during the year and the matters stated in paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).

    (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

    (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.

    (e) On the basis of the written representations received from the directors as on March 31, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of Section 164(2) of the Act.

    (f) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 13(b) above on reporting under Section 143(3)(b) and paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).

    (g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

    (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

        ii. The Company does not have any pending litigations which would impact its financial position.

        ii. The Company was not required to recognise a provision as at March 31, 2025 under the applicable law or Indian Accounting Standards, as it does not have any material foreseeable losses on long-term contract. The Company did not have any derivative contracts as at March 31, 2025.

        iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2025.

        iv. (a) The management has represented that, to the best of its knowledge and belief, as disclosed in Note 29 (viii) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

            (b) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 29 (viii) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

            (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

        v. The Company has not declared or paid any dividend during the year.

        vi. Based on our examination, which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility that has operated during the year for all relevant transactions recorded in the software, except that audit trail feature has not been enabled at the database level to log any direct data changes.

14. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

First Energy 2 Private Limited

Annexure A to Independent Auditor's Report

Referred to in paragraph 13(g) of the Independent Auditor's Report of even date to the members of First Energy 2 Private Limited on the financial statements for the year ended March 31, 2025

Report on the Internal Financial Controls with reference to Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to financial statements of First Energy 2 Private Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Annexure B to Independent Auditors' Report

Referred to in paragraph 12 of the Independent Auditor's Report of even date to the members of First Energy 2 Private Limited on the financial statements as of and for the year ended March 31, 2025.

In terms of the information and explanations sought by us and furnished by the Company, and the books of account and records examined by us during the course of our audit, and to the best of our knowledge and belief, we report that:

i. (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.

(B) The Company does not have any Intangible assets and accordingly, reporting under clause 3(i)(a)(B) of the Order is not applicable to the Company.

(b) The Property, Plant and Equipment of the Company have been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.

(c) The title deeds of all the immovable properties, as disclosed in Note 3 to the financial statements, are held in the name of the Company.

(d) The Company has chosen cost model for its Property, Plant and Equipment. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment does not arise.

(e) No proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in the financial statements does not arise.

ii. (a) The Company is in the business of generating power from renewable energy sources and, consequently, does not hold any inventory. Accordingly, reporting under clause 3(ii)(a) of the Order is not applicable to the Company.

(b) During the year, the Company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate from banks and financial institutions and accordingly, the question of our commenting on whether the quarterly returns or statements are in agreement with the unaudited books of account of the Company does not arise.

iii. The Company has not made any investments, granted secured/ unsecured loans/advances in nature of loans, or stood guarantee, or provided security to any parties. Accordingly, to this extent, the reporting under clause 3(iii), (iii)(a), (iii)(b),(iii)(c), (iii)(d), (iii)(e) and (iii)(f) of the Order are not applicable to the Company.

iv. The Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186. Therefore, the reporting under clause 3(iv) of the Order are not applicable to the Company.

v. The Company has not accepted any deposits or amounts which are deemed to be deposits referred in Sections 73, 74, 75 and 76 of the Act and the Rules framed there under.

vi. The Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products/ services of the Company. Accordingly, reporting under clause 3(vi) of the Order is not applicable to the Company.

vii. (a) In our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of income tax, though there has been a slight delay in a few cases, and is regular in depositing undisputed statutory dues, including goods and services tax and other statutory dues, as applicable, with the appropriate authorities. However, there are no arrears of statutory dues outstanding as at March 31, 2025, for a period of more than six months from the date they became payable.

(b) The particulars of statutory dues referred to in sub-clause (a) as at March 31, 2025 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount (Rs.)	Amount paid under protest (Rs.)	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Income Tax (including interest and penalty if applicable)	273,598	-	AY 23-24	Assessing Officer (CPC), Bangalore

viii. There are no transactions previously unrecorded in the books of account that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

ix. (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.

(b) On the basis of our audit procedures, we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority.

(c) The Company has not obtained any term loans during the year ended March 31, 2025 and there was no unutilized balance of term loan obtained in earlier years as on April 1, 2024. Accordingly, reporting under clause 3(ix)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been utilised for long-term purposes by the Company.

(e) According to the information and explanations given to us and procedures performed by us, we report that the Company did not have any subsidiary, joint venture or associate company during the year. Accordingly, reporting under clause 3(ix)(e) and (ix)(f) of the Order is not applicable to the Company.

x. (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable to the Company.

(b) The Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.

(b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.

(c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and as represented to us by

the management, no whistle-blower complaints have been received during the year by the Company. Accordingly, the reporting under clause 3(xi)(c) of the Order is not applicable to the Company.

xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the reporting under clause 3(xii) of the Order is not applicable to the Company.

xiii. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act.

xiv. In our opinion, the Company does not have an internal audit system and is not required to have an internal audit system as per provisions of the Act.

xv. In our opinion, the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) The Company has not conducted non-banking financial/ housing finance activities during the year. Accordingly, the reporting under clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.

(d) In our opinion, the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) has one CIC as part of the Group.

xvii. The Company has not incurred any cash losses in the financial year or in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year and accordingly the reporting under clause 3(xviii) of the Order is not applicable.

xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date will get discharged by the Company as and when they fall due.

xx. The provisions relating to Corporate Social Responsibility under Section 135 of the Act are not applicable to the Company. Accordingly, reporting under clause 3(xx) of the Order is not applicable to the Company.

xxi. The Company does not have subsidiary or joint venture or associate company and does not prepare Consolidated Financial Statements. Accordingly, the reporting under clause 3(xxi) of the Order is not applicable to the Company.

First Energy 2 Private Limited

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

1. Corporate information

First Energy 2 Private Limited ("the Company") is a private limited company domiciled in India and incorporated on March 30, 2022 under the provisions of Indian Companies Act, 2013. It is a subsidiary of First Energy Private Limited. The Company is primarily engaged in the business as a producer of solar power.

The address of the Company's registered office is 6th Floor, Office No 601, Cello Platina, FC Road, Shivaji Nagar, Pune, Maharashtra – 411005. The Board of Directors have authorized to issue these financial statements on April 28, 2025. The CIN of the Company is U40300PN2022PTC209863.

2. Basis of preparation and summary of material accounting policies

This note provides a list of the material accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of preparation and measurement

(a) Basis of preparation

These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS), notified under the section 133 of the Companies Act 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the act.

(b) Historical cost convention

The financial statements have been prepared on the historical cost convention;

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III of the Companies Act, 2013. Based on the nature of products and services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

2.2. Summary of material accounting policies

a. Revenue recognition

Revenue from Contracts with customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at the amount of the transaction price allocated to the performance obligation. Revenue is recognized when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. The Company has concluded that it is the principal in all of its revenue arrangements since it is primarily responsible for fulfilling the promise to provide the specified goods or service and has discretion in establishing the price for the specified goods or service.

Revenue from Sale of power

Revenue from sale of power is recognised at transaction price and over time for each unit of electricity delivered at the contracted rate. Revenue recognized includes amounts billed to consumers on the basis of recording of consumption of energy by installed meters based on the applicable tariff agreed in power purchase agreement, which are recognized considering past trends of approval, management's probability estimate and when no significant uncertainty exists in such determination.

At the end of each reporting period, the Company updates the estimated transaction price to represent the circumstances present at the end of the reporting period and the changes in circumstances during the reporting period. The Company accounts for such changes in the transaction price (including claims). Consideration / claim payable to a customer includes cash amounts that an entity pays to the customer. The Company accounts for consideration payable to a customer as a reduction of the transaction price and, therefore, of revenue unless the payment to the customer is in exchange for a distinct goods or service that the customer transfers to the entity. The consideration payable to a customer includes a variable amount.

Trade receivables: A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Trade receivables are recognised initially at the transaction price as they do not contain significant financing components. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance. For trade receivables, the Company applies the simplified approach required by Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

b. Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at cost of acquisition or construction net of accumulated depreciation and impairment loss, if any.

Depreciation commences when the assets are ready for their intended use. Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives as follows:

Asset category	Company's estimate of useful life (years)	Useful life as prescribed under Schedule II (years)
Plant and equipment	10 to 25	10 to 15

c. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing costs pertaining to qualifying assets are presented as part of financing activities in Statement of Cash Flows.

2.3. Summary of other accounting policies

a. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

All financial assets (excluding trade receivables which do not contain a significant financing component) are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Profit and Loss, transactions costs that are attributable to the acquisition of the financial asset. For all subsequent measurements, financial assets are classified in the following categories by the Company:

i. Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

(a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

(b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. The EIR amortization is included in finance costs/ income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss.

ii. Debt instrument at FVOCI

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. There are currently no debt securities which are carried at FVOCI.

iii. Debt instrument at FVTPL

Fair value through profit or loss (FVTPL): FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI is classified as FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss. There are currently no debt securities which are carried at FVTPL.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

For trade receivables, the Company follows 'simplified approach' for recognition of impairment loss and always measures the loss allowance at an amount equal to lifetime expected credit losses to measure the expected credit losses.

In case of other financial assets, the Company applies general approach for recognition of impairment losses wherein the Company uses judgement in considering the probability of default upon initial recognition and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

Financial liabilities

All financial liabilities are recognized initially at fair value and in the case of borrowings, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables and borrowings.

Subsequent measurement of financial liabilities depends on their classification as fair value through profit and loss or at amortized cost. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. There are currently no financial liabilities classified as FVTPL.

All changes in fair value of financial liabilities classified as FVTPL is recognized in the Statement of Profit and Loss. Amortised cost category is applicable to loans and borrowings, trade and other payables. Gains and losses are recognized in profit and loss when the liabilities are derecognized as well as through effective interest method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or cost that are integral part on effective interest rate (EIR). The EIR amortization is included as finance cost in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires or when an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

b. Fair value measurementt

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

c. Property, plant and equipment (PPE)

All significant costs relating to the acquisition and installation of PPE are capitalised. Subsequent costs/replacement costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset.

The residual values, useful lives and methods of depreciation of PPE are reviewed on a regular basis and changes in estimates, when relevant, are accounted for on a prospective basis.

d. Income recognition

Interest income

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. Interest income is included in finance income in the Statement of Profit and Loss.

e. Cash and cash equivalents

Cash and cash equivalents includes cash on hand, balances with banks and other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

f. Share capital

Equity shares issued to shareholders are classified as equity. Incremental costs directly attributable to the issue of new equity shares are recognized as a deduction from equity, net of any related income tax effects.

Cost for issuance of equity instruments:

The cost in issuing or acquiring Company's own equity instruments includes registration and other regulatory fees and stamp duties. These costs are accounted for as a deduction from equity (net of any related income tax benefit) to the extent they are incremental costs directly attributable to the equity transaction that otherwise would have been avoided.

g. Income tax

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside profit or loss is recognized either in OCI or in equity. Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in OCI or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The Company determines whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments and uses the approach that better predicts the resolution of the uncertainty.

h. Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognized in the Statement of profit or loss.

For assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

i. Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

j. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors of the Company has been identified as the chief operating decision maker of the Company.

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

k. Contingent liabilities

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

l. Earnings per share (EPS)

The Company presents the basic and diluted EPS data for its equity shares. Basic EPS is computed by dividing the net profit for the year attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by adjusting the net profit for the year attributable to the equity shareholders and the weighted average number of equity shares considered for deriving basic EPS for the effects of all the equity shares that could have been issued upon conversion of all dilutive potential equity shares.

m. Rounding of amounts:

Amounts disclosed in the financial statements are presented in INR in lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013, unless otherwise stated.

2.4. Significant accounting judgments, estimates and assumptions

The preparation of financial statements requires the use of accounting estimates which, by definition, will likely differ from the actual results. Management also needs to exercise judgement in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to final outcomes deviating from estimates and assumptions made.

i. Impairment of property, plant and equipment

Determining whether property, plant and equipment are impaired requires an estimation of the value in use of the relevant cash generating units. The value in use calculation is based on a Discounted Cash Flow model over the estimated useful life of the property, plant and equipment. Further, the cash flow projections are based on estimates and assumptions relating to expected generation based on past trends and the current and likely future state of the industry etc. which are considered reasonable by the Management. Any reasonable possible change in the underlying assumptions would lead to recoverable amount and conclusion on impairment assessment.

ii. Borrowing costs

Significant management judgement is involved in determining whether in assessing whether the asset is a qualifying asset using the factors such as period of time to get ready, nature of activities necessary and industry practice. The construction of project involves a period ranging from 6 months to 10 months.

iii. Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit (CGU) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a Discounted Cash Flow (DCF) model. The cash flows are derived from the budget over the useful life of assets as approved by the Management and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows. The estimates involved includes long term debt cost, cost of equity and long term debt equity ratio.

iv. Useful lives of property, plant and equipment

The Company determines, based on technical assessment, the estimated useful lives of its property, plant and equipment for calculating depreciation and amortisation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. Management reviews the residual value and useful lives annually and future depreciation and amortisation charge would be adjusted where the management believes the useful lives differ from previous estimates.

v. Deferred taxes

At each balance sheet date, the Company assesses whether the realization of future tax benefits is sufficiently probable to recognize deferred tax assets. This assessment requires the use of significant estimates with respect to assessment of future taxable income. The recorded amount of total deferred tax assets could change if estimates of projected future taxable income or if changes in current tax regulations are enacted.

3. Property, plant and equipment (including capital work-in-progress)

Particulars	Land Freehold	Solar Power Plant	Total	Capital work-in-progress

Total	**0.31**	**0.02**

5(a). Deferred tax assets (net)

Particulars	As at March 31, 2025	As at March 31, 2024
Deferred tax asset		
Losses available for offsetting against future taxable income	375.67	228.85
Total	**375.67**	**228.85**
Deferred tax liability		
Property, plant and equipment	(362.54)	(227.16)
Others	(13.13)	(1.70)
Total	**(375.67)**	**(228.85)**
Net Deferred tax asset	**-**	**-**

The Company has tax losses of Rs. 0.67 lakhs (March 31, 2024: 92.18) that are available for offsetting of future taxable profits. Deferred tax assets have not been recognised in respect of these losses as they may not be used to offset taxable profits elsewhere in the Company and there are no other tax planning opportunities or other evidence of recoverability in the near future. If the Company was able to recognise all unrecognised deferred tax assets, the profit for the year would increase by Rs. 0.11 lakhs (March 31, 2024: 15.82).

Particulars	Expiry date (Year Ending March 31)	As at March 31, 2025		As at March 31, 2024	
		Amount	Tax Impact	Amount	Tax Impact
Unabsorbed depreciation	No expiry period	0.67	0.11	92.18	15.82
Total		**0.67**	**0.11**	**92.18**	**15.82**

The reconciliation of estimated income tax expense at Indian statutory income tax rate to income tax expense reported in Statement of Profit and Loss is as follows:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Loss before tax	(14.66)	(43.38)
Income tax rate	17.16%	17.16%
Expected tax expense/(credit)	(2.52)	(7.44)
Losses on which deferred tax asset has not been recognised	2.52	7.44
Total tax expense	**-**	**-**

5(b). Income tax assets (net)

Particulars	As at March 31, 2025	As at March 31, 2024
Opening balance	0.47	(9.06)
Add: Tax liability (Including interest)	-	-
Less: Taxes paid during the year including withholding tax	0.82	9.53

Equity shares of ₹ 10 each

Particulars	No. of shares	Amount
As at April 1, 2023	**11,535,005**	**1,153.50**
Changes during the period	-	-
As at March 31, 2024	**11,535,005**	**1,153.50**
Changes during the year	-	-
As at March 31, 2025	**11,535,005**	**1,153.50**

c) Terms/Rights attached to the equity shares

The Company has one class of equity shares having a par value of Rs. 10 per share. Each shareholder is eligible for one vote per share held. The dividend proposed by the Board of Directors of the Company is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

d) Equity shares held by holding company

Particulars	As at March 31, 2025		As at March 31, 2024	
	No. of shares	Amount	No. of shares	Amount
Holding company				
First Energy Private Limited (including 6 shares held by nominee shareholders)	8,535,005	853.50	8,535,005	853.50
Equity shares of Rs 10 each				

e) Details of equity shares held by shareholders holding more than 5% of the aggregate shares in the company

Name of the Shareholder	As at March 31, 2025	As at March 31, 2024
(i) First Energy Private Limited		
% Holding	73.99%	73.99%
No. of shares	8,534,999	8,534,999
(ii) Heubach Colorants India Limited		
% Holding	26.01%	26.01%
No. of shares	3,000,000	3,000,000

f. Shares held by promoters at the end of the period

Name of Promoter	As at March 31, 2025		As at March 31, 2024		% of change during the year
	Number of shares	% of total number of shares	Number of shares	% of total number of shares	
First Energy Private Limited	73.99%	8,535,005	73.99%	0.00%	0.00%

g) Aggregate number of shares issued for consideration other than cash :

There were no buy back of shares/issue of shares for consideration other than cash during the period of five years immediately proceeding the reporting date.

10. Other equity

Particulars	As at March 31, 2025	As at March 31, 2024
Retained earnings		
Opening Balance	(106.75)	(63.37)
Add : Loss for the year	(14.66)	(43.38)
Total	**(121.41)**	**(106.75)**

11(a). Borrowings (Non-current)

Particulars	As at March 31, 2025	As at March 31, 2024
Secured loans from Bank		
Indian rupee loans from banks*	2,465.57	2,564.40
Less: Current maturities of long-term borrowings (included in current borrowings)	94.76	89.37
	2,370.81	**2,475.03**
Unsecured loans		
From holding company	180.00	180.00
Less: Current maturities of long-term borrowings (included in current borrowings)	80.00	-
	100.00	180.00
Total	**2,470.81**	**2,655.03**

* After considering unamortised transaction cost of Rs.76.49 lakhs as at March 31, 2025 (March 31, 2024: Rs 77.42 lakhs)

Aggregate secured borrowings	2,370.81	2,475.03
Aggregate unsecured borrowings	100.00	180.00

Loans are measured at amortised cost.

Details	Maturity date	Terms of payment	Interest rate	March 31, 2025	March 31, 2024
Indian rupee loan from bank	June 30, 2042	76 structured quarterly Instalment start from 30th September, 2023	8.52% p.a. (Interest rate 3 M T Bill + 1.97% Spread)	2,465.57	2,564.40
Loan from holding company	September 30, 2026	Repayable on maturity date	8.60%	100.00	100.00
Loan from holding company	September 30, 2025	Repayable on maturity date	8.60%	80.00	80.00

Note: As at March 31, 2025 & March 31, 2024, the Company has not complied with some of the covenants under loan agreements in respect of secured borrowings from bank of Rs. 2,465.57 lakhs (March 31, 2024 - Rs. 2,564.40 lakhs). The Company has received confirmation from the Bank that the said borrowing will not be recalled as a consequence of such breach.

Details of security

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

24. Financial risk management

The Company's principal financial liabilities, comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents that derive directly from its operations.

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

Risk is inherent in the Company's activities but it is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Company's continuing operations. The Company is exposed to market risk, credit risk and liquidity risk.

Management of the Company is ultimately responsible for the overall risk management approach and for approving the risk strategies and principles. Management of the Company reviews and agrees policies for managing each of these risks, which are summarised below.

I Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and currency risk.

The management of the Company has implemented a risk management system that is monitored by the Board of Directors. Market risk is managed on the basis of pre-determined asset allocations across various asset categories, a continuous appraisal of market conditions and trends and management's estimate of long and short term changes in fair value.

The sensitivity analyses in the following sections relate to the position as at March 31, 2025 and March 31, 2024.

a Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The exposure of the Company's borrowings to interest rate changes at the end of the reporting period are as follows:

Particulars	March 31, 2025	March 31, 2024
Variable rate borrowings	2,465.57	2,564.40

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of borrowings affected. With all other variables held constant, the Company's loss before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	March 31, 2025	March 31, 2024
Interest rates - Increase by 25 (March 31, 2024 -50) basis points	(6.48)	(13.38)
Interest rates - Decrease by 25 (March 31, 2024 -50) basis points	6.48	13.38

b) Foreign currency risk

Foreign exchange risk arises when future commercial transactions and relevant assets and liabilities are denominated in a currency that is not the Company's functional currency. Foreign exchange risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates.

The company has not entered into any foreign currency transaction during the current year and comparative period and hence not exposed to any foreign currency risk.

II Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its investing activities including deposits with banks.

Expected credit loss for

Trade receivables

Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on individual credit limits and risk of potential default based on defined credit risk parameters. An impairment analysis is performed based on expected credit loss model at each reporting date. The calculation is based on losses as per historical data. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in notes below. There is no charge of impairment to Statement of Profit and Loss.

Expected credit loss for trade receivable under simplified approach

Trade receivables	As at March 31, 2025			As at March 31, 2024		
	Gross	Expected loss rate	Expected loss allowance	Gross	Expected loss rate	Expected loss allowance
Unbilled	43.03	0%	-	41.14	0%	-
Total	**43.03**		**-**	**41.14**		**-**

Balance with banks

Credit risk from balances with banks is managed by the Parent Company's finance department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties to mitigate financial loss through counterparty's potential failure to make payments. Identified impairment loss for these assets is immaterial.

Other financial assets carried at amortised cost

Company's exposure to other financial asset includes security deposits which is considered to be low risk. No loss allowance is required to be recognised for the same.

III Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities to meet obligations.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows on a on-going basis. The Company's liquidity management policy involves projecting future cash flows and considering the level of liquid assets necessary to meet these and monitoring balance sheet liquidity ratios against internal requirements.

Maturities of financial liabilities

The tables below summaries the company's financial liabilities into relevant maturity profile based on contractual undiscounted payments :

March 31, 2025	< 1 year	1 to 3 years	3 to 5 years	> 5 years
Non- derivative				
Borrowings	229.76	305.67	209.98	2,031.65
Trade Payables	17.36	-	-	-
Other financial liabilities	50.02	-	-	-

March 31, 2024	< 1 year	1 to 3 years	3 to 5 years	> 5 years
Non- derivative				
Borrowings	144.37	374.90	207.82	2139.38
Trade Payables	13.20	-	-	-
Other financial liabilities	35.22	-	-	-

First Energy 2 Private Limited

Notes to the Financial Statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

25. Analytical ratios

Sr. No.	Particulars	Numerator	Denominator	For the year ended March 31, 2025	For the period ended March 31, 2024	Variance	Reasons for variance of more than 25%
1	Current Ratio	Current Assets	Current Liabilities	0.75	0.87	-14%	Not applicable
2	Debt-Equity Ratio	Total Debt	Shareholders' Equity	2.62	2.67	-2%	Not applicable
3	Debt Service Coverage Ratio	Earnings available for debt service (Net Profit after taxes + Non-cash operating expenses like depreciation and other amortizations + Interest + other adjustments like loss on sale of Fixed assets etc.)	Debt Service (Interest & Lease Payments + Principal Repayments)	1.14	1.07	7%	Not applicable
4	Return on Equity	Net loss after taxes	Average Shareholder's Equity	-1.41%	-4.06%	-65%	Decrease due to decrease in loss
5	Return on investment	Investment income	Average investment	6.00%	5.00%	20%	Not applicable
6	Trade payables turnover Ratio	Net Credit Purchases	Average Trade Payables	4.48	3.19	40%	Increase due to decrease in average trade payables
7	Return on Capital employed	Earning before interest and taxes	Capital Employed	5.91%	5.66%	4%	Not applicable
8	Trade Receivables turnover Ratio	Total Sales	Average Trade Receivable	10.01	10.33	-3%	Not applicable
9	Net capital turnover Ratio	Total Sales	Working Capital	-5.60	-15.97	-65%	Due to decrease in working capital
10	Net Profit Ratio	Net Profits/(loss) after taxes	Revenue	-3.48%	-10.21%	-66%	Decrease due to decrease in losses

Capital employed = Tangible Net worth + total debt

Working Capital = Current assets less Current liabilities

Average = (Opening + Closing)/2

26. Capital management

The Company's objective for capital management is to maximise long term shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through borrowings, equity and operating cash flows generated. Capital represents equity attributable to equity holders of the Company.

	As at March 31, 2025	As at March 31, 2024
Borrowings including accrued interest	2,750.59	2,832.96
Less: Cash and cash equivalents (includes other bank balances)	171.88	128.15
Net debt	**2,578.71**	**2,704.81**
Equity	1,032.09	1,046.75
Net Debt to Equity	**2.50**	**2.58**

There is no material variation in debt to equity ratio.

Loan Covenants

The Borrower shall, during the entire tenor of the Facility, ensure that:

(a) Debt to Equity ratio of 70:30;

(b) Debt Service Coverage Ratio (DSCR) does not fall below 1.10 and;

(c) Fixed Asset Coverage Ratio to Security cover to be maintained at minimum 1.2x and;

(d) Debt/Tangible Net With is less than or equal to 2.33

Financial Covenant are tested based on the audited financial statements annually within a period of 6 (six) months from the end of the relevant Financial Year.

Some of the debt covenants were not complied as at March 31, 2024 and March 31, 2025, refer note 11 for details.

27. Details of dues to Micro and Small Enterprises as defined under MSMED Act, 2006

Dues to small-scale industrial undertakings have been worked out on the basis of information available with the Management.

Sr. No.	Particulars	As at March 31, 2025	As at March 31, 2024
a)	The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year		
	- Principal amount dues to micro and small enterprises	14.63	7.22
	- Interest due thereon	0.02	0.01
b)	The amount of interest paid by the Company in terms of section 16 of the MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year.	-	-

Notes to the Financial Statements for the year ended March 31, 2025

(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

Sr. No.	Particulars	As at March 31, 2025	As at March 31, 2024
c)	The amount of payment made to the supplier beyond the appointed day during the year.	2.32	3.56
d)	The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006.	0.05	-
e)	The amount of interest accrued and remaining unpaid at the end of each accounting year	0.07	0.06
f)	The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006.	0.13	0.06

28. Segment reporting

The Chief Operating Decision Maker (CODM) evaluates the Company's performance and applies the resources to whole of the Company's business viz "Producer of power through renewable energy source". Hence the Company does not have any reportable segment as per Ind AS - 108 "Operating Segments".

29. Other statutory information

(i) No proceedings have been initiated on or are pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

(ii) The Company does not have any charges or satisfaction which is yet to be registered with Registrar of Companies beyond the statutory period.

(iii) The Company has not traded or invested in crypto currency or virtual currency during the current and previous year.

(iv) There is no income surrendered or disclosed as income during the current year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

(v) The Company has not been declared wilful defaulter by any bank or financial institution or other lender.

(vi) The Company has no transactions with the companies struck off under Companies Act, 2013 or Companies Act, 1956.

(vii) The Company has not entered into any scheme of arrangement which has an accounting impact on current or previous financial year.

(viii) Utilisation of borrowed funds and share premium
The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

a. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or

b. provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries

The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

a. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries)

or

b. provide any guarantee, security or the like on behalf of the ultimate beneficiaries.

30. Compliance with Section 143 (3) for Maintenance of Books of Account

With effect from August 5, 2022, the Ministry of Corporate Affairs (MCA) has amended the Companies (Accounts) Rules, 2014, relating to maintenance of electronic books of account and other relevant books and papers. Pursuant to this amendment, the Company is required to maintain the books of account which are accessible in India at all times and their backup is to be kept on servers located in India on a daily basis.

The Company has a process to take daily back-up of books of account maintained in electronic mode and along with the logs of the back-up of such books of account. However, the backup of certain books and records maintained in electronic mode has not been maintained on servers physically located in India on daily basis. The Company will take appropriate measures to comply with the regulations.

31. Compliance with Section 143 (3) for Audit Trail

The primary accounting software used for maintaining its books of account has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that no audit trail has been enabled at the database level to log any direct data changes.

State of Company's Affairs

During the year, the Company commissioned its hybrid project of 25MW (24.3MW Wind & 27.5MWp Solar) in the State of Gujarat in June 2023 and has been in stable operation since commissioning.

Material changes affecting the Financial Position of the Company

No material changes and commitments have occurred after the close of the year till the date of this Report, which affect the financial position of the Company.

Dividend

In a view of accumulated losses, the directors do not recommend any dividend on equity shares.

Amount proposed to be carried to Reserves.

During the year, the Company has not transferred any amount to the General Reserve.

Share Capital

During the year there were no changes in the capital structure of the Company. The Paid-up Share Capital of the Company is Rs 99,80,90,000 divided into 9,98,09,000 Equity shares of Rs. 10 each. The Company has not issued shares with differential voting rights nor has granted any stock options or sweat equity during the year.

Subsidiaries, Joint Ventures, and Associates

The Company does not have any Subsidiary, Joint Venture, or Associate Company as on March 31, 2025.

Deposits

The Company has not accepted any deposits under Chapter V of the Companies Act, 2013. It has no unpaid/unclaimed deposits as on March 31, 2025.

Particulars of Loans, Guarantees or Investments

The details of loans and investments covered under the provisions of section186 of the Companies Act, 2013, are given in the notes to the Financial Statements. During the year, the Company did not give any guarantee.

Restriction on purchase by the Company or giving of Loans by it for purchase of its shares

Pursuant to the provisions of Section 67(3)(c) of the Companies Act, 2013, and rules made thereunder, the Company has not given any loan exceeding the limit mentioned therein, to persons in the employment of the Company, Directors, or Key Managerial Personnel, for purchase or to subscribe shares of the Company.

Business Risk Management

The Company has identified the below types of risks in its Renewable Energy business and has drawn a mitigation plan to address the same –

- **Land Risk**

  The land title/ ownership data as per Government systems have certain degree of inaccuracies owing to prevalent old manual systems. This could result in delays in land acquisition and give rise to litigation. To mitigate this risk, the Company has an in-house Land expert and appointed a reputable legal agency to conduct Thirty Year Title Search Report (TSR) to clearly establish the ownership prior to land acquisition.

- **Risk of Right of Way (RoW) and Resources**

  This type of risk involved the risk of delays due to RoW during construction and the availability of resources as per the plan. To cope with this risk the Company plans advance tie-up for land parcels and NOCs from respective agencies. It also collaborates with competent local infra partners and engages with experienced and capable service partners.

- **Renewable Sources and Grid Availability**

  The risk identified by the Company is lower generation on account of lower radiation, wind speed, and Grid failures. The Company continuously studies the radiation levels and Wind Resources Assessment with historical data from reliable sources and accordingly sizes the plant and the financial models for arriving at the right tariff for the available conditions. It also carries out Load Flow Analysis and studies the data on power availability and quality from the Grid.

- **Plant Uptime and Soiling Losses**

  This type of risk involved the risk of revenue loss due to breakdowns and soiling due to the unavailability of water. This risk can be mitigated by selecting competent and credible service partners for Operations & Maintenance. The Company is also using waterless robotic technology for cleaning modules and therefore manpower dependency is reduced.

  The Board at its meetings periodically reviews and monitors these risks and their mitigation plan.

Health and Safety

Across all its operational assets, sites and offices, the company implements policies that covers Health and safety.

The Company strives for continuous improvement and its objective is to establish the best safety practices at sites and operating assets.

During the year the Company took below health and safety initiatives:

- HSE Communication: HSE Moment/Lessons Learnt – Weekly HSE Moment is circulated to all employees and contractors and learnings are implemented.
- HSE Risk Management: -Hazard Reporting and closure – Hazards are reported by employees and contractors and closure is monitored and supported by Management.
- HSE Promotion: - HSE Campaigns: - National Safety Week and Road Safety Week was celebrated across the company involving contractors and employees and employee's family members.
- HSE Training: - HSE training including, Visitor Induction, Safety Induction and Risk based training is imparted to Contractors.
- HSE Digitalization: - HSE digital software implemented for hazard reporting and risk behaviour reporting.

Adequacy of Internal Financial Controls

The Company has adequate internal financial controls and those are operating effectively.

Directors & Key Managerial Personnel

In accordance with the provisions of the Companies Act, 2013 and Articles of Association of the Company, Mr. Ravi Damaraju (DIN: 09554649) retires by rotation and being eligible offers, himself for re-appointment. The proposal of re-appointment forms part of the Notice of the Third AGM of the Company.

During the year, the following changes took place in the Directors and Key Managerial Personnel(s) of the Company.

- Mr. Mitish Somani (DIN: 01853530) resigned as the Director of the Company with effect from April 5, 2024.
- Mr. Ashish Kumar was appointed as the Chief Financial Officer and Key Managerial Personnel of the Company with effect from July 22, 2024.

Policy on appointment and remuneration of directors and key managerial personnel

The Board has adopted a policy on selection and appointment of Directors and remuneration of Directors, KMPs and employees. The Directors do not receive any remuneration except independent directors who are entitled to sitting fees as approved by the Board for each Board/Committee meeting attended. A detailed policy is annexed herewith as Annexure 1 and forms part of this report.

Declaration by Independent Directors

The Company has received declarations from the Independent Directors confirming that they meet the criteria of independence as laid down under Section 149(6) of the Companies Act, 2013 and have also confirmed that their names have been added in the data bank maintained by the Indian Institute of Corporate Affairs for independent directors, in accordance with Rule 6 of the Companies (Appointment and Qualification of Directors) Rules, 2014.

Pursuant to the provisions of Rule 6 of the Companies (Appointment and Qualifications of Directors) Rules, 2014, every individual whose name is so included in the data bank shall pass an online proficiency self-assessment test. However, an individual who has fulfilled the criteria prescribed in Rule 6(4) of the said Rules, is exempted from passing the online proficiency self-assessment test. In view of the same, Mr. Sanjay Parande, having met the aforesaid criteria, was exempted from the proficiency self-assessment test and Mr. Ashok Joshi has passed the proficiency self-assessment test.

The Board is of the opinion that the Directors of the Company are eminent persons with integrity and have necessary expertise and experience to continue to discharge their responsibilities as Directors of the Company.

Board Meetings

During the year, the Board met five times on May 2, 2024, July 22, 2024, October 11, 2024, October 28, 2024, and January 23, 2025. The intervening gap between the meetings was within the period prescribed under the Companies Act, 2013.

Independent directors meeting

During the year under review, the independent directors met once on January 23, 2025, where all independent directors were present inter alia to review the performance of the Board and non-independent directors of the Company.

Committees of the Board

The Board has constituted the following committees viz. Audit Committee and Nomination and Remuneration Committee.

Audit Committee

The Audit Committee of the Board of Directors was constituted on December 23, 2022. The committee comprises of all directors being non-executive directors viz Mr. Sanjay Parande as the Chairman and Mr. Ashok Joshi & Mr. Sandeep Mandke as members of the committee. The Committee was reconstituted by the Board by a resolution passed by circulation on April 17, 2024 and Mr. Sandeep Mandke was inducted as a member of the Committee.

The committee met four times during the year on May 02, 2024, July 22, 2024, October 28, 2024, and January 23, 2025. Further, all the recommendations made by the audit committee were accepted by the Board.

Nomination & Remuneration Committee

The Nomination & Remuneration Committee of the Board of Directors was constituted on December 23, 2022. The committee comprises of all directors being non-executive directors viz Mr. Ashok Joshi as the Chairman and Mr. Sanjay Parande & Mr. Ravi Damaraju as members of the committee. The committee met twice on July 22, 2024, and January 23, 2025.

Directors' Responsibility Statement

In terms of Section 134(3)(c) of the Companies Act, 2013, the Directors of your Company, to the best of their knowledge and belief and according to the information and explanations obtained by them in the normal course of their work, state that, in all material respects:

a) In the preparation of the annual financial statements for the year ended March 31, 2025, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any;

b) Appropriate accounting policies have been selected, applied consistently and judgment and estimates have been made that are reasonable and prudent to give a true and fair view of the state of affairs of the Company as on March 31, 2025, and of the loss of the Company for the year ended on that date;

c) Proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

d) The annual financial statements have been prepared on a going concern basis;

e) Proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

Secretarial Standards

Your Company is in compliance with the Secretarial Standards on Meetings of the Board of Directors (SS-1) and Secretarial Standards on General Meetings (SS-2) issued by the Institute of Company Secretaries of India (ICSI) as amended from time to time.

Details regarding frauds reported by Auditors under section 143(12)

During the year under review, there were no frauds reported by the auditors to the Board under section 143(12) of the Act.

First Energy 3 Private Limited

Related Party Transactions (RPT)

All related party transactions that were entered into during the financial year were on an arm's length basis and were in the ordinary course of business. There are no materially significant related party transactions made by the Company with Promoters, Directors, Key Managerial Personnel or other designated persons which may have a potential conflict with the interest of the Company at large. Therefore, requirements of disclosure of RPTs in AOC-2 are not attracted.

A statement showing the disclosure of transactions with related parties as required under IND AS 24 is set out separately in the financial statements.

Maintenance of Cost Records

Pursuant to Section 148(1) of the Companies Act, 2013, the requirement for maintenance of cost records is not applicable to the Company.

Conservation of energy and technological absorption

The Company is in the business of renewable energy. The Company aims to conserve the environment by bringing about significant change in methods of using energy through the application of Solar, Wind and associated Renewable energy generation sources for commercial & industrial customers. As a part of its "Build-Green" initiatives, the Company has installed solar powered Robots to clean the solar modules at the Opex projects thus ensuring waterless cleaning.

In the case of Technology absorption, the Company used higher rated (540 & 550Wp) Monoperc PV models with better efficiency. The structure is designed to withstand the wind load. Robot technology is being adopted for cleaning the modules and this will help to conserve water and reduce soiling losses.

Foreign Exchange Earnings and Outgo

There were no foreign exchange earnings and outgo during the year.

Particulars of Employees

Since the Company is a subsidiary of First Energy Private Limited and incorporated for the purpose of carrying out renewable energy business, there are no employees on the roll of the company as on March 31, 2025.

None of the employees are covered by the provisions contained in Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 framed under the Companies Act, 2013.

Significant and material orders passed by the Regulators or Courts

There are no significant material orders passed by the Regulators / Courts which would impact the going concern status of the company and its future operations.

Corporate Social Responsibility

The Company does not fall under the criteria defined under Section 135 of Companies Act, 2013 as on March 31, 2025. Hence, the provisions related to Corporate Social responsibility do not apply to the Company.

Disclosure under Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

Your Company is committed to providing employees with a safe and conducive work environment. No cases were pending at the beginning of the year/ filed during the year, according to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

The Insolvency and Bankruptcy Code, 2016

Your Board confirms that there is no proceeding pending under the Insolvency and Bankruptcy Code, 2016.

Valuation

During the year under review, there is no instance of onetime settlement with any Bank or Financial Institution.

Vigil mechanism

The Company has adopted the whistle blower policy of Thermax Limited, the ultimate holding company of the Company, which is applicable to all subsidiaries of Thermax Limited.

Auditors

Statutory Auditors

M/s Price Waterhouse Chartered Accountants LLP, (Firm Registration Number. 012754N/N500016) were appointed as Statutory Auditors of the Company for a period of Five years from the conclusion of the 1st Annual General Meeting (AGM) till the conclusion of the 6th AGM. The Auditors' Report for FY 2024-25 does not contain any qualification, reservation, or adverse remark.

Secretarial Auditors

In accordance with the provisions of Section 204 of the Companies Act, 2013, and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Company has appointed Ladda Bhutada & Associates, Company Secretaries, Pune, to undertake the secretarial audit of the Company for FY 2024-25. The Secretarial Audit Report for FY 2024-25 is attached as Annexure 2 to this Report.

The Secretarial Audit Report does not contain any qualifications, reservations, adverse remarks or disclaimers.

Internal Auditors

The Company has appointed Mr. Satish Jayaram as the Internal auditor of the Company.

Changes in the Regulatory Provisions and its impact on the business

During the year, the below changes were made to the Regulatory Provisions:

Draft regulations related to state transmission expansion notified by the regulator. It allows for augmentation/building of additional evacuation capacities in the state, as per generation pipeline. Positive impact to business, as FEPL the holding company can block more evacuation capacities and serve the state captive market.

Acknowledgments

The Directors wish to place on record their appreciation for the support extended by the Company's customers, vendors and bankers during the year and look forward to their continued support in the future as well. They also place on record their appreciation for the dedication and contributions made by all the employees for their commitment, hard work, and support.

Policy on Selection and Appointment of Directors and Remuneration of Directors, KMPs and Employees

The Nomination & Remuneration Committee (NRC) has prepared a "Terms of Reference" (TOR), which, inter alia, deals with laying down the criteria for the selection of Non-Executive Directors (NEDs), based on the requirements of the organization, including the qualifications, and determining the independence of Directors. The NRC has also laid down the criteria for the evaluation of the performance of the Board and guidelines for determining the remuneration of Directors. This Policy is based on the above TOR of NRC:

(1) Criteria for selection and appointment of Directors:

(a) The Director shall have relevant expertise and experience commensurate with the requirements of the Company to discharge the duties as a Director.

(b) While selecting a director, the emphasis be given to the qualifications, experience, and personal and professional standing of the incumbent.

(c) Assess the independence and nature of the appointment as Director vis-à-vis any conflict-of-interest w.r.t. any pecuniary relationship and procure necessary declaration.

(d) The Director is not disqualified for appointment u/s. 164 of the Companies Act, 2013.

(e) In the event of re-appointment of the Director, due emphasis be given to the performance evaluation of the Director during his tenure.

(2) Remuneration:

The remuneration payable to Directors shall be in accordance with Sec. 197 of the Companies Act, 2013 and other applicable provisions & rules made thereunder from time to time.

The Directors shall also be eligible to receive reimbursement of expenses for participation in the Board and Committee Meetings.

The Independent Directors shall be entitled to receive remuneration by way of sitting fees for attending the meetings of the Board as well as the Committees.

(3) Criteria for selection of MD, WTD & CEO:

For selection of the MD, WTD and CEO, the N&R Committee shall identify persons of integrity who possess relevant expertise, experience and leadership qualities required for the position and shall take into consideration recommendations, if any, received from any member of the Board. The Committee will also ensure that the incumbent fulfills such other criteria regarding age and other qualifications as laid down under the Companies Act, 2013 or other applicable laws.

(4) Remuneration for MD, WTD & CEO:

i. At the time of appointment or re-appointment, the Managing Director (MD), Whole Time Director (WTD) and Chief Executive Officer (CEO) shall be paid such remuneration as may be mutually agreed between the Company (which includes the N&R Committee and the Board of Directors) and the MD, WTD and CEO within the overall limits prescribed under the Companies Act, 2013.

ii. The remuneration shall be subject to the approval of the Members of the Company in the General Meeting.

iii. The remuneration of the MD, WTD and CEO is broadly divided into fixed and variable components. The fixed component comprises salary, allowances, perquisites, amenities and retiral benefits. The variable component comprises a performance bonus.

iv. In determining the remuneration (including the fixed increment and performance bonus) the N&R Committee shall ensure/consider the following:

a. the relationship of remuneration and performance benchmarks is clear.

b. balance between fixed and incentive pay reflecting short and long term performance objectives, appropriate to the working of the Company and its goals.

c. responsibility required to be shouldered by the MD, WTD and CEO, the industry benchmarks, and the current trends.

d. the Company's performance vis-à-vis the annual budget achievement and individual performance vis-à-vis the KRAs / KPIs.

(5) Remuneration Policy for Senior Management, KMPs and employees:

The NRC, while determining the remuneration of Senior Management/employees and KMPs shall ensure the following:

(i) The remuneration is divided into Fixed component & Variable Component.

(ii) The division is based on the fixed salary and performance bonuses.

(iii) The division between fixed and variable is based on the roles & responsibilities, the Company's performance vis-à-vis KRA & KPIs, industry benchmark and current compensation trends in the market.

Based on the Annual Business Plan prepared, Individual Contribution Plan (ICP) is prepared by the Senior Management which is agreed upon. It broadly contains certain targets for strategic objectives, operational excellence-oriented initiatives, and business deliverables. The actual performance of individual repartee will be discussed by the MD and CEO at the year's end. Based on the appraisal and overall performance of the Company and after considering the market trends, suitable increments/variable pay shall be decided by the MD and CEO.

The MD & CEO will present a snapshot of the evaluation carried out to assess the performance of the Whole-time Director, while recommending the annual increment of the NRC, for its review and approval.

First Energy 3 Private Limited

Annexure - 2

Secretarial Audit Report

FORM NO. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2025

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies

(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members,

FIRST ENERGY 3 PRIVATE LIMITED

Regd. Office Address: 6th Floor, Office No. 601 Cello Platina,
F. C. Road, Shivajinagar, Pune - 411005, Maharashtra, India.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/s. First Energy 3 Private Limited** bearing **CIN: U40100PN2022PTC211607** (hereinafter called 'the Company'). The Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Report on Secretarial Records and Compliances made thereunder

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, the explanations and clarifications given to us and the representation made by the Management we hereby report that in my opinion, the company has, during the audit period covering the financial year ended on **March 31, 2025**, complied with the statutory provisions listed hereunder and also that the Company has proper Board- processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed on a test basis and other records maintained by the Company for the financial year ended on March 31, 2025 according to the provisions of:

i. The Companies Act, 2013 (the Act) and the rules made there under;

ii. The Securities Contracts (Regulation) Act, 1956, (SCRA) and the rules made thereunder; **Not applicable;**

iii. The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018, and the Regulations and Bye-laws framed thereunder; **Not applicable;**

iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial borrowings; **Not applicable;**

v. The Company is not listed on any Stock Exchange in India hence the Acts, Regulations, Guidelines etc., related to SEBI were **not applicable** to the Company:

vi. As per the management representation no other laws applicable except mentioned below specifically to the Company during the audit period:

(a) The Indian Contract Act, 1872

(b) The Income Tax, 1961

(c) The Goods and Service Tax Act, 2017

(d) The Electricity Act, 2003

(e) The Indian Stamp Act, 1899 and The Maharashtra Stamp Act, 1958

(f) The Maharashtra Shops and Establishments (Regulation of Employment and Conditions of Service) Act, 2017 and The Maharashtra Shops and Establishments (Regulation of Employment and Conditions of Service) Rules, 2018.

(g) The Factories Act, 1948 and other allied State wise Factories Rules wherever the sites are located.

We have also examined compliance with the applicable clauses of the following:

(i) Secretarial Standards as issued and notified by The Institute of Company Secretaries of India relating to Board Meetings and General Meetings: During the Year ended March 31, 2025, the Company has complied with the applicable clauses of Secretarial Standard (SS-1 and SS-2) issued by the Institute of Company Secretaries of India and it was noted that the Company has complied with the same to the extent possible.

(ii) The Listing agreement entered into by the Company with BSE Limited and National Stock Exchange of India Limited and Securities and Exchange Board of India (Listing Obligations and Disclosures Requirements) Regulations, 2015; **Not applicable**

Based on the information received and records maintained, we further report that:

1. The Board of Directors of the Company has been duly constituted with proper balance of Non-Executive and Independent Directors, the changes in the composition of the Board of Directors that took place during the year under review were carried out in compliance with the provisions of the Act.

   1.1. Mr. Mitish Manoharlal Somani (DIN: 01853530) who was appointed as Director has been resigned from the post of Director w.e.f. April 05, 2024.

   1.2. Mr. Ashish Kumar (PAN: AKRPK9087C) has been appointed as CFO w.e.f. July 22, 2024.

2. Adequate notice(s) have been given to all directors to schedule the Board Meetings and Committee Meetings, agenda and detailed notes on agenda were generally sent at least seven days in advance and, in case of shorter notice, compliance as required under the Act has been made by the Company and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

3. All the decisions in the board meetings were carried through by majority while there were no dissenting member's views and hence not captured and recorded as part of the minutes.

We further report that there are adequate systems and process in the Company commensurate with the size and operations of the Company to monitor and ensure compliances with the applicable laws, rules, regulations and guidelines.

We further report that during the audit period the Company has following events /actions having major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, standards & guidelines, if any, as may be referred to above:

i. The Board of Directors at the Board Meeting held on May 02, 2024 have approved revision in the in authorized signatory for various matters.

ii. The Board has approved the increase in borrowing power limits of the Company upto Rs. 500 crores in the Board Meeting held on October 11, 2024 and the Members have approved the said increase in the General Meeting held on October 30, 2024.

iii. The Board of Directors at the Board Meeting held on October 28, 2024 have approved the proposal for debt refinancing.

iv. The Members at the general meeting on October 30, 2024 have approved increase in the borrowing powers of the Board by way of special resolution.

v. The Board Committees, namely Audit Committee and Nomination and Remuneration Committee have been constituted and have met four (4) times and two (2) times respectively.

First Energy 3 Private Limited

Annexure-A'

To the Secretarial Audit Report

For the financial year ended March 31, 2025

To,

The Members,

FIRST ENERGY 3 PRIVATE LIMITED

Regd. Office Address: 6th Floor, Office No. 601 Cello Platina,

F. C. Road, Shivajinagar, Pune - 411005, Maharashtra, India.

Our Secretarial Audit report for the financial year ending 31st March, 2025, of even date is to be read along with this letter.

Management's Responsibility

1. It is the responsibility of the management of the company to maintain secretarial records, devise proper systems to ensure compliance with the provisions of all applicable laws and regulations and to ensure that the systems are adequate and operate effectively.

Auditor's Responsibility

2. Our responsibility is to express an opinion on these secretarial records, standards and procedures followed by the Company with respect to Secretarial Compliances.

3. We believe that audit evidence and information obtained from the Company's management is adequate and appropriate for us to provide a basis for our opinion.

4. Wherever required, we have obtained the management's representation about the compliance of laws, rules and regulations and happening of events etc.

5. We have followed the audit practice and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices we followed provide a reasonable basis for our opinion.

Disclaimer

6. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of Management. Our examination was limited to the verification of procedures on test basis.

7. The Secretarial Audit report is neither an assurance as to the future liability of the Company nor of the efficiency of effectiveness with which the management has conducted the affairs of the Company.

8. We have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company.

INDEPENDENT AUDITOR'S REPORT

To the Members of First Energy 3 Private Limited

Report on the Audit of the Financial Statements

Opinion

1. We have audited the accompanying financial statements of First Energy 3 Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information.

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and total comprehensive income (comprising of loss and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

4. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon.

   Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

   In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

   We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

5. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

6. In preparing the financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

7. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

9. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

   - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

   - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

   - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

   - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

   - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

First Energy 3 Private Limited

Report on other legal and regulatory requirements

12. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

13. As required by Section 143(3) of the Act, we report that:

    (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid financial statements have been kept so far as it appears from our examination of those books, except that the backup of certain books of account and other books and papers maintained in electronic mode has not been maintained on a daily basis on servers physically located in India during the year and the matters stated in paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).

    (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

    (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.

    (e) On the basis of the written representations received from the directors as on March 31, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of Section 164(2) of the Act.

    (f) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 13(b) above on reporting under Section 143(3)(b) and paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).

    (g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

    (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

        i. The Company does not have any pending litigations which would impact its financial position.

        ii. The Company was not required to recognise a provision as at March 31, 2025 under the applicable law or Indian Accounting Standards, as it does not have any material foreseeable losses on long-term contract. The Company did not have any derivative contracts as at March 31, 2025.

        iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2025.

        iv. The management has represented that, to the best of its knowledge and belief, as disclosed in Note 35(viii) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

            (b) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 35(viii) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

            (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

        v. The Company has not declared or paid any dividend during the year.

        vi. Based on our examination, which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility that has operated during the year for all relevant transactions recorded in the software, except that audit trail feature has not been enabled at the database level to log any direct data changes.

14. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

Annexure A to Independent Auditor's Report

Referred to in paragraph 13(g) of the Independent Auditor's Report of even date to the members of First Energy 3 Private Limited on the financial statements for the year ended March 31, 2025

Report on the Internal Financial Controls with reference to Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to financial statements of First Energy 3 Private Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

First Energy 3 Private Limited

Annexure B to Independent Auditors' Report

Referred to in paragraph 12 of the Independent Auditor's Report of even date to the members of First Energy 3 Private Limited on the financial statements as of and for the year ended March 31, 2025

In terms of the information and explanations sought by us and furnished by the Company, and the books of account and records examined by us during the course of our audit, and to the best of our knowledge and belief, we report that:

i. (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.

(B) The Company does not have any Intangible assets and accordingly, reporting under clause 3(i)(a)(B) of the Order is not applicable to the Company.

(b) The Property, Plant and Equipment of the Company have been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.

(c) The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), as disclosed in Note 3 to the financial statements, are held in the name of the Company.

(d) The Company has chosen cost model for its Property, Plant and Equipment (including Right of Use assets). Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment (including Right of Use assets) does not arise.

(e) No proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in the financial statements does not arise.

ii. (a) The Company is in the business of generating power from renewable energy sources and, consequently, does not hold any inventory. Accordingly, reporting under clause 3(ii)(a) of the Order is not applicable to the Company.

(b) During the year, the Company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate from banks and financial institutions and accordingly, the question of our commenting on whether the quarterly returns or statements are in agreement with the unaudited books of account of the Company does not arise.

iii. (a) The Company has made investments in 8 mutual fund schemes during the year.

The Company has not granted secured/unsecured loans/advances in nature of loans, or stood guarantee, or provided security to any parties. Accordingly, to this extent, the reporting under clause 3(iii), (iii)(a), (iii)(b),(iii)(c), (iii)(d), (iii)(e) and (iii)(f) of the Order are not applicable to the Company.

(b) In respect of the aforesaid investments, the terms and conditions under which such investments were made are not prejudicial to the Company's interest.

iv. The Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186. Therefore, the reporting under clause 3(iv) of the Order are not applicable to the Company.

v. The Company has not accepted any deposits or amounts which are deemed to be deposits referred in Sections 73, 74, 75 and 76 of the Act and the Rules framed there under.

vi. The Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products/ services of the Company. Accordingly, reporting under clause 3(vi) of the Order is not applicable to the Company.

vii. (a) In our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of income tax, though there has been a slight delay in a few cases, and is regular in depositing undisputed statutory dues, including goods and services tax and other statutory dues, as applicable, with the appropriate authorities. However, there are no arrears of statutory dues outstanding as at March 31, 2025, for a period of more than six months from the date they became payable.

(b) There are no statutory dues referred to in sub-clause (a) which have not been deposited on account of any dispute.

viii. There are no transactions previously unrecorded in the books of account that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

ix. (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.

(b) On the basis of our audit procedures, we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority.

(c) In our opinion, the term loans have been applied for the purposes for which they were obtained. (Also, refer Note 16 to the financial statements)..

(d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been utilised for long-term purposes by the Company.

(e) According to the information and explanations given to us and procedures performed by us, we report that the Company did not have any subsidiary, joint venture or associate company during the year. Accordingly, reporting under clause 3(ix)(e) and (ix)(f) of the Order is not applicable to the Company.

x. (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable to the Company.

(b) The Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.

(b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.

(c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and as represented to us by the management, no whistle-blower complaints have been received during the year by the Company. Accordingly, the reporting under clause 3(xi)(c) of the Order is not applicable to the Company.

xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the reporting under clause 3(xii) of the Order is not applicable to the Company.

xiii. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act.

xiv. (a) The internal audit of the Company is covered under the group internal audit pursuant to which an internal audit is carried out in a phased manner. In our opinion, the Company's internal audit system is commensurate with the size and nature of its business.

(b) Under the group's phased audit plan, no internal audit has been conducted in the current year. Accordingly, Internal Audit Reports have not been considered by us for the purpose of our audit.

xv. In our opinion, the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) The Company has not conducted non-banking financial/ housing finance activities during the year. Accordingly, the reporting under clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.

(d) In our opinion, the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) has one CIC as part of the Group.

xvii. The Company has not incurred any cash losses in the financial year or in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year and accordingly the reporting under clause 3(xviii) of the Order is not applicable.

xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date will get discharged by the Company as and when they fall due.

xx. The provisions relating to Corporate Social Responsibility under Section 135 of the Act are not applicable to the Company. Accordingly, reporting under clause 3(xx) of the Order is not applicable to the Company.

xxi. The Company does not have subsidiary or joint venture or associate company and does not prepare Consolidated Financial Statements. Accordingly, the reporting under clause 3(xxi) of the Order is not applicable to the Company.

Notes to the financial statements for the year ended March 31, 2025

(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

1. Corporate information

First Energy 3 Private Limited ("the Company") is a private limited company domiciled in India and incorporated on May 25, 2022 under the provisions of Indian Companies Act, 2013. It is a subsidiary of First Energy Private Limited. The Company is primarily engaged in the business as a producer of wind and solar power.

The address of the Company's registered office is 6th Floor, Office No 601, Cello Platina, FC Road, Shivaji Nagar, Pune, Maharashtra – 411005. The Board of Directors have authorized to issue these financial statements on April 28, 2025. The CIN of the Company is U40100PN2022PTC211607.

2. Basis of preparation and summary of material accounting policies

This note provides a list of the material accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1. Basis of preparation and measurement

(a) Basis of preparation

These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS), notified under the section 133 of the Companies Act 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the act.

(b) Historical cost convention

The financial statements have been prepared on the historical cost convention except certain financial assets measured at fair value (refer accounting policy regarding financial instruments);

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III of the Companies Act, 2013. Based on the nature of products and services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

2.2. Summary of material accounting policies

a. Revenue recognition

Revenue from Contracts with customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at the amount of the transaction price allocated to the performance obligation. Revenue is recognized when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. The Company has concluded that it is the principal in all of its revenue arrangements since it is primarily responsible for fulfilling the promise to provide the specified goods or service and has discretion in establishing the price for the specified goods or service.

Revenue from Sale of power

Revenue from sale of power is recognised at transaction price and over time for each unit of electricity delivered at the contracted rate. Revenue recognized includes amounts billed to consumers on the basis of recording of consumption of energy by installed meters based on the applicable tariff agreed in power purchase agreement, which are recognized considering past trends of approval, management's probability estimate and when no significant uncertainty exists in such determination.

At the end of each reporting period, the Company updates the estimated transaction price to represent the circumstances present at the end of the reporting period and the changes in circumstances during the reporting period. The Company accounts for such changes in the transaction price (including claims). Consideration / claim payable to a customer includes cash amounts that an entity pays to the customer. The Company accounts for consideration payable to a customer as a reduction of the transaction price and, therefore, of revenue unless the payment to the customer is in exchange for a distinct goods or service that the customer transfers to the entity. The consideration payable to a customer includes a variable amount.

Trade receivables: A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Trade receivables are recognised initially at the transaction price as they do not contain significant financing components. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance. For trade receivables, the Company applies the simplified approach required by Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables..

b. Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment and capital work in progress are stated at cost of acquisition or construction net of accumulated depreciation and impairment loss, if any.

Depreciation commences when the assets are ready for their intended use. Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives as follows:

Asset category	Company's estimate of useful life (years)	Useful life as prescribed under Schedule II (years)
Plant and equipment	10 to 25	10 to 15
Building	30	3 to 30
Furniture and fixtures	10	10
Computers	3	3
Roads	3	3
Office equipment	5	5

c. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs pertaining to qualifying assets are presented as part of financing activities in Statement of Cash Flows.

d. Leases

Company as a lessee

The Company lease asset classes primarily consist of leasehold lands. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over

the term of the lease.

Lease arrangements include the options to extend or terminate the lease before the end of the lease term. Right-of-use assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at present value of the future lease payments. The lease payments include fixed payments less any lease incentives receivable and amounts expected to be paid under residual value guarantees. There are no variable lease payments.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

As a practical expedient, Ind AS 116 permits a lessee not to separate non-lease components, and instead account for any lease and associated non-lease components as a single arrangement. The Company has not used this practical expedient. For a contract that contains a lease component and one or more additional lease or non-lease components, the Company allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate standalone price of the non-lease components.

2.3. Summary of other accounting policies

a. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

All financial assets (excluding trade receivables which do not contain a significant financing component) are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Profit and Loss, transactions costs that are attributable to the acquisition of the financial asset. For all subsequent measurements, financial assets are classified in the following categories by the Company:

i. Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

(a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

(b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. The EIR amortization is included in finance costs/ income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss.

ii. Debt instrument at FVOCI

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. There are currently no debt securities which are carried at FVOCI.

iii. Debt instrument at FVTPL

Fair value through profit or loss (FVTPL): FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI is classified as FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

For trade receivables, the Company follows 'simplified approach' for recognition of impairment loss and always measures the loss allowance at an amount equal to lifetime expected credit losses to measure the expected credit losses.

In case of other financial assets, the Company applies general approach for recognition of impairment losses wherein the Company uses judgement in considering the probability of default upon initial recognition and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

Financial liabilities

All financial liabilities are recognized initially at fair value and in the case of borrowings, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables and borrowings.

Subsequent measurement of financial liabilities depends on their classification as fair value through profit and loss or at amortized cost. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. There are currently no financial liabilities classified as FVTPL.

All changes in fair value of financial liabilities classified as FVTPL is recognized in the Statement of Profit and Loss. Amortised cost category is applicable to loans and borrowings, trade and other payables. Gains and losses are recognized in profit and loss when the liabilities are derecognized as well as through effective interest method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or cost that are integral part on effective interest rate (EIR). The EIR amortization is included as finance cost in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires or when an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are

Notes to the financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)

substantially modified, such an exchange or modification is treated as derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

b. Fair value measurement

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above

c. Property, plant and equipment (PPE)

All significant costs relating to the acquisition and installation of PPE are capitalised. Subsequent costs/replacement costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset.

The residual values, useful lives and methods of depreciation of PPE are reviewed on a regular basis and changes in estimates, when relevant, are accounted for on a prospective basis.

d. Income recognition

Interest income

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. Interest income is included in finance income in the Statement of Profit and Loss.

e. Cash and cash equivalents

Cash and cash equivalents includes cash on hand, balances with banks and other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

f. Share capital

Equity shares issued to shareholders are classified as equity. Incremental costs directly attributable to the issue of new equity shares are recognized as a deduction from equity, net of any related income tax effects.

Cost for issuance of equity instruments:

The cost in issuing or acquiring Company's own equity instruments includes registration and other regulatory fees and stamp duties. These costs are accounted for as a deduction from equity (net of any related income tax benefit) to the extent they are incremental costs directly attributable to the equity transaction that otherwise would have been avoided.

g. Income tax

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside profit or loss is recognized either in OCI or in equity. Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in OCI or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The Company determines whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments and uses the approach that better predicts the resolution of the uncertainty.

h. Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the

asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognized in the Statement of Profit and Loss.

For assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

i. Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

j. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors of the Company has been identified as the chief operating decision maker of the Company.

k. Contingent liabilities

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

l. Earnings per share (EPS)

The Company presents the basic and diluted EPS data for its equity shares. Basic EPS is computed by dividing the net profit for the year attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by adjusting the net profit for the year attributable to the equity shareholders and the weighted average number of equity shares considered for deriving basic EPS for the effects of all the equity shares that could have been issued upon conversion of all dilutive potential equity shares.

m. Rounding of amounts:

Amounts disclosed in the financial statements are presented in INR in lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013, unless otherwise stated.

2.4. Significant accounting judgments, estimates and assumptions

The preparation of financial statements requires the use of accounting estimates which, by definition, will likely differ from the actual results. Management also needs to exercise judgement in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to final outcomes deviating from estimates and assumptions made.

i. Impairment of property, plant and equipment

Determining whether property, plant and equipment are impaired requires an estimation of the value in use of the relevant cash generating units. The value in use calculation is based on a Discounted Cash Flow model over the estimated useful life of the property, plant and equipment. Further, the cash flow projections are based on estimates and assumptions relating to expected generation based on past trends and the current and likely future state of the industry etc. which are considered reasonable by the Management. Any reasonable possible change in the underlying assumptions would lead to recoverable amount and conclusion on impairment assessment.

ii. Borrowing costs

Significant management judgement is involved in determining whether in assessing whether the asset is a qualifying asset using the factors such as period of time to get ready, nature of activities necessary and industry practice. The construction of project involves a period ranging from 6 months to 10 months.

iii. Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit (CGU) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a Discounted Cash Flow (DCF) model. The cash flows are derived from the budget over the useful life of assets as approved by the Management and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows. The estimates involved includes long term debt cost, cost of equity and long term debt equity ratio.

iv. Useful lives of property, plant and equipment

The Company determines, based on technical assessment, the estimated useful lives of its property, plant and equipment for calculating depreciation and amortisation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. Management reviews the residual value and useful lives annually and future depreciation and amortisation charge would be adjusted where the management believes the useful lives differ from previous estimates.

v. Deferred taxes

At each balance sheet date, the Company assesses whether the realization of future tax benefits is sufficiently probable to recognize deferred tax assets. This assessment requires the use of significant estimates with respect to assessment of future taxable income. The recorded amount of total deferred tax assets could change if estimates of projected future taxable income or if changes in current tax regulations are enacted.

vi. Revenue recognition

The Company recognises revenue (including the adjustment to transaction price resulting due to customer claims) as per the applicable power purchase agreement, ongoing negotiation with customers, management's probability estimate and the past trends of settlement.

Non-current assets	0.19	0.19
Total	**1,416.18**	**1,054.91**

The management has assessed that the carrying amounts of the above financial instruments approximate their fair values.

Break-up of financial assets carried at fair value through profit and loss

Particulars	As at March 31, 2025	As at March 31, 2024
Financial assets		
Investments		
Mutual funds	270.77	154.36
Total financial assets (Current)	**270.77**	**154.36**

i) Fair value hierarchy

The following table provides the fair value measurement hierarchy of the Company's assets.

Particulars	Date of valuation	Level 1	Level 2	Level 3
Financial Assets				
Investments				
Mutual funds	March 31, 2025	-	270.77	-

Particulars	Date of valuation	Level 1	Level 2	Level 3
Financial Assets				
Investments				
Mutual funds	March 31, 2024	-	154.36	-

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The Fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of NAV based on report issued by mutual fund house.

31 Analytical ratios

S.No.	Particulars	Numerator	Denominator	For the Year ended Mar 31, 2025	For the Year ended March 31, 2024	Variance	Reasons for variance of more than 25%
1	Current Ratio	Current assets	Current liabilities	0.84	1.11	-25%	Due to increase in current liabilities
2	Debt-Equity Ratio	Total debt	Shareholder's equity	4.11	3.38	22%	Not Applicable
3	Debt Service Coverage Ratio	Earnings available for debt service (Net Profit after taxes + Non-cash operating expenses like depreciation and other amortizations + Interest + other adjustments like loss on sale of Fixed assets etc.)	Debt service (Interest & Lease payments + Principal repayments)	0.10	0.25	-61%	Due to increase in debt service
4	Return on Equity Ratio	Net profits after taxes	Average shareholder's equity	-16.50%	-9.02%	83%	Due to decrease in average shareholder's equity
5	Return on Investment	Investment income	Average investment	17.93%	1.03%	1636%	Due to increase in investment income
6	Return on Capital Employed	Earning before interest and taxes	Capital employed	4.65%	3.74%	24%	Not Applicable
7	Net Profit Ratio	Net profits after taxes	Revenue	-35.92%	-29.56	-99%	Due to increase in losses
8	Trade Receivables Turnover Ratio	Total sales	Average trade receivable	6.68	8.77	-24%	Not Applicable
9	Trade Payables Turnover Ratio	Net credit purchases	Average trade payables	21.70	10.78	101%	Due to increase in credit purchases
10	Net Capital Turnover Ratio	Total sales	Working capital	-11.25	22.46	-150%	Due to decrease in working capital

Working Capital = Current assets less Current liabilities
Capital employed = Tangible Net worth + total debt
Average = (Opening + Closing)/2

Notes to the financial statements for the year ended March 31, 2025
(All amounts are in Rupees Lakhs, except per share data and unless stated otherwise)
